**MORE POWER PER POUND...**  
**MORE STYLE PER INCH...**  
**MORE VALUE PER DOLLAR...**

the Beautiful New 1954 AERO WILLYS  
...now with **27% MORE POWER!**

### "Take a Tip from Me"

Measure the **STYLE!** Aero Willys is a clean sweep of aerodynamic design... one of the most beautiful, most modern cars on the road today. You get lower wind resistance, and less wind noise inside the car. Lower center of gravity for greater safety, more control in turns, greater visibility, more room for safety, more room for safety, more room for safety.

Measure the **VALUE!** Now for 20 more than you pay for an ordinary car, you get (1) Unsurpassed fuel economy. An independent testing organization drove three AERO WILLYS cars 99,000 miles, logging reported better than 40 miles to the gallon. (2) Unsurpassed operating cost. In the same 99,000-mile run, through all 48 states, less than a penny a mile (10¢) differential. After testing 40 U.S. automobiles last year, "Motor Trend" magazine rated the AERO WILLYS tops on safety... safety of all 40 cars tested!
