He said that the cost of any type sign would have to be borne by the school district or the city with the highway department doing the erecting and maintenance. However the city had already indicated that if was unwilling to bear any of the cost. On a motion by Richard Galbreth, the board voted to confer with the city

Two members of the adlourned board of equalization and the school tax assessorcollector, Irma Hickman, were present to acquaint the trustees with the equalitation board hearings on the pipe lines and in particular Tenneco, whose representatives had complained that they had requested. another hearing if tax increase of five percent was voted on the lines. J. B. Coffman, a member of the equalization bo ard, said that the representatives asked for the meeting but that they were not promised one since the equalization. board had decided that the increase was fair.

Mrs., Hickman read the minutes of the meeting, and then reported that three of the seven pipeline companies, had paid taxes with the increase. and that the others usually pay on January 31. She said that only Tenneco had protested the raise, and it was pointed out that Gulf Pipeline is the largest by far of the seven and have not protested the increase.

Supt. McGuire pointed out several typing errors in the financial statements for November were made but that the total columns were correct as presented. . The frustees approved both the November and December statements.

Mr. McGuire also pointed out to the trustees that a surplus exists in the interest and sinking fund and that it will ingrease in the next month to perhaps twice the present amount, and suggested that \$10,000 can now be placed on time deposit for three or four months and more as it becomes available. He was voted authority to invest the surplus over the next month as it becomes avallable for a period of three one personally and thank them

deman: county chairman.

Community chairmen for the march are Mary Cryer, Chester; Mrs. Ross Gardner and Mrs. Blanchette, Colmesnett: Mrs. Viola Hamm, Dam B; Mrs. Jesse Tolar, Doucette; Mrs. B. J. Smith, Hillister: Mrs. W. H. Wagar and Mrs. E. D. Whitson, Lake Ivanhoe: Mrs. George A. Hooks, Spurger; Mrs. Juanita Williams and mrs. James O. Noland, Warren; and Mrs. Jerry Grimes and Mrs. Ivison Grimes, Woodville.

Why did the National Foundation March of Dimes undertake the fight against birth defects after the conquest of polio? Mrs. Vardeman points out that birth defects, a farmore serious childhood health menace than polic ever was, had been recognized yet neglected for centuries.

When victory over polic was assured, the National Foundation had to decide whether the knowledge, experience and volunteer leadership it had developed should be discarded or be turned against other health problems.

Expert analyses showed that the Fordation's specialized programs could be applied directly or with minor modifica tion to the birth defects pro-
