It's the Law

AVOID LEGAL TROUBLE

IN REAL ESTATE TRANSACTIONS
 A prudent buyer or builder of a new home this year should have a lawyer to advise him.

There is a law of the land which governs the real estate business. It is the law of the state, and it is the law of the nation.

Many people are ignorant of the law, and they are liable to get into legal trouble. It is better to know the law than to be ignorant of it.

A lawyer can advise you of the law, and he can help you to avoid legal trouble. He can also help you to get the best deal for your money.

Do not let a lawyer tell you that you do not need one. You may need one more than you think you do.

There are many lawyers in the city, and you can find one who will help you. Do not be afraid to ask for help.
