By WILEY POSTON

Your Tyler County Booster is a firm believer in doing our best to keep the local news covered, and with pictures when possible. Bob Jackson, Jack Allerton, Chuck Stamps and yours truly covered the results. of the first round of judging by the Kingsmen in selecting our '68' Dogwood Festival queen. As a result, Booster Bits stayed busy delivering more papers to our news stands Saturday afternoon. By the time this week's paper gets out, and as you can see, we have the pictures of the five finalist, Frankly, I had rather fight agrizzly bear in a briar patch than to have to pick the winner for the 68 queen, Everyone of the . contestants we saw would make excellent queen material, A

sweet, pretty and talented group if I ever saw one. My, very good friend Elmer. Hill with Kirby handed me a paper he had prepared telling of the advantages of surveying as a creer for young men getready to make their bid for a place in this turbulent world of ours, Elmer is chairman of the Educational Committee of the Surveyors Association and a very dedicated man to his profession. It is amazing what fine opportunities the field of surveying offers and along with a well paying profession, it gives one a chance to be on a job that not only determines the metes and boundries of our land, but affords an outdoor life that can prove healthful and exciting. We passed the paper or to our number two son Charlie Poston, and I think it would be good for field of endeavor to their children, and especially if the child interest in history. I feel sure that Elmer Hill would be glad thy of consideration. My only problem when trying to talk with Elmer is that we always get off on the subject of Trinity county where we both first saw the light of this ole world. We had a little technical problem last Sunday morning in Pilgrim Rest Baptist Church here in Woodville at 9 a.m. We are sorry we missed the program, and to the many listeners who called us, we would

Rehabilitation Services Offered By Easter Seal

Paul Powell.

Persons with physical handicaps who need treatment and service in Tyler county may find the services they need through J. B. "Toby" Spurlock who is the Tyler county epresentative of the Easte Seal Society for Crippled Children and Adults of Texas. The Easter Seal Society offers rehabilitation services to children and adults with physical disabilities including speech and hearing problems, according to Mr. Spurlock. The Society also operates an

information and referral service that will direct residents of Tyler county to other appropriate sources of health and welfare aid in the area, he said. Mr. Spurlock urged parents. doctors, nurses, clergymen and other individuals and organizations to refer handicapped persons who need assistance to the Easter Seal Society by contacting him at Citizens State Bank, Woodville.

The Texas Easter Seal Soclety helps support 21 treatment centers where services are provided to crimpled children and adults regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped to overcome their disabilities. The Easter Seal program is financed by contributions made during the Easter Seal Cam-...

paign which is now under way. and will continue until April 4. Easter Sunday. During 1967 the Texas Easter Seal Society provided treatment and services for 16,522 children and adults with a variety of physical handicaps. Mr. Spurlock urged that contributions to the 1968 Eas-

THE GREAT WIDE-TRACK DRIVE IS ON!

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. He's out to smash sale: records for the 7th straight year.

It seems ridiculous that the United States and especially people in Texas worried over Jean LaFitte, when a few-years before the Barbary Coast pirates actually demanded and got tribute from this country.

LaFitte, that gentleman pirate who operated for so many years from a base on Galveston island, was piddling, compared to Morocco, Algeria, Tripoli and the traditional needle, and pictured above is Teresa Mc- Tunis, the four pirate states Grew with LVN Marguerite Pate after receiving a shot from that lined the African coast of Dr. R. Even though American spiling vessels were not interested in being saluted, Tunis banged away, counting those barrels of gun powder, which she turned around and used to capture American ships. . . The Marines finally stopped all this. Remember . "to" the shores of Tripoli?"

The Conestogs wagoners drove the famous Conestogas as freight wagons, the use for which they were originally intended. As did the mountain men, the river boat men and every other group which followed an individualistic trade or style of life, the men who drove the Conestogas identified themselves with special clothes and habits.

One such habit was smoking four for a penny cigars. These cigars got the name "Concstowhich later was short-. ened to "stogles," a term we still use when referring to cigars and especially smelly
