TOWER REPORTS

While I realize that all of us have our attention riveted on the Vietnam situation, the exclusion of anything else—just like for you to think with me this week about the other side of the world.

It is obvious that the addition of British and French troops to NATO's Mediterranean flank would help very much to offset increased Soviet pressures in that area.

State attention continues to center on the embattled Texas Liquor Control Board...

It was clear to me, from just brief signs in several European cities that the NATO nations are not only able to, but anxious to, make increasing contributions to our Atlantic Alliance.

THE NEWS in Brief

Recently I have been seeing many bad advertisements in some of the larger city newspapers advertising USDA Grade Y steaks.

CHICKEN IN A PAPER BAG

Chicken in a paper bag is a simple method of preparing a delicious meal. The estimate yields of steak and roast for the different yield grades are as follows:

From the above figures the yield grade 5 carcasses would not be a very good buy unless they are priced low.

Bring the chicken to the table in the paper bag. Make a little ceremony of cutting the paper away from the top with some kitchen scissors.

A novel approach to take the pinch and guesswork out of selecting ripe avocados has been developed.

This sensitized royal purple sticker is attached to each avocado after it's picked.
