Booster Bits

By WILEY POSTON

Our friend Jiggs Kenneson put us on to something good in the way of Santa Claus flags. We hope ours will be here by the time we get the paper out. You probably have noticed them at J. B. Best Company and Gassiot's. Best Pharmacy and the Booster hope to get ours up to help add to the Charlton Street decorations. The only problem Mr. Richard Best and Chuck Stamps is having is the fact that Jiggs made those Candy Striped poles the flags are on and he did such a good job of it that he is a little reluctant to give us his blueprints. No, we were just kidding because Ole Pal Jiggs is very co-operative in any good civic project and we appreciate him.

Jethro Holmes and his Ox team, Tom and Jerry, made a surprise appearance at the Dogwood Motor Hotel last Saturday and we had an interview on the radio with them. Had a little trouble getting Jethro to talk but Ole Tom and Jerry talked very freely. Well, not exactly talk, but a lot of bellowing. It is great to know the publicity Woodville and Tyler County has received from Jethro and his now famous Ox Team. We have people from all over the country asking us about this very colorful attraction. Now if you think Tom and Jerry are something, just wait till you see the two young Oxen Jethro is raising and training. . . they are going to be whoppers and if Tom and Jerry don't get jealous, and refuse to work with them, we are going to see two yokes at work for Jethro.

Ran into my Ole Pal Paul Pitts downtown Woodville recently. It is always good to see Paul, and as you know, he is associated with Hugh Pitts and Associates of Houston. This firm is doing a good job of promoting East Texas which naturally has a soft spot in their hearts. I told Paul I was sure glad he was here because his Mother and I were having a terrible time with his Dad Enoch Pitts. It seems that Enoch wanted to hitch up some goats to a sleigh and put on a Santa Claus parade of his own. We wanted Paul to help us convince his Dad that goats aren't as easy herded on paved streets as they are in a pasture, and besides, most folks now days can tell a goat from a reindeer.

Chuck Stamps and I went to Diboll recently on a little mission of mercy in behalf of KVLL, and ran into enough "wheels" that we knew to build an ox-wagon. Arthur Temple Jr., Neal Pickett, Sen. Charles Wilson, Diboll Mayor Clyde Thompson, contractor R. B. Thompson, and others. We reminded them that Tyler County was the hunting and fishing capital of East Texas with more industrial and recreational potential than any place we knew since it was located in the heart of the great lakes complex of East Texas. Our compositing room specialist, Sharon Wright said I made the following quotations and should include "it in my memoirs"; "It's not what you want or need, it's what you end up with that counts". If Shirley, George, Chuck, Carolyn and Scott agree, we will include this quote when we write the big finale.

Alford, chamber of commerce president, appeared at the meeting to present the group's request on widening two city streets. These are Wheat street south of the court house, which the chamber suggested be widened the full length of the block to "correspond" with the present parking inset for county officials. The city and county will have to meet to work out an agreement. The other street improvement is on Kelley Boulevard, which the chamber suggests be improved by removing the center obstruction. Traffic around the hospital is sometimes congested and removing the center curbing will allow more mobility for motorists.

Two prisoners escaped from the Tyler County jail Saturday through a bar on a window, bending it down until it snapped in two at a place that had previously been welded and crawled through it. Two prisoners are still at large Tuesday night.

They are John David Higgins and Timothy Wayne Reeves. Higgins, a 19-year-old Negro charged with an assault on a motorist, was captured Tuesday afternoon. Reeves was still at large Tuesday night.

The two apartments built through the bar Sunday night were still under construction. The bar was bent downward and snapped in two at a place where it had been welded after a similar escape by a prisoner two years ago.

Sheriff Grady Ray and deputies H. J. Vardeman and Fred Cole notified officers throughout Southeast Texas which resulted in the capture of Higgins. Higgins had a criminal record including a rape conviction. A parole board hearing on another inmate's appeal is scheduled for Saturday.

Reeves, formerly in the armed forces at Fort Ord, California, was charged with several felonies, formerly was a fugitive in the Warren area.

Alford, president of the Tyler County Chamber of Commerce, appeared before the commissioners to request that Wheat Street on the south side of the court house be widened to accommodate the present office building used for parking the full width of the block both east and west. The commissioners took the request under advisement, saying they will have to work out an agreement with the city. Mr. Alford also requested, on behalf of the chamber, the Kelley Boulevard east of Tyler County Hospital be improved by making the driving area wider. This will greatly relieve the congested condition caused by motor traffic along the street.

STATE CAPITOL HIGHLIGHTS & SIDELIGHTS

By Vern Sanford

A drastic plan to overcome the state's shortage of school teachers will be presented to the 1969 Legislature.

Proposals will come from the Coordinating Board, which is responsible for administering public education in Texas beyond the high school level.

Their multi-pronged program would include doubling first-year enrollments in existing state medical schools.

In Galveston, Dallas and San Antonio, 200 to 300 medical students would be added to each of the existing schools.

Also, Texas Tech would be authorized to start planning for a new medical school in El Paso.

DPS Operation Motorcade Will Set For Holidays

A warning that persons may die in traffic accidents in Texas during the Christmas and New Year's holiday periods was issued today by Colonel Wilson E. (Pat) Speer, director of the Texas Department of Public Safety.

Speer said the DPS will activate a special "Operation Motorcade" in an effort to remove unsafe drivers from the roads and lower the holiday traffic death toll.

As part of this program, all available DPS officers will be on duty during the two holiday periods. In addition, Speer noted that the Department will make full use of radar, helicopters, and VASCAR as enforcement aids to officers.

"Operation Motorcade will be in effect from 6 p.m. Tuesday, December 24 to midnight Wednesday, December 25, and from 6 p.m. Tuesday, December 31 to midnight Wednesday, January 1," Speer said. "DPS Statistical-Service estimates that 19 persons will be killed in traffic accidents in the state during the Christmas period, with 14 fatalities estimated for the New Year's period," he added.

VASCAR, which stands for "Visual Average Speed Computer and Recorder," is computerized device carried in some Highway Patrol cars which enables the patrolman to accurately check speeders while in any direction, even while the patrol car is in motion.

YARBOROUGH NEWSLETTER

By U. S. SENATOR RALPH YARBOROUGH

One of the most important questions that have before me after my January 20 inauguration is how to improve Social Security for all Americans who depend on it for their livelihood.

During the first session of the 90th Congress, President Johnson proposed a graduated increase of 15 to 20 per cent in payments under the old age, survivors and disability insurance sections of the Social Security Act. Unfortunately, Congress has not been able to act on this proposal.

I hope the 91st Congress and the new administration will work to strengthen our Social Security system and increase retirement and disability payments to qualified Americans.

America is a nation that cares about all of its citizens, and our Social Security program is evidence of our concern for them.

Today, 1,197,000 Texans are receiving Social Security old age and survivors payments. For many of them, their Social Security payments are their only source of income.

I believe that the 91st Congress and the new administration will work to strengthen our Social Security system and increase retirement and disability payments to qualified Americans.
