Eagles Clinch District Crown

Booster

By WILEY POSTON

Gotta hand it to those Woodfans. Any team that could win a ball game in that "blizard" at Hemphill last Friday night has to be a "winning" team, and the fans that weathered it to watch the Eagles win, have... just got to be devoted loving supporters. In fact we believe that Carolyn Allison got as wet, action was confined to the midand played as hard as son Sidney Allison who played a bang forward to the Buna game alchamps right now.

Our Woodville Lion's Club sure did a good job with their. mon and broom sale last week. Chairman Doug Tolbert and his crew went over the top and the proceeds will go to help a lot of children get glasses that wouldn't be able to get them were it not for the untiring efforts of our Woodville Lions. Thanks guys for making Tyler County a won-

derful place to be. Had a lot of reaction from our picture being in the Pineywoods Press last week along with that other Monkey and Pete Winters. If you haven't visited Winters Shoe Store on East Bluff and seen the monkeys, birds, fish etc., then you have missed a treat. After the little monkey named Wiley got so friendly and acted like he had known me for a long time. I wrote some of my elder relatives to confirm that my great grandpappy did come from Trinity County. However, since my mother's people were from Tyler County. I got reassured that although there were some "monkeys" in the family, they weren't the tree climbing variety, so I guess my ancestry is well enough tound that I can have my picture taken with a monkey without worrying about folks getting us mixed up.
