More telephone service than ever...

FOR MORE PEOPLE THAN EVER...

We've put in more than 190,000 telephones in Texas in the first nine months of this year — nearly twice as many as we connected in the first nine months of 1945.

We're handling a million and a half more local calls a day than a year ago.

And 10 per cent more long distance calls. (Nearly twice as many as before the war.)

Putting in all these telephones and making sure all those calls get through is one of the biggest jobs the telephone company has ever done.

Don't pay for that service has remained good on most calls despite heavy traffic.

There are some delays, but we're working hard to make people waiting for telephones. We'll be better off than ever for you.
