America Still Is

ONE WOMAN'S OPINION
BY ANNE STUBBS

It is a sad thing to see a woman who has spent her life in the service of her country, to see her name and her work forgotten.

My mother was a woman of many talents. She was a teacher, a writer, and a devoted mother. Her life was a testament to the strength and resilience of the American woman.

She was a woman who believed in the power of education and the importance of community service. Her legacy lives on in the lives of those who have followed in her footsteps.
