What Every Mother should know about Bulbsnatching!

You know, of course, that eyestrain can lead to headaches, contribute to poor work at school. But do you also know that bulbsnatching is an invitation to eyestrain? If Junior snatches over his homework, it may be because he had to look another light socket to get a light in your eye—and wind up with an unbalanced bulb.

Don't take chances. Use your correct degree today and stock up with plenty of light bulb. Make sure you get enough of the size you need—and don't forget to allow for spares. Remember—eyestrain is preventable. Light is cheap!
