Firemen waited in vain and looked on helplessly this past Thursday as the Jim Clasby home burned to the ground. Someone had stolen the gas out of the truck tank sometime after it had been filled the previous Tuesday. The home burned to the ground in less than an hour after the fire was discovered.

#### Commissioners Court Hears Estimate of \$693,500 for Roads

Tyler County Commissioners met in special session this past Tuesday to hear a report from A. J. Cortez, Resident Engineer of the Texas Highway Department, on the Department's plans for roads for the next five years. Highlight of the report was that the Department estimated right-of-way purchases by the County would amount to about \$693,500 if all the roads planned materialized. This figure takes into account land prices as they are today, however, this figure could go up in the future. Other business attended to by the court was to give Judge Mooney the authority to hire a man to mow the airport field; to hire a man for 2 days to clean and polish the Courthouse floors.

The court also voted to accept a draft on an easement to authorize Tyler County a road R.O.W. across Government-owned land above the Dam B Reservoir. The court voted to move power line poles on the Road to the road ditch on a County Road in Precinct 3. (Smith Ferry Road). Also, a motion was unanimously acted upon to grant Sam Houston Electric Co-op an easement across the airport to conform to airport regulations.

Mr. Jim Clasby, formerly of Port Arthur and retired from Gulf Oil, lost his home this past Thursday. The fire, which destroyed the house completely, started at about 3 p.m. that day. Cause of the fire has not been determined.

According to C.A. Williams, the Clasby's had been living in their present home about 2 years until fire destroyed it. They had sold their home in Port Arthur only about three months ago. Mr. and Mrs. Clasby had travelled to Port Arthur the day of the fire to have a lawnmower repaired and had only been gone from the house a few hours when the fire started. Efforts to put out the fire were hampered when the fire truck ran out of gas about halfway to the scene of the fire. Evidently, some unknown person had siphoned nearly all the gas out of the fire truck tank some time since Tuesday when the truck was filled.

All the Clasbys saved from their home was a deep freeze and washing machine, which was in a small house adjacent to the one that burned. This garage nearly burned also, because of the fire truck running out of gas.

U. S. policy toward the conflict in Viet Nam has now been somewhat clarified at the highest official level. At the same time, the matter is still surrounded with clouds of uncertainty. This is because no one can yet know whether the course decided upon by the President can be effective and bring about the desired end, which is to punish the Viet who so persistently so that they will finally agree to a negotiated truce. Nor can anyone be completely sure as to what, in the long pull, the decisions of Red China and the Soviet Union will be.

## A LOOK AT VIET NAM

The White House decision, in the language now fashionable in Washington, follows a policy of gradualism. In other words, an all-out drive in Viet Nam, which some top military men are said to have urged, was vetoed. This would have required hundreds of thousands of U.S. troops, plus still greater numbers of South Vietnamese forces, plus enormous masses of material. The not was given to a middle course. American forces will be immediately increased to 125,000 men, with

more later. Bombings will be stepped up. Command arrangements will be overhauled. Draft calls will gradually be doubled, to 35,000 a month, and some reserve and National Guard organizations will be brought to a higher state of readiness.

Now it remains to be seen what all this will accomplish. Classic doctrine holds that a troop ratio of 10-1 is needed to defeat a well-trained guerrilla force. Some military leaders, of which General Wheeler, head of the Joint Chiefs of Staff, is one, disagree—they think that with modern firepower a 5-to-1 ratio is closer to the fact. In any event, U.S. training is now to lay heavy stress on anti-guerrilla tactics.

The problems confronting us in Viet Nam are truly formidable. The terrain is eminently suited to hit-and-run guerrilla forces. The Viet Cong are highly trained and expert at disguise and infiltration. They are ruthless in using terror to control the civilian population. The Viet Nam forces which oppose them are largely, according to observers, of indifferent quality. Desertions are

commonplace. Great numbers of the Vietnamese people are indifferent to the war, and the successive governments have been chaotically unstable.

Then there are the political possibilities that accompany even a limited extension of the American war effort in that unhappy country. The public opinion polls indicate that the President has a substantial majority of citizens behind him. But there are numbers of dissenters. So influential a commentator as Walter Lippmann, for instance, has taken the view that we should not and cannot assume the role of world policeman. There is widespread fear of what a full-scale land war in Asia, brought on by the inexorable force of events, would involve. Whether increased American action, with the higher casualties and the heavy costs that are an inescapable part of it, will result in a deepening of opposition in our Congress is another of the unanswered questions.

Finally, there are those who believe that our commitments in Viet Nam must be accompanied by sharp reductions in high-priced domestic programs

## VA QUESTIONS AND ANSWERS

EDITORS' NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q- I dropped my GI insurance right after getting out of service in 1945. Why can't I obtain insurance under the new law without having to prove that I either have a service-connected disability or am not able to obtain commercial insurance because of disabilities not due to service?

A- The present reopening of National Service Life Insurance is limited. The legislation enacted by Congress specifically limited the purchase of new insurance to those two categories.

Q- I have heard of a number of states which authorized a state bonus for veterans. Why hasn't the Veterans Administration in Wisconsin authorized such a payment?

A- The payment of a state bonus is authorized by the individual states, and not by the Veterans Administration. It is up to each state to determine whether they will authorize a state bonus for their veterans.

Q- I am a World War I veteran and am receiving pension and aid and attendance benefits under the old law in the monthly amount of \$135.45. Would I be entitled therefore to medicine and drugs at VA expense?

A- No. You would be entitled to medicine and drugs at VA expense only if you were receiving aid and attendance benefits under the new pension law. You, of course, have the right to elect under the new law.

### MEETINGS

Monday: KHS Pep Squad, school auditorium, 5 p.m.  
August 31, 8 p.m.—KHS Band Parents, Band Hall.

Tyler County Little League baseball players attended the Houston Astro-Pittsburgh Pirates baseball game at the Astrodome Monday night. There were 114 players and 25 coaches and umpires and other adults on the trip. Pictured above are the players of six of the teams as they prepared to board buses. The Indians are not pictured.

### SPORTS ROUNDUP

## Most Schoolboy Gridders Start Practice Monday

It was 90 degrees in the shade and, as the old saying goes, "There ain't no shade," as area football squads began the task of getting in shape for the 1965 season this week.

Texas football coaches hewed to a new set of Texas interscholastic League rules governing the how and when of opening fall practice. Shoes and shorts is the equipment for the first few days. This came after considerable pressure from doctors and trainers to prevent the yearly problems of blisters.

Six of the seven classifications in the TIL could begin practice Monday, but the big schools in 4-A had to wait until Wednesday, since they usually start their play a week later than the others.

All Class AAA, AA, A, B and six and eight-man schools were allowed to issue shorts, shoes and socks last week and the candidates could work out without coaching supervision. However, they could start two-day workouts with pads Monday except in the Class B and six and eight-man class, whose teams must wait until August 23 for pads. But they could start conditioning work Monday with coaches.

Four-A schools were allowed to pass out the three Eases—shorts, shoes and socks—Wednesday and work out on their own without coaches. On August 23 the coaches can join in the workouts, and on August 27 the Four-A teams can put on full playing gear and start contact practice.

This is the 46th year of the Texas interscholastic League regulation of high school athletics. Of the 950 schools in the program this year, there are 151 in Four-A, 115 in Triple-A, 184 in Double-A, 196 in Class A, 64 playing six-man

and 59 playing eight-man football.

The schools are placed in classes every two years by enrollment figures. To make the AAAA grade, a school must have 975 or more students. Class AAA ranges from 415 to 975, AA from 215 to 415, A from 115 to 215, and B under 114.

The East Texas area has several teams in each classification which have been tagged as among the state's strongest.

In AAAA, Fort Arthur is perhaps the area's best bet to be among the top in the state.

In AAA, Silsbee, Bridge City, Palestine, Cypress-Fairbanks, and Conroe will be contenders.

In AA, in which Palacios is defending champion, others to watch are Port Acres, Katy, Humble, Needville and Crockett.

In Class A, Hull-Dalgetta will likely be strong again and East Chambers will field a strong team.

None of these may wind up in this state finals this fall, but they are picked as teams to beat in their districts and area.

But then there are always unheralded teams who make the experts eat their words come November. If any reader is dirty enough to save this clipping until then, remember we warned you—there just aren't any cinches in football.

### Cold War Vets Can Buy Home With GI Mortgages

### Cold War Vets Can Buy Home With GI Mortgages

"Cold War" veterans now qualify for low down payment, government-issued mortgages up to \$30,000 announced Morris Clemmons, Jr., president of the Deep East Texas Board of Realtors, today.

A new federal housing law, just signed by President Johnson, extends home loan benefits to millions of post-Korean War veterans, said Mr. Clemmons on the basis of information supplied by the National Association of Real Estate Board of which the local board is a member.

In addition to Cold War veterans, the law assists older veterans who have not used up their eligibility under any Veterans Administration program, he said. "This includes World War I and Spanish-American War veterans," said Mr. Clemmons.

Under the new program, the Federal Housing Administration would issue 100 per cent of the first \$15,000 of a home mortgage, 90 per cent of the value in excess of \$15,000 to \$20,000 and 85 per cent of the value in excess of \$20,000 to \$30,000.

"In other words," explained Mr. Clemmons, "a veteran would need no down payment for a home worth \$15,000 or less. For a home worth \$20,000 he needs \$500 down payment, and for a \$30,000 home he needs \$2,000."

The veteran must have served at least 90 days on active military service and have received an honorable discharge, he said.

"On his mortgage, he would pay the standard FHA interest rate of 5 1/4 per cent, the same rate as the previous VA programs, plus an additional one half of one per cent to cover the cost of government insurance," said Mr. Clemmons.

He advised eligible veterans interested in purchasing a home to consult a Realtor, a professional in real estate who subscribes to the strict Code of Ethics as a member of the Deep East Texas Board and of NAREB.

The earlier this is done the better, he said, because the law's impact is expected to create a rise in home sales which possibly could make desirable housing somewhat harder to find.

"Realtors, whose representatives in Washington urge enactment of the measure, are familiar with its requirements and financing arrangements and already have an inventory of homes in the price range covered by the new program, he said.

The impact of the new law will be enormous, he pointed out. "NAREB estimates that there are 3.5 million post-Korean ex-servicemen and there are now 2.6 million servicemen in uniform who are the veterans of tomorrow."

"There are also 12.7 million veterans of World War II and Korea who have never exercised their eligibility under the VA program. And there are 2.6 million veterans eligible for this mortgage insurance program," said Mr. Clemmons.

### Coach to Speak at Rotary Club Tonight

Charles McGinty, head coach at Kirby High School in Woodville, will be the speaker at the regular weekly meeting of the Woodville Rotary Club at the Community Inn tonight. Meeting time is 7 p.m.

Coach McGinty will give the Rotarians some details about the 1965 Kirby High School football team and its prospects for a successful season.

Other members of the KHS coaching staff have been invited to the meeting.

### Duck Stamps Go On Sale at Post Offices

Duck stamps are now on sale at all post offices and hunters might well start thinking about buying one.

There is usually a rush right at the start of the season and hunters will avoid this as well as make the job of the post office easier.

Also new fishing licenses will be required after this month, and these will go on sale in the next few days. This is the first time they have been placed on sale before the old license expired on August 31.

### Drum Major and Head Twirler Selected

Kirby High School band director, Troy B. Johnson, has announced Paula Allison as drum major, Dorothy Nettles as assistant drum major and Linda Poindexter as head twirler for the coming school year, 1965-66. Other twirlers are Cindy Jarrott, Marianne Lindsey, Debbie Mahan and Peggy Road. The band is looking forward to a full year of activity. Rehearsals are scheduled for Monday, Tuesday and Thursday nights from 6 to 8. All members are urged to attend.

### NATIONAL DRIVERS TEST TO BE SHOWN AGAIN ON AUG. 30

The National Drivers Test which was presented on CBS television this spring will be shown again on the network on August 30, according to E.G. Christianson, vice president in the Shell Oil Company Houston office.

The test showed safety experts as well as the general public by the low scores made by all drivers in the test. Out of a possible score of 80 points, all classes of drivers scored much lower than had been anticipated.

Scores of the various classes of drivers were:

Professional drivers (bus, truck, etc.) 51 points; drivers with drivers education 53 points; those with no drivers education 50; drivers over 45 years of age 48 points; drivers 26 to 45 years of age 51 points; male drivers 52 points; female drivers 49 points.

## Most East Texas Families Income Less Than \$3,000

### AUSTIN LETTER — Texas Political Races Forecast

AUSTIN — Lt. Gov. Preston Smith, who will run for governor if Gov. John Connally doesn't, may get a salary hike if he runs for re-election. The lieutenant governor receives \$4800 a year. Like all legislators, plus some fringe benefits including office expenses and a capitol apartment. If voters adopt a pending constitutional amendment, salaries for the lieutenant governor and speaker of the house will go up to \$15,000 annually.

However, Smith would rather be governor (at a higher salary) than get a raise as lieutenant governor.

Some of Gov. Connally's friends are slightly irked at the way Senator Ralph Yarborough is hogging into the spotlight at the numerous bill-signings by President Johnson. Yarborough manages to co-sponsor assembly Great Society bills as possible, and then rushes over at the official signing by LBJ to get one of the pens used and his picture taken. In one period, from August 4 to 12, he was on hand for no less than seven bill-signings.

Some think the senator is ambitious to succeed Connally as governor, a position he has run for three times without success. He has openly criticized the governor at every opportunity in the past. If Connally's friends feel that Yarborough is already running for governor, absentee voting opened Wednesday on a constitutional amendment to be voted upon in a special election, September 7, which, if passed, will increase the state senate from 31 to 39 members.

### Senate approval Wednesday of the \$1.65 billion appropriation for the second year of the economic opportunity program, commonly referred to as the war on poverty, will likely have an impact on many East Texas counties where a large number of families earn less than \$3,000 a year.

There are three counties in the southern East Texas area where, according to 1960 census figures, from 65 to 80 percent of the families earn less than \$3,000 per year.

These are San Jacinto, Leon and Houston (Crocket).

Twelve other counties in the area are just above this acute poverty designation. They are Tyler, Newton, Nacogdoches, Cherokee, Shelby, San Augustine, Sabine, Polk, Trinity, Walker, Madison and Grimes.

These counties are shown by the 1960 census to have from 50 to 65 percent of their families earning less than \$3,000.

Six other counties—Jasper, Liberty, Montgomery, Anderson, Rusk and Panola have 35 to 50 percent of their families earning less than the \$3,000 minimum.

Two counties in the area have brighter pictures because of heavy industrialization. They are Angelina and Hardin, where 25 to 35 percent of the families earn less than the minimum standard.

The federal yardstick of \$3,000 is flexible, and in many East Texas counties with a high percentage of families with income less than this figure the statistics are misleading.

These counties have a large percentage of retired persons, and many of these are drawing their social security benefits. Young people, who ordinarily would be earning more, have joined the influx to industrial areas where wages are high. Their parents remain on the farm and in the smaller cities, where they can live comfortably on less than the \$3,000 yardstick applied by the federal government.

The appropriation bill passed Wednesday takes three of the programs out of the control of state governors, who had veto powers over the programs in the first year. These are the Neighborhood Youth Corps, community action programs, and adult basic education projects.

Recently Terrell Blodgett, state economic opportunity director, said that Texas may get as much as \$45 million in the next 12 months under the state-federal war on poverty.

### American Business Woman's Chapter To Receive Charter

The Woodville Chapter of American Business Women's Association will be chartered Sunday afternoon at 2:30 at the Community Inn, under the sponsorship of the Friendship Committee of the Pine Burr Chapter of Silsbee. The first officers will be appointed Sunday by the Friendship Committee to serve for three months. At the end of this time the Woodville Chapter will hold an election of officers to serve one year terms. Thirty-two local businesswomen have signed up and will have their official pins by Sunday.

Any local business woman of good moral character and presently employed is eligible for membership. She will be a charter member if signed before 2 p.m. Sunday. To do so, she may contact one of her friends to sponsor her or call BU-2150 and someone will contact her.

Monday night six delegates from Woodville attended the American Business Women's Association election dinner for the Silsbee Chapter held at the Royal Manor in Beaumont. Trese McClure, Thelma Lee Cain, Faye Miller, Jo Burgess, Milly Pelly and Martha Reynolds.

The speaker for the evening was Mr. Jack Sipe, representative of a national pharmaceutical firm. His subject was modern drugs and their use on the mentally disturbed. The time allotted to Mr. Sipe was extended by the many eager questions about research and the price of modern drugs. If this is a sample of the kind of program available to ABWA Chapters, we have much to look forward to in the coming year.

The purpose of ABWA is to continue the education of its members and to make them more loyal, efficient employees; and to offer scholarships to deserving ladies from our own community. Woodville will also participate in national scholarships and have voting power in selecting the recipients.

### COUNTY'S LABOR FORCE SET AT 2945 IN APRIL THIS YEAR

A Texas Employment Commission survey shows that Tyler County's total labor force (people who work for wages, including self-employed) in April of this year was 2945 persons as compared with 2935 last year and 3055 in 1963.

Results of the annual survey were sent to the Woodville Chamber of Commerce this month. A representative of the TEC made the survey for this year in April.

The survey showed that there are 215 unemployed this year as compared with 200 last year and 145 in 1963. Total employment was down slightly this year, showing 2730 employed in the county as compared with 2735 last year and 2810 in 1963.

There were 2570 persons employed on non-farm jobs this year. Of this number, 690 were employed in manufacturing and 1800 in non-manufacturing jobs. Farm employment totaled 160.

Mrs. Charles Kay

## Couple Wed In Baptist Church Rites

Miss Janie Hatton, daughter of Mrs. Rufus Hatton of Woodville, was married Sunday afternoon to Charles Kay, son of Mrs. C.B. Kay of Dickinson. The wedding took place in the First Baptist Church of Woodville with the Rev. Billy Simmons officiating. The bride was given in marriage by her uncle, Arthur Best.

The bride's gown was fashioned of linen with an empire bodice and a deep bertha collar of Venetian lace. Her bouffant shoulder length veil was held by a floral cluster. The bridal bouquet was a crescent arrangement of cymbidium orchids. She carried hand crocheted gloves, a family heirloom.

Wearing dresses of Kelly-green linen, Mrs. James Hatton, sister of the groom, and Miss Stella Mae Best, cousin of the bride, were the bride's attendants. Their bouquets were yellow asters tied with moss-green ribbon.

Jimmy DeWitt of Houston was the best man. Wilton Davis of San Marcos was the groomsmen. Ushers were Ed Warwick of College Station and Donald Goolsbee of Houston.

Pre-nuptial music was provided by Mrs. Lionel Reese of Warren, organist, and James Hatton, twin brother of the bride, sang "Entreat Me Not To Leave Thee" and "The Wedding Prayer."

A reception in honor of the bride and groom was given in Fellowship Hall after the ceremony. Assisting in the house party were Mrs. Donald Richardson of College Station, Mrs. Robert Stahl of Vacaville, California, Mrs. Donald Goolsbee of Houston, Miss Bobbie Herndon of Doucette, and Mrs. Joe Best of Woodville.

The bride is a graduate of Sam Houston State College. Mr. Kay received his degree from Southwest Texas State College, San Marcos.

After a wedding trip to Lake Charles, the couple will reside in Port Arthur where the groom is employed by the Texaco, Inc., at their research laboratories.

## Miss Sandra Johnson Bride of John C. Head

The double ring wedding ceremony of Sandra Gail Johnson and John C. Head was solemnized July 1 at 7 p.m. in the home of the bride's parents, Mr. and Mrs. Sid Johnson, 1712 West Robin.

Parents of the bridegroom are Mr. and Mrs. S.J. Head, 295 Dobbyn, Bridge City and Headacres of Woodville.

Duane Hindsley, minister of the Church of Christ in Bridge City, officiated at the ceremony at an altar centered with a sunburst design of white gladioli, daisies, and jade foliage, offset by two sets of candelabra holding gleaming white tapers and foliage. Miss Kay Jobe was pianist.

The bride, given in marriage by her father, was attired in a street-length gown of white alencon lace. Designed with sabrina neckline, the silhouette was a bouffant bell-shaped skirt. Her headdress was a pearl tiara which held the bouffant veil of silk illusion.

The bridal bouquet of white carnations was carried on a white Bible which was given to the bride by the bridegroom's mother.

The maid of honor, Patsy Mc Kown, wore a pink lace dress styled with scoop neckline and bell-shaped skirt. She carried a white chrysanthemum nosegay. Sherry Johnson, sister of the

bride, was candlelighter and also registered the guests. Marilyn Miller, cousin of the bridegroom, assisted in registering the guests. The registration table was covered with a white lace table cloth and held a green and white rice tree.

Mrs. Johnson chose for the wedding and the reception which followed a three-piece suit of navy and white with white accessories. Mrs. Head wore a light blue silk dress with white accessories. White orchids were worn in corsage by both mothers.

The reception table was spread with a white lace table cloth over a mini-green linen cloth. White pers in crystal candelabra offset the white three-tiered wedding cake which was accented with green and was topped with a miniature bride and groom. Mint-green punch was served from a crystal punch service. The bouquets of the bride and her maid of honor completed the appointments.

In the house party were Mrs. Georgia Singletary, Mrs. Forrest Horn, Mrs. C.M. Burks, and Jimmie Sue Burks.

After a honeymoon in Galveston, Mr. and Mrs. Head will be at home at 216 Dyson Courts. When the couple left for Galveston, the bride wore a two piece suit of beige silk accented with beige accessories and a beige hat. The ensemble was completed by a corsage of carnations from her bridal bouquet.

Mrs. Head is a 1965 graduate of Little Cypress High School. She is now attending Port Arthur Business School. The bridegroom is a graduate of Bridge City High School and is attending Lamar Tech.

MEN'S BOWLING NEWS

by Fredna Eaves

The Turkey Dogs are continuing to falter on their coast in first place and they are now holding on to a 1 1/2 game lead. The birds ruffled up their feathers Monday night and won all 4 games from Jack Lane Ford, Inc. The loss put the Ford team from 3rd down to 4th place in the league standings. Billy Gene Martin headed the scoring for the Turkey Dogs with 207 points and a 537 strike and Gilbert Wright struck out his series of 501. T.L. Gulley cracked a 208 game on his way to a 494 series. Jack Lane Ford just didn't have enough fight in their tank this week but nevertheless, David Pate and Tom Best got the most mileage for their efforts. Pate turned in a 512 series and Best climbed to a series of 502.

Rainbo Bread is just barely hanging on to second place with only a 1/2 game lead over J.B. Best & Company. These two teams tangled together Monday night and J.B. Best made it plain that they didn't have any big sale on games this week. They beat Rainbo 3 out of 4 games and moved up from 4th to 3rd place. Best & Co. advertised 2 fine series from Rex Kennerly's 522, Paul Thomas' 513 and B.J. Verdemann's 495. It took a 559 series behind a high game of 212 by Paul Hill for Rainbo Bread to sweep up the bread crumbs for the one game that they won. Luther Scoggins also gave good support for the bread team with his series of 492. J.L. Veal Lumber Company showed Man Furniture Company how they produced their manufactured products this week and the lumberjacks from Chester polished off 3 games and lost one to the furniture team. Aubrey Bradley took the series of 467 for J.L. Veal as he racked up a 520 series. In addition to Bradley's good series, Bill Mac Hickman, Tullio Thornton and J.W. Harvey all bowled their average and above. This is a good thing they did because Travis Barnes came up "Shorty" on his average this week. It took the good scoring coming from Bob Best with his series of 467 to help Man Furniture win that one game and Malcolm Collier was the only other man on the team to bowl over his average.

ALLEN SHIVERS LIBRARY NOTES

Janis Clow, Lorene Kirkland, Mrs. Jessie Stewart and L.M. Feagin gave us a total of 10 books last week and we were very proud to get them. Then Saturday, 39 volumes of Shakespeare were given by Albert Coffman, delivered by Barry Coffman. Then some visitors from Port Arthur, Mr. and Mrs. David Wiltshire, gave us a two volume set of Bible Stories and Layman's encyclopedia compiled by Patricia Summerlin Martin, daughter of M.I. Summerlin of Port Arthur, and William C. Martin, her husband. With thoughtful friends such as these we see our shelves filling nicely.

What Dam B Folks Are Doing

by Mrs. G. B. Bice

Mr. and Mrs. G.B. Bice were called to Houston Monday, August 9. His one and only brother, Dave Bice, was very ill. Bice was at his brothers bedside all week till Friday morning about 8 p.m. he passed into that blissful sleep that carries us away where troubles are not known. He was buried at his old home church yard and cemetery is known as Cut-n, shoot. Now all that is left of the old pioneer family of ten children is one, G.B. (Bird) Bice, who resides on Dam B Lake shore, Woodville, Texas. He and the families of each of those children left are very near and dear to him and his big family. Of this family more than 60 gathered with Mr. Bice and Mrs. Bice Sunday at the home of their daughter and son-in-law, Mr. and Mrs. Red Smith for a close get-together or family reunion. Mr. Bice's heart was made glad by this fellowship of the Bice family. We all agreed to meet each year at this same time same place, Third Sunday of August. God being with us.

## LEGAL NOTICE

**WOODVILLE INDEPENDENT SCHOOL DISTRICT, WOODVILLE, TEXAS**

**NOTICE** to Pupils, Parents, and Citizens of Woodville Independent School District a Statement of the Board of Trustees Concerning Desegregation:

In accordance with the policies of the Board of Trustees adopted in July, 1965, to conform with the regulations of the United States Office of Education and the Civil Rights Act of 1964, with the beginning of the 1965-1966 school term the schools of the Woodville Independent School District will be desegregated. The plan for desegregation is stated as follows:

**I. ANNUAL FREEDOM OF CHOICE OF SCHOOLS**  
A. The Woodville Independent School District has adopted a policy of complete freedom of choice of school for all grades of all schools without regard to race, color or national origin.

B. The choice is granted to parents, guardians, and persons acting as parents of their children. Teachers, principals, and other school personnel are not permitted to advise, or otherwise influence choices. They are not permitted to favor any particular children because of choices.

**II. PUPILS ENTERING FIRST GRADE**  
Registration for the first grade will take place Monday through Friday between August 16 and August 27 from 9:00 a.m. to 4:00 p.m. When registering, the parents will complete a Choice of School Form for the child. The child may be registered at any elementary school in the district.

A. Each parent will be sent a letter annually explaining the provisions of the plan, together with a Choice of School Form and a self-addressed return envelope, at least 15 days before the date when the form must be returned. Choice forms and copies of the letter to parents will also be readily available to parents and students and the general public in the school offices during regular business hours.

B. The Choice of School Form must be either mailed or brought to any school or to the superintendent's office August 27 of each year. Anyone not registering his choice by that date must file his Choice of School Form at the time of registration when school opens. Any student from whom a Choice of School Form is not obtained will be assigned to the school nearest his home where space is available after choices have been granted, but without regard to race, color, or national origin.

**IV. PUPILS NEWLY ENTERING SCHOOL SYSTEM OR CHANGING RESIDENCE**  
A. Parents or children moving into the area served by this school system, or changing their residence within it, after the registration period is completed but before the opening of the school year, will have the same opportunity to choose their child's school as other children whose school opens during the week of August 23 to August 27, by completing a Choice of School Form. The child may be registered at any school in the system containing the grade he will enter, and the choice made may be for that school or for any other school in the system. However, first preference in choice of schools will be given to those whose Choice of School Form is returned by the final date for making choice in the regular registration period.

B. Children moving into the area served by this school system, or changing their residence within it, after the registration period is completed but before the opening of the school year, will have the same opportunity to choose their child's school just before school opens during the week of August 26 to August 27, by completing a choice of School Form. The child may be registered at any school in the system containing the grade he will enter, and the choice made may be for that school or for any other school in the system. However, first preference in choice of schools will be given to those whose Choice of School Form is returned by the final date for making choice in the regular registration period.

**V. RESIDENT AND NON-RESIDENT ATTENDANCE**  
This system will not accept non-resident students, nor will it make arrangements for resident students to attend schools in other school systems where this would tend to preserve segregation or minimize desegregation. Any arrangements made for non-resident students to attend schools in this system, or for resident students to attend schools in other school systems, will assure that such students will be assigned without regard to race, color, or national origin, and such arrangements will be explained fully in an attachment made a part of this plan.

**VI. OVERCROWDING**  
No choice will be denied for any reason.

**VII. TRANSPORTATION**  
Transportation will be provided on an equal basis without segregation or other discrimination because of race, color, or national origin. The right to attend any school in the system will not be restricted by transportation policies or practices. To the maximum extent feasible, buses will be routed so as to serve each pupil choosing any school in the system. In any event, every student eligible for busing shall be transported to the school of his choice if he chooses either the formerly white or the formerly Negro school nearest his residence.

**VIII. SERVICE, FACILITIES, ACTIVITIES AND PROGRAMS**  
There shall be no discrimination based on race, color, or national origin with respect to any services, facilities, activities and programs sponsored by or affiliated with the schools of this school system.

**IX. STAFF DESEGREGATION**  
A. Teachers and staff desegregation is a necessary part of school desegregation. ### GARDENING NOTES

By J.L. CRUSE

The hot summer time weather is bad on house plants. They should have some kind of protection. A very good place to put them is under the shade of a tree if you have one. Some plants need more sunlight than others so be sure to place these plants where they will get the most sunlight. Put plants that need the most shade next to trunk of tree and sun loving plants at outer edge of tree. It will be best to place plants where they will get morning sun as this isn't as hot as the afternoon sun. If these plants have been in the same soil all spring they may need soil added to the pots. A good mixture for this is equal amounts of peat moss and leaf mold with a small amount of coarse sand. To this add a small amount of bone meal. You should have room to put about two inches of this new soil in each pot. If the pot is too full to allow for this much new soil then take an old kitchen fork and lightly work the old soil in pots, then holding your hand over the top of the pot to keep the plant from falling out bring the pot upside down so old soil will fall out. Then add your new soil to the pot. When moving plants to a new location under the trees it's a

good idea to dig a hole and set each pot up to the rim in the ground, this will keep roots cool. Be sure to add some pebbles, crushed rock, set in bottom of hole to keep roots from growing through drainage hole in pot into the ground. Any dead leaves, blooms, etc., should be removed from plants and if they are getting too tall you can cut out any limbs that have become too tall. This will cause plants to grow more bushy and compact. If you will give your house plants this attention and care, you will see a great improvement in them and as fall comes on they will perk up and like springtime again.

**SOCIAL SECURITY  
BACK PAY DUE  
MANY IN COUNTY**

About 2,100 Tyler County residents will soon receive some unexpected help in the problem of making ends meet. The help will amount to about \$63,000 to start with, and more will be due each month in the future. The people are the men, women, and children who are receiving social security benefits each month and the help is the increase they are due in the size of their checks under the 1965 Social Security Amendments.

According to L.R. James, District Manager for social security at Lufkin, the amount of the increase will be 7% for most people on the rolls and will go back to January, 1965. James explained that the back payments for the increase to cover all months from January through August will be combined into a single check, which will be received about the middle of September. The total back pay for all beneficiaries in Tyler County will be about \$63,000.

"These back pay checks will be mailed out automatically to everyone on the rolls," James explained. "and will come at a different time from your regular checks. The increase in the regular checks will also be automatic, with the first larger check due early in October. There is absolutely nothing that anyone needs to do to qualify for the increase. We will adjust everyone's checks without any action on their part."

**Garden Club Meets  
For Covered Dish  
Luncheon August 3**

The Woodville Garden Club met on Wednesday, August 3, at 11 o'clock for a covered dish luncheon in the lovely new home of Mrs. George Myers, on Pavillion Street.

Mrs. J.R. McCombs gave a very interesting talk on her trip to the Baptist World Alliance Convention where they heard Billy Graham. They visited several places of interest, some were: a day in Nassau, the Cypress Gardens, and Bellan-grath Gardens. Everyone enjoyed it so much.

Lunch was served to twenty members and one guest. The food was wonderful and also the home-made ice cream, cake and pie for dessert. Everyone is still talking about what a good time we had.

Out next meeting will be September 15 at 2 o'clock at the Community Inn. Mrs. Harry Adams, Mrs. Clark Allen and Mrs. W.L. Brueck will be hostesses. Dr. John Gilchrist will be the guest speaker. This is our first meeting for the new year so we hope to see every member present.
