BITS AND PIECES

Tyler county is undoubtedly the most beautiful in East Texas. Or for that matter, in the entire state of Texas.

Most of us who have lived here all our lives, or at least close by, tend to lead our everyday lives not noticing all the beauty around us. Most of us have to leave this area and spend some time elsewhere before we come to appreciate what a fine place this is.

And of course, there are all types of beauty here of which scenery is only one. There is the beauty of Dan, in lake shimmering in the summer sun-light, or the beauty of the church bells pealing in the early dusk. Also, there is beauty in living in an area that has an interesting and proud history. I hope you all can take time out of your busy day from time to time and look around and appreciate where you live. It gives you a good feeling deep inside.

Talking to Joe Felly the other day, I found out his business is more than just technical know-how. It has its humdrum side-lights too, which I guess is what makes a long workday more enjoyable. It seems that he had to repair a senior citizen's TV here in Woodville and after having spent a good hour on it and repaired it to his satisfaction, (Joe's, that is), the old gentleman told him he didn't like the job he had done.

"Looks all right to me," said Joe. "What's wrong with it?"

"Well," says the old fellow, "Before you worked on it, I could see the ballplayers, the whole field and the fans, too. Looks like you moved the picture too far forward in the box! All I can see now is the batter."

A good week to all of you.

Kirby Students Present District One Act Play

The District 22-AA One Act Play Contest was held in the Kirby Auditorium of Woodville High School on April 14. Beginning at 5 p.m., the plays were presented with order of competition as follows: Woodville, Port Acres, Little Cypress, and Newton. Each play ran approximately 45 minutes. Dr. Donald Streeter of the University of Houston's Drama Department was the critic judge.

Kirby High participants in Woodville's entry in the contest were Barbara Evans, Suzy Lowery, Patty Benhall, and Douglas Bennett. These students are all Juniors at Kirby High.

The play, "The Sisters McIntosh," was about 1900 maid sisters who only lived for and with their album and cat. When a man appears on the scene who claims to be their nephew, they don't believe him and scare him off by pretending to be insane. Once he leaves, sans baggage, they discover some old pictures of their mother in his valise.

Miss Shirlene Cruse directed the students in their undertaking.

LBJ May Dedicate Rayburn Dam

Planning for the dedication of Sam Rayburn Dam is progressing at a rapid rate with the ceremony set for 10:30 a.m. Saturday, May 8; W.F. Weed of Beaumont, chairman of the Dedication Committee for Sam Rayburn Dam, said this week.

Nine sub-committees, made up of residents of the 12-county East Texas area, have been formed to complete arrangements for the gigantic ceremony. "We have received no official answer to our invitation, delivered by Congressman Jack Brooks, for President Lyndon B. Johnson to dedicate this dam named in honor of his longtime friend," Weed said, "so we must make our plans as though he is coming."

Site preparation by the Corps of Engineers is in progress with an area leveled and sodded. A speaker's platform is being constructed to accommodate about 80 persons, including the presidential party, Gov. John Connally and representatives of national, state and area agencies. If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for cars costing a thousand—even two thousand—dollars more.

Chevy II. No car so trim has a right to be so thrifty. But thrifty it is, with money-savers like brakes that adjust themselves and a long-lived exhaust system.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.
