Top Of The Morning

By KATHY LAMB

Why I say this you all know, that the morning is the best time to be in the world. It's the time when the sun is just rising, the air is fresh, and the world is full of possibilities. It's the time when you can see the world as it really is, without all the distractions of the day.

And that's what I love about the morning. It's the time when you can be with the people you love, and you can be with the people you love. It's the time when you can be with the people you love, and you can be with the people you love.
