MOTEL BIDS RECEIVED

THOUGHTS FOR THE WEEK

Automobiles continue to be driven at high speeds without regard for safety. The answer to what is the world coming to is, "Safety." Don't speed. It's better to be late than to be in a hurry. Remember, you might have a ride home.

A physician says that the best way to prevent pneumonia is to keep your feet warm. (Well, what's the next best way?)

Temple Bid Is Lowest At \$534,000.00

COLD!

The bitter winds of a secondary cold front blasted into Tyler County early Saturday morning, dropping temperatures to a low of 10 degrees in several places.

Water pipes in many homes were reported frozen, but the full extent of damage will not be known until things begin to thaw, according to local plumbers.

And some few motorists will remember the "cold" and "wind" who had neglected to get their winter tires. "Woke up this morning to find that the tires were frozen and I was stuck in the mud."

Lower than was reported about 7:30 Saturday, but by mid-morning it had only risen some two degrees to a still cold 12 degrees. Then, shortly after noon, a heavy rain set in, and the temperature rose to 15 degrees.

The rain set in with a heavy wind, and the temperature rose to 15 degrees. The rain set in with a heavy wind, and the temperature rose to 15 degrees.
