## Booster Bits

By WILEY POSTON

Had a real nice visit with Mr. and Mrs. A. B. See from Town Bluff last Saturday morning. They sure are nice folks and are very enthusiastic about this part of the country. Mr. See works at a refinery in Port Neches, and is very proud of his Town Bluff home. They were telling us about other folks at Town Bluff that were working on their homes and helping us all build a better Tyler County. Folks like Earl Hall family, the Ray James, Lewis Oliver, and the Roy Duncan families, plus others. A lot of us are prone to sit back and not know what is really going on in Tyler County, and what a growth is really taking place.

I was sincerely grieved at the loss of one of our fine ladies in the Dam B community. We are referring to Mrs. Inez Walker, wife of my dear friend and relative, John T. Walker. It is very hard to find words to offer sympathy when a wonderful wife and mother such as she was, is taken from her loved ones, but as I told her son, Jewel Walker, she has won a victory and the memory of the fine Christian life she led, should be a shining example for all of us to follow. It was good to know that her pastor, Rev. John Spahnank, was with her and the family when she passed away. But to the family, I would like to say God bless you all, and we share your grief in this hour.

Fred and Novell Platt brought me a clipping from an American Legion magazine that we are printing in the Booster. It sure hits the nail on the head as far as we are concerned. It is a legacy a soldier leaves to long haired protestors.

If you don't think Dam B is still one of the favorite vacation spots in the country, then you should have seen it over the Memorial Day holiday... people and boats... there sure was a lot of them. I can't help but believe that Woodville and Tyler County is missing a good bet by not playing Dam B up more. It may be smaller than Rayburn, Toledo, and Livingston lakes, but it is the best boating and fishing lake now of all of them because it is not plagued by the high waves during winds that make the others so dangerous, and the records prove that fishing is more "consistent" there.

Well, our pal and co-worker Sharon Wright is on her vacation this week and we hope she has a good time. We always miss Sharon because she is a real little workhorse when it comes to putting the Booster together. Sharon does most of the ad make-up, the society page, classified etc. Nevertheless, Shirley and Bulah under the careful guidance of Chuck Stamps will hold down in true fashion. Since we are writing our column before the paper is made up, we are anxious to see what bits of wisdom Chuck will come up with concerning Sharon's vacation.

People we know department: The Tolar family doing a fine job of providing many services to the community through Magnolia Drive In Grocery, Washeries, Kar Wash etc. My dear friend Rev. Rowat Smith doing a fine job as administrator of Woodville Nursing Center, which is expanding rapidly, plus serving as a dedicated pastor too. Jethro Holmes forsaking ole Tom and Jerry long enough to help ole Booster bits get the "jerk" cleaned up and about a ton of paper hauled off. Western Auto's Jim Gainsy bringing a great singer, Wayne Harrison by to sing a number on our Saturday afternoon jamboree. And our pal Bill Mack doing triple duty as announcer and salesman for the radio station, salesman for the Booster, and still doing a fine job as pastor of the First Christian Church in Woodville. Last but not least, my pal Jiggs Kennesson of J. B. Best Company with the greenest green sports coat on I have ever seen.
