Reply to the Taxpayer of the Warren Independent School District:

During the months of October and November between 50 and 60 citizens of the Warren Independent School District held meetings to determine the needs of the Ward School. Several of the men and women were representatives of every community involved. These citizens met at the request of the school board but not under their supervision.

After several meetings of the various committees, they met as a group and formed their recommendations which were later presented to the school board.

Among the recommendations of this citizens advisory committee was that a new high school be built on land that has already been used for school buildings.

The school board,

After

curious of penmanship but several checks turned up which appeared to be her signature. In the composition of her signature, she had been blind for the final 20 years. She had not been able to write her name. And the signatures on the checks had the wobbly, halting character of her handwriting.

Yet there was something peculiar about the signatures. Invariably, the dots over the 'e's and 'i's placed equally far apart, indicating a bind.

As for the rest of the signatures, the 'y' can clearly be established. Careful study and planning went into these recommendations.

Now we visited the schools lately. I dare say your taxpayer's, True, Mr. Taxpayer, our present high school handled the enrollment this year and can be expected to do so next year. But what about the next and the next? The elementary and junior high are crowded for space now. What rate of training allowance?

Q--"I receive \$125 a month for training under G.I. Bill. My wife and I expect our first child soon. What must I do to receive the \$150 rate of training allowance?"

A--"Notify the VA as soon as the birth is born. The VA will happen to those students when they get their already completed high school."

There are 30 prospective candidates for graduation in May, 1967. There are 75 in the eighth grade to enter high school next fall. The state law allows only 55 per class which means that the present eighth grade class will have to be divided into three groups.

I also urge all the people who read this to register to vote but not for the reasons you give.

To vote in America is a privilege and duty which should be exercised. I urge you to register and exercise your democratic right of freedom of choice.

As one judge put it:

"Handwriting is always in some degree the reflex of the nervous system of the writer, which unconsciously causes him to stamp his individuality in his writing."

Q--"Do I have to report as income the interest earned on my Series E Bonds when I complete the annual income tax return?"

A--"No, if you don't cash the bonds, interest earned should be reported only for the calendar year in which the bonds are cashed."

Q--"Is my health reservable for training under P.L. 89-287?"

A--"No, since this was short term training purposes only."

This is based wholly on the present enrollment without allowing for any growth whatsoever. If you are aware of what is going on in the school

TYLER COUNTY BOOSTER

CHESTER INDEPENDENT SCHOOL DISTRICT
P. O. Box 25, Chester, Texas 75936

NOTICE OF SCHOOL DESEGREGATION PLAN UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

This notice is made available to inform you about the desegregation of our schools. Keep a copy of this notice. It will answer many questions about school desegregation.

1. DESEGREGATION PLAN IN EFFECT

The Chester public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color or national origin.

2. THIRTY-DAY SPRING CHOICE PERIOD

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on January 18 and close February 17, 1967.

3. EXPLANATORY LETTERS AND SCHOOL CHOICE FORMS

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

4. RETURNING THE CHOICE FORMS

Parents and students, at their option, may return the completed choice forms by mail to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

5. CHOICE FORM INFORMATION

The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.

6. COURSE AND PROGRAM INFORMATION

To guide students and parents in making a choice of school, a copy of course offerings from each school will be furnished the parents and students by letter.

7. SIGNING THE CHOICE FORM

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 16 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

Form 44(p)(5)(a) - Revised December, 1966.

8. PROCESSING OF CHOICES

No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

9. NOTICE OF ASSIGNMENT SECOND CHOICE

All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in the system where space is available.

10. STUDENTS MOVING INTO THE COMMUNITY

A choice of school for any student who will be new to the school system may be made during the spring 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the spring 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

11. STUDENTS ENTERING FIRST GRADE

The parent or other adult person acting as parent of every child entering the first grade, is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

12. PRIORITY OF LATE CHOICES

No choices made after the end of the spring 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

13. TESTS, HEALTH RECORDS AND OTHER ENTRANCE REQUIREMENTS

Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

14. CHOICES ONCE MADE CANNOT BE ALTERED

Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.

15. SIGNING THE CHOICE FORM

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 16 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

15. ALL OTHER ASPECTS OF SCHOOLS DESSEGREGATED

All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also operate on a desegregated basis. Facilities will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

16. ATTENDANCE ACROSS SCHOOL SYSTEM LINE

No arrangement will be made, or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin.
