ETBC Chorus Performs First Swiss Concert

The Swiss tradition of silence following a musical performance in church was shattered July 24 at the first concert performed by the Concert Choir of East Texas Baptist College, Marshall, and the Ostschevizer Kammerorchester of St. Gallen, Switzerland.

The occasion was the first in a series of 19 European concerts before a capacity crowd in the Evangelical Protestant Church, Tinsley, officiated by the Rev. Dr. J. B. Best.

Under the direction of rising young Swiss conductor Urs Schuster, the chorus and orchestra delivered a resounding hour and a half program, to the manumoth church sanctuary before an audience of local townspeople as well as the hosts of German, Austrian, and Swiss music critics.

The orchestra and chorus performed a variety of music, including Beethoven's "Mass in G Major," the "Missa Solemnis," and the "Missa Solenne," and the "Missa Solenne" by Franz Schubert.

The concert was a success, and the choir and orchestra will return to the church for the final concert in the series on the program, "Missa Solenne" by Franz Schubert.

Oil Production In County In 1968 Vafused \$3.8 Million

Tyler County oil and gas wells pumped some \$3.8 million into the county's economy last year, according to a study just released by the Texas Mid-Continent Oil & Gas Association.

Value of production from oil wells was \$3.2 million and from natural gas wells, \$561,000, based on the most recent U. S. Bureau of Mines figures compiled by the Association. The county ranked 126th in the state in value of production.

Producing from Tyler County is part of this country's domestic oil supply which is controlled by some of the greatest oil fields in the world. Commenting on this, J. Robertson, association president, said, "Lack of oil, the world's problem, will be solved by the oil and gas fields of Texas."
