CHESTER TRIPS COLMESNEIL 20 TO 18

Two evenly matched teams confronted each other, but the Chester Yellow Jackets once again cast their magic over Colmesneil 20-18.

The game was evenly matched until the Chester Yellow Jackets stepped the drive deep in the second half. Chester's Barry Berry, lined up to punt and kicked the ball to the hands of the Chester Yellow Jackets. Berry kicked the ball to the hands of the Chester Yellow Jackets. Berry kicked the ball to the hands of the Chester Yellow Jackets.

Colmesneil safety Donnie Patrick runs to stop the drive by Warren Berry. Berry is following blocks by Kent Hines and David Dixon. Colmesneil punter attempting to stop Berry are Jay Henton (43) and Gary Brown (69). (By Staff Writer) (7) punks run the play in line. In the background, Lynn Timbrook punts off to the left.

Clyde Martin attempts to stop Lynn Timbrook for the only extra point this season for either team. That proved to be the winning margin as the teams scored three times each. Chester won the important ball game against the Bulldogs 20-18.

For some of the world's children Halloween has become a matter of life or death.

The next time you see this little orange and black collection box, it will be in the hands of children. But they're not asking for themselves. They're asking for the children of the developing countries who desperately need our help.

MISTER WHAT'S A DISCIPLE?

Well, a disciple is a follower or learner. That doesn't mean a license, just a "learner's permit." A century and a half ago a group of followers of Jesus sought a fellowship with open to Christians of different opinions and practices. They wanted just to be called "Christians." One of their leaders, Alexander Campbell, thought that a little postscript to the name would be better. And that's how the Christian Church (Disciples of Christ) got its name.

Denim Market Continue Growth

More than 40... (Text discussing the denim market, its growth, and the role of the National Textile Council.)

(Pol. Aus. Paid for by Citizens Against Logarithm of Lipar, Dr. H. L. Swearingin, president.)

Dear Charlotte,
I promised to write to you once a week now that you are away at school. Maybe the antiseptic routine in this crazy, chaotic, wonderful home will cure any homesickness which you may have.

Betty Ann's definition of college you'll enjoy. A place where Mama and Daddy can't go, and you don't get tucked in or have any good-night kisses.

Bill Jr. has a different concept. "Where you do your own thing and can stay out past ten o'clock."

Bill Sr. has an idea of advanced education: MONEY and GRADES.

My prayer, "Stay as sweet as you are!" We are still struggling with Ronald, Mitch and Thucetic among others. Someday I am sure that they will never get out of high school an Undergarment, but other days I'm quite positive that I have a future President and perhaps a First Lady.

Being a Mama and a wife isn't the easiest job in the world, but love deserves no halo or paycheck.

Don't let it go.

LIBRARY NOTES

by MRS. CHARLES HULLIVAN

The advisory committee of the Allen Drivers Library is seeking to formulate the library policies more definitely so that they will be for the best interest of the library and its patrons.

At the meeting in October the group established the procedure for non-resident fees and deposits for temporary residents. Each of these will be 10 per cent with a limit of ten books out at a time. The library card will give library facilities to those who are in the county temporarily.

All students of Tyler County schools will have the usual library privileges granted residents even though they may live outside the line in another county.

The assembly room at the museum was used this week for the meeting of the Women's Book Club. The staff of the library and museum are happy to have our good friends use this room.

Mr. and Mrs. Jeff Hartig have given a book in memory of Mrs. Estina Hanks.

'born free'

THE GREAT PROMISE OF THIS GREAT NATION IS THAT WE AS AMERICANS ARE BORN FREE

We have the opportunity to achieve the best that is within us - inherent and acquired. All we have to do is to seize the opportunity and use it for the betterment of ourselves, our community and nation.

We are truly a Great Nation because we have a great political system, regardless of the problems that confront us. We have the greatest single asset that few people enjoy elsewhere: The Freedom of Choice. And this, 'oo, not only makes us "Born Free" but allows us to "Live In Freedom."

We have the resources and talent to solve our problems and to do it together within and through our system of government. It is up to each of us to exercise this right in seeking our freedom.

Let's pledge ourselves, and our services to make the American Dream even more vital, based on the conviction that this land we love will endure, prosper and grow in strength.
