Friday, June 14 is Flag Day. This is the day we should all show our appreciation of the stars and stripes and all it stands for by displaying it from our homes and buildings. This 1974 flag contains a design that is a tribute to the world's freedom and is a symbol of the highest of living standards without regard to authority or religion. Now is the time to show the world that we are proud to be Americans this way. Let's all try our national flag today.

Governor Dan Claitor, who has been in the state capital since January 1973, has spent a great deal of his time in the primary election process. He received 1,024,000 votes, which is the highest number of votes ever received in the primary. He is now the incumbent and is running for re-election.
