Is it possible to feel water standing in the same building with a nuclear reactor than at home? According to the statistical picture, you are safer at a nuclear reactor site than in your own home.

The atomic industry, on the other hand, has one of the nation's best safety records. With such a potent power source, scientists have built in safety devices upon safety devices—surrounding nuclear power sites with tanks of water, walls of the heaviest brick, lead shields and sensitive monitoring systems routinely checking all personnel.

Recently, a group of young men in the field got together to study and learn the what-if about nuclear accidents. The Texas State Department of Health's Division of Occupational Health and the U.S. Atomic Energy Commission have sponsored a seminar in occupational health. On the official record, nuclear accidents are rare. They would not be detected until after the fact. Radioactive waves are not harmful at the level of a few milligrams.

These nuclear guardians responded in two tests of their operational readiness recently. On the first occasion, health officials received a call that a radium needle, used for medical purposes, was missing. The Kirby High Eagle's Nest

By CHARLES BLANKS

Things are looking good this week in celebration of the display Saturday night by the Eagles as they showed some of their hidden potential to the Kosmitze class. Unfortunately for the Lions, the Eagles were feeling their "Cherish" and the scoreboard showed the Woodville team to be the better by a count of 20-8. This game was extremely different from the "Sport" effort of the Eagle squad against the Oak Athletic Union which led them to a scoreless loss. Well that was in the past and just as it was cloudy, the future looks to be a bright one.

The Eagles scored first when quarterback Walker connected a pass to Charles Blanks, however, they fell to the two fell. Then later in the game, the blocking for and great running by fullback Kelly brought the Eagles another 14 points as Kelly saw himself clear to two touchdowns and one conversion. This fine showing Saturday night was made possible primarily by a great spirit of motivation on the part of the Eagles and by the wonderful support of the students and the townships. Let's keep up the good work, putting in the political functions of the school for a minute, we need to acknowledge that the Student Council held its first meeting business for the meeting included electing the new secretary and treasurer who are Barbara Allison and Joannita McHenry, respectively. Discussion of various projects for the coming year and the election of a planning committee was also part of the meeting.

The senior class has begun sales of the homecoming oranges this week. They are being sold for two dollars each. Tomorrow night will be homecoming night for Kirby High School as the Eagles meet the boys from home in their second athletic game. Just wishing the team well is not enough. Come out and support the Eagles as they face the Cougars on their climb up the district ladder.

The other episode was a local scare, triggered by a frightened woman who reported a home radiation-detection device. This scare was checked out and the community reassured within minutes of its origin.

Real safety you ought to. These experts are watching over your health--radiologically day and night.

The coming of cold weather may pose a potential hazard for your child that you have not even thought about.

As your toddler stays indoors during winter, he'll be exploring--tasting, chewing, nibbling on most anything in sight, even the woodwork and window sills. It is this "curiosity appetite" that causes hundreds of children to be poisoned each month.

Perhaps the most insidious poison of all is lead poisoning. It results from toddlers eating small chips of old paint; chewing on windowills or nibbling on crumbs of chipped plaster containing bits of lead paint. Paint on older houses is more apt to be deadly. Much more lead was formerly put in interior paints than is used today. Often exterior paint--containing considerable lead--was also used indoors.

Toddler's eating flakes of this old paint or chewing it off painted woodwork or trimmings are not made ill immediately. Lead poisoning is accumulative, that is, it builds to a toxic level over a period of time.

The six thousand men in the force were at sea 88 days out of 88. The majority of the men have been away from home since February 2, when the Enterprise started a routine six-month deployment in the Mediterranean.

A&M Extension Specialist Talks On Farm Situation

As the demand for farm products, increased from production and stocks, increased production expenses, and lower prices for farmers make up the general agricultural situation, reports John H. Mellanby, Extension economist, Texas A&M University.

Increasing national income and an expanding population put to continued gains in consumer demand for farm products through the remainder of 1964. Mellanby contributes income gains to increasing employment, rising wages, larger dividends, and in corporate profits, and reduction in tax rates.

Output of farm products continues to increase and will likely total above last year's level, says Mellanby, and stocks of most crops were larger at the beginning of the present marketing year. Crop indications as of July 1 were brighter than those a year earlier, and the upward trend is expected to continue.

Production expenses have been rising steadily in recent years, the economist points out. During the first half of 1964, the index of prices paid by farmers for production items was slightly higher than a year earlier and will remain high during the rest of the year.

Prices received by farmers in the first half of 1964 averaged two percent below last year. For the year as a whole, they are expected to average about three percent below 1963.

Although realized net farm income has remained relatively steady for the past decade, averaging about \$12 billion annually, the number of farmers and ranchers has declined steadily from 4.6 million in 1964 to 3.5 million at the present. This the average income per farm is rising this year to about \$3,800 compared to \$2,800 in 1964.

Farmers who have been able to stay in agriculture may continue to have a higher income on the average, says Mellanby. However, he points out that their income is higher, since many had to drop out of agriculture because they were unable to compete in a very competitive business.

COLMESNEIL SMASHES CENTERVILLE, 41-6

The Colmesneil defense paralyzed the Centerville passing attack in the third quarter and the Bulldog offense exploded for 29 points to crush the Centerville Tigers 41 to 6.

The two teams battled to a 6-6 deadlock the first half but Colmesneil's devastating attack put the contest well out of the reach of the Tigers.

Colmesneil kicked off to Centerville to open the game but Centerville was unable to get a drive started and was forced to give up the ball to Colmesneil, but the Bulldogs fumbled on the first play and the ball went over to the Tigers.

The first quarter ended 0-0. The Centerville team came out in a spread formation the second quarter and launched the greatest passing attack ever witnessed on the local field.

Soon quarterback Cooper Sullivan hit right end Tommy Ellis for a 54 yard pass and a touchdown. Right halfback Burch Robbins hit the center of the Colmesneil line trying to get two points after the touchdown but was stopped cold by the hard Colmesneil line.

The Bulldogs managed to tie the game in the first half with a twenty-four run by halfback Ellis Gibbs.

Bobby Crain's pass to end Ronnie Allen was incomplete, and the game was tied 6-6.

The Bulldogs managed to hang on the rest of the second quarter when the Centerville Tigers were throwing passes all over the field and reached half time with a 6-6 tie.

The second half opened with Centerville kicking off to Colmesneil. Ellis Gibbs took the ball and ran it back to Colmesneil's 34 yard line. Then fullback Johnny Rushing, living up to his name, rushed through a big hole in the left side of the Centerville line and raced 66 yards to give Colmesneil a 12 to 6 lead.

Ellis Gibbs hit the line for two extra points and the Bulldogs led 14 to 6 with 11:36 remaining in the third quarter.

The Bulldogs defense put up the greatest rushing attack on the Centerville quarterback and threw the Tigers for a loss

Several times this attack bottled up the Tigers passing attack and the Tigers failed to threaten the Bulldog goal line for the rest of the game.

The Bulldogs moved quickly for its third score when right halfback Charles Davis galloped around left end for 10 yards and 6 points.

Ellis Gibbs followed the same pattern to add the two points after the touchdown and Colmesneil led 22 to 6 with 7:43 remaining in the third period.

The Tigers failed to mount a drive following the kick-off and the Bulldogs took over on the Centerville 27 yard line. Colmesneil put over its fourth touchdown on a 36 yard run by freshman fullback Larry Graham.

Quarterback Bobby Crain kicked the extra point and the Bulldogs led 29-6.

The Tigers were again unable to move the ball following the kick-off and were forced to punt. Larry Graham returned the punt to the Centerville 37 yard line and on the next play Bobby Crain tossed a touchdown pass to Charles Davis to bring the score to 35-6 at the end of the third quarter.

The Tigers were obviously shaken by the Bulldogs attack and fumbled the ball again on the kick-off and an alert Tiger lineman fell on the ball to save the Tigers momentarily. The first play by the Tigers cost them a three yard loss due to the Bulldogs rushing attack. The next play, quarterback Cooper fumbled the ball and Colmesneil left guard, Joe Munselle pounced on the pigskin.

Quarterback Bobby Crain promptly had the Bulldogs into the end zone again carrying the ball in from the two yard line to climax the drive. His extra point kick was wide to the left and the score was 41 to 6.

Coach Lock sent in the reserves in the fourth period and the scoring for both teams was over for the night, leaving the final score 41 to 6 in the favor of the Bulldogs.

Mrs. Fredna Eaves WINS GRID CONTEST Mrs. Fredna Eaves won the \$7.50 first prize in last week's Pinywoods Press football guessing contest by being the only entrant to miss only two games.

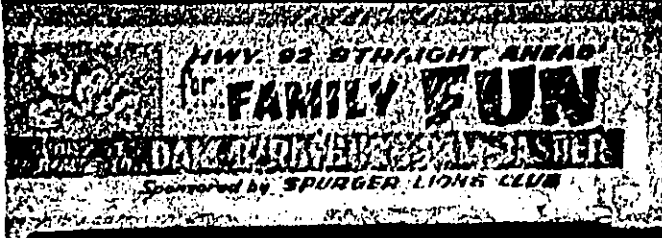

Mrs. Eaves took East Chambers over West Hardin and Magnolia over Friendswood for her only misses.

Eight contestants missed only three games, thus forcing the judges to go to the Chester-Lovelady tie-breaker game to pick the winner. Daniel Bell of Route 1, Spurger, came closest to the actual score with a guess of 24 to 8 in favor of Lovelady. The actual score was Lovelady 30, Chester 0. He won the \$5 second prize.

Nicky Nichols of Woodville won the \$2.50 third prize by guessing Lovelady 20, Chester 6. Bell missed the actual scores by 14 points and Nicky by 16 points.

Among the others who missed only three games, F. B. "Sam" Sullivan was right behind Nicky with a guess of Lovelady 26, Chester 13. He missed the actual scores by only 17 points.

Others missing only three games were A. J. Cortez, James D. Cruse, Billy F. Eaves, Jimmy King and George Cortez. The contestants were really trying last week, as eight other entrants missed only four games. Several missed five and one six.

The above picture shows a sketch of the highway sign which the Spurger Lions Club is sponsoring to be placed near Slsbee at the intersection of Farm Road 92 and Highway 96. The sign will point the way to "Family Fun" for winter sportsmen coming into Dam B. The sign points out the short route to Dam B through Spurger.

Len Frazee, chairman of the sign, said this week that sponsorship of the sign in 65% complete. They are trying to com-

plete the drive for sponsors by October 15 so that the sign can be erected soon thereafter before the winter hunting season starts, according to H. G. Evans, club president.

The sign, which will be 10 x 40 feet, will be painted and maintained by a sign company. An effort is being made to contact all firms in the area for sponsors, and anyone not contacted may call Mr. Frazee at HA 9-3442.

Beat Of The Warriors

by Patsy Fox and Mary Lou Freeman

Homecoming at Warren High was quite an eventful occasion. The first events were on Friday night before the game. A trail ride came from the Triplid Ranch and was joined by the band and senior float in Warren. This parade led to a bon fire and pep rally at the school. After the bon fire, the junior class had a party at the Dixon ranch. Everyone reported a wonderful time. Saturday, all the exes were re-united at the annual homecoming dinner. The ballgame, as most of you know by now, did not go so well for the Warriors. However, half-time entertainment was very nice. Teri Daniels was presented as homecoming queen, then assumed her position as drum major and led the band through the remainder of the first district ballgame last Friday. Only a few Warrior fans were in the stands because of

the threat of Hilda. Without a band or pep squad to cheer them on our boys brought back a victory of 13-8 against Tarkington. The touchdowns were made by Lynn Chance and Robert Haynes. Roy Moore gave us the extra point.

Outside activities are at a low ebb at WHS this week because this is the week of six weeks' tests. We encourage all students to study hard and do well on your tests.

STUDY CLUB HEARS FASHION COLUMNIST

What will be high fashion for the coming season was discussed by Mrs. Jean Adams, fashion and charm columnist for the Houston Post, Tuesday at the meeting of the Woman's Study club in the home of Mrs. Josiah Wheat.

The new look is one of casualness and natural beauty, Mrs. Adams emphasized. The mid-heel is in for morning, noon and night. A lower heel is even preferred for daytime hours and the rounded toe is taking the place of the point. Shoes may be open on the side or back and the open-toe is even coming back.

The Warrior team played their first district ballgame last Friday. Only a few Warrior fans were in the stands because of

have a stole, she told club members, wear it only at night. Otherwise, cut it up into a vest, a jacket, a matching hat and muff. Bloves should always meet the cuff of the dress. "Shortie" gloves are worn with sleeveless dresses of long sleeves. Never wear gloves when you eat, drink or smoke, and as far as color, let the handbag and shoes be the guide. Don't match too exactly on textures.

Jewelry should be simple, the fashion consultant said, suggesting the one pin, the costume ring but never both ring and

bracelet. Bracelets are more the bangle style and antique jewelry is good.

In the clothes line, Mrs. Adams stresses that skirts should swing and that suits should be three pieces with blouses. After five, the brocade look is in with matching coat the best in fashion styles.

Textured hose are in the diamond point for day and lace only at night.

Make-up should follow the casual and natural style, Mrs. Adams explained. Face powder should be a shade darker than

Your skin. Eye make-up should go toward the beige, gray or brown. Eyebrows are to be lighter in tone, never black, and when mascara is used, one should be sure that no dark spots mar the general make-up.

No one dresses as well as the Texas woman, the Post columnist said, and their charm is equal to their fashion. However, we must all remember that charm is an art and must be developed.

Mrs. Adams writes a daily column for the Houston Post concerning fashions, charm and etiquette. She also writes a weekly one aimed specifically at teenagers. Her lecture tours, which take her over the United States, are sponsored by the Houston Post. Her fashions and visual aids are from Foley's of Houston.

The guest speaker was entertained with luncheon at Community Inn by Mrs. Forrest Archer, president of the Study club. Guests were members of the executive board.

Assisting Mrs. Wheat in hostess duties was Mrs. Harry Stafford. Mrs. R. A. Mann introduced the guest speaker.

Mr. and Mrs. Perry Spell, Jr. and children visited their parents, the P. F. Spells, Sunday.

Why A Democratic Senator Joined the Republican Party

Following is full text of a television address by Senator Strom Thurmond of South Carolina on Sept. 16, 1964:

My fellow South Carolinians: It has been wisely said that "for evil to triumph, it is only necessary that good men do nothing." Particularly is this true in time of crisis. Seldom before in the history of our nation have we faced so great a crisis.

The people of South Carolina have placed me in a position of trust in the National Government. From this position, I have observed at close hand the conduct and factors which have brought about this crisis. I would, therefore, be most desirous in my duty were I at this time to remain silent. I have no choice but to speak openly, frankly, and fully to the people of South Carolina on the crisis that confronts us.

The Democratic Party has abandoned the people. It has turned its back on the spiritual values and political principles which have brought us the blessings of freedom under God and a bountiful prosperity. It has breached the trust reposed in it by the people. It has repudiated the Constitution of the United States. It is leading the evolution of our nation to a socialistic dictatorship.

The Democratic Party has forsaken the party to become the party of minority groups, power-hungry union leaders, political bosses, and big businessmen looking for Government contracts and favors.

The Democratic Party has used the Government as a propaganda machine to distort the truth and deceive the public to the extent that a sub-cabinet official can publicly defend the Administration's "right to lie" and remain in office, unrebuked.

The Democratic Party has invaded the private lives of people by using the powers of Government for coercion and intimidation of individuals.

The Democratic Party has rammed through Congress unconstitutional, impractical, unworkable and oppressive legislation which invades inalienable personal and property

rights of the individual. The Democratic Party has encouraged lawlessness, civil unrest and mob actions.

The Democratic Party has violated its trust by using the power of Government to suppress information on scandals and corruption of its leaders in Government and party offices.

The Democratic Party has succeeded and assisted our Communist enemies through trade and aid at the expense of the American people.

The Democratic Party has established and pursued for our Government a no-win foreign policy of weakness, indirection, accommodation and appeasement.

The Democratic Party, as custodian of Government, faltered at the Bay of Pigs and in the Cuban crisis of 1962-at the very moment when victory was at hand-and thereby forfeited Cuba to Soviet domination, subjected our nation to the peril of an armed enemy camp 90 miles from our shores, and opened the doors of the Hemisphere to Communist subversion.

The Democratic Party, as custodian of Government, has sent our youth into combat in Vietnam, refusing to call it war, and demanding of our youth the risk of their lives without providing either adequate equipment or a goal of victory.

The Democratic Party now worships at the throne of power and materialism.

The Democratic Party has demonstrated a callous disregard for sound fiscal policies and practices.

The Democratic Party, while hiding behind the deceitful gimmick of a darkened White House, has increased deficit spending and squandered, at home and abroad, billions of hard-earned dollars taken from the American people.

The Democratic Party has utterly disregarded the disastrous effects of the resulting inflation on people with fixed incomes, such as retirees, pensioners, Social Security beneficiaries, and those who have their savings invested in insurance.

The Democratic Party, as

custodian of Government, has adopted the practice of taking your money by taxation and then using that money to attempt to buy your votes.

The Democratic Party is attempting with alarming success to change the Congress from an independent body representing the people to an amen chorus for presidential proposals.

The Democratic Party has endangered the security of the nation by negative decisions on military preparedness, pre-occupation with bilateral and unilateral steps toward disarmament, and by use of the military services domestically as instruments of social reform.

The Democratic Party has attempted to degrade and downgrade our men in uniform in order to discredit their warnings of the grave dangers to our security from the Administration's weak and senseless defense policies.

The Democratic Party has nominated for Vice President a key leader of the Americans for Democratic Action, the most influential socialist group in our nation.

The Democratic Party has encouraged, supported and protected the Supreme Court in a reign of judicial tyranny, and in the Court's effort to wipe out local self-government, effective law enforcement, internal security, the rights of the people and the States, and even the structure of the State governments.

The Democratic Party is converting our constitutional federated republic into the same type of disciplined and submissive servant of an elite power group as it has made of the Democratic Party itself, as all who watched the Democratic Convention on television can bear witness.

The top leaders of the South Carolina Democratic Party have chosen to abandon the traditional independence of the State party, and to lead the people of South Carolina down the road to serfdom mapped by the National Democratic Party. The party of our fathers is dead. Those who took its name are

engaged in another Reconstruction, this time not only of the South, but of the entire nation.

If the American people permit the Democratic Party to return to power, freedom as we have known it in this country is doomed, and individuals will be destined to lives of regulation, control, coercion, intimidation and subservience to a power elite who shall rule from Washington.

Fortunately, for those of us who cherish the traditional freedom entrusted to us by our forefathers, there is another choice this year. Although the party of our fathers is dead, the principles of our forefathers live now in the cause of a presidential nominee. The man who has gained the Republican nomination for President against all the odds and opinions, and who now has control of the Republican Party, is one who believes in and abides by our Constitution.

He has demonstrated his fidelity to freedom, independence and the Constitution by his actions and his votes in the United States Senate. I personally know him to be able and responsible. He is an honest man of courage and conviction, who trusts the American people to hold the reins of government and rule themselves.

I cannot foretell what success will reward Senator Barry Goldwater's efforts to return the National Government to its constitutional role and our nation to its rightful place of strength and respect in the world. Nor can I predict with certainty how long these ideas and ideals of Senator Goldwater which I share will prevail in the councils of the Republican Party which he now heads. I do know that we have a fighting chance under Barry Goldwater's leadership and that we are welcomed to his banner. I know also that the course for the Democratic Party has been set toward socialism and arbitrary rule. I know further that the Democratic Party's line of succession is Hubert Humphrey and Robert Kennedy, with Walter R.uther and Joseph Rauh (Democratic Party chairman for the

District of Columbia) pulling strings behind the scenes.

I have worked within the framework of the Democratic Party, because experience proves it necessary to work within the framework of one of the two national parties to be effective. I have, nevertheless, maintained independence of judgment on issues and have conscientiously tried to represent the people of South Carolina first. To do this in the future, I must work within the framework of the Goldwater Republican Party.

For me, there is no alternative. The future of freedom and constitutional government is at stake, and this requires that I do everything in my power to help Barry Goldwater return our nation to constitutional government through his election to the Presidency. This also requires that I join him in his fight, successful as of now, to make the Republican Party a party which supports freedom, justice and constitutional government. It will be a long and hard struggle, with many battles to be fought. At this time, one objective takes precedence over all others—electing Barry Goldwater President. As we give the presidential race our undivided effort, I hope all our people, and particularly our young people whose future hangs in the balance, will join this cause with enthusiasm.

To my friends who have conscientiously advised me against this step, because of a sincere belief that I could best serve the country by following a course designed to keep myself in office, I can only say that I fully realize the political risk involved in this step and that my chances for re-election might, because of this step, go down into oblivion. But in the final analysis, I can only follow the course which, in my heart and conscience, I believe to be in the best interest of our State, our country and the freedom of our people.

I have chosen this course because I cannot consider any risks in a cause which I am convinced is right.

Kirby Kapers

by Charles Blanks

Neither the heat, hurricane Hilda, nor the host Kountze Lions could stop the Eagles Saturday night from playing a great football game. The 20 to 8 victory gave the Eagles a toehold (as Coach McGinty put it) in the district playing. The game marked a new beginning for the Eagles as it showed all who looked on that there is some underlying potential in our team which found a good night to flash a sneak-preview of itself. One ex-student and football player expressed it very well when he said that after watching the game he was so greatly amazed that this bunch of boys could do so well. He said that when he played there were boys who weighed 190 pounds who could not do nearly as good a job as

that 160 or 150 pounder on this year's team. He, too, saw what he felt was a great potential. I'm sure we're all just a proud of our team as this boy is. It certainly took a lot to get our team where it is, namely a great bunch of boys, trained by a great staff of coaches, backed by an outstanding student body and followed by the wonderful support of the townspeople. No one thing about Woodville is any greater than this ability to become a unit when the whistle blows on those Friday nights in early fall.

Homecoming is here again. Tomorrow night will highlight homecoming activities as the Eagles play host to the Buna Cougars. Following the game will be the annual homecoming dance which will be held at the Lions Den. We hope that both the game and the dance will be well attended.

The Student Council has met for the first time this year. The meeting was held to elect a secretary, Barbara Allison, a treasurer, Jeanette McClure, a planning committee, and to discuss the coming year's business. There will be more about this later.

Old Timers Meet at Breakfast

by Grace Foote of the Port Arthur News

Singing "When You and I were Young, Maggie," swapping stories and greeting each other with the old familiar strain "Hi, Neighbor," more than 150 old timers of Port Arthur gathered at the Elks lodge hall last Saturday morning to celebrate the 1964 Cavalcade "Old Timers Breakfast."

The breakfast is the one time of the year when early day residents of Port Arthur come in for their full recognition as the city's founders and pioneers.

Special tribute was paid to many of these early day residents in a poem, "Hi, Neighbor!" written by Mrs. Ethel Osborne Hill, author and poet, and read by Mrs. M. H. Jorgoe, hostess chairman, who arranged the program.

A standing ovation was accorded Mrs. Hill for her poem. Flowers were sent by the group to Mrs. John R. Adams, another pioneer, who was unable to attend the breakfast.

Other special guests were Lt. Gov. and Mrs. Preston Smith, Sen. and Mrs. J. Roy Harrington, Councilman Larry Fontana and Mayor Lloyd Hayes.

HENTHORNE-GASSIOTT UNITED IN MARRIAGE

United in marriage at 8 p. m. Saturday, Oct. 3, were Miss Vicki Gayle Henthorne, daughter of Mr. and Mrs. Norris Gifford Henthorne Jr. of Tulsa, Okla., and Lt. Ernest William Gasslott II, son of Mayor and Mrs. Ernest William Gasslott of Woodville.

The Rev. Robert R. Ball of Tulsa officiated the ceremony in Sharp Memorial Chapel, Tulsa, with Jan Birchell, organist, and James S. Boles, soloist, providing music.

Vows were solemnized before a candlelit altar of white gladiolus and mums with a white satin prie dieu. The bride's aisle featured white satin roses and greenery.

Given in marriage by her father, the bride wore a formal length sheath gown of candlelight taffeta with a fitted bodice enhanced by appliques of Alencon lace. The gown was further enhanced by a portrait neckline, three quarter sleeves and a full Watteau Chapel train attached at the shoulder by a bow. Her four tiered veil of imported English illusion was held by a coronet of pleated candlelight taffeta and she carried a cascade bouquet of fleur de amour and stephanotis.

Attending the bride as matron of honor was Mrs. Edward R. Leach of Tulsa. Bridesmaids were the Misses Dena Nixon, McAllen, Tex.; Diane Stanley, Abilene, Tex.; Chris Longoria, Brownsville, Tex.; Janet Binderup, Hastings, Neb., and Mackie McIntyre, Falfurrias, Tex., all seniors at Trinity University in San Antonio where the bride attended school.

The bride's attendants wore formal length sheath gowns of cerise crepe with scoop double ruffle necklines and long sleeves. They carried cascade bouquets of peppermint roses. Serving the bridegroom as best man was Bob Walter

MRS. ERNEST WILLIAM GASSIOTT

Phillips of Shreveport, La. Groomsman and ushers were John Earl Simmons, Pipeport, Tenn.; Dan Olson, Nashville, Tenn.; Steve Stulp, Neenah, Wis.; Lt. John Branch, Enid, Okla.; and Jack Gorman, San Antonio, Texas.

The bride's parents were hosts for a reception following the ceremony in Tulsa Club. Miss Barbara Henthorne, cousin of the bride, Tulsa, kept the guest book.

The bride's table was pink with a four tiered wedding cake flanked by candleabra on both sides. The cake was decorated with hand made pink sugar

roses, a gift from the bride's cousin in San Antonio.

The bridegroom's mother, Mrs. Gasslott, was wearing a street length dress of moss green peau de soie with an overblouse of Chantilly lace and matching accessories. The bride's mother wore a street length dress of turquoise blue satin with beaded sleeves and matching accessories.

On Friday, Oct. 2, Mr. and Mrs. Ernest W. Gasslott were hosts for a rehearsal dinner held in the Sky Terrace of the Tulsa Club. Members of the wedding party and guests attended. Those attending the wedding from

Woodville were Mr. and Mrs. J. Wood Fain and Mrs. C.E. Wright.

After Oct. 5, the couple will make their home at 1806 S. Wallace Drive in Enid, Okla. The bridegroom is stationed at Vance Air Force Base in Enid for 55 weeks of jet pilot training.

FALL IS PLANTING TIME FOR BULBS

By Mrs. Ruth Thomas

Fall is officially here and with it has come some cooler weather and badly needed rains which should help us to get "planting fever."

It is much better to get the azaleas and camellias planted while the buds are still tight. Other shrubs and trees do better to plant in fall because they get a root system established before the growth starts in the spring and you will get better blooms and stronger plants. This is also true of roses.

Begin now by getting your beds ready for planting. We are so lucky in this area to be able to get leaf mold—if we will only get it. The thing I do know is that this sand must be built up for plants of good quality so they will last. You have to keep adding humus and one way you can do it is by building your own compost pile with the leaves and kitchen scraps. It breaks my heart to see people burning leaves when they could be composting them and making better soil for flowers or vegetable gardens.

Back to the beds—if you want to grow azaleas or camellias work in compost, leaf mold or peat moss about a foot deep and three to five feet wide. They have shallow roots that run wide. Then after you plant the mulch with pine straw and do not ever cultivate around them. The good soil is essential for all plants to be healthy.

Bulbs have arrived and should be planted soon. Tulips have been beautiful in Woodville the last two years which I imagine is due to the cold winters. Tulip bulbs should be refrigerated and planted the latter part of November or December. Daffodils, crocus, narcissus, Dutch iris, hyacinths and others can be planted in October. Many of us think of daffodils in yellow but they come in white, several shades

of yellow and bicolors. All are beautiful.

Every year there are many new flowers on the market and some are really worth growing. Gardening is a worthwhile project. It not only gives beauty but it is good therapy—I dare you to worry while you dig in the dirt. It is hard to do because you are too busy wondering what the plant will look like or what to plant for the best appearance. Happy gardening.
