Questions and Answers

harvest time Q: I'm 65, but I don't plan to retire in the near future. What will become of the social security contributions I have made over the many years?

There are nearly 3 million farm workers in our country. Some of them are not getting credit for their work under social security.

Farm workers who are paid \$150 or more a year in cash wages from one employer — or who work 20 days or more a year for one employer — are covered under social security and should make sure that wages are reported by their employers.

NEWSPAPER ADVERTISING

If You Think So, Then...

PREACHERS—Should preach only one sermon or so a year.

We are all against sin anyway, so why harp on it?

TRAFFIC LIGHTS—Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

TEACHERS—No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICE—Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

MAIL ORDER FIRMS—That send catalogues are wasting their money. Everyone knows what is sold at stores in town and of course they'll all shop at home.

IF YOU ARE ONE of the foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there, and if you believe in consistent, profitable advertising, then you will—
