THE MUST LEAD

Admiration

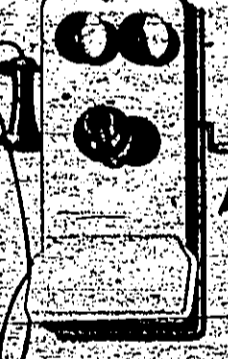

IT'S "CUP-TESTED"

The qualities of leadership must be outstanding—and to keep leadership those qualities must be maintained. ADMIRATION is the leader among the coffee in the Southwest—and those standards that have earned it that distinction are carefully maintained by the ADMIRATION "Cup-Testing" process. Cup after cup, day after day, year after year, ADMIRATION is tested. TASTE to make it the distinctive blend that never varies. The personally "Cup-Tested" ADMIRATION way is the only way to ensure the genuine perfect blend—pick up after package.

WEDNESDAY, OCT. 14, 1936
The first of the week's rain came in the form of a steady drizzle that fell from a heavy overcast at 11 o'clock this morning and continued until 1 o'clock this afternoon. The rain was light but steady, and did not do much to break the drought. The temperature was in the upper 70s, and the humidity was oppressive. The wind was light and variable.

BAD WEATHER CALLS FOR GOOD TIRES

DRIVE SAFELY ON GOOD YEAR DeLuxe

In snow, sleet or rain, Goodyear's exclusive All-Weather tread design gives you proved non-slip protection. Sharp-edged diamonds grip the road to give you fewer skids, and more safe stops. We may have your ears in a lull, but we're always ready to help you stretch tire service.

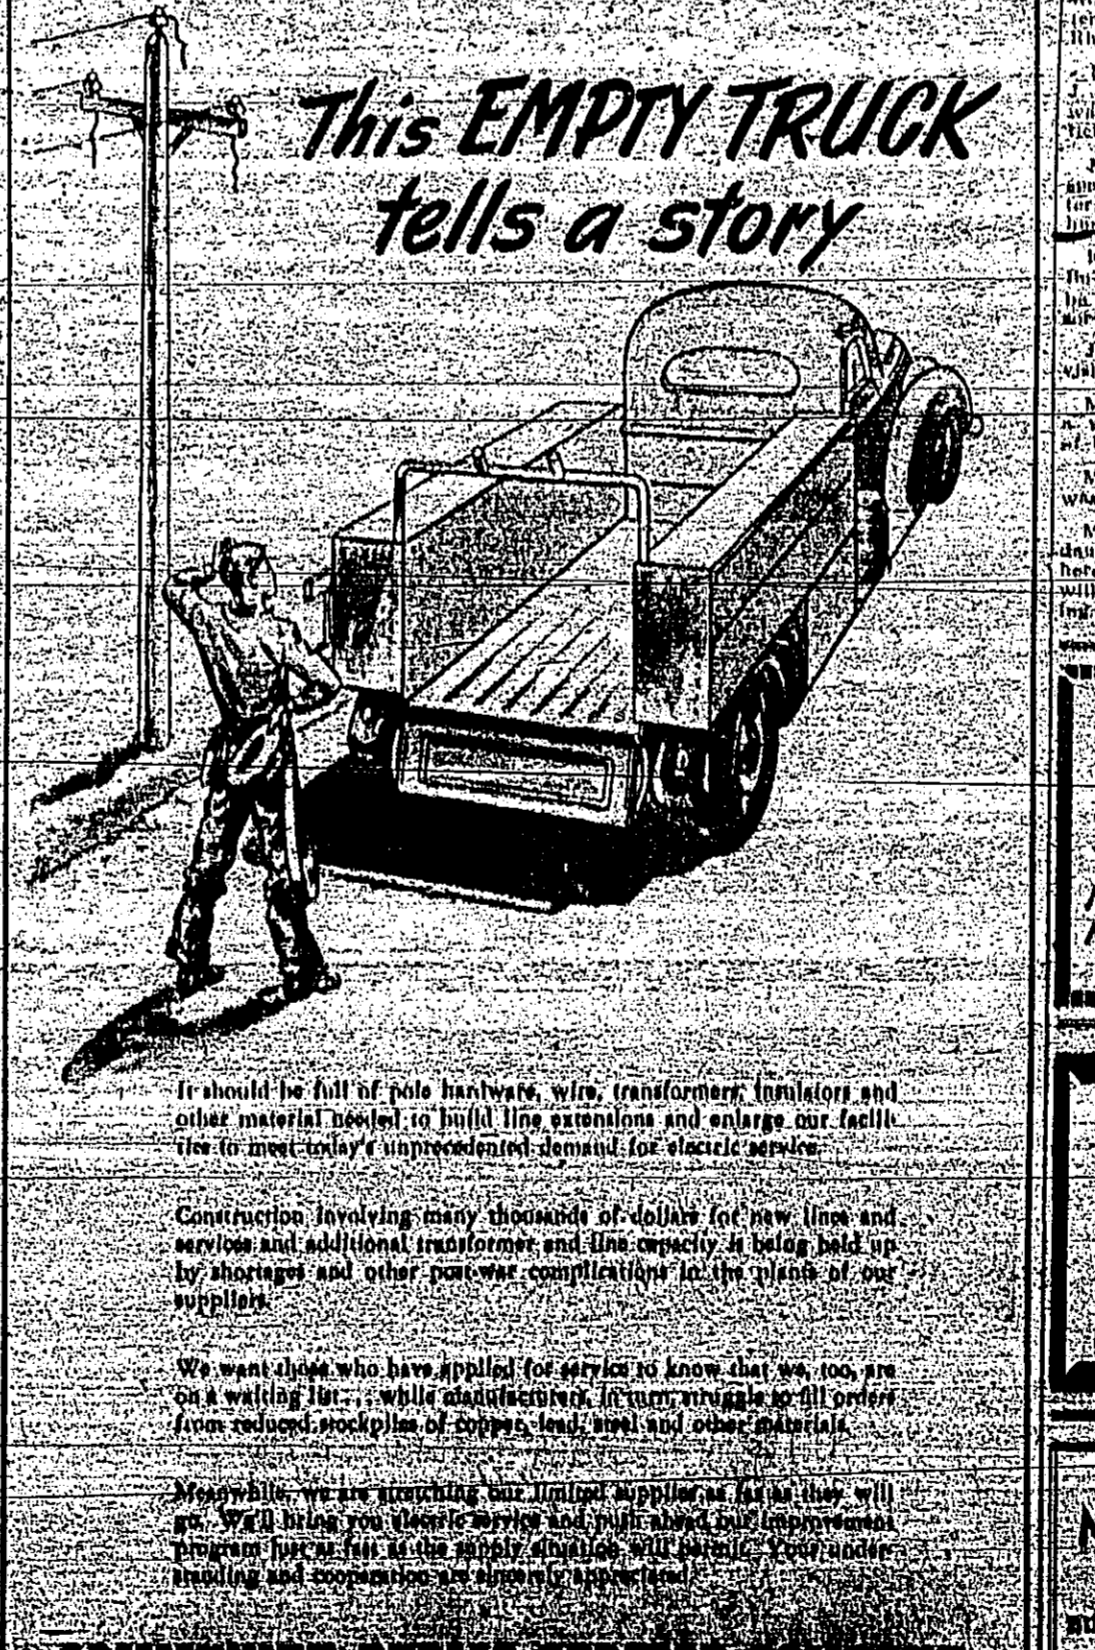

LIGHT TRUCKS, HEDS, STARTING TUBES			
Model with special tread	Replaces Road G. 15.00	Model with extra tread	Replaces Road G. 15.00

PAUL POWELL

GOOD YEAR TIRES

This EMPTY TRUCK tells a story

It should be full of pole hardware, wire, transformers, insulators and other material needed to build line extensions and enlarge our facilities to meet today's unprecedented demand for electric service.

Construction involving many thousands of dollars for new lines and services and additional transformer and line capacity is being held up by shortages and other post-war complications in the plans of our suppliers.

We want those who have applied for service to know that we are on a waiting list, while additional construction programs are in progress to reduce stockpiles of copper, lead, steel and other materials.

Meanwhile, we're stocking our limited supplies so that they will be available when you need them. We'll bring you these supplies and will advise you of any changes in our plans. We'll also be glad to help you in any way possible to get your service as soon as possible.
