The time is right for The Security Lite.
 As really, any time is right for the Security Lite. Just that this time of the year, the nights start getting longer. All the more reason you really should have the Security Lite. It comes on at dusk, off at dawn, automatically, helping to protect your home and property from unwanted visitors. The cost is just \$3.55 a month plus tax, where applicable. Call GSU and ask about the Security Lite—the light for all seasons.

GULF STATES UTILITIES COMPANY

The Security Lite \$3.55 a Month From GSU.

St. Luke's Episcopal Church is building a fund for the purpose of building the present building. The church was told that it would take about \$3,000 to do the job. At that time that seemed to be a great deal for a small congregation but the church had faith enough to believe that if by the will of God, it would come to pass. In the last sixteen months the building fund has grown monthly by month until it has reached \$2,614.00 just \$3.55 a month from our goal. We are trusting in our Lord and we believe our goal will be reached in the near future and we will see the brick laid. We are praising the Lord and thanking the congregation for a faithful offering.

"The God who gave us life, gave us Liberty at the same time"

Thomas Jefferson

An INSPIRATION to All

The majestic marble temple that is the Lincoln Memorial, mirrored by its great reflecting pool, stands in the Mall in Washington, D.C.

Within it, a heroic statue of Abraham Lincoln, and inscribed on interior walls are the great leader's memorable Gettysburg Address and his Second Inaugural Address — all treasured possessions of a reunited country.

"Lincoln touched the Ark cabin and it became the palace in which greatness was nurtured. He touched the forest and it became to him a church. Some qualities fastened him to the people and taught them to keep time to the music of his heart."
