It's the Law in Texas
By far the most vital people in our system of justice are witnesses. Everyone else in a trial exists to hear what they have to say. It is the witness who tells the jury what happened. It is the witness who tells the jury what the defendant did. It is the witness who tells the jury what the defendant said. It is the witness who tells the jury what the defendant thought. It is the witness who tells the jury what the defendant felt. It is the witness who tells the jury what the defendant did, said, thought, and felt.

Eagles Play New Set Of Teams In District

District 22-AA has a new look this year, having been reshuffled by the Interscholastic League to include teams to the south rather than teams to the west as opponents for the Kirby High School Eagles.

WARREN WARRIORS PUT IN TOP 3 IN DISTRICT 26-A

The Warren Warriors can eye the top spot in District 26-A this year, but up there they are faced with the defending champions, Hull-Daisetta, which is one of the state's strongest teams again this year.

Hull-Daisetta has 14 returning lettermen and 16 regulars returning from last year's team which scored an average of 40 points a game and permitted only 28 points in 12 games.

However, the Warriors can hopefully set their eyes on the Number Two spot, and if Hull-Daisetta should bobble, perhaps a chance at the championship.

Another strong team the Warren High Warriors must keep in mind is East Chambers, which has nine returning lettermen and five starters on this year's eleven.

Coach Jim Lowrance has some fine material back this year. Lynn Chance and George Pate in the backfield, Tackle Willie Hoffman and Nolen Campbell are expected to be stalwarts. Robert Haynes looks promising at halfback.

Besides Hull-Daisetta and East Chambers, the other District 26-A teams are Tarkington, Hardin, West Hardin and Orangefield.

The Warriors open against four non-district foes. The season open on September 4 is against Corrigan at Warren. On September 11 they go to Colmesneil, which is always tough although playing in a B district. On September 18 the Warriors go to Buna, which is playing in District 22-AA this year.

On September 26, a Saturday, the Warriors are at home for the ex-students homecoming with Kountze as the opponent. Kountze is also in District 22-AA this season.

The Warriors first district is at Tarkington on October 2. The following week, October 9, the Warriors are at home with West Hardin as opponent, and on October 16 another home game pits the Warriors against Orangefield.

Showdown time with Hull-Daisetta comes the next week, October 23, and the game is played at Hull-Daisetta. The next week they meet Hardin at Hardin, and if the Warriors have a let-down after the Hull-Daisetta affair, the Hardin eleven might surprise them.

The final district game could be a battle for either second place or top spot—providing Hull-Daisetta should bobble twice. East Chambers and Warren are pre-season favorites to be in the top three with Hull-Daisetta, and East Chambers provides the Warriors the opposition in their final game.

with Cleveland, Crockett and Madisonville of last year's 22-AA and Rusk added to take Woodville's place.

But Woodville partisan's cannot take too much heart from the fact that the Lions are out of 22-AA. Looking like the team to beat this year in the new 22-AA is the Little Cypress Bears with 15 returning lettermen. Then, if the Bears don't live up to their expectations, there is Port Acres ready and willing, with nine returning regulars, to take their place.

Other teams in the district this season are Buna, Newton, Kirbyville and Kountze, all of them more or less able to make trouble for the leaders.

Buna has been playing football for only a few years but has moved up fast. The team has 17 returning lettermen with nine returning regulars, to take their place.

Three Arrested In Series of Burglaries

A series of burglaries which have plagued Tyler County officers was cleared up this weekend when Sheriff Grady Ray and Deputy Adnell Odum arrested three young men and charged them with the offenses. One of the youths, George

Hudspath of Camden, was charged in 16 cases of burglary. Officers said that he was an expert at picking locks with a knife blade, and gained entry to the looted places without leaving any signs of break-in. Also charged in 13 of the cases

is Bill Higginbotham, 26, who formerly lived in Jefferson County.

A juvenile from Tyler County was charged in three of the cases and will be tried in juvenile court.

The burglaries over the past several weeks have puzzled officers because of the ease with which places were entered without any sign of break-in.

The case was broken when Hudspath, who had just bought a car, was seen loitering around H & H Boat Dock at Dam B. His license number was obtained, and when the place was burglarized he was picked up for questioning. When taken in custody, he was wearing a watch stolen in the burglary of the T. T. Thomson Station in Chester.

Wednesday the two older youths were in Polk County being questioned about burglaries in that county. Officers in other nearby counties also are attempting to determine if they were connected with burglaries in those counties.

Places entered in Tyler County, Sheriff Ray said, included Woodville Home and Auto Supply, Boykin Lumber Company, the Warren post office, J. L. Veal Store in Chester, Oats Gulf Station in Colmesneil, the Precinct Two Commissioners warehouse at Chester, Farm-land Grocery on FM Road 92

between Dam B and Spurger, the Len Fraze Service Station at Spurger, Dogwood Drive in Theatre, and the Double T Drive in Cafe in Woodville.

Sheriff Ray said that Hudspath also had a Canadian coin in his possession when arrested that was stolen at Boykin Lumber Company, and that fingerprints taken at a burglary and a lock of hair found on the Warren post office safe matched with Hudspath's fingerprints and hair.

The trio are being held in Tyler County jail unable to post bond.

C of C To Work For Higher Level for Dam B

The Woodville Chamber of Commerce has started a move to get the United States Corps of Engineers to set the full level of Dam B Reservoir at 83 feet instead of the planned 81 feet when Rayburn Dam is completed.

When plans were drawn for McGee (now Rayburn), Dam B and Rockland Dam as flood control projects several years ago, the Corps set the full level of Dam B at 81 feet. However, because the water was needed downstream for industry and farming, the Corps has maintained Dam B at 83 feet, when rains cooperated, and the reservoir has become popular for boating, swimming, camping and fishing during the past 15 years.

However, as the Press reported last week, the plans still call

for 81 feet when Rayburn is completed and a huge reservoir of water is available for downstream use.

If these plans are kept by the Corps, the reservoir will be severely handicapped from a recreational standpoint. An 81 foot level will not permit boats to enter or leave the bar pit at Cherokee Park, and the water will be too far from the present 83-foot shore line to allow use of present boat docks.

For this reason, the Woodville Chamber of Commerce has begun to contact other agencies in an effort to have the water level set permanently at 83 feet. As one official said, "Our recreational water is in this extra two feet and we cannot afford to lose it."

Ed Galloway of the Lower Neches Valley Authority, which helped finance Dam B, said that the matter will be taken up at the next meeting of the board of directors, and that he felt sure the LNVA will help sponsor a movement to change the 81 foot level.

Dam B Reservoir and adjacent parks was visited by nearly half a million persons during the first half of 1964, according to a count made by the resident engineer's office at the dam. These included boaters, campers, swimmers, picnickers, skiers, and sight-seers.

Because of the large numbers of visitors, community of camp houses, businesses and homes has been built at Dam B. The visitors have contributed to the entire economy of the area through purchases from sporting goods dealers, and other businesses in the area.

A severe reduction in the number of visitors will likely be the result in any change to a lower water level. The reservoir will lose much of its appeal to boaters and skiers, although it will remain a good fishing lake.

An example of what will happen with a lower water level is the present level of the reservoir, which because of the dry weather and need for water downstream has been lowered to about river-bed depth. The number of visitors falls off greatly each summer when this occurs, as it does in most summers.

Rayburn reservoir will begin to fill with water in 1965 if present progress in the dam is maintained. Thus those working for a permanent change to an 83 foot water level have a limited time in which to convince the Corps of Engineers that the water should be at a level which will maintain the recreational value of the lake.

Miss Linda Gale Johnson, from Center, will teach English in Colmesneil High School. She holds the Bachelors of Arts Degree from Stephen F. Austin State College.

Jimmy Edward Goldsberry, from Nacogdoches, will teach science. He holds the Bachelor of Science Degree from Stephen F. Austin State College.

Tax Office Assesses, Collects County Taxes

Pictured above are Mrs. Barbara Tolbert, Mrs. Iris Crews, Mrs. Grace Bostick, Mrs. Romelda Stewart and assessor-collector, A. L. (Pete) Thornton, seated.

The office of tax assessor-collector has the responsibility of getting tax renditions from taxpayers and the collecting of taxes on all the property in the county.

Each property owner is responsible for listing all the property he owns on the rendition sheet, which he in turn signs. These renditions are then posted on the abstract books in the tax collector's office. Property is rendered for taxation at a certain percentage of its value.

In addition to collecting taxes on property, the tax collector's office also issues poll tax receipts, registers motor vehicles and issues license plates, and collects 2 percent sales tax on all new and used motor vehicles.

In rendering property for taxation, the property owner may have the value he sets changed by the commissioners court, sitting as a board of equalization. The commissioners court sets the tax rate and can raise or lower the valuations of property.

The tax assessor, following the setting of the tax rate by the commissioners, and after the commissioners have set as a board of equalization, prepares the county's tax roll. A statement of taxes due is then mailed to each taxpayer on the roll. The tax office also mails a receipt (or gives a receipt when paid in person) for all taxes paid.

About 95 percent of the county funds is collected through the tax office. The collections are deposited and distributed among the various funds, including the part which is collected for the state.

The tax office makes weekly and monthly reports of all taxes collected, motor vehicle registrations and transfers of title on motor vehicles. The office also prepares an annual report of delinquent taxes.

The office must also issue a tax certificate on property which is being sold or on which a loan

Three Men Take A Walk

by Barbara Pickett

On a hot, dusty road leading to the Sea of Galilee, three men were walking very slowly and conversing in soft, subdued tones. They were just ordinary looking men. Their dress that of the ordinary Jewish people, but they had expressions on their faces that could in no way be described as ordinary. These men were going to Capernaum to seek the man they had heard so very much about but had not yet seen. They all had on loose sandals and they were becoming extremely tired and dusty. Also, they were hungry.

They longed to put their hot, sore feet into the coolness of the water and remove their cloaks and stretch out on the shore for some rest. But first of all they wanted food.

One man, whose name was Malchus, said to the other two, "Perhaps this Jesus, whom we seek, will feed us as he fed all the others yesterday. We must hurry or we will miss our opportunity to get food and drink."

Malchus was very bitter within himself. He kept thinking about the Pharisees in Jerusalem who laid such strict laws upon all the common people. At one time Malchus had his own business in Jerusalem. True, it was only a tiny stall in the eastern section of the city but he had sold excellent olives and oil. But the temple had changed all that. Not the Romans so much as the Priests and big boys of the temple. "They taxed me until I lost all I had," thought Malchus. "God and His mercy doesn't exist for me. Just for the temple guardians. If they had to do without like me, they wouldn't believe in Him either."

Ever since Malchus lost his business he had been drifting aimlessly about. But now he was filled with enthusiasm again. He had heard only this morning in Cana of the man who had fed over five thousand people the day before. Fish and bread and there had been plenty for everyone. He had heard about this man before but his only interest was food.

The other men who accompanied Malchus had heard the same story about the feeding of a huge crowd but they were hungry for more than physical nourishment.

The youngest of the three was named Benjamin and he yearned for something greater than bread, fish or even some delicate sweet meat. Ben knew that Jesus had been doing many wonderful and amazing things. He had also heard that Jesus was the promised one—their "Messiah." "Ah, if this could be true," thought the boy. "Why he could come back with me to Cana and heal mother of her trouble. He could help us find happiness again and take away all this sorrow and wickedness. In Israel and yes, he could even restore good will among the Jews, the Romans and the Samaritans. Yes, that would be wonderful! All the quarreling stopped. We could have peace and prosperity again."

Ben continued thinking as they drew closer to the sea. They could smell the good clean air as they came over a hill. Ah, there it was, sparkling with the light of the sun. No other place was so beautiful thought each man. Down close to the sea was a huge crowd. Malchus said, "See there, they are pressing close already. If we do not hurry, we will not get our stomachs filled. We will be the same as now. Come on, you two, don't you see the boat coming into shore? Even this Jesus can't feed us all!"

Ben was anxious too, but not for the food Malchus was so intent upon getting. He looked carefully for the man called Jesus, but he could not make

out any faces from where he was. Ben grew calm and for his life he could not explain why. He seemed, for the first time in his life, to have something to look forward to. He knew the man Jesus had much to do with his feeling but Ben still did not know how much.

The third man had said nothing all the way from Cana where he had met Malchus and Ben. He was almost too tired to go down the hill and over to the crowd. He shaded his eyes with his hands and looked down and the sight of the teeming crowd made him ill. This man was known as Ashmon and he was the son of old Samuel in the town of Nazareth. He had heard his father speak of Jesus and his family, but Ashmon had been away from home so long and Jesus had become a well-known figure in Israel now. Ashmon was weary of not having a purpose in life. He had lived a wild life. He was penniless and often was hungry. He, like Malchus, could use a handout, but like the boy, Ben, he hoped to find something beyond satisfaction for his hunger.

Thus, we see these three men going down the hill toward the crowd by the sea. Each one with his desires and hopes. All believing that the man, Jesus, could help. They heard a crowd and then they heard a powerful and drawing voice. Looking toward the sound of the voice, they saw a man in a reddish-brown homespun robe seated on a little rising and he was saying the most amazing things. "Truly, truly, I say to you, you seek me not because you see signs, but because you ate your fill of the loaves."

The three men stopped where they were and listened. Jesus talked on and then, someone from the crowd said, "Lord, give us this bread always."

Then Jesus said something that astonished all the people. "I am the bread of life; he who comes to me shall not hunger, and he who believes in Him shall have eternal life; and I will raise him up at the last day."

After Jesus spoke these words, the people talked among themselves. Malchus, Ben and Ashmon walked away from the crowd and this time Ben spoke first.

"Follows, I believe Jesus. He has given me all the peace I could ever want. I am going to go about with Him if He will let me. I was hungry when I came, but now I feel as though I have feasted. This is our Messiah and I hope you believe too."

Ashmon nodded his head and said, "I'm going too, boy, if Jesus will have me. I feel changed and I, too, am filled up, yet we haven't eaten."

Malchus said angrily, "Of course we haven't eaten. Where is the bread, the fish the people told us about? This man is a crackpot. He can't feed all of us so he sits there and talks like a crazy man. Now, you guys talk the same way. Well, I'm going where I can eat. I want nothing more to do with this Jesus or you either!" With these heated words Malchus abruptly turned away and almost ran from Ben and Ashmon. They stood there, feeling quite sad as they watched him go. Then, they turned back to Jesus and feasted on his words with light hearts and souls filled to bursting.

Which one are you? Are you Malchus—Greedy, selfish, after worldly gain and food with which to stuff yourself? Do you fail to recognize truth, beauty, and salvation? Or are you Ben of Ashmon? Have you sought until you found? When you found, did you believe and become filled to overflowing? Don't look for physical food to satisfy your soul—nor all the world can give to you, but rather, look for the love, the peace, the satisfaction that comes from believing in Jesus and loving and serving Him.

Warren News

E. L. Rawls and family have moved into their new home north of town.

Mr. and Mrs. Herman Wilson and Gary Todd of Houston have returned home after spending two weeks with their parents, Mr. and Mrs. H. T. Wilson and Mr. and Mrs. George Lamar, other relatives and friends.

A group of young people along with their pastor, Rev. Charles Justis from Bethel Baptist Church, attended the Youth Crusade Friday night in Beaumont.

The revival at the Church of Christ with Murphy H. Phillips preaching has been an inspiration. The attendance has been good each night.

Those visiting in the home of Johnny Harris this week include Mr. and Mrs. Travis Harris and Mary Ellen from Beaumont. They also visited Mrs. Harris' parents, L. H. Henderson's who have recently moved to our town. We welcome them and hope they are happy in their home here.

T. J. Davis, who had surgery in Hotel Dieu, is doing nicely. He is due to come home in a few days.

Mary Ann and Esther Phillips have returned from an extended visit with their sister in Lake Charles, La.

Mr. and Mrs. Zack Byrd, Keith and Grant visited her parents, Mr. and Mrs. A. N. Bunn, over the weekend. They attended Church Sunday night at Bethel.

Mr. and Mrs. Jessie McDonald of Jasper were guests of the A. H. McDonald's Sunday. They returned home Sunday night.

Our sympathy goes to the family of Mr. Perry Yawn who passed away Monday of last week.

Excitement and activity is at

a peak as band and football practice starts Monday 17.

Mrs. Nancy Fowler was honored with a bridal shower Friday night in the home of Mrs. L. Y. Evans of Village Mills. Those going from Warren were Mrs. A. F. Duffy, Mrs. G. A. Jones, Mrs. Vera Waldrep and Mrs. Q. E. Weaver.

Mr. and Mrs. Billy Tolar and baby have been visiting in the C. M. Tolar home and also the S. E. Duff's.

Mrs. Syna Youngblood of Devers enjoyed a brief visit with friends and neighbors Saturday.

Training Union group of Bethel lost the attendance contest to group 1 of the adult union and are hosts for supper at the church with recreation and fellowship.

Mrs. Wilma Hatton and mother, Mrs. Low Black, were in Woodville on business Monday.

FOREST SERVICE TO PLOW FIREBREAKS

Pre-suppression firebreak plowing is now available to landowners in District No. 4, A. E. Green, district forester, announced today.

The Texas Forest Service recently outfitted a crawler-type tractor, disc and plow, making it possible for the service to plow for firebreaks in or adjacent to forest area around improved property, or to confine a controlled or prescription fire to a pre-determined area.

Firebreaks are wide barriers cleared of burnable weeds, grass and dry leaves which will prevent a forest fire from crossing and destroying valuable property or woodland if properly constructed. Green stated.

Residents in Tyler, Polk, Hardin, Jefferson, Chambers and the eastern part of Liberty County are eligible for this service, provided there is an understanding between the service and the owner on where the firebreaks are to be located, the width, the cost of the work has been estimated and payment has been received by the Texas Forest Service.

Persons interested in pre-suppression firebreaks as outlined by the Texas Forest Service should contact the local crewleader or the district office at Woodville for details and cost.

Country Things I Love Most

(The following article is taken from the May 1934 issue of the Progressive Farmer, and was written by Mrs. Ethel O. Hill, who now makes her home in Tyler County.)

I love springtime in Tyler County, Texas, where there are countless bubbling springs emptying their crystal waters into tiny singing rivulets. I love to sit in the doorway of my little log cabin, Dogwood Den, and plan of the time when I will see my now tiny fruit trees beautiful with blossom and later on with fruit.

It is a world renewed each day when I see the sun's rays through the pine trees and the sweet gums. I love the odor of fresh coffee and frying ham, and the rustle of my starched apron as I prepare breakfast.

I love to work in my garden and flower beds until I am so tired that I love nothing quite so much as a simple, wholesome supper, a cooling shower, and the clean soothing feel of fresh sheets as I slip into bed, sniff the honeysuckle at the open window, and drop off to sleep with the mockingbird in the big magnolia singing his nightly pean of praise.

Through the cooperation of Bulova Watch Company and their agency in Lufkin, Lee's Jewelers, he was presented an engraved watch by A. E. Adams, acting state leader, Negro Extension Workers, Prairie View, Mathis was sponsored by the First State Bank in Frankston. The outstanding citizen at last year's shortcourse, was also from the Antioch 4-H Club of which Mathis is a member.

John E. Foster, a Tyler County NFA youth from Hillister, made the highest academic standing with 545 out of a possible 580 points. Foster was sponsored by Howard Motor Co. of Woodville.

The course of study is designed to present good forest management concepts in their natural setting so the boys can learn them easily and remember them for a long time. During the week, they studied such subjects as multiple-use forestry, tree identification, forest management, forest products and forest protection. The boys also participated in well planned recreation and citizenship training programs, including wildlife films shown by Harley Berg of the Texas Parks and Wildlife Department.

TAX OFFICE (continued from page 1) is in process. These certificates show any taxes due on the property in question.

Eagles To Play-- (continued from page 1) eight offensive and nine defensive regulars.

Newton has 19 returning lettermen which includes eight offensive starters and nine defensive regulars. Kirbyville returns nine lettermen. Nine of them were regulars last season. Kountze, with seven regulars returning, is expected to be improved over last year.

The Eagles, starting practice this week, were expecting seven regulars to return out of 13 lettermen from last season. Coach Charlie McGinty has some good material moving up from last year's 'B' team. Newton, Kountze and Little Cypress were all non-district opponents of the Eagles last season, and are no strangers to the Eagle regulars.

The Newton Eagles were edged by the Kirby High Eagles 8 to 0 in the season opener last year. The team is expected to be improved this year and could be a contender for the top spot in the district. Kountze could surprise the Eagles again, and Little Cypress, of course, will be tough.

The Eagles open against two old foes from last year's 22-AA district. Crockett will be here September 4, and Livingston will provide the opposition here September 11.

Third game on the schedule is an old Woodville opponent whom the Eagles have not played in several years. This is the Jasper Bulldogs, and the game will be played in Jasper. The Bulldogs play in 9-AAAA but were winless in and out of the district last year. They hope to be improved this season.

Kirby High's final non-district opponent will be against the San Augustine Wolves on 25, and this game is also away from home. The Wolves were an opponent last year. Playing in 20-A, the district champs of last year are rebuilding this season. They have eight lettermen back, but some fine prospects are out and the team could again be tough.

The Eagles open District 22-AA play on October 2 at Kountze. The first district game at home will be on October 9 with Buna providing the opposition.

On October 16, the Eagles go to Port Acres. The following week they are idle, which will give them a week to prepare for the game here with Little Cypress on October 30.

YOUTH FORESTRY SHORTCOURSE IN SESSION HERE

Fifty-one FFA and 4-H Club youths registered here Monday for the 1964 Youth Forestry Shortcourse conducted jointly by the Texas Forestry Association and the Texas Forest Service. They were welcomed by Raymond E. Gipson, of Orange, vice-president of the Texas Forestry Association.

Two FFA boys, Samuel Shepherd of Woodville and Dwayne Johnson of Spurger, from Tyler County are at the Shortcourse. Each boy is sponsored by local civic clubs, garden clubs, chamber of commerce groups and businessmen. The county youths are sponsored by Woodville Lions Club and Spurger Lions Club.

The shortcourse curriculum is designed to provide the boys with firsthand knowledge of recommended methods of growing, improving and utilizing farm woodlands. They will study such subjects as multiple-use forestry, tree identification, forest management, forest products and forest protection. The shortcourse activities also include well planned recreation and citizenship training programs. Harley Berg of the Texas Parks and Wildlife Dept. will give a talk and show some wildlife films for the boys.

John Halslet of the Texas Forest Service, shortcourse director, will be assisted by the following instructors from private industries and public agencies: William Bair and M. V. Dumtrie, Texas Forest Service; W. A. Social Security 25 Years Old

Twenty five years ago, on August 10, 1939, President Franklin Delano Roosevelt took his pen in hand and signed into law a bill passed by 76th Congress and entitled the Social Security Act Amendments of 1939. There was little fanfare or publicity concerning this event because few people realized that the amendments would ultimately effect the lives of nearly every American family.

Now, on the 25th Anniversary of that legislation, L. R. James, social security district manager, described the 1939 amendments as the "most significant social security changes ever enacted." He stated that the amendments laid the groundwork for the present social security law by providing for monthly benefits (beginning January, 1940) not only for retired workers and deceased workers.

"The 1939 amendments," said James, "made social security a family program rather than one for retired workers alone. Since then, the program has come a long way toward realizing the goal set for it in the 1939 and subsequent amendments--that of providing basic protection against loss of earnings when the family breadwinner becomes disabled, dies or retires in old age. Today, 9 out of 10 working people are building protection for themselves and their families under the social security law."

James noted that more than 100 billion dollars in benefits about 80 billion to retired workers and their dependents and nearly 25 billion to survivors of deceased workers have been paid in the period January 1940 through June 1964. The above figures do not include any benefits awarded under the disability provisions of the social security program.

According to James, more than 19 million people now receive monthly social security benefits, and the total will reach 20 million early in 1965. Locally, nearly 2,000 residents of Tyler County are receiving social security benefits each month totaling more than \$100,000.

In the 11-county area served by the Lufkin office, payments totaling nearly 1-1/3 million dollars go each month to more than 25,000 men, women, and children. Tommy Fain Townsend has returned home after being employed this summer by McDermott Shipyards in Morgan City, La. He will return to Stephen F. Austin for the fall semester.

SELDOM IN OUR HISTORY HAS THIS NATION SO DEPENDED ON YOUTH!

Not too long ago, a college education was considered a luxury enjoyed by a privileged few or a necessity only for the exceptionally-gifted student. Yes, a high school diploma was, in many instances, the passport to many good, well-paying jobs in business and industry.

However, the recent gigantic strides in progress... the realization that our nation is not as far out in front as we would like to be... the knowledge that at the present rate our world is going to be a vastly different one than we have ever before known — all add up to the fact that our nation's position in the coming years, and yes, perhaps even its very survival, depend on the men and women of tomorrow.

This means that, increasingly, youth has more to learn than his father before him in order to reach even relatively the same position. Add this fact to that of our present position... the necessity to progress in order to survive — and we see how vitally important it is that our youngsters receive the best and most education that is possible.

Youth! It your bound duty to yourself and your nation to remain in school and to learn all you can. **Adults!** it is your obligation to help our youth become the most well-informed, clear-thinking individuals in this world.

DON'T LEAVE SCHOOL!... EDUCATION IS VITAL TO YOUR FUTURE!

WE MUST REMEMBER TOO, THAT...

although we need scientists, mathematicians and others in related fields... our civilization is such that every position is interdependent to a great extent. We desperately need as many well-educated people as possible in every type of work and field!

Mrs. David Perry Mann, Jr.

Miss Jane Bazzoon exchanged wedding vows with David Perry Mann, Jr. in a candlelight ceremony, at 8 o'clock Saturday, July 25 in the Church of Christ of Cleveland.

Mr. B. C. McCarley of Conroe performed the double ring ceremony before an altar flanked by candelabra holding tall white tapers and massive arrangements of white gladiola with greenery.

The bride is the daughter of Mr. and Mrs. Ted Bazzoon of Cleveland and the groom is the son of Mrs. David Perry Mann Sr. and the late David P. Mann of Woodville.

Nuptial music was provided throughout the service by a group of singers of Conroe, with selections of "The Wedding March", "Because," and "Be With Us Lord" as the benediction.

Escorted to the altar by her father and carrying a white orchid bouquet, the bride chose a full length formal gown of silk satin, fashioned in the sheath silhouette, with a fitted

bodice and bare necklines and long tapered sleeves. A band of beaded lace defined the waistline. The gown featured a chapel length veil falling from a beautiful handmade crown of white seed pearls and rhinestones. The head piece was completely handmade by Arlene Bazzoon, a cousin of the bride.

She chose a matching hat with an illusion veil and carried a knee length bouquet of deep pink carnations with satin streamers.

The entire reception area was decorated throughout with white carnations and pink coral vines.

Mary Mann, niece of the groom registered the guests.
