

The Tyler County BOOSTER

VOLUME 47, NUMBER 18 WOODVILLE, TEXAS JANUARY 9, 1975

"Serving Tyler County Since 1930"

Top of the Morning
By Raleigh A. Lamb

How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation; that saith unto Zion, Thy God reigneth! Isa. 52:7.

January is the traditional month for making predictions of what will happen during the remaining 11 months of the year. Last year numerous predictions were made. Some of them came true, most of them did not. One lady told us last January that a catastrophe would strike America in May and predicted that everyone would be starving. Another lady predicted that people would be hatching and eating each other. Both seem to be quite overweight and seemed primarily concerned about food. The lady who predicted a catastrophe in May came back in August to inform us that the catastrophe did occur but no one knew about it.

This January we heard more predictions of things to come, and we frankly don't believe them. One psychic said John Kennedy will return to earth in December and that we will hear more about this event in the month of June. He also said the Statue of Liberty will be coming crashing down in December.

Other predictions for 1975: Aliens from outer space will send messages of history-changing importance to earth before landing to meet humans. Laboratory proof of life after death; An electronic device that thwarts heart attacks; A cancer cure will be found in seaweed; A new "Fountain of Youth" drug will stop aging, wipe out wrinkles and give elderly a new young look; Gerald Ford will resign the presidency because of severe stomach problems and the further hospitalization of his wife; Patty Hurst will be captured, held in jail for a short while, then put on probation for three years.

Swearing In Of Tyler County Officials

Newly elected and re-elected county officials were sworn in Thursday morning, January 2 in the County Courtroom. The oath of office was administered by County Attorney, Jim Allison. Present at the ceremony are, from left: Mrs. Billie Jean Broom, Justice of the Peace, Precinct 2; Tom Dick Mann, County Judge Austin Fuller, County Treasurer; and Mrs. Patricia Brown, District Clerk. Other officials are County School Superintendent George Barclay, H.M. Parks, County Commissioner, Precinct 2; Frank Grimes, Justice of the Peace, Precinct 3; James R. Jordan, Commissioner, Precinct 4 and Allen Sturrock, County Clerk. Not present at the ceremony were E.A. Sturrock, Justice of the Peace Precinct 1 and Roy Drake, Justice of the Peace, Precinct 4.

Following the administration of the oath of office, coffee and cookies were served to those present.

Tex-La Neches Valley Singing Convention Set For January 17-19

The annual Tex-La Neches Valley Singing Convention is slated to be held this year on January 17, 18 and 19. The convention will be held at the Kirby High School.

Arthur Watson, convention president announced the format for this year will be unchanged from that of 1974. There will be a concert of special groups beginning at 7 p.m. on Friday evening, Saturday evening 8:30 p.m. and all day Sunday beginning at 9 a.m. There will be a special youth session. Watson is expecting people from eight states to be present to participate in this yearly event.

S.E. Collier is in charge of advertising and Sam Robles and the Band Boosters Club will be in charge of the concessions.

The present singing convention was born as a "Seventeen County Singing Convention" in 1938. The first session was held in Huntington, Angelina, Trinity, Polk, Tyler, Jasper, Hardin and Jefferson Counties participated in the first convention that would emerge as the immense present organization.

The first president was Burl Carter; he held this position until his death in 1969. R.B. Ricks became interim president in 1969 and J.S. Harper was elected from 1969-1972. The convention grew until it included all east Texas counties and the "Neches Valley Singing Convention" was held quarterly. West Louisiana accepted into the convention in 1941 and was accepted into the convention. As the convention enlarged it was decided to have conventions twice rather than four times each year; with Louisiana in the convention it was to be held once in that state and once in Texas.

Who J.S. Harper was elected president it was decided to have only one session each year. January was chosen as the best month for holding the convention and Woodville was selected as the permanent site. Among the singing groups that will be featured this year at the convention are the Glad Tidings Trio, Wood-Gewin Trio, the Harris Family, The Holly Family, the Phelps Family, the Applewhite Family and the Pineywoods Indian Quartet.

Texas vice presidents of the convention are G.E. Perkins and Charles Dickens, vice presidents from Louisiana are Videt Polk and Gary Davis. Carrie Stewart is the Texas secretary and Irma Duncan is secretary and Irma Duncan is the Louisiana counterpart. Jackie Harper serves as the treasurer for the convention.

Two Incidents Indicate Need For New Jail

The need for new jail facilities has been evidenced recently by two separate incidents. On Christmas Day one of the male prisoners pried open a faulty bar in the three-story jail walk-around and escaped. Marshall Lance Bedgood had been arrested in this county on an assault charge and was being held for Harris County where there were several charges against him. Bedgood was picked up by Harris County policemen and hospitalized for treatment. He is being held in Harris County where he is charged with failure to appear and bond jumping.

The prisoner's access to the walk-around exercise area has been locked off.

On New Year's Day a woman was arrested and taken to the jail. As there were no facilities vacant for her she had to spend the night sitting up in the office of the Tyler County sheriff.

With adequate facilities for taking care of prisoners it is possible that neither of these incidents would have occurred.

TSTA, Garden Club Honor Hudson Agent Retired Superintendent For Farmer's Insurance Group

B. J. McGuire, former Superintendent of Woodville ISD is being honored this month. The Woodville Garden Club is going to honor him on Arbor Day, January 17 at 2 p.m. on the Kirby High School campus.

He is also being honored by the Texas Association of School Administrators with an honorary life membership. McGuire retired on July 1, 1974 after 33 years of service to the education profession.

A total of 64 recently retired Texas educators are being presented honorary life memberships by TSTA President J. D. Carlisle at the opening session of the Texas Education Agency's School Administrators Advisory Conference in Austin on January 8.

Mr. and Mrs. Hudson moved back to Woodville in 1966 and now own and operate the Woodville Florist.

Hudson's Insurance office is located in the same building.

They have three children, Rocky, 18, a freshman at A & M, Kevin 15, a freshman at KHS and Tammy 11, a sixth grader.

John Risinger, an adjuster for Farmers Insurance Group resides in Woodville and will be working with Hudson.

McGuire

All those being honored have completed at least 30 years of active service in the teaching profession. TSTA members in good standing at the time of their retirement and have maintained TSTA membership for at least ten years. The recipients have served the education profession for a combined total of 2600 years and the average length of service for each person is over 40 years.

The first fire of the year occurred early Friday morning, January 3, at the Grimes home located on the Old Livingston Highway, about a mile from Woodville. The alarm was answered by Woodville Volunteer Firemen, but they were called too late to save the wooden house.

Angelina College Pre-registration Ends January 10

Angelina College students may register for spring 1975 classes in either a pre-registration program or during the regular registration January 13. Classes begin January 14.

Assigned registration times for pre-registration January 6-8 are: Monday, 7-8 a.m. - 11 noon; Tuesday, 8 a.m. - 11 noon; Wednesday, 8 a.m. - 11 noon; Thursday, 8 a.m. - 11 noon; Friday, 8 a.m. - 11 noon.

Pre-registration will continue through January 10.

Regular registration will be January 13 with "L-Z" scheduled from 8 a.m. - noon and "A-K" set for 1 p.m. - 4 p.m.

ENON BAPTIST REVIVAL STARTS ON JANUARY 17

There will be a week and revival at the Enon Baptist Church, beginning on Friday night at 7:00 p.m., January 17, and ending Sunday night.

The Rev. Bob Freeman, student at East Texas Baptist College will be the guest evangelist.

Everyone is invited to come and worship with us. There will be special music, fellowship, and a good time as usual.

Location: Enon Baptist Church, 1/2 mile east of Chester on FM 1745.

Miss Tyler County Candidates

Candidates for the title of Miss Tyler County 1975 had their initial meeting Saturday, January 4 in the Woodville Inn. They received instructions about the forthcoming production and reigning Miss Tyler County Connie McCants showed the contestants the crown the winner will wear.

This year's pageant will include a swimsuit and evening gown division along with the presentation the girls select for her talent entry. They will all wear costumes alike for the opening number which is being choreographed by former Miss Tyler County, Linda Allen.

Along with the former winners of the pageant, they will be visiting queens from Texas and Louisiana attending the February 8 performance.

Entrants, seated from left are: Leasa Cain, Woodville; Robbie Mitchell, Woodville; Leola Griffin, Woodville; Bridgette Walston, Woodville; and Janet Yawn, Warren.

Standing, the contestants from left are: Pamela Mobley, Warren; Cynthia Mitchell, Colmesneil; Debbie Mitchon, Colmesneil; Jere Smith, Woodville and Rodna Coomer, from Chester.

Keller Opens Retail Outlet In Woodville

Keller Building Products of Woodville has opened a retail outlet for Keller Industries Products.

The outlet store is located at the Keller plant on Highway 69 North.

See their ad on page 4 of this week's BOOSTER.

32 VETERANS OF SPANISH-AMERICAN WAR LINE IN TEXAS

The latest meeting of the Spanish-American War Veterans charging by San Antonio held Tuesday afternoon in person today among many of the 1,200 surviving veterans of America's shortest war. Though the official war against Spain lasted only four months - from April 21, 1898, to August 12 of that year - the conflict period extended into 1902, and more than 292,000 Americans participated.

As of October 31, 1974, a total of 1,241 Spanish-American War veterans were on the Veterans Administration compensation and pension rolls. The average age is 95 and 104. The average age is 95 and 104. The average age is 95 and 104.

VA figures also show pensions being paid to 25,703 widows of Spanish-American War veterans. However, the younger women lack seniority since they were not in the service during the war.

Projected plans for the coming year after new officers are elected this month include the purchase of a new flagpole for the football stadium and an installation ceremony for new members.

DPS Reports Few Accidents During Holiday

The Department of Public Safety troopers report a light amount of incidents during the holiday period. There were no serious wrecks; several minor ones causing property damage were reported. Three cases of marijuana were reported over the holiday time.

Cliffing incidents were reported as a cause for lighter than expected traffic volume, over the New Year's holiday. They said this was due to several arrests for DWI.

 Real country butter
 Apricot cobbler
 Tea, Coffee
 Fresh churned buttermilk

TEXAS FORESTRY GIVES SEEDLINGS TO YOUTH GROUPS

The Texas Forestry Association has distributed 100,000 pine seedlings donated by Southland Paper's Nursery to Texas youth groups, according to Robert M. Jackson, TFA president.

This year's seedling distribution brings to a total of 10,930,000 seedlings given to youth groups, who could not otherwise afford to buy planting stock during the current tree planting season, Dec. 15-March 1.

The seedling program is one of the major educational projects of the Association. Youth are encouraged to plant trees on their own, creating an interest in forest management and other desirable forestry practices.

Beech Creek Home Domo Club Will Meet January 15

Beech Creek Home Demonstration meeting for November and December.

Mrs. Jack Sheffield, president, presided at the Beech Creek Home Demonstration Club, November 29, meeting held in the home of Mrs. J. H. Hicks, hostess, and Mrs. F. L. Vickery was co-hostess, with 24 members present.

The club was happy to have two new members, Mrs. Gladys Willis and Letha Abernathy.

Mrs. Bellinda Covington brought the program: Our Rights and Responsibilities. Purchase, Use and Care of Textiles and Textile Products.

Mrs. H. B. Hicks, Council delegate, gave a report on the annual Arts and Crafts sale the night was November 9 and 10. Recreation was led by Mrs. J. A. Ashworth.

Plans were made for our Christmas Party, December 18th. The Club held their annual Christmas Party in the fellowship hall of Spurger Baptist Church, with 23 members and our guests, Mrs. Covington and Mrs. Hicks, were happy to have 24 members to meet with us.

Mrs. Bellinda Covington brought the program: Our Rights and Responsibilities. Purchase, Use and Care of Textiles and Textile Products.

A TOUCH OF GRACE

By Grace Weller

It's general knowledge that the month of January has some special events. Granted, December is a busy month. Each of the other months has its own special events to mark it apart, something to make it important, unique.

My husband, who naturally bears the brunt of my discontent, keeps telling me it's purely psychological...this dislike of January...and he suggests that I "sit down and very rationally and objectively list all the objections I have to the month."

First, there's the weather. Rain, fog, a couple of days of extreme cold sandwiched in between warm muggy days when you vacillate between the air conditioner and the heating button. It's too late to make of buy winter clothes and to early to shop for spring finery...and your pressed wardrobe is on its last legs.

The heavy coat you pulled down and couldn't wait until it got cold enough to wear is beginning to look like something you picked up in a garage sale, mainly because it spent the winter crumpled up on the back seat of the car waiting for a cold snap.

This is also the month the Merry Christmas bills dominate the mail. Of course I believe in Santa Claus...he wrote a lot of checks on my account last month. January is also the month the Internal Revenue boys send their jolly little brochures. Dreary weekends are made even more dismal as you gather facts and figures for the annual shake-down.

In January you suddenly become aware that the house is a mess, what with left over Christmas junk, mud on the carpet, a refrigerator badly in need of defrosting and a fresh raw cigarette hole in the sofa cushion.

Outside, it's no better. By the middle of January, every in-

member of the family has managed to slide off the driveway leaving squishy ruts all over the more than ample apron. Flower beds, which were something to behold last summer, are now something to be hoed, spaded, edged and weeded, and the garden is a mess.

With the ray, cushions stored for the winter, the patio furniture looks indecently modern and terribly cold and lonely. The days are too short to get anything done between showers.

The family pantry is bare and empty. The refrigerator is empty. The freezer is empty. The kitchen is empty. The living room is empty. The bedroom is empty. The bathroom is empty. The garage is empty. The car is empty. The house is empty.

Wah, January is here again...and you're being very rational about facing my annual psychosis. Regardless of what anyone says or how many rational lists I make, I still say it's a D-I-A-H month!

At one time it was believed that marigolds would protect a crocheter to his victim.

TUBERCULOSIS IS ACTIVE PROBLEM

Tuberculosis is still an active health problem in Texas, and it would be an overstatement to say it is the more than ample apron. Flower beds, which were something to behold last summer, are now something to be hoed, spaded, edged and weeded, and the garden is a mess.

With the ray, cushions stored for the winter, the patio furniture looks indecently modern and terribly cold and lonely. The days are too short to get anything done between showers.

The family pantry is bare and empty. The refrigerator is empty. The freezer is empty. The kitchen is empty. The living room is empty. The bedroom is empty. The bathroom is empty. The garage is empty. The car is empty. The house is empty.

Wah, January is here again...and you're being very rational about facing my annual psychosis. Regardless of what anyone says or how many rational lists I make, I still say it's a D-I-A-H month!

ANGELINA COLLEGE SPRING SEMESTER CLASSES STARTING

Angelina College students may register for Spring 1976 classes in either a pre-registration program or during the regular registration January 14. Classes begin January 14. Regular registration will be January 13 with 11:00 a.m. to 1:00 p.m. and 4:00 p.m. to 6:00 p.m. Pre-registration will be from 8 a.m. to noon and 4:00 p.m. to 6:00 p.m. All registration will be held in the Administration Building on campus.

Evening students wishing to enroll for night courses may register at any of the above times scheduled or beginning at 6:30 p.m. January 13.

One-hour credit course for an in-district resident will cost approximately \$24. Students residing at home in Angelina County and enrolled for 15 to 18 semester hours of study can attend Angelina College for \$120 to \$140.

All tuition and fees must be paid at the time of registration as required by law.

Since a reactor means the individual has had contact with someone who has the disease, it is important that an examination be made of household members to determine if they have been exposed to the disease. Usually it is a family member, a relative or a close associate—such as a roommate or housekeeper.

First and seventh graders were chosen by the Health Department for the child-care, custodial, food handlers, etc. It also recommends the examination of all first and seventh grade students and teachers. First graders have spent most of their lives at home, or in close proximity to their families, and therefore have limited contacts. These contacts can be easily traced, and the probability of contact with the reactor was obtained in the past.

Seventh graders, on the other hand, represent a higher risk because they have moved around more and begin their social activities.

By testing youngsters, discovering reactors, and tracing their contacts, it makes possible the earlier discovery of the disease that makes easier to treat and cure. In the past few years the severity of disease in those diagnosed for the first time has shown a percentage decline—demonstrating that the disease is being discovered earlier.

Another benefit of child testing is that it gives health authorities an index of the extent of the disease in each community. This is a meaningful indicator which will be used in following activities. Time and money can be saved in tuberculosis epidemiology through this pinpointing of disease incidence.

Tuberculosis is an age-old disease, but it is responding to new age treatment. People can be cured of TB, mostly without the long hospitalization of yesterday. But, it is important to discover the disease early and begin treatment.

This Child-Centered Tuberculosis Program is giving the State Health Department a big lead on the disease in many cases. And, through testing of school personnel, the program helps assure that the school child is provided with an environment relatively free of the dangerous disease tuberculosis.

JEHOVAH'S WITNESSES CIRCUIT CONVENTION TOPIC: 'WHAT THE NEAR FUTURE HOLDS'

What the Near Future Holds was the topic of the highest light lecture at the semi-annual circuit convention of Jehovah's Witnesses, Sunday Jan. 6 at the Nacogdoches High School.

There were 1225 in attendance when District Supervisor Paul D. Moske asked these questions: Are You Not Concerned About the Future of Yourself and Your Family? Will Continued Inflation Destroy Your Security? Will Food Supplies Run Out? Can the Nation Prevent Outbreak of Terrifying Wars?

Such concerns Mr. Moske said increase interest in the future. Many seek answers from News of Financial Analysts, some turn to political leaders, others' eyes turn to astrology or ESP. In an effort to determine what the future will bring, the speaker further explained, "there is no question of what the future holds, for God's word tells us the great tribulation that Christ mentioned is just ahead, then the future of the survivors will be completely better, health, will improve, food will be plentiful and peace and life will be eternal."

32 were baptized at this assembly symbolizing their dedication to do Jehovah's will forever.

It was announced that all meetings will be resumed at a local Kingdom Hall.

FARM NOTES

ANNUAL ANIMAL AGRICULTURE CONFERENCE FOR APRIL 10-11. The second annual Texas Animal Agriculture Conference is set for April 10-11, 1976 in the J. Earl Rudder Center at Texas A&M University.

This year's theme is "The Future of the Livestock Industry." The conference will be held at the Rudder Center, which is a new building that has been built and opened with a grand ceremony.

Due to the popularity of the combined short courses in 1974, the format for 1976 will include beef cattle and horses, horse production, swine and dairy production. Maddox said, "Some emphasis will be given to recreational fish and wildlife potentials for land used in livestock enterprises."

Planners have decided to hold the popular Lath-Americo Animal Agriculture Symposium, which was combined with the short courses this year, on alternate years. The next such symposium will be staged here in 1976. Maddox announced.

A special feature of the 1976 Animal Agriculture Conference will be a panel presentation moderated by Dr. John A. Hopkin, head of the Texas A&M Department of Agricultural Economics and a leading economist of the nation.

Hopkin will lead off with a discussion on the present economic situation in agriculture, including forces at work in the market that influence livestock agriculture. He will discuss how these forces may affect the supply of capital through loans in various animal agriculture industries. He will then call upon the various panelists to explain what they can do to improve animal agriculture.

Panelists will include a city banker who finances livestock operations, a small town banker who does livestock financing, a Federal Land Bank executive, and a representative of the Production Credit Association. A question-answer session will follow.

MEAT IMPORT FIGURES WERE DOWN 21 PER CENT IN '74

MEAT IMPORT FIGURES EXPLAINED—U.S. meat imports are reported as three different sets of statistics, explains a livestock marketing specialist for the Texas Agricultural Extension Service. Imports of meat into the U.S. are reported on a production weight basis, but these figures must be converted to carcass weight to compare with domestic production.

Another feature of the Animal Agriculture Conference will be an exhibit and trade show that will feature industry related to animal agriculture.

COLD PROTECTION FOR LANDSCAPE PLANTS

The winter season is at hand, and many plants in your home landscape may need protection from severe cold weather.

PLANNERS HAVE DECIDED TO HOLD THE POPULAR LATH-AMERICO ANIMAL AGRICULTURE SYMPOSIUM, WHICH WAS COMBINED WITH THE SHORT COURSES THIS YEAR, ON ALTERNATE YEARS. THE NEXT SUCH SYMPOSIUM WILL BE STAGED HERE IN 1976.

Maddox announced.

HORSE OWNERS... Is this the cheapest way to buy hay?

If you're concerned with the high cost of providing good hay or pasture, we have the solution: Purina® Horse Chow Checkers®. Each pellet of Horse Chow Checkers is a complete ration. It contains all the hay any horse needs—and it's the best sun-cured alfalfa you can buy.

When fed as recommended, Purina Horse Research guarantees Horse Chow Checkers will provide all the energy, protein, vitamins and minerals required to meet or exceed the National Research Council's recommendations for horses. You buy only what your horse requires when you buy Horse Chow Checkers. You might actually save money while providing precisely balanced nutrition.

Discover how easy saving money can be. See us for Purina Horse Chow Checkers.
