Back in the early 50°s a commercial artist by the name of Cityde Gray was acutely aware of a struation that had become critical. Texas.

In justifiable pride, had provided many fine wildlife sanctuaries dedicated to the protection and praservation of wavering species of fowl and furnis. True, there were many musty mausoleums that contained great quantities of relics and recollections but, said Gray, Texas of the past must be experienced to be truly appreciated. Thus was born Heritage Village just west of Woodville.

Dedication, artistic imagination and hard work resulted in the accumulation of an entire village of authentic remnants of yesteryear, pathered under trying conditions and painstakingly restored.
