Truman Pardons Missouri Woman

Missouri Gov. Warren E. Hearnes today pardoned a woman who had been sentenced to prison for a crime committed in 1937.

The woman, whose name was not disclosed, had been sentenced to a term of years in the Missouri State Penitentiary for a crime committed in 1937.

Gov. Hearnes said the woman had shown good character and had been a member of the church for many years.

Enjoy COMFORT COOLING

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL Breezes replace hot with attic ventilation

In summer your attic is a heat trap, building up temperatures as high as 25 to 35 degrees above outside temperatures. This stored-up heat acts like a blanket keeping your home uncomfortably hot long after the sun goes down.

Attic fan ventilation eliminates this prime cause of summer discomfort by drawing cool air through the windows, circulating it about the home and blowing hot air out through attic vents. This cooling the entire home. Instead of staying up until midnight waiting for the home to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for smaller apartments. Contact your electric appliance dealer or this company for the facts about this low-cost way to summer comfort.
