Mooney Explains Evaluation Hike

Because of numerous questions concerning the evaluation raise on property in the county in 1963, County Judge Jeff R. Mooney today issued a statement explaining the necessity for the raise in an attempt, he said, to make it a little clearer for the benefit of the people of Tyler County.

"In December 1962," Mooney said, "our commissioners court let a contract for the addition and remodeling of our hospital at a cost of \$263,000.00. Tyler County is to pay half of this indebtedness and the Hill-Burton Fund is to pay the other half. Tyler County's part on this contract and remodeling job is being paid for at present with time warrants until the completion of the job. After the completion of the job Refunding Bonds will have to be issued to take up the warrants.

"This contract was made in 1962 with no appropriations for the financing," Mooney continued. "Therefore, this leaves the burden of financing in the hands of the 1963 Commissioners Court. In 1963 this problem was presented to the Commissioners Court and they in turn immediately began trying to find the answer.

"Our state laws say that we cannot go above \$.80 (eighty cents) on every \$100 evaluation and we are already up to this bracket. This figure only produces enough revenue to take care of our other indebtedness and current bills. This leaves us only one other route which we can take to raise the needed funds to meet this new obligation—that is to raise our evaluations. Therefore, our Commissioners Court issued an order to our assessor and collector to raise our evaluation to at least \$14,400,000.00.

"The next step after the assessor and collector raised our evaluations," Mooney's statement continued, "was for the equalization board to look over all assessing and be sure they were uniform and equal and give final approval of same.

"Now all this responsibility is in the hands of our Commissioners Court and the equalization board. Our Commissioners Court is the governing body of all the county finances.

"This question has been asked numerous times—Why were taxes and evaluations raised my first year in office as County Judge? I sincerely hope that

Wherever people gather these days, there are supplies to make artificial flowers for the decorations in the amphitheatre for the Tyler County Dogwood Festival. Linwood Lanes is no different, and here are shown a few of those who were hard at work there Wednesday morning. The three young sons of Thomas Best, sitting at table at center, are as adept at making the blossoms as the older folk. The festival, which will be on March 28 this year, will find the amphitheatre decorated with 100,000 crepe paper flowers, all made by Tyler Countians in spare moments.

McGEE BEND FFA DISTRICT CO-SWEETHEART—Janice Richardson, sweetheart of the Woodville FFA chapter, was elected co-sweetheart of the McGee Bend District of Future Farmers of America at the district banquet held here last week. She will be one of eight sweetheart candidates to compete in the area contest at Nacogdoches on May 30. Janice, the daughter of Mr. and Mrs. Frank Richardson, is shown holding the tray presented her as winner of the co-sweetheart contest in the McGee Bend District.

First Christian Church Dedication Is Sunday

Three services at the First Christian Church Sunday will mark the dedication of the new sanctuary which was recently completed.

The morning service will be conducted by Raymon Laver, minister of the First Christian Church in Henderson.

The dedicatory services will be held at 3 p. m. with Martin Dies, Sr., former Congressman and prominent Lufkin attorney, as the speaker.

An open house will be held from 4 to 5:30 p. m. The public is invited to both the dedicatory service and the open house.

Bro. Laver will again speak at the evening service, and he will continue with a week's evangelistic effort.

The church was organized in 1887 by Dan Leak, a traveling evangelist who held a revival meeting in Woodville at that time, and organized many Christian Churches in Texas.

Many of the prominent citizens of Woodville who were converted by the evangelist and joined the church, included families of J. Dallas Collier, J. B. Riley, Edgar Hyde, W. A. Johnson and Mrs. R. A. Cruse.

The evangelist brought with him to Woodville R. H. Bonham and Miss Kate Billingsly, to establish the Huntington Institute. Miss Billingsly taught in the institute as long as it existed and later in the Public Schools. She later married D. P. Rock and remained a pillar in the church until her death.

It was on April 7, 1887, that R. A. Cruse deeded R. H. Bonham and D. A. Leak Block No. 24, being the block on which the Baptist parsonage is now located and on which they erected a private school building known as the Huntington Institute. It was operated for some two (2) years and on October 5, 1889, the building having been destroyed by fire the land was reconveyed to R. A. Cruse who had financed the institution. It is assumed that they probably held church in the school building during its existence and after that the church held its meetings in the Baptist Church until 1917 when a building was erected. The land on which the building is located was purchased by W. A. Johnson with funds furnished by R. A. Cruse.

When the original building was erected many of the Charter Members of the church were still living and occupying positions of leadership in the church.

1962 Audit Showed Need For Better County Record Keeping

The audit of the records of the various county offices which was made in 1962 by A. King, public accountant, for the calendar year 1961 revealed that the bookkeeping system in use at that time was inadequate, incomplete and lacked any kind of double-entry record keeping by which accounts could be reconciled or checked for accuracy, a study of the report

made by King to the Commissioners Court reveals. One result of the loose, antiquated system which had been handed down from successive administrations was that many county officials were overdrawing the legal fees limit set by state statutes, and had no bookkeeping system by which they could determine the amount of fees collected in a year.

To put the county on a business-like basis, the Commissioners Court had Mr. King install a modern bookkeeping system at the beginning of 1963 which records all fees, fines, and other receipts of the county offices in such a way that a fund can be traced from time of receipt until deposited in the proper account.

Mr. King completed his audit of the county records and made his report to the commissioners court dated July 13, 1962.

The summary of his findings as made to the court are printed below. Schedules of figures, referred to as Schedule 1, etc., from which conclusions in the summary are drawn by Mr. King, are not printed here because of their length and because the summary gives the results from tabulation of the figures.

The report of Mr. King to the Commissioners Court follows:

The Commissioners Court Tyler County Woodville, Texas Gentlemen:

Pursuant to an agreement, we have made an Audit of the available records of various offices, and, or, departments of Tyler County, Texas.

Joe Wheat President 88th Bar Association

Josiah Wheat was elected the first president of the 88th Judicial District Bar Association which was organized Friday at a meeting in Kountze.

Other officers of the association will be elected at a later meeting when further organizational procedures will be conducted.

Henry Allen Coe of Kountze and Earl Stover of Silsbee were appointed on a by-laws and constitution committee for the association.

Robert S. Coe of Kountze was temporary chairman and George Kirkpatrick Jr. of Kountze was temporary secretary.

Band Members To Go To Kirbyville Concert

Several members of the Kirby High School Band will go to Kirbyville Friday night to attend the Winter Concert of the Kirbyville band.

They will be accompanied by Laurel Brownlee, Woodville band director.

22 Candidates Vie For Dogwood Queen

Twenty-two candidates for queen of the 1964 Tyler County Dogwood Festival have entered the contest from the five high schools in the county, it was announced today by Stanley Lindsey, chairman of the King's Men Committee.

The queen is chosen by the King's Men in a series of three judging sessions, the first two

being eliminations in which the number of candidates is first reduced to ten and then to the five finalists.

Candidates are Nancy Robinson, Lavelle Miles, Linda Williams, Stella Mae Best, Blanche Risinger, Sharon Allison and Linda Read of Woodville;

Billie Kay Yarborough, Sadie Rae Evans, Mary Ellen Walters, Elizabeth Gardner, Wanda Joan Holmes, Judith Gwynne Pavia, Virginia Spears, Bernadine Rhodes, Annie Smith and Pat Hutto of Warren;

Roxane Turner, Carla Stewart and Shirley Williams of Colmesneil;

Hazel Ellis of Chester and Virginia Massey of Spurger. The King's Men, which is made up of 30 judges appointed by the Operating Committee of the Tyler County Dogwood Festival, will hold the preliminary judging next Tuesday at 7:00 p. m. when the 10 semi-finalists will be chosen.

A week later, on March 10, a second judging session will be held at 7:00 p. m. at Woodville Community Inn to select the five finalists, one from each of the schools represented.

Final selection of the queen will be made Tuesday, March 24 at Woodville Community Inn. Identity of the queen will be kept a secret until the night of the festival.

Contestants will be judged on poise, beauty and personality.

Stock In New Bank Here Available

Organization of the proposed First National Bank of Woodville is progressing, according to Charles W. Smith, one of the coordinators.

During the past week C. B. Durdin, the proposed president of the new bank, has been in Tyler County on business pertaining to the bank.

Public interest is high, the organizers reported.

At this time stock is being offered to residents of Tyler County. Fifth percent of this stock has already been taken.

The organizers want the people to know that stock in this new bank is available to them, Mr. Smith said.

Morris Clemmons, Jr., and Mr. Smith have been appointed coordinators by the organizers, and anyone interested in stock should contact either of these men.

When the time comes to start making flowers, nearly all the ladies in Tyler County get involved at some time or other. Many of the flowers are made at night in "flower-making"

parties at private homes, such as this group which was working Tuesday night in the home of Mrs. Pearl Mills. Clockwise from left are Mrs. J. R. Mc-

Combs, Mrs. Mills, Mrs. R. E. Wingate, Mrs. D. C. Bracken, Mrs. Joe I. Best, Mrs. E. D. Walker, Mrs. Joe Edwards, Mrs. Lester Young and Mrs. Ezra Eaves.

"Sweets"

Put sweetpotatoes into your winter meals for a colorful hot dish with high nutritive value. Sweetpotatoes are good providers of vitamins A, B, and C and minerals. In addition to their energy value.

A handy little leaflet, "Sweetpotato Recipes" (L-293), prepared by USDA's Agricultural Research Service, tellshow to use this nutritious food as the main dish of the meal or in desserts as well as a vegetable in the old favorite ways—baked, candied, and mashed.

Try both kinds of sweetpotatoes and see which you like best in various recipes—the dry meal, rather light—colored ones—or the deeper yellow, moist, sugary "yams." You can soon learn to identify these by shape and skin color.

But remember, sweetpotatoes don't keep long in today's warm kitchen. So buy them in small lots and use them within a few days.

For a real down-South accompaniment to roast pork, ham, or chicken—try glazed sweetpotatoes with orange. Here's the way to make them:

Sweetpotatoes with Orange Glaze

Place alternate layers of cooked sweetpotatoes and sliced, peeled oranges in a greased baking dish. You will need about 2 oranges to 6 medium-sized sweetpotatoes. Make a sirup by combining—

3/4 cup orange juice
 1 tablespoon grated orange rind

1/4 teaspoon salt
 2 teaspoons cornstarch
 1/2 cup sugar

2 tablespoons melted table fat

Pour sirup over sweetpotatoes. Bake at 300°F. (slow oven) about 1 hour. Baste with the sirup several times during baking. Six servings.

COUNTY AGENT'S COLUMN

BY CLINTON CURRIE

Foreign trade is important to every Texan. Exports and imports of agricultural products, especially food, have a direct effect upon each of us.

Every 10th time the average lifts a fork to his mouth he is eating something that came from overseas. In some cases, it could be even more often.

Some of these imports are in competition with Texas grown foods such as meats, dairy products and even some fruit and vegetable products. These imports may decrease sales of Texas grown products to a degree, but they can also bring about more competition which means lower food prices for all consumers.

All imports, however, are not items that compete with Texas or U. S. products. It would be hard to think of eating very many meals without such items as coffee, tea and cocoa—beverages we use to add that final touch to our meals. These items are imported from Asia, Africa and Central and South America.

Then when we get to our own Texas produced meat dishes, we need pepper and other flavorings. Our hot rolls need cinnamon, our gingerbread and of course we must have cloves for our ham. A high proportion of our most popular and widely used flavorings come from other countries. In other words, the whole world helps to make our Texas meals tasty and different. Cooking and eating would be boring without the spices and herbs.

Another food which is popular with Texans is the banana. We depend upon producers in Central and South America or the Caribbean areas for this product.

The list of imported food products is a long one but they make our daily diets more pleasing and lend food for thought to the relative importance of imports to our daily lives.

The screwworm eradication program has just completed its second full year of operation on a highly successful note, and even more favorable results are expected in the year ahead.

Only one screwworm infestation has been reported in the five-state eradication area since January 1.

The massive eradication project, which involves the release of millions of sexually-sterile flies that disrupt the insect's reproductive capability, was begun on February 14, 1962.

Since then, more than eight billion screwworm flies, reared in a huge plant near Mission and sterilized through exposure to an atomic energy source, have been released by airplanes in screwworm-infested areas of the Southwest. This technique, along with preventive measures used by farmers and ranchers, has reduced screwworm incidence by more than 99 percent, entomologists say.

With the decrease in infestations in the United States, eradication workers are turning their attention to activities along the border between the U. S. and Mexico. A large portion of the sterile flies will be dispersed in a strip along the border extending from the Gulf of Mexico to a point below the state of Arizona. This barrier is to prevent fertile screwworm flies from migrating out of Mexico and reinfesting the Southwest.

Although screwworm infestations have become a rare occurrence in Texas, eradication workers insist that it is still important for livestock producers to be alert for screwworms in their livestock. Until the barrier has been completely established and thoroughly tested, the possibility will exist that a fertile screwworm fly could migrate into the Southwest from Mexico, they say.

Beech Creek HD Club Has Regular Meeting

Beech Creek Home Demonstration Club met on February 18, in the home of Mrs. Worthy Wilson, with ten club members and four visitors present.

The meeting was called to order by 10:30 a. m. by the club president, Mrs. Vera Wilson. Mrs. Alma Rawls acted as secretary in the absence of the secretary.

Mrs. Thelma Wilkerson led the opening prayer. Mrs. Gardner will bring the devotional at the next meeting in March. Mrs. Raymond Wilson and Mrs. Charlie Ratcliff were visitors at this meeting. Minutes of the preceding meeting were read and approved. Delegates gave report from the council meeting. The spring meeting at Colmesneil will be held on March 5th come and bring a covered dish, also an exhibit.

Mrs. Vera Wilson was elected as delegate to go to the Crockett spring District meeting on April 2. Mrs. Dale Scott is alternate.

Mrs. Dale Scott is the new elected T. H. D. A. Chairman. We have in this club four past chairmen of council. They are Mrs. Vivian Jordan, Mrs. Carrie Jordan, Mrs. Lela Sheffield and Mrs. Charlie Kibby.

We voted to quilt and sell a homemade quilt each month to put in the treasurer (or the club funds.)

We adjourned for a delicious covered dish lunch served by the hostess. Roll call was answered with "What I had for breakfast." The bylaws read and adopted. We also filled out our year books.

Mrs. Lela Sheffield gave Parliamentary Procedure study. She also read and discussed some literature on Diabetes and its causes. The club will meet with Mrs. Lola Coward on March 17 for an all day meeting.

Buffet Dinner Dance Planned

The Board of Operating Directors of the Tyler County Dogwood Festival has voted to authorize a buffet dinner dance sponsored by the King's Men to be held in honor of the duchesses to the Dogwood Festival from other cities and the five finalists from Tyler County.

Each member of the Royal Court will receive printed invitations to the dinner-dance. The function will be called the King's Men Ball and will be held in the Magnolia Room of the Woodville Community Inn on March 27 beginning at 7:00 p. m. Mrs. Marie Carter will serve as chairman of the ball committee.

How I Quit Smoking

I've been a heavy smoker now for the past three years. Smoked so much I made my driver pass out once.

Then I met a cute little six-cylinder job who told me about the mechanics at **HOWARD MOTOR COMPANY** in Woodville. Well, I had their ring and valve job and now I feel better.

Get such good mileage now my owner decided to keep me. Call the boys at Howard's if you can't kick the habit. You'll be glad you did.

"Our county business is a very big business—the largest in the county. Therefore, it should be run like a business and take all guesswork out of every issue.

"This year I asked the Commissioners Court to hire a full time Auditor so that we might have a double check on all county affairs. This also would give all of our county officials a chance to operate with more efficiency and less fear of criticism from our taxpayers, but this idea did not get the approval from any of our Commissioners—therefore, this request was not granted.

"I have invited a representative from each of our local papers to attend all of our Commissioners Court meetings with hope that they will be printed so that you may see how all of our business is handled and also see how each member votes on each issue.

"I personally extend an invitation to each of you to come visit me. I always welcome your opinions.

**Charter Night
Lions Club**

The Woodville Lions Club will observe "charter night" at their meeting tonight at the Lions Den beginning at 7:30. The Woodville club was organized 15 years ago under the sponsorship of the Jasper club.

Speaker for the ladies night affair will be Tom Kirkham, state secretary of the Lions International from Austin.

Carl J. McKusker, Bridge City, governor of Lions District 251, will present a life membership in the Lions Crippled Children's Camp at Kerrville to Mrs. M. O. Bailey in memory of the late Mr. Bailey.

Mr. Snyder is president and a member of the board of directors of the Galveston Rotary Club, a member of the board of directors of the Galveston Chamber of Commerce, member of the Sales Executives Club of Houston and the National Association of Life Underwriters.

Reginald Snyder of Galveston will be the speaker at the annual membership banquet of Woodville Chamber of Commerce Friday, March 6 at the Woodville Community Inn.

Mr. Snyder will be introduced by Frank Robinson, president-elect of the chamber.

Mr. Snyder is vice president of the American Indemnity Life Insurance Company, and is an outstanding lay speaker in the Methodist Church.

He started in the insurance business in 1937 in Houston as a salesman, and has had 25 years experience in selling and managing insurance activities. He has gained wide recognition in the sales field as an inspirational speaker.

**A Memorial Word
For Mother**

Mother lived a simple life and left this world quietly. She left no mark of greatness, but an indelible impression of what goodness is. Suffering and deprivation were the threads that wove her life together, but they took of her frail body and made a fabric of pure grace and impregnable fortitude. She clung to God as a mortal, and through the miracle of death has left this world to go on a new mission somewhere in God's Universe. She wanted to go, and those of us who loved and cherished her as a mortal must let her have her wish. We do not understand her new role in immortality, but we know she will be close to us, in our hearts; and in time, we will find the strength to bear our loss. She left this world in a place where people had compassion for her and did all they could for her. Our mother, Mrs. Flora Yaber, would want us to thank the people of Woodville, and in doing this, we are comforted in our grief.

**MILD SUCCESS
REPORTED IN BOY
SCOUT '64 IN '64'**

Mild success has been reported in a recruiting drive to organize 64 new scouting units in this county and 10 others that comprise the Trinity-Neches Scout Council, according to William O'Shea of Beaumont, chairman of the campaign called "Task Force Sixty Four."

The objective of the drive is to find sponsors for 64 new groups of Cub Scouts, Boy Scouts and Explorer Scouts during the month of February.

The campaign began with a kickoff rally January 30 and will close with a victory dinner February 27, O'Shea said. "Task Force Sixty Four" is divided into six district teams throughout the council. The 128 volunteer workers are calling on churches, civic clubs, industry, PTA groups and other reputable organizations in hopes of securing new scout sponsors.

Workers are covering all of Hardin, San Augustine, Sabine, Polk, Jasper, Tyler, Chambers, Liberty, San Jacinto and Newton

counties and the northern part of Jefferson County (Beaumont). So far, according to O'Shea, 32 contacts have been reported by his six team captains and the formation of 14 new scouting units seem likely. Before the end of the month, the workers will have called on 66 institutions in the 11-county area.

Heading up the district drives are Emil L. Weaver of Beaumont, Central District; Bentley Stansbury of Beaumont, Spindletop District; William H. Taft of Beaumont, Division of Beaumont; C. E. Jack of Liberty, Trinity District; Edward Ward Jones of Livingston, Dogwood District; and Max Alvis of Jasper, Neches District.

"We cannot make a better investment of our time today than by working with and for the boys who will be leading this country tomorrow," O'Shea said in announcing the campaign's progress. "We hope that the institutions will keep this in mind when our workers call on them and present the scouting program and its needs.

"We have figures that show there are approximately 19,000 boys in this council who are available to join one of the three

scouting units—Cub, Boy Scout or Explorer. There's a lot of work to be done and our volunteer workers need the cooperation of the public."

County Audit

(Continued from page 1)

ler County, Texas except the County School Superintendent and County Hospital, which are covered under separate Audit engagements, for the calendar year 1961. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such test of the accounting records, and such other Auditing procedures as we considered necessary in the circumstances.

We found that a double entry bases Accounting system had not been kept. That bank accounts had not been reconciled; collections had been made for which receipts were not issued; fees had been paid in cash from receipts, and office expenses paid from receipts.

Due to the inadequacy of the records, and the complete lack of internal control, we are unable to render an opinion on the overall representations in the attached report.

Respectfully yours,
A. King
Public Accountant

The records of this office consist of a single entry system of Receipts and Disbursements, broken down by funds, which does not show the total Receipts and Disbursements, and an analysis of the source thereof. This system is not adequate to furnish sufficient information to properly control budgetary Receipts and Disbursements, and the orderly reconciliation of the bank balances.

We found that the treasurer issued receipts for moneys collected. Vouchers were drawn by the treasurer on authorization of script issued by the County Clerk.

Schedules 1-A, and 1-B show the Receipts and Disbursements for the calendar year 1961. The total bank balances at December 31, 1961 as shown on schedule 1 of \$428,100.53 is \$10,598.35 more than the book balances as of that date. This is the result of an understatement of the treasurer's General account of \$2,534.26, plus dormant accounts that we found at the bank that had been inactive since 1942 to

taling \$8,064.09. Of the understatement of \$2,534.26 on the treasurer's book only \$30.09 occurred during 1961.

COUNTY CLERK

We found that this office was in dire need of additional records. Receipts were not issued for moneys collected. Cash Receipts and Disbursements records were not kept. Fines collected were paid out in cash to the participating officials, and the only receipts involved being issued by the County Treasurer to the County Clerk for the County's part of the fines. Records were not kept which would enable the Clerk to determine the amount of Annual fees he had collected. His Annual report was therefore estimated, and consequently incorrect. Due to the lack of accounting records in this office, we analyzed the bank accounts of Tom Sawyer, County Clerk for the year 1961. This analysis, as shown on schedules 2 and 2-A reveal that \$3,799.94 is due the County for excess fees, and/or, from over-allowance of Ex-officio compensation.

We recommend that receipts be issued for all moneys collected. That receipts be deposited intact into the bank. That a separate bank account from the County Clerk's personal account be used. That all disbursements be made by check, including the County Clerk's fees. That checks issued to various officials for their fees have the case numbers recorded thereon. Double entry books should be kept in which receipts and disbursements are properly analyzed.

TAX ASSESSOR-COLLECTOR

We traced all current taxes collected during the calendar year 1961 from the tax collector's monthly reports to the tax receipts. Due to the period covered by our Audit, these collections were made on both the 1960 and 1961 tax rolls.

All of the redemption receipts issued during the year were added and compared with a summary made of the tax collector's reports. We confirmed

some of the delinquent taxes, as shown on the tax rolls, directly with the tax payers. There were no major differences reported to us, and the few minor differences due to property being sold, etc. were called to the attention of the tax collector.

We spot checked license receipts and receipts for motor vehicles sales and use tax from the tax collector's copy to the various monthly reports made to the state.

We found a \$531.33 Shortage in the tax collector's account, which is summarized on Schedule 3-A. We also found that the tax collector had paid out \$1,340.24 more than the actual collections made, which is summarized as follows:

Overdraft in A. L. Thornton, Assessor-Collector account Schedule 3 \$2,010.67
Less:
Balance in A. L. Thornton, Special account Schedule 3-B \$139.10
Shortage in Tax Collector's account Schedule 3-A \$531.33

Recommendations

We recommend that the tax collector deposit his collections intact, and not make any disbursements from the collections. We further recommend that he set up a journal to reflect the deposits and disbursements. He should reconcile his bank accounts monthly and be certain the journal is in agreement with same. We were informed that delinquent tax notices were prepared only on request. We recommend that a concerted effort be made to collect delinquent taxes.

COUNTY ATTORNEY

We summarized all of the deposits made by the county attorney. The total deposits from Justice Court fees were in agreement with both the Annual report made by the county attorney and with a summary made of the Justice Court disbursements made to the county attorney. We found that the reported amount of fees from the County Court was in excess of the analysis of deposits. We were able to reconcile the difference, as notations were made on the county attorney's book on fees which were retained in cash, however, we would recommend that all fees be deposited intact.

posited intact.

The Annual report is summarized as follows:
County Court Fees \$2,136.00
Justice Court Fees \$7,750.50
Total Fees \$9,886.50
Less: Office Salary and Other Expenses \$2,141.40
Net Fees \$7,744.10
Distribution of Fees:
County Attorney Salary per Commissioners \$4,800.00
Court Order \$4,800.00
Excess Fees Returned to Court 1-11-1962 \$2,944.10
\$7,744.10

DISTRICT CLERK

Deposits were compared with the related cases for three months, and all deposits were added for the year 1961. We compared this total with the Annual report, which we found to be substantially correct.

The District Clerk issued script to the County Treasurer for funds to pay petit jurors. We summarized the script, and compared the disbursements with the Civil Court minutes. We found these funds to be properly handled, however, we recommend that checks be issued to the jurors rather than cash disbursements.

We reviewed the record of Trust funds handled during 1961, and found them properly handled.

ANALYSIS OF THE ANNUAL REPORT

The analysis of the Annual report is as follows:
Fees:
Felony Cases (State) \$350.00
Criminal Cases Fines 42.50
Civil Cases \$1300.85
Total Fees \$1693.35
Less: Office Supplies and Expenses 180.85
Net Fees \$1,512.50
Salary and Fees of District Clerk:
Ex-Officio Compensation \$2,385.00
Net Fees \$1,512.50
Total Compensation \$3,897.50

SHERIFF

The Sheriff is not on a fee basis, but a straight salary, and therefore, does not handle any funds.

We recommend that the Sheriff, or one of his deputies, issue orders for all meals for Prisoners, and that a copy of each order be furnished the County Treasurer.

We were informed that the Sheriff was placed on a salary basis several years ago, and since that date Citation Fee reports have not been filed. This has resulted in a loss of Revenue to the County, therefore, we recommend that these reports be filed regularly.

JUSTICE OF THE PEACE

Precinct 1
Tyler County

We checked the Justice Court docket and traced collections to deposits and found that all collections were deposited and all disbursements were issued by check. We recommend that receipts be issued for all collections. An analysis of the Receipts and Disbursements of this office will be found on Schedule 4.

JUSTICE OF THE PEACE

Precinct 3

We found that the Docket for 1961 reflected only one case filed in this Court during the year 1961. We were able to check the disbursement in order to see it was handled through proper channels.

JUSTICE OF THE PEACE

Precinct 4
Tyler County

We found the Docket of this Court revealed handling of 15 cases during the year 1961. We were able to check the disbursements to see that they were handled in the proper manner. An Analysis of this Docket will be found on Schedule 5.

COUNTY JUDGE

Schedule No. 6 reveals that \$1,133.00 is due the County for excess fees, and or, ex-officio

COMPENSATION FOR THE CALENDAR YEAR 1961

COUNTY COMMISSIONERS COURT

We found that the minutes contained the monthly approval of the "payment of the current bills", but did not list the bills to be paid and the amount thereof. We recommend that this be done. On purchases where bids were required, the minutes reflect only the bid accepted, and does not state whether or not other bids were received. We recommend that all bids be reflected in the minutes, and when the low bid is not accepted, a statement as to why the bid accepted was the best bid.

We found that purchases had been made from C. B. Hicks and Son, and Anderson Plumbing Company, and a sale of auto and truck to C. B. Hicks, which could possibly be a violation of the Nepotism law.

We observed that Commissioner H. L. Riley was paid \$312.50, and F. C. Hicks was paid \$130.00 for "seeding and work at Airport."

The County purchased an Allis-Chalmers model HD 7G Diesel Tractor shovel with trade in of used Allis-Chalmers HD11G Tractor Shovel-Net cash difference \$17,000.00, and an Allis-Chalmers model 45 Diesel Motor Grader with trade in of Adams Model 550 Motor Grader-Cash difference of \$18,350.00 from Texas Tractor Company, Tyler, Texas. There was apparently only one bid considered.

In checking invoices, we found that the County had paid exorbitant prices for Wood Preserver, Transmission Oil, Diesel Oil, etc. to Petroleum Products Company, P. O. Box 2226, Dallas, Texas. Plant 2520 Pine Street. A further investigation of this revealed that the Petroleum Company did not have a plant. Fargo Oil and Grease Company, Box 1756-Office and Plant 2520 Pine Street, Fort Worth, Texas, shipped on orders of Scott P. Smith, owner of Petroleum Products Company, direct to the County and charged same to Petroleum Products Company. A comparison of Petroleum Products Company invoices with Fargo Oil and Grease Company invoices of shipments made to Tyler County, reveals that exorbitant prices were charged by Petroleum Products Company on five invoices, totaling \$1,463.25 for which Fargo Oil and Grease Company records show no shipments were made. On several invoices the County was charged for weight in excess of that shipped by Fargo as follows:

INSURANCE

Insurance Policies as shown on schedule 7 was handed us for inspection and the policies cover \$190,000.00 on courthouse and jail and \$10,000.00 on the contents of courthouse and jail. A Fleet Policy covering equipment used by Mr. F. C. Hicks, Precinct #4, covers liability, collision, fire, and theft on part of the equipment and basic liability, \$5,000.00 on each person, \$10,000.00 each occurrence on bodily injury, and \$5,000.00 property damage, on the remainder. There is another policy affording all risks coverage on a 1961 Ford passenger car belonging to the sheriff's department. Another policy on a 1960 Chevy passenger car affords all risks coverage on a commissioner's car. Another policy with limits of \$25,000.00 each person, \$50,000.00 each occurrence on bodily injury, and \$25,000.00 property damage affords liability coverage on the Tyler County Airport. The broad form boiler policy with \$50,000.00 limits insures equipment at the Tyler County Hospital. The hospital also has a comprehensive general liability policy with limits of \$50,000.00 to \$100,000.00 for bodily injury and professional liability. Included in the policies furnished us were policies insuring the hospital building for \$100,000.00 and the contents for \$20,000.00. There is a \$50,000.00 broad form boiler policy insuring the boiler in the courthouse and jail.

The policies insuring the courthouse, jail, and contents has an 80% co-insurance clause whereby the county agrees to carry insurance 80% to value. An inventory should be made to see if this condition is complied with.

GENERAL COMMENTS

We could find no records wherein the physical Assets of the County was recorded. We recommend that an inventory of the physical properties of the County be taken and filed in a designated place. The inventory should be kept up by recording new purchases and retirements periodically.

We found surety bonds in force on the following County officials and employees:

We found that the depository bank, Citizens State Bank of Woodville, Texas had pledged U. S. Government Securities in the amount of \$510,000.00 to secure the county funds. This is in addition to the FDIC bond. These securities are held by American National Bank of Beaumont, Texas; First City National Bank of Houston, Texas; and Mercantile National Bank of Dallas, Texas. We examined trust receipts of the above named banks. The two year depository bond now in force was received by the State Comptroller on Feb. 14, 1961. It was

approved and filed on Feb. 23, 1961.
Bonded indebtedness at December 31, 1961 is shown on schedule 8.
Although the inadequacy of the records rendered it impracticable to present a financial statement, or to render an opinion on the overall representations in the attached report. We received cooperation and courteous treatment from all County officials and employees.

Fishing Talk

Neither rain, nor snow, nor cold winds that blow will stop fishermen—from talking.

And if the fish happen to be biting, a biting wind is nothing at all, nothing at all.

We'd like to be able to report that the bass are striking at just any ole lure, but evidently they are a little choosy right now.

However, the bass are beginning to school, and the first warm days should bring some good, fast action if the water warms up so that the schools make for the shallows around the east log jam, or along Highway 190 for wade fishermen.

Backing up to week before last, we'll catch up with items we didn't get to report last week.

Leo Smith and M. S. Moore of Groves caught 30 bass that tipped the scales at 48 pounds. On the following day Smith was back with 15 bass... Leo Page and son of Beaumont had a fine day Sunday week, catching 30 bass... so Sunday week, Troy Burns and arney Youngblood of Houston caught a string of 20 bass and white perch... Then H. J. Bice of Houston and "Red" Smith caught 13 bass Saturday week, the largest weighing four pounds and another 3-1/2...

Right now the white perch are biting good. Nick Hill had a nice string of 24 which he caught Friday, so he tried again Saturday and caught 30 nice ones.

Tuesday, George Chambliss hooked 13 white perch weighing 26-3/4 pounds (see picture). Cooper Head of Vidor is also pictured with his strings of white perch which he caught Monday. He had about 30.

Bass are slow right now, but last week several nice strings were brought in. "Red" Smith had a nice catch on Thursday. Wednesday, Dr. Irvine Richman of Beaumont came in with a fine string of bass plus four white perch. He had 23 bass, the largest weighing 5-1/4 pounds and others tipping the scales at 3-3/4, 3-1/2 and 3 pounds (see picture).

It won't be many weeks before Dam B will hit its stride and once again be the best fishing lake in Texas.

Remember how they bite out there those first warm days?

Well, March is just around the corner and it won't be long before lures and bait won't be safe even on the dock at Dam B.

This column will try to keep you informed about how the fish are biting and where, and from time to time we will picture a favorite fishing spot with directions as how to reach it.

STRIKE and SPARE

By LARRY WILKINSON

The biggest bowling news of the week comes in a 3 game win by the Pineywood League the Mill Masters. In the first game in the 3 game set, Left hander Luther Norton, rolled 9 strikes in succession and found a stubborn 10 pin on his first ball in the tenth frame, Luther picked it up and struck for a splendid 279 game. Clay Miller washigh for Rod and Reel with a 493. John's Restaurant won a 3 game win over second place Ferrells Ole Pros. John's were paced by Jimmy Brown 519, Clyde Earl Smith 518, and Big John Smitty 512. Ferrells were led by Dean Sloan 505 and Ted Borowski 485. Jarrott Drug propelled by the fine rolling of Smiley Burgess 213-597, Peck Fortenberry 531, and Dallas Pelly 509, won 3 games from Rainbo Bread, with Leon Platt 489, Ogden Chevrolet paced by the over average effort of Carl Flowers 496, and Don Davis 433, split with Title Insurers. Air Control paced by the firing of Dwon Moore 541, Royce McKee 484, and Joe Ramsey 452, won 4 from Tyler County Survey, with an above average effort from Bear Macin 429.

Don Thornton had 18 points for the Thunderbolts. In consolation action, The Thunderbolts with a big 27 point effort edged Ted's Viking 42-41 in a thriller. Steve Wortham 13 points was high for the Chevys. The Big Sandy Indians with Herbert Johnson 37 points romped over Sour Lake by a 74-55 score. Sour Lake was aided by a 24 point effort by Joe Rawlingson. The Thunderbolts rolled into the consolation finals with a 61-50 win over the Vidor Hawks. Don Thornton was once again tops with 27 points and Les West was top, with 18 points.

Air Control with double figure efforts from M. R. Griffith 16, Charlie Phillips 12, and Richard Evans 10, moved by Ted's Chevy Vikings by a score of 52-42. Don Crane was high for the Vikings with 11 points. Hull Dasieta won an easy 60-39 game from Ist Baptist Silsbee. Don Hascarp had 24 points for H-D while Len Jones, 12 points, was high for Silsbee.

In First Round Action, the Air Control Windows with Charlie-Phillips 16 points, M. R. Griffith 14 points, and Lionel Reese 12

During this time, dogs will be vaccinated against rabies for the special rate of \$1.50 when brought in to the community at a designated date and time.

Dr. Nichols said that the dates and hours he will be in each of the communities are as follows: March 7-Chester, 8 to 10 a. m. March 14-Colmesneil, 8 to 10:30

March 14-Rockland, 11 to 12 noon.

March 21-Spurger, 8 to 11

April 4-Hillister, 8 to 10

April 11-Warren, 8 to 10:30

April 11-Village Mills, 8 to 12.

AIR CONTROL RUNNERUP IN WEST HARDIN TOURNEY

Clader Baptist of Beaumont used superior height to good advantage and downed the local Air Control Windows by a score of 61-45. Calder with his men Ronny Henderson 6'8" and Jim Reimers 6'4" were simply too big for the Windows. Although beaten in the rebound department, the windowes produces the games high scorer in Jerry Choate, Choate, former Warren Flash, scored 27 points. Reimers led Calder 16.

The tournament was very well organized for a first tournament. The director was Ted Borowski, local salesman for Howard Motor Co. Tribble's Thunderbolt of West Hardin, won the consolation from the Indians in a 77-76 thriller. Don Maxwell scored 52 for the thunderbolts and Herbert Johnson 37 in shot scoring duel.

In the semifinals, Calder Baptist, with big Ronny Henderson scoring 21 romped by Hull-Dasieta, who were led by Ford King Jr. with 21. The Air Control Windows led by the effort of Jerry Choate 25, Charlie Phillips 12, and Richard Evans 10, beat Ist Baptist Chance-Loeb by a score of 60-50. Loeb was paced by the efforts of Tommy Jeffcoats, who scored 22 points. Inquarterfinal tilts, clamps Calder Baptist with Tom Thacker, edged Sour Lake 50-48.

Sour Lake was led by a 30 Sour Lake was led by a 30 point effort by Keith Lowery. Ist Baptist Chance Loeb paced by Jim Daniel, 14 points, edged the Vidor Hawks by a 48-47 score.

HOW CREEP FEEDING MAY HELP YOUR CATTLE PROFITS

Lots of cattlemen in this area have found it pays to creep feed their calves. Helps the calves, and their mamas, too.

Here's proof from work with 2800 head of cattle where calves were fed Purina Creep Rations:

1. 34% more choice and good grade calves.
2. Heavier calves. Every 10 calves creep-fed Purina returned weight equal to one extra calf. (No extra cow to breed, feed and care for, either.)
3. Better cow condition. Cows suckling creep-fed calves carried 44 lbs. of extra condition.
4. This extra condition meant 16% more calves the following season.

That's a big return for just a little outlay in creep feeding the Purina Way. Come in. Let's talk about how creep feeding fits in your calf raising program.
