Been by the Bluff Street and Magnolia intersection lately. Well, you'll see something new when you do. There is a great big new sign that stands out loud and clear. One side says way, while on the side approaching from the east, you'll see Whitton Furniture and Applia-This is an eye catcher and frankly, we think it adds to the attractiveness of the corner. It is bound to make tourists think that we are trying to

stop folks on their way through. We had the pleasure of visiting Camp Urland Saturday aftermoon to try and get a few photos of the awards passed out for the weekend Camperee. We saw good friends from all over East Texas and had a wonderful time. We never realized the importance of Scouting til we get to visiting with some of our adult Scout leaders in the area and see their faces light up when they start telling about the accomplishments of their troops, packs, or patrols. It is grathlying to know that we still have adults that are willing to give . of their time and money to help mold the future life of our youngsters. We saw our friend Bobby Kinnon, Max Graham, Webb Ashworth, Louis Hudson, Charles Beard, and others from Tyler County, plus Mr. Fender, Mr. Brough, Bob Shoemake, and many others too many to mention here, from other areas. To save my life I just can't. envision any future "hippies," trip takers, vandals, and demonstrators" in those, fine youngsters I saw at Urland. But I could envision men that have, been taught the right way of up for our great Nation in times of peril or in-times if happiness. I also have to admit that a lump came in my throat and a tear in my eyes when I saw those Scouts and their leaders standing at attention and saluting when the Stars and Stripes were lowered; and when I saw the sincerety and tenderness in which that grand old Flag was folded and put away. I also can't help but feeling that the right ONE was Tistening when a lot of us,

public use of several roads through land owned by timber companies in southern Tyler County.

Plaintiffs in the case weremembers of the Jasper, Newton, Tyler and Hardin Countles Dog and Wildlife Protective Association. The defendants were four land companies with holdings in the area.

The suit was originally filed against Eastex Wildlife Protective Association, with headquarters' in Silsbee, and the timber companies from whom Eastex had land leased for hunting and fishing rights for its members. However, Judge H. A. Coe granted Eastex a request to transfer their case to Hardin County for a trial at a later date. The trial, which involved ro-

ads through timber company land in the Neches River bottoms, had taken three weeks to try. Bulk of the testimony involved three roads known as Joe's Lake Road, Bush Lake Road, and Sandy Creek Loop Road. The defendants contended that the roads were private roads and could be closed by them at their determination. The plaintiffs contended that the roads had been used by the public for as long as living man can remember and that through use and maintenance by the county they had become public roads.

Plaintiffs were represented by Gene-Barrington of Kountze and Silsbee. B. F. Whitworth of Jasper, Josiah Wheat of Woriville, and Joyce Cox and Jim. Packenhan of Houston represented the timber companies.

JOHNNY GRAY'S CITIZENS OF

TYLER COUNTY: The petition for "The legal sale of all alcholic beverages for off premiseconsumption only" is discontinued because several people withdrew their names from the original application for petition. I am sorry this happened because we worked very hard on this petition and we had 120 names on the petition in less than a weeks time and I think the people have. a right to vote on it. I do not blame anyone for taking their names off the list. I wish to thank the many people that helped and supported this petition. If enough people are interested and will contact me. I will start another petition and if I get the support I will change it to countywide if necessary. I cannot do:

this by myself. We need your support or it will be forgotten. Thank you, Johnny Grav Chairman
