ABWA Chartered Here Ceremonies Held Sunday

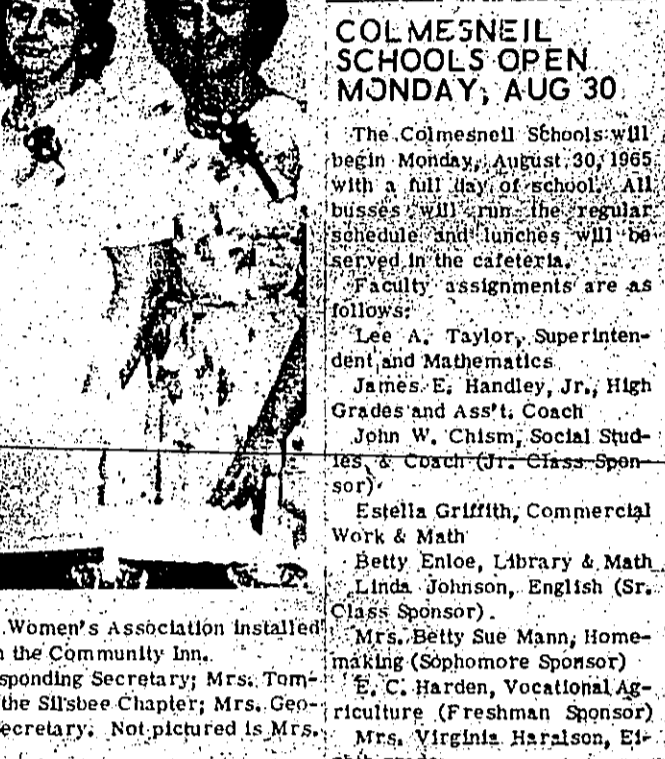

The Woodville Chapter of the American Business Women's Association is now a reality. After much hard work organizing the club, their efforts were finally realized this past Sunday in Silsbee, presided over by the afternoon when installing ceremonies were held. Elected to head the club for a preliminary 3-month tenure were: Mrs. Tommy McClure, President; Mrs. George Reynolds, Vice president; Mrs. Dallas Pelly, Corresponding Secretary; Mrs. W. L. Job, Recording Secretary; and Mrs. Esther Wright, Treasurer.

BEATLE-MANIA SEEN FIRSTHAND BY LOCAL GIRL AT PRESS MEET

Pictured above is one of the scenes that a frantic Miss Paula Thomas took for the Booster during her recent attendance to a Beatle Press Conference held this past Thursday in Houston. Using a Booster press card, letter of introduction, and hurriedly reading story about how she would lose her job if she didn't get in, Paula did get in and managed to come away with this picture for us. According to Miss Thomas, everything you hear about the screaming, hysterical, crying girls is absolutely true.

NEW CRIMINAL PROCEDURE AND LAW TO BE DISCUSSED TEXAS LAWYERS HOLD INSTITUTE HERE FRIDAY

The past Saturday, August 14, Tyler County's Judge Clyde Smith was honored with a Judicial Clyde E. Smith Day near Egreon, Texas in San Antonio, Texas. Pictured above, LEFT TO RIGHT are: Katy Alderman, Janet McCown, Mrs. William B. Alderman, and Mrs. Ruby Garrett. Mrs. Alderman and her party are visiting East Texas for a new days touring various museums and historical sites. They are seen above in the rare book room of the Allan Shivers Museum, where they spent several hours with Mrs. G.P. Miller, Curator. According to Mrs. Miller, they also received a personal tour-of-Heritage-Gardens, courtesy of Clyde Gray and visited other places of interest in the County. Mrs. Alderman plans to use some of the material gathered in this area in a thesis she is writing on Texas Historical sites. She is the wife of William B. Alderman, Editor and Publisher of the Texas-Parade Magazine.

BRING BRIDGE TOURNAMENT HERE

The Woodville Community Inn was host to the Sabine-Neches Bridge Club this past weekend for their quarterly bridge tournament. According to Mrs. Betty Stetson, this is the third such tournament held in Woodville by the club and the largest of the year. Mr. Burkett explained that those people like to have a skillful for the tournaments and will average speed of approximately 500 per star while they are here.

By Kiwanians

The Kiwanis Club of Woodville is sponsoring a Rummage Sale to be held about the first week in September. All who are interested in donating slightly used clothing articles in this needy cause, are asked to be prepared to handle these items and a youngster will call.

SNAKES & RIOTS - ALL IN TWO WEEKS

The past two weeks have been one of excitement for the H.E. Powell family, who live on the Chester Highway behind Kirksland Springs. Having recently returned from a trip to California where they saw part of the recent riots, they were greeted with a five-foot rattler in their garden. According to Mr. Powell, the rattler is 5 feet long, 1 inch around, and weighed five pounds. Mr. Powell also said that the snake tried to run away until he hit it with a garden hose, and then it turned and struck at him. Mr. and Mrs. Powell and four children made the trip to California to visit relatives in 2 days, in time to arrive for the riots. Powell told this reporter of seeing several men carried off in ambulances with much blood flowing. Incidentally, the Powells are glad to be back home, notwithstanding the rattlesnake.

VA QUESTIONS AND ANSWERS

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q: My son is leaving for military service and there is the possibility he might be sent where there is actual fighting. Can he purchase a Government Life Insurance policy?

A: No. No Government Life Insurance is available as such. However, in the event of his death, his survivors have the protection of the Dependency and Indemnity Compensation program. Should he live, if he establishes after separation from service that he has a disability incurred in or aggravated by military service, he may be eligible to apply for an insurance policy which is available to certain disabled veterans.

Q: I am a World War II veteran with no service-connected disabilities. Would I be eligible for the new "3" insurance?

A: You would not be eligible unless you have a non-service-connected disability which is insurable by commercial companies at their highest rates. Also you must show that such disability existed on October 13, 1964, the date the new "3" insurance law was signed.

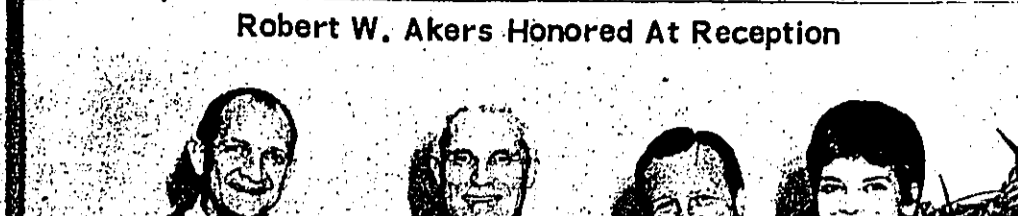

Q: My wife is leaving for military service and there is the possibility she might be sent where there is actual fighting. Can she purchase a Government Life Insurance policy?

A: No. No Government Life Insurance is available as such. However, in the event of her death, her survivors have the protection of the Dependency and Indemnity Compensation program. Should she live, if she establishes after separation from service that she has a disability incurred in or aggravated by military service, she may be eligible to apply for an insurance policy which is available to certain disabled veterans.

LEGAL NOTICE

The plan for Chester School District desegregation is presented as follows:

I. ANNUAL FREEDOM OF CHOICE OF SCHOOLS

The Board of Trustees of the Chester Independent School District has adopted a policy of complete freedom of choice to be offered annually in all grades of all schools without regard to race, color, or national origin.

II. PUPILS ENTERING FIRST GRADE

Registration for the first grade will take place Thursday through Friday between August 26 to August 27 from 8:00 A.M. to 5:30 P.M.

When registering, the parent will complete a Choice of School Form for the child. The child may be registered at any elementary school in the system, and the choice made may be for that school or for any other elementary school in the system. The provisions of Section VI of this plan with respect to overcrowding shall apply in the assignment of schools of children entering first grade.

III. PUPILS ENTERING OTHER GRADES

A. Each parent will be sent a letter annually explaining the provisions of the plan, together with a Choice of School Form, a self-addressed return envelope, at least 15 days before the date when the form must be returned. Choice forms and copies of the letter to parents will also be readily available to parents or students and the general public in the school offices during regular business hours. Section VI applies.

B. The Choice of School Form must be either mailed or brought to any school or to the Superintendent's office by August 27 each year. Anyone not registering his choice by that date must file his Choice of School Form at the time of registration when school opens. Anyone from whom a Choice of School Form is not obtained will be assigned to the school nearest his home, where space is available after choices have been granted, but without regard to race, color, or national origin.

IV. PUPILS NEWLY ENTERING SCHOOL SYSTEM OR CHANGING RESIDENCE WITHIN IT

A. Parents of children moving into the area served by this school system, or changing their residence within it, after the registration period is completed but before the opening of the school year, will have the same opportunity to choose their children's school just before school opens during the week of August 26 to August 27, by completing a Choice of School Form. The child may be registered at any school in the system containing the grade he will enter, and the choice made may be for that school or for any other school in the system. However, first preference in choice of schools will be given to those whose Choice of School Form is returned by the final date for making choice in the regular registration period.

B. Children moving into the area served by this school system or changing their residence within it, after the late registration period referred to above but before the next regular registration period, shall be assigned to the schools nearest their homes where space is available without regard to race, color, or national origin.

V. RESIDENT AND NON-RESIDENT ATTENDANCE

This system will not accept non-resident students, nor will it make arrangements for resident students to attend schools in other school systems where this would tend to preserve segregation or minimize desegregation. Any arrangement made for non-resident students to attend schools in this system, or for resident students to attend schools in another system, will assure that such students will be assigned without regard to race, color, or national origin, and such arrangement will be explained fully in an attachment made a part of this plan.

VI. OVERCROWDING

No choice will be denied for any reason.

VII. TRANSPORTATION

Transportation will be provided on an equal basis without segregation or other discrimination because of race, color, or national origin. The right to attend any school in the system will not be restricted by transportation policies or practices. To the maximum extent feasible, busses will be routed so as to serve each pupil choosing any school in the system. In any event, every student eligible for bussing shall be transported to the school of his choice if he chooses either the formerly white or the formerly Negro school nearest his residence.

VIII. SERVICE, FACILITIES, ACTIVITIES AND PROGRAMS

There shall be no discrimination based on race, color, or national origin with respect to any services, facilities, activities and programs sponsored by or affiliated with the schools of this school system.

IX. STAFF DESEGREGATION

Teacher and staff desegregation is a necessary part of school desegregation. Steps shall be taken beginning with school year 1965-66 toward elimination of segregation of teaching and staff personnel based on race, color, or national origin, including joint faculty meetings, in-service programs, workshops, other professional meetings.

Legal Institute For Area Lawyers Set In Woodville Friday

Judge Clyde Smith Honored With Barbecue Saturday

The Second Annual Judge Clyde E. Smith day was held at the 2E Lake near Evergreen Saturday with Mr. and Mrs. Alvis Ellisor of Cleveland being the host and hostesses.

About 200 persons from the East Texas area and other parts of Texas were present. They included lawyers, judges and friends. Cities and towns represented included Plainview, Dallas, San Antonio, Austin, Houston, and most towns and cities in East Texas.

A barbecue served at noon highlighted the event.

Among prominent guests present were Justice Joe Greenhill of the Supreme Court of Texas, Lewis Dickson and Sears McGee, district judges in Harris County; District Judge James Sewell of Corsicana; Gordon Gary, district judge in Beaumont; Judge William Miller, county court at law in Harris County; and Cooper Ragan, attorney for the late John Henry Kirby for many years.

Associate Justice Clyde E. Smith was born in Devine, Texas, Medina County, July 31, 1897. At the age of seventeen, Smith went into the law office of the late Judge R.A. Shivers, father of former Governor Allan Shivers, to study law, and in 1919 he was admitted to the bar.

Elected County Attorney of Tyler County, he served in that office two years, then resumed private practice with the late Judge J.A. Mooney. In 1926, Justice Smith was elected District Attorney of the 75th Judicial District, and he served in that capacity during 1927-1935. In 1935 Justice Smith moved to Austin to become Assistant Secretary of State. He returned to Woodville in 1936 and engaged in private practice of law until he was appointed Judge of the 75th Judicial District in November, 1943, in which capacity he served until appointed to his present post as Associate Justice of the Supreme Court of Texas.

Judge Smith assumed his place on the Court on November 15, 1950, filling the vacancy caused by Associate Justice James P. Hart's resignation to become the first Chancellor of the University of Texas. He is a member of the Travis County Bar Association and the Texas State Bar Association.

Judge Smith has long been active in Brotherhood work in connection with the First Baptist Church in Woodville and Austin. He has been most active in civic affairs. He is a member of the Capital Area Council and the National Council of the Boy Scouts of America, and before moving to Austin, he served as a member of the Executive Board of the Trinity-Neches Council. He is a member of the Woodville Lions Club. In addition to these activities, he served as president of the Tyler County Red Cross Chapter for several years and is a past president of the Woodville Chamber of Commerce and a past president of the Woodville Athletic Council. He is also a member of the Texas Historical Foundation and the Tyler County Historical Association.

PLAQUE TO HONOR PHILIP A. WORK, CIVIL WAR LEADER

A confederate Memorial Information Marker for Philip A. Work in Tyler County will be erected by the State Building Commission. This announcement was made today by the Texas State Historical Survey Commission and the State Building Commission, which are jointly responsible for its erection.

The marker is made of cast aluminum with Swedish steel effect for durability and appearance. There are four sizes of these markers erected by the State Building Commission with research and inscriptions prepared by the Texas State Historical Commission. The Official Texas Historical Medallion appears at the top with the inscription below.

Members of the State Building Commission are Governor John Connally, Attorney General Waggoner Carr, and Charles S. Coates, chairman of the State Board of Control.

The Official Texas Historical Marker for Philip A. Work is 18x28 inches in size and will be erected in front of the courthouse on Bluff Street.

The following information appears in the inscription:

LT. COL. PHILIP A. WORK (1832-1913)

Came to Texas, 1838, represented Tyler County, Texas Secession Convention, 1861. Raised and was captain, Co. F, 1st Regt., Hood's Texas Brigade. As Lieutenant Colonel, commanded Hood's Texas June 1862-July 1864, in battles such as Shiloh, where brigade had over 82% casualties. Greatest loss for any unit in any Civil War action. Col. Work led Texas Brigade second day, Gettysburg, and Chickamauga victory, 1863. After coming home to regain health, was in David S. Terry's Texas Cavalry.

After war practiced law. Is buried in old Hardin Cemetery.

The erection of Official Texas Historical Markers is part of the Civil War Centennial Commemoration in Texas. The markers are designed to interpret and commemorate the role of prominent Texas Confederates, battles, frontier outposts, coastal fortifications, manufacturing plants and military supply centers.

This marking program is part of a comprehensive five-year plan of the Texas State Historical Survey Commission to record, appreciate, mark, preserve and survey Texas history. "RAMPS" as the plan is called, seek to place 5,000 Historical Markers over the state in this period. These markers are to be sponsored through joint efforts of the state, counties, cities, civic groups and individuals.

GROUP SUPPORTS AMENDMENT FOR 39 STATE SENATORS

"We strongly urge passage of the Constitutional Amendment to be voted on September 7th which increases the membership of the Senate from 31 to 39 members," Senators A.M. Alkin, Jr., Galloway Calhoun, Jr., Martin Dies, Jr., Ralph Hall and Jack Strong said today.

According to the Senators, the idea of increasing the membership of the Senate has been considered for a long time in the halls of the State government because of the tremendously increased work load which our Legislature faces today. As examples, they point out that the budget of the State of Texas has increased one thousand per cent (10 times) during the past 20 years, and the number of bills and resolutions introduced in the Legislature has nearly tripled during the same length of time. Each member of the Senate now serves on 9 to 15 committees and often a Senator will find that 5 committees on which he serves are meeting at the same time.

The Legislature was inspired to act this year under the pressure of the Federal Court one man-one vote redistricting act. This Federal Court order has been the effect of tremendously increasing the area and population of the Senatorial districts in the rural areas.

On this point, the Senators stated, "As strong believers in representative government, we are deeply disturbed that many Senatorial districts in the rural areas are so large, geographically, and population wise, that it will be a practical impossibility for one Senator to properly serve them. Texas has had a good, sound government through the years because the Legislature was close to the people. Unfortunately, we will lose this closeness unless expansion of the State membership occurs."

At the present, the average Senatorial district in Texas covers 8,424 square miles, the biggest average of any Senatorial district in the United States except for the State of Alaska. The average Senator in Texas serves 309,022 people, the largest number served by a Senator in any state except in the State of California. The expansion from 31 to 39 members will not completely alleviate the problem. However, the assistance will be substantial and the work load relief in the Senate will be particularly helpful.

"We sincerely hope the people will adopt this amendment," the Senators said in conclusion.

TEXAS LAWYERS WILL BE UPDATED ON THE NEW CODE OF CRIMINAL PROCEDURE AND LAW OFFICE MANAGEMENT AT A ONE-DAY INSTITUTE HERE FRIDAY (8/27) AT WOODVILLE COMMUNITY INN.

Clint C. Small Jr. of Austin, president of the State Bar of Texas, will be the luncheon speaker.

The one-day institute, sponsored jointly by the 88th Judicial District Bar Association and the State Bar, will feature a panel discussion of criminal law practice as it is affected by the new code of criminal procedure.

Well-known panelists will include: U.S. District Judge Joe J. Fisher of Beaumont, District Attorney W.C. Lindsey of Jefferson County, Fort Neches; District Judge John F. Onton Jr. of San Antonio, and U.S. District Attorney Woodrow Seals and defense attorney Percy Foreman, both of Houston. Bill Walsh, also of Houston, will be the moderator.

Registration will begin Friday at 9 a.m. at the Community Inn. San Antonio attorney Samuel F. Blery will open the institute with a discussion of law office management. County Attorney Jack Holland of Athens will speak on the Bar's recommended minimum fee schedule. Josiah Wheat of Woodville, State Bar director for the 2nd Congressional District, is the institute chairman. Kouniza attorney H.A. Coe Jr., district bar president, will preside.

Bar president Small assumed office last month. He had served a year as president-elect following a three-year term as a member of the Bar's governing board of directors. He is a former president of the Travis County Bar Association and, currently, is a member of the board of trustees of the Austin Independent School District.

Small was an outstanding scholar-athlete at the University of Texas and captained the 1939 Longhorn football team. He graduated with honors in business administration and was a 1938 law graduate with high honors. He has practiced law in Austin since 1942.

Clint Small, Jr.

Clint C. Small Jr., president of the State Bar of Texas, will be the principal speaker at the regular dinner meeting of the Woodville Rotary Club tonight at 7:00 at Community Inn.

The Austin attorney will make a second Woodville speaking appearance Friday at noon following a legal institute luncheon, attended by lawyers of 17 area counties. He will be accompanied to Woodville by Eugene Carvin of Austin, State Bar director of continuing legal education.

Holiday Traffic Toll Of 35 Seen for Texas

AUSTIN, Texas — Traffic accidents throughout the state will kill 35 persons during the Labor Day weekend, the Texas Department of Public Safety predicted Saturday.

In an attempt to hold down the toll, the DPS said, it will assign an additional 150 men to patrol duty on highways during the 3-day holiday period.

Col. Homer Garrison, who directs the DPS, said its statistics believe 9 of every 10 fatal accidents will result from law violations.

"Almost all of the accident-

during the 1964 Labor Day weekend—accidents which killed 39 persons and injured hundreds—more than violations of the law as a contributing factor," Garrison said.

"The most common violator was a failure to yield right of way, followed closely by violations where the driver exceeded a safe speed for existing road or weather conditions."

Garrison said officers from other DPS divisions will join highway patrolmen in enforcing traffic laws between 12:01 a.m. Sept. 4 and 11:59 p.m. Sept. 6. The DPS will also issue a tabulation of fatal accidents three times daily to focus attention on the need for traffic safety.

Garrison said Jaycees will serve free coffee to afflicted drivers at "rest stops" on busy highways.

BAND BOOSTERS TO MEET MONDAY

The Kirby High School Band Boosters will hold a meeting Monday night at 7:00 o'clock in the south band booth at the school athletic field.

All parents of band members and other interested persons are urged to attend.

TO MARK 50TH ANNIVERSARY

Mr. and Mrs. Ezra Eaves

Mr. and Mrs. Ezra Eaves will be honored on their 50th wedding anniversary September 5 at their home in the Dies community northwest of Woodville. Calling hours are from 3 to 5 p.m., and friends and relatives are invited through the Press to call during those hours.

Mr. and Mrs. Eaves are both natives of Tyler County. She is the former Miss Seta Shepherd.

Mr. Eaves is a former Woodville businessman, and served several terms as mayor of Woodville during two periods, the last being from 1954-1962.

Mr. and Mrs. Eaves have one son, Charles E. Eaves of Houston, and one daughter, Mrs. Chuck Stamps of Woodville, and three grandchildren.

TWO TO RECEIVE LIFE MEMBERSHIPS IN MASONIC LODGE

Magnolia Lodge No. 485 AF&AM of Woodville will hold an open meeting Saturday night at the Masonic Hall to honor S.E. Sims, Sr., and N.F. Holton, who have been elected to life membership in the lodge. The open session will begin at 7:30 and the public is invited.

Bill McDaniel of Jasper will be the speaker for the occasion.

KHS EAGLES TO HAVE SCRIMMAGE TODAY

The Kirby High School Eagles will scrimmage the Orangefield eleven tonight (Thursday) at 6:30 p.m. at the football field.

Fans are invited to come out and see the material from which the coaches are molding the 1965 Eagles. There is no admission charge, but donations of soap or towels will be appreciated.

Boy Scouts from this area who attended the Pilgrim Scout Camp near Carmarion, New Mexico, are pictured above just after arriving at the camp headquarters. In back row, from left, are Mike Russell, James Boucher, Guy Munroe, Jim Evans, Steve Marlow, Stan Bendelstein, James Streetman, all of Beaumont; Dan Ulay of Woodville, patrol leader; Frisco Arizaga, Joel Koehler, Robert Jennings, Buckley Callas, patrol leader, all of Beaumont, and Bob Walker of Woodville.

In center row, seated, are Beaumonters Fred Madenwald, Jr., Gary Korry, Blain Isalos, Larry Korry, junior assistant Scoutmaster; Bill Stark, camp staff manager from Ohio; Fred Madenwald, Sr., Beaumont expedition leader; Pat Castle of Liberty and Keith Madden of Beaumont.

Seated in front by sign are Bobby Huebner and Paul Wynkoop, both of Beaumont.

What Dam B Folks Are Doing

by Mrs. G. B. Bice

Mr. and Mrs. John T. Walker have been going places. First they go to Port Neches to visit their two sons, Elmer Drew and Richard Earl Walker and their families. While there these boys decide to carry them over to the big city of Houston to the Astrodome Stadium, to watch a baseball game, but they were so excited over the beautiful stadium, they hardly knew the ball game was going on. All really did enjoy the trip, the sights, all the bright lights of the city of Houston, but the big Astrodome Stadium was the center of attraction.

Uncle Oscar Hicks had a pleasant surprise Sunday when Mrs. Elton Ashworth greeted him with hello uncle Oscar, it proved out she was a great niece of his or some sort of kin. It was a happy meeting, with her and her sweet bunch of lovely children. The Ashworths have moved to Head Acres. We were very glad to have them in Sunday school and church. Mrs. Ashworth's maiden name was Hicks. A lot of good things happen around Dam B occasionally. We were very glad to learn Mrs. Long and her daughter have joined her husband, Mr. Long, who has recently purchased the Powell place on Town Bluff Rd near Mr. Earnest Rawls home. Mr. Long is employed by the government on the Dam B Reservoir project. We do welcome you folks here with us at Fairview Church and community.

Was good to have Mrs. Joy Allen in Sunday School and church today. We'd love to have you too.

Mr. and Mrs. Peter Tortoriza, have had a nice patio added on to their cabin here on Ogdin Bluff, such a pretty place in the pines.

Mr. and Mrs. Red Smith had with them Sunday afternoon Mr. Smith's sister and husband the Chick Heberts of Winnie, Mrs. Smith's brother, wife and daughter, the Herdis Bices of Beaumont.

Mr. Clayton Harvill, Sr., was very thrilled to have his two sons, Maurice and Clayton Jr. Harvill join him for church at Fairview Sunday. We were very sorry Mrs. Harvill Sr., was not feeling well and we missed you, Georgia, also missed you, Jessie.

Mr. and Mrs. Jack Smith of Port Neches attended church and Sunday School at Fairview Sunday. Always glad to have all visitors.

Mr. and Mrs. Bill Sheffield and Cecil Ratcliff nephews of Uncle Oscar Hicks visited him and his daughter Jewel Hicks one day last week.

Mrs. Laura Dean is doing fairly well these days, not able to be up too much.

Those visiting in the Buddy Lloyd home last week were Mrs. Lida Booth, her daughters, Mrs. Travis Davis of Warren, another daughter of Mrs. Booth Mr. and Mrs. Max Kildare and children of Orange. They all had a jolly good time. You only have to know Mr. and Mrs. Lloyd to realize the fun they all had.

Mr. and Mrs. Dewey Smart made a trip to Tyler last Wednesday to visit with his sister

who is in the TB Hospital in Tyler. They found her doing very well. We hope she will soon be able to be home.

Mr. and Mrs. Emory Walker of Woodville were guests in the John T. Walker home, Sunday afternoon.

Terry Glenn McFarland and Kerline Landry, grandsons of Mr. and Mrs. W.H. Branicky are spending a few days with them.

On Tuesday Mr. and Mrs. M. D. Smart had their nephews Mr. and Mrs. J.D. Langston and daughter Nancy of Nederland visit with them.

We were so happy to have Mrs. (Grandma McWhorter) with us in church Sunday night. So many of our church folks are on vacation now it is not funny. The C.E. Seamans, the Bill Hartmans, the Clifton Stephens, and the Carl Russells. Hope you have loads of fun, but hurry back.

Mrs. Eula Adams of Jasper, and Mrs. Ruby Sidner of Beaumont visited with their sister Mrs. Maggie Rawls and Mr. Rawls Sunday afternoon.

Mr. and Mrs. J.D. Langston and daughter Nancy of Nederland visited with Mr. and Mrs. M.D. Smart Tuesday a while.

Mr. and Mrs. Ernest Rawls visited a while Sunday afternoon with the Bices.

We were happy to have Miss Christie Walker play the piano for us in church Sunday. You do a swell job Christie, we are proud of you.

Mr. and Mrs. Perry Smart from Port Neches also Mr. and Mrs. J.W. Ward of Holly Fork visited out after the first rodeo performance of last week.

Rev. Holland and Mrs. Holland and little daughter and friends are vacationing at Dam B Lake this week, attended church services Sunday, Rev. Holland agreed to assist us in our Wednesday night services, of which we are grateful.

Mr. and Mrs. Jewel Cecil Walker and children attended one of the nicest fish fries at the home of Mrs. Walker's aunt, Mrs. Oskun on the Woodville Hwy. 190 between Dam B and Woodville Friday night. Mrs. Oskun is the one and only aunt Mrs. Ehora Walker has, this aunt has a large family. This one daughter lives in Virginia, always visits her mother once each year, so on this visit the other seven brothers and sisters decide to give a fish fry, all told, there were 51 present, with big dishes of fish, chicken, salads, pies and cakes, such a grand reunion as was had. Makes your heart glad. Mrs. Oskun has ten living children all present but two. It was such a happy time for this old mother, she is in her eighties, God is good.

Fairview Church is very proud of our new pastor, the Wm. B. Long, moved here from Houston. He is with the Gov. Staff who attend to the lake and dam project. We were so happy to have them come into our church Sunday night to be one of Fairview's members. We will miss our pastor this weekend as he will be in Jasper. Ho, Rev. B.B. Read will be in a weekend revival at Adams Memorial Baptist Church in

PRISON RODEO TO AGAIN FEATURE \$50 "HARD MONEY" TEST

HUNTSVILLE: One of the top crowd-pleasing inmate events at the Annual Texas Prison Rodeo is the thrilling "Hard Money" contest.

Basically, the contestant features 50 high-spirited, red-shirted cowboys who leap a high fence and head for the middle of the prison arena where they face snorting 1500-pound Brahmas bulls.

Perhaps the main reason why these young convicts are interested in this bruising event is a crisp \$50.00 bill in a tobacco sack tied between the bull's horns. The object of the contest is to remove the pouch from the bull's horns and the money belongs to the winner.

Naturally, for inmates of the Texas Department of Corrections, \$50.00 represents a lot of cash which may be spent in the commissary for choice brand smokes, cold drinks, coffee, ice cream, etc.

Just what makes a young inmate risk possible serious injury and even the loss of his life for \$50.00 was explained by a young participant of the 1964 Prison Rodeo series.

City-bred Glenn Gustafson, who almost stole the show last year with his stellar performance, had to do a lot of soul-searching before he decided to compete in this unusual event.

Although Gustafson's cell-mate Lela Markovich, a veteran Prison Rodeo contestant, advised "Don't go out there at all, kid", Gustafson decided to compete in what is probably known as the most dangerous of many hazardous events in this world-famous rodeo.

Gustafson figured that if it turned out as badly as his friends predicted, he could get out after the first rodeo performance. After all, his contract with the state didn't include risking life and limb.

What happened on that eventful opening rodeo Sunday in 1964, is now history -- and Gustafson made it in just one-half minute. The big Brahman bull, called Jasper, Texas. We will be happy to have Bro. John Karcher of Jasper with us. We understand Bro. Karcher is an evangelist, also ex-missionary, we are very anxious to hear him, also he is to show slides Sunday night he made while on his missionary journey into Africa. Won't you come out and be with us?

Mr. and Mrs. Bill Sheffield and Cecil Ratcliff visited a while last week with their uncle Oscar Hicks and Jewel. Mr. and Mrs. Edward Hargrove and daughter, little Mary Jane, visited with the Johnnie Hicks family Sunday also Mr. and Mrs. Kirby Griffith were to see Mrs. Griffith's mother, Mrs. Laura Dean, who is in very bad health.

Mr. and Mrs. Emory Walker of Woodville visited with Aunt Laura Dean, Johnathan and Betty Hicks a while Sunday afternoon.

"Big Red" came charging out of a chute and the crowd was on its feet cheering for Gustafson -- he was standing in the middle of the arena with a little sack in his hands -- worth \$50.00

On the second Sunday of the rodeo, Gustafson, feeling "his oats" was back in the same contest. This time the bull won out by sending Gustafson to the prison hospital where medical repairs his broken nose and bruised ribs.

Gustafson was back in the contest on the third Sunday, but he managed to stay away from "Big Red".

However, Gustafson's luck returned for the final performance of the 1964 series. On this occasion Gustafson had "Big Red" under control and before the event ended he had the money sack clutched in his right hand.

Added if he planned to compete in the contest during the 1965 rodeo, Gustafson had this to say: "I'm not a hero. I'm scared when I'm out there. But right now, I'm broke, so I guess I'll be out there again, trying my luck for more money."

The dates of the 34th Annual Texas Prison Rodeo are October 3, 10, 17, 24, and 31. It is held in the prison stadium here beginning at 2 p.m.

Reserved seats tickets at \$2.40, \$3.75, \$4.40, and \$4.90 each, may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, 77340, enclosing check or money order. Not proceeds from ticket sales go to furnish spiritual, educational, recreational and medical services to nearly 13,000 inmates of the Texas Department of Corrections.

CHINCH BUGS AGAIN ACTIVE IN LAWN

If homeowners notice yellow or brown patches in their St. Augustinegrass lawns, they should check for chinch bug infestation, says Clinton Currie, County agent. He points out that many severe cases of lawn damage by chinch bugs have been reported in Tyler County this year.

Chinch bug damage is usually caused by nymphs (young) which congregate on the sheaths of lower leaves and suck juices from grass plants. This results in wilting and eventual death of the grass.

Adult chinch bugs are one sixth of an inch long, with black bodies, reddish yellow legs and fully developed wings. Newly hatched nymphs are bright red with a whitish band across the back, Currie adds.

If chinch bugs are present in sufficient numbers to cause yellow or brown patches to appear, they can usually be found by parting grass in damaged areas and using a trowel to place. They will appear as small black or red bugs with white markings on their backs.

Currie explains that a gallon can with both ends removed can be used as a sure detective for chinch bugs. This is done by forcing one end of the can two or three inches into the ground and filling it with water. Any chinch bugs present will float to the surface within five minutes. The can is to be placed at the edge of the damaged area.

Control measures should be started immediately if chinch bugs are found. Edilion, Triflotion and Diazinon are among several insecticides which may be applied either as a spray or dry granular form. Lawns should be wet when sprays are applied. Granular forms do not require lawns to be wet when applied, but they should be washed into the turf mat after application.

The entire lawn should be treated thoroughly, giving particular attention to areas obviously infested. Continued observation for chinch bugs should be made because one insecticidal treatment rarely prevents damage for a whole season.

Currie advises homeowners to check with local county agents for recommended insecticides and method of application for chinch bug control.

ALLAN SHIVERS LIBRARY NEWS

New readers joining our Texas Reading Club were Kathy Thomas, Linda Cain, Rhonda Ann Bowen, Benga Hays, David Sundin, and Janis Clow. The reading certificates are now ready for all club members.

The library will be closed Labor Day, September 6, according to Dicy Collins, librarian.

A list of interesting books are: "How to Stop Smoking in Five Days" by Dr. J.W. McFarland; "A Guide to Successful Entertaining" by Stanton; Herbert Hoover on Growing Up" "Wild Flowers of America" by Lemmon; "Armageddon" by Leon Uris; "Fire and Book of Dog Stories" by Goodman; "Bird Watchers Guide" by Collins; and "The History of Professional Football" by Clausen.

Among the new magazines received each month are "Organic Gardening", "Sports Illustrated", "Natural History", and "Boys Life". Mrs. Shivers has also given us several years' issues of the magazine "Antiques" for those who love to collect and study about antiques. These magazines may be checked out. The library welcomes any back issues of good magazines as we now have a "Reader's Guide of Periodicals."

In Norman Vincent Peal's book "The Power of Positive Thinking" he states that if happiness is determined by our thoughts, it is necessary to drive off the thoughts which make for depression and discouragement.

NOTICE

Those who have genealogies, or family trees, are urged to bring them to the County Library so that they may be bound and kept on permanent record. This will enable us to learn the ancestors of some of our interesting citizens.

GARDENING NOTES

By J.L. CRUSE

Two very good plants for summertime blooms are the portulaca (moss rose) and torenia, both which love hot weather and can stand a lot of dry weather but do better with some water. Both of these plants when once started keep coming back from seed dropped the previous year. The torenia will not germinate until the weather gets hot, usually late June and later. These little plants grow to a height of six to eight inches and if given room will make a clump from twelve to sixteen inches across. The color of bloom is

a two-tone blue, very bright. These also come in white. If given room, some water and allowed to grow, they will make a complete ground cover and will bloom until frost. To do their best these plants should be spaced ten to twelve inches apart. They will do well in any good garden soil. The portulaca is a better known plant and makes a nice border plant or solid beds. This comes in all colors and in both single and double blossoms. This stands more dry weather than most plants. The only drawback to portulaca is that the blooms usually close up at mid-day unless its stays cloudy. It's getting a little late to start these plants now, but anyone interested in trying these next season should take notes and get in on an early start next year. This is a good practice for anyone to use. Take notes on new ideas or anything you would like to try next year. In this way one has records to check back on and won't have to depend on memory alone.

H.E. Powell killed this big rattlesnake Friday afternoon near his home six miles west of Woodville near Cypress Creek. Mr. Powell said that his dogs bayed the snake, and that he went to see what they were barking at and found the rattler coiled near the highway. He sent for his gun and when his son could not find shells for it, he killed the snake with a hoe after a short struggle. The rattler was five feet long—not an unusual length—but was extra large, measuring nine inches around the largest part of its body. It weighed five pounds. Mr. Powell said that he wanted to warn anyone else running across a big rattler with nothing but a hoe for a weapon that "a hoe handle is not near long enough" for the task.

Will East Texas Again Have Wild Turkey?

W.R. LONG

Parks & Wildlife Department wildlife biologists, headed by Bob Van Cleave of Tyler, have crossed their fingers and wondered if the Eastern wild turkey released in southeast Texas will be the nucleus of a good huntable population of these game birds sometime in the future. Indications are presently good that a yes answer is likely.

The arid-land native Rio Grande species of turkey, tried in the southeast Texas area, doesn't seem to do well with heavy rainfall and excess moisture, so the biologists have air-lifted an Eastern bird into the Lower Neches and Alabama Creek Wildlife Areas, and near the community of Chester. First released in 1959, with additional birds turned loose in the next few years to supplement the population, the wildlife men say things are looking good indeed.

The Lower Neches Area has had 30 Florida turkeys released, birds that thrive in moist, swampy localities, plus a small release of 14 Rio Grande turkeys. The Alabama Creek Area has had a total of 30 birds from South Carolina and Georgia, and near Chester the biologists have stocked 24 Florida turkeys. These 98 birds have gone dutifully about their homemaking habits and are extending their range over several miles, with many offspring tagging along behind. Counting turkey noses isn't the simplest thing in the world, the best census figures are actually a "guesstimate" on the part of the biologists. They attribute a present population of 550 to 700 birds in the three areas, with 400 to 500 on Lower Neches, 100 to 150 on Alabama Creek and 50 to 60 near Chester.

East Texas may again, some distant day, be able to look down the sights at a kind of wild bird tribe, the wild turkey.

fecting the nerves and respiratory systems; diamondback venom is hemotoxic, causing poisoning of the blood.

The wardens say that all venomous snakes do not have triangular heads, they do not necessarily have blunt tails, there is no snake that forms a hoop and rolls down the hill, none that milk a cow, and none with a singer on the tail. Snakes, they say, are definitely not slimy, but have skins resembling well-tanned, expensive leather.

Theo (Cotton) Miles, coach of Woodrow Wilson High School in Dallas, is shown with a limit of bass which he caught at Lake O-the-Pines near White Oak on August 22. Miles fished out of Texas Village Lodge with guide Bob Peery. He used crame worms and Cast-atoms for bait. Miles is a former coach at White Oak High School. (For more about Miles see Sports Roundup).

Hillister Notes

The Rev. Grady Elliott of San Augustine brought the morning and evening messages at the Baptist church Sunday. He and Mrs. Elliott were guests of Mr. and Mrs. Earl Williams. Mr. and Mrs. Joe Williams of Broadus were also Sunday visitors in the Williams home. Woodrow Abbott of Hattiesburg, Miss., was here last week for a visit with his sister Mrs. Ben Whiteaker and family and Mr. and Mrs. J.M. Abbott. Mrs. Ernestine Tarver and daughters of Beaumont visited her mother, Mrs. Alma Hankins last week. Rhonda Dudley of Nacogdoches is here for a visit with Pam Allison. Mr. and Mrs. Ben Whiteaker and Gary spent Sunday in Nederland with their daughter, Mrs. Ruben Bean and family. The

MEN'S BOWLING NEWS

by Freda Eaves

The Turkey Dogs evidently know that Thanksgiving does not come until November and they saved their necks from the axe again this week by taking a deep sweep of 4 games from J.B. Best & Company and the bird dogs have now increased their first place lead to 9 1/2 games. Billy Gene Martin continued to rule the roost for the Turkey Dogs as he mixed the pins up for a series of 550. Buzz Eaves posted a series of 517 for his night's work and T.L. Gully trotted out a 220 game on his way to a 501 series. It is debatable as to whether or not the Turkey Dogs felt more at ease by having the local veterinarian, Bill "Doc" Nichols, in the pen with them this week. In addition to his medical practice, the Doctor is more noted for his skill at hitting a little white ball with a club or an iron rather than rolling a big heavy black ball, but Nichols came through just like the "pro" Monday night. He shot his first 2 games just like Arnold Palmer and rolled his last game like a Don Carter.

J.B. Best & Company sold all of their games at a wholesale price, thus causing them to drop from third to fourth place in the league standings at this point. The only man who showed a real profit for the lost cause was Paul Thomas with his good series of 551.

Rainbo Bread regained some of the freshness they lost last week. The two top scores for the second place Rainbo team were Paul Hill and J.D. Vinson, who teamed together to win 3 games and lost 1 to Mann Furniture Company. Hill hit a 212 game and tallied a whopping 530 series while good scoring was coming from Vinson with his series of 519.

For Mann Furniture Company Tom McGuire established himself with a powerful 535 series behind a high game of 199. If McGuire's teammates had just been able to score a few more pins, they would have won 2 or more games from Rainbo. Wee, that's the way the ball rolls sometimes. Jack Lane Ford, Inc. drove up from 4th to 3rd place this week by winning 3 and losing 1 to J.L. Veal Lumber Company. The Spark plug for the Ford team was Lonnie Grissom with a 204 game and a 530 series and Wayne Harndon fired up a high game of 177. The timbermen from the Veal mill at Chester must have given Travis "Shorty" Barnes a little pep talk after the way he bowled last week. Barnes redeemed himself this week and tallied a series of 507 but Bill Mc Hickman scored the highest game for the team with a solid 194.

SPORTS NEWS

Now to drop down and take a look at the area teams. Since Fort Acres ranks high in pre-season state competition, it would be expected that they would be a cinch to take District 22-AA. But remember last year when Kirby High Eagles of Woodville gave the Fort Acres crew a run for their money in a wild game that was decided only in the last minute?

So you will have to list Woodville as a real dark horse this year. And if Port Acres or Woodville falter just a little, Little Cypress and Kountze both believe they can take the district title this year. Kirbyville will be improved, but not enough.

Now to take a quick gander at other districts: DISTRICT 9-AAA—Silsbee and Bridge City will likely contend for the title here. Liberty is rebuilding and Jasper will be better than last year, but how much better remains to be seen. West Orange, Vidor and Forest Park of Beaumont will struggle to remain out of the cellar.

DISTRICT 21-AA—Cleveland the defending champion, will have to pull a miracle or two to repeat. Crockett and Rusk will vie for the top spot, and some think Crockett has it this year.

Jack Ogden

That leaves Livingston as the district's dark horse, and the Lions have surprised before. They have some good men back. DISTRICT 20-A—San Augustine thinks it has the manpower to take the district again this year, and it is possible that they have. But Shelbyville and Garrison will have to be convinced. Shelbyville especially seems to be in a position to come out on top. Timson, Joquin and Hemphill will play with high hopes but little chance unless one of them can come up with a real surprise.

DISTRICT 26-A—In this district it looks like East Chambers this year. Of course, Hull-Dale-etta can't be ruled out, but they are not the usual cinch as they have been in the past few years. Hardin and Tarkington will be stronger, and Warren can come through with a contending team also. Orangefield and West Hardin are also in the district.

DISTRICT 21-A—There are eight teams in this district, and at least half of them believe they can win the title. And there does seem to be a chance for three of them to contend for the district title. We'll list teams in order of their relative strength on paper, and you figure in the intangibles and pick your own choice: Grapeland, Eldhart, Alinity, Groveton, Corrigan, and Diboll.

By the way, getting back to Cotton Miles for a moment, he was here a few days ago and brother Obo, who lives east of Woodville, reports Cotton is also a top fisherman. He caught a good string of bass out at the Neches River (we almost said Dam B Reservoir, but there is little but green grass there.) Add info: Max Alvis, the Cleveland baseball great, is partner in an insurance agency in Woodville now. Max and fellow townsman Arnon Rhodes bought the Woodville Insurance Agency from Mrs. P.H. Powell. Alvis and Rhodes are Jasperites.

The Pony League team of Colmesneil ended their baseball season Sunday afternoon on home plate of their practice field by presenting their manager, Jack Ogden, a trophy of appreciation of his leadership and encouragement during this baseball season. The boys say at this time "All we need now to really have a championship team is a lighted home field. We hope that some day this goal will be achieved."

Boys pictured are: standing Donny Graham, Jack Ogden, Jr., Larry Graham, Randall K. Belt, Thomas Earl Rawls. Seated: Gary Reagan, Jerry Max Lamb, Chris Hightower and Timothy Durr. Members not present are: E.T. Blackney, Jr., Arthur Flowers, Roger McKee and David Mays. The trophy will be on display at Ogden Chevrolet in Colmesneil.

Hunt, Fish Licenses Are on Way

AUSTIN, Texas (Sp.)—The annual scramble for hunting and fishing licenses will be eased this all by earlier shipment of the permits to the approximately 2,500 dealers throughout the state. Bill Marks of the Texas Parks and Wildlife Department staff said arrangements have been advanced to have all licenses in the hands of dealers considerably before the new state fiscal year begins September 1. The total consignments will comprise 775,000 fishing licenses and 738,000 hunting licenses of which 175,000 will be exempt hunting licenses. In the past, last-minute deliveries caused much inconvenience among sportsmen and also a sizable problem for the harassed dealers, said Marks. Sale of the licenses provides more than half of the revenue needed to finance departmental operations. The sports fishing license costs \$2.15 and the resident hunting license \$3.15. Those under 17 and older than 65 years are exempt but in the case of deer hunting, a special exempt license to provide the proper tags is needed.

last week in the Harmony community with Mr. and Mrs. Byron Laseby. Mrs. J.W. DeRamus and David were Saturday visitors in Beaumont and Orange. Mr. and Mrs. Clinton Collier enjoyed a visit in Jasper Saturday. The Rev. James Lane of Port Arthur spent the weekend with his parents Mr. and Mrs. N.W. Lane. Marianne DeRamus is at home after spending the week in Beaumont with Beverly Haynes. Mrs. Paul Selz, Susan and Mark returned to their home in Dallas after spending the week with her parents, Mr. and Mrs. E.N. Read. Mrs. Lou Read went home with them for the week.
