"Serving Tyler County Since 1930" 15

VOLUME 47 NUMBER 52 April 17, 1975 WOODVILLE, TEXAS 75979

## TOP OF THE MORNING

By RALEIGH LAMB

I saw in the night visions, and, behold, one like the Son of man came with the clouds of heaven, and came to the Ancient of days, and they brought him near before him.

DANIEL 7:13

Texas voters will have two amendments to consider in the special election Tuesday, April 22.

Amendment No. 1 would increase benefits for retired schoolteachers and retired state employees. The state now contributes 6 percent of the total salaries to the retirement funds for teachers and employees. This amount is set by the state law at 6 percent of 10 percent.

Amendment No. 2 proposes to increase salaries and expenses for state legislators. There has been no raise in salaries for representatives and senators for fifteen years. This salary is \$400 per month. If Amendment No. 2 passes, legislators will receive an increase of \$200 per month, and increase from 11 to 16 cents per mile and expenses during sessions to \$30 per day.

In all fairness, give these two proposals your careful consideration.

To celebrate FFA Week, April 7-12, club members and officers decided on several projects to show their appreciation. One day was declared Teacher Appreciation Day and the girls took their teachers home-made cup cakes and ice cream. The following day they were given apples.

In order to thank the Woodville city police for the help they had given the FFA at their dances and for other aid rendered, the FFA made a cake and presented it to Chief of Police Garry Mattingly and his department.

Girls who participated in the City Police Appreciation Day ceremony were projects chairman, Patti Radford, Sharon Collier, Kathy Anderson, Phyllis Spradlock, Kathy Ray, Susan Williams, Patricia Brazill and Meletra Bean.

## \$2,900,000 School Bond Election Set For May 13

The Woodville School Board of Trustees has set Tuesday, May 13, 1975 as the date for a school bond election. The total amount to be authorized is \$2,900,000 and will update the Woodville Schools and fully meet the educational needs of this community.

Board President, Dr. H. E. Swearingen, said the unanimous action by the board is "a result of many hours of study by the school board and administration to determine the best plan for the overall improvement of the Woodville Schools."

The master plan approved by the board and being presented to the voters involves up-grading and improvement of existing facilities on all grade levels and includes a new high school to be constructed on a site to be selected.

School officials indicated that details of the proposed improvement program will be presented to any interested group prior to the election date.

## School Service League Hears School Bond Election Report

On May 13, voters will go to the polls to decide on an upcoming school bond election. The proposed bond will cost taxpayers \$2,900,000, passed.

Dr. R. E. Swearingen, president of the school board and Tom Linam, superintendent of the Woodville ISD spoke to the members of the School Service League, formerly known as the Woodville School Boosters, on a called meeting, Thursday, April 10.

If the bond election is passed, the money will be used to build a new Kirby High School campus and make other building repairs. Sixty acres of land will be purchased outside the city limits of Woodville, for a proposed building site. Third through eighth grades would then use the present campuses of Wheat Intermediate and Kirby High School. The old Kirby High School building, built in 1928, would be torn down and the area used as a playground.

The existing elementary school would be used by kindergarten, first and second grades, and part of the Scott campus buildings would be torn down. The bond would allow money for these changes, the land purchase, school furnishings, and to improve and repair present buildings and campus facilities. There would be painting done and the ceiling repaired on the elementary school gym. All school classrooms would be air conditioned as would be the

## Allan Shivers Library Gets LSCA Grant For Senior Citizens

The Allan Shivers Library has been awarded a grant of \$4,000 to expand its service to the senior citizens of Tyler County, according to Mrs. John Gilchrist, chairman of the library board. The communication was received Friday from the U.S. Department of Education, Department of the Texas State Library.

The period covered by the grant will be from May 1, 1975 to August 1, 1976. The grant states that monies received under this grant may not be used to replace local library funds during the grant period. Mrs. J. G. Burton has been appointed fiscal officer for the project.

The grant is made so that the library can serve senior citizens who have not been able to take advantage of the library's regular services and to enhance the library's ability to help the senior citizens. Plans will be made at once to set up a schedule of visits to the nursing homes and to other stations as well as enhancing library special activities programs that will be of particular interest to senior citizens or adults with time on their hands, according to Mrs. Quaidie Sullivan, librarian.

The library will investigate the possibility of mailing books to those senior citizens in isolated areas who cannot be contacted otherwise.

Many of the organizations in the county will be invited soon to assist in setting up the program to reach the greatest number of senior citizens. Any Booster reader who knows of those needing help because of transportation are asked to call Mrs. Sullivan at the library.

The new council members, elected to their position in the April 5 election, were sworn in by Harry Stafford. These councilmen were J. G. Anderson, Webb Ashworth, Dr. Jim Jinetis and Terry Watts; Dr. J.M. Radford was elected mayor pro-tem to hold this office for one year.

Bids were opened on a new car for the city police department. Low bid was made by Jack Lane Ford and they voted to accept this bid. Delivery was made on the automobile Tuesday, April 15.

Resolution was passed for the Deep East Texas Council of Government Manpower program. The council also decided to advertise for bids for the paving of 2,000 feet street in front of the new nursing home. Work would involve a portion of three streets and would be paved after the curbs and gutters were installed by the nursing home.

They voted to renew a professional service contract with Charles R. Hall for engineering services.

## County Cancer Control Month Proclaimed

Judge Tom Dick Mann today proclaimed April as Cancer Control Month in Tyler County and urged support of the American Cancer Society's Crusade to fight cancer.

The state goal is \$4,300,000. ASC Tyler County President Lawrence Rainey was on hand for the ceremony, he said this year's goal for Tyler County is \$3,000.

In signing the proclamation, the Judge said "Cancer is the common foe of every man, woman and child and will strike 32,000 Texas this year. It will live here in Woodville."

The proclamation was initiated in Austin by Governor Dolph Briscoe and Patsy G. Briscoe, County Cancer Chairman, Attorney General John Hill to officially launch April as Cancer Control Month. They urge all to "observe, participate and support the ACS's educational and fund raising efforts."

County Cancer chairman Rainey said in this county, the main cancer crusade is made in November rather than at the national crusade time as there are so many other activities during April.

He urged everyone to not forget the importance of having a regular medical examination and asked for not only a check for the cancer crusade but for everyone to have a check-up.

Contributions, donations and gifts for the year end just at closing time. Memorial gifts should be made through the office of Dr. Jim Jinetis.

## Hillister Woman, 82, Dies In House Explosion Friday

Apparently her frame became burst into flames following a gas explosion within the house. ### Cancer Quiz

Families in more than 40 million homes will get a quiz to do this April. But this is a special kind of quiz. The answers to the question can save your life.

It's a cancer quiz for every family. If it gives you a chance to test your knowledge about cancer, which is the nation's second biggest killer. The Cancer Society volunteers will administer the quiz. This quiz asks questions and gives answers about the disease which is a deadly disease which has become very widespread in our body, but that in its early stages it is a highly curable disease.

There are a whole series of tests that can be performed in the early and curable stages. The Pap test for women, the PSA test for men, and the prostate test for men and women especially those older than 40. And there are the Sigmoid Warning Signals on the left let which tell you, if you have one, to go to a doctor. Only your doctor can tell if a warning sign is cancer.

The Cancer Society volunteers who bring you this quiz deserve your generous support for the Cancer Crusade. And you can get the advice in that little folder, the life you save may be your own.

### Summer Job? Get S S Number Now

Students, housewives, and other people who plan to get a summer job should apply now for a social security number if they don't have one, or to a social security Assistant District Manager, James H. Ochensfeld.

"You should apply for your number several weeks before you need it for a job covered by social security," he said. "Applications must be screened against central files in Baltimore to make sure that a second number isn't issued to that same person. Screening generally takes several weeks. More than nine out of ten jobs are covered by social security. People applying for a social security number for the first time may be asked to prove their age, identity, and citizenship.

"Your social security number is yours alone and remains the same for life," Mr. Ochensfeld explained. "A worker builds retirement, disability, survivors, and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by social security, be sure your employer copies your name and number correctly from your social security card to his records.

"People can get information about applying for a social security number by calling, writing or visiting any social security office."

## An Investment In Your Future ...ATTEND CHURCH WORLD WIDE INTEREST

Many good organizations are working with our youngsters, developing an interest in other lands and the ones who dwell there. The church through God's word also teaches us about our neighbors and what our attitude should be toward them. *The earth is the Lord's and the fulness thereof; the world and they that dwell therein.*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will bring peace and the freedom which we hold dear and will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family, beyond report, however, every person should uphold and participate in the Church because it tells the high school man's life, death and destiny, the truth which alone will set him free to live as a child of God.

### WEEKLY HEALTH TIP from TOM KNIGHT

Instead of merely taking a weekend drive thru the countryside, why not stop at some public park, wooded ridge, meadow and take a brisk hike. The beauty of nature, close at hand, will do wonders for your spirit and the stimulating walk will be most physically healthful. Live a little — it doesn't require a two week vacation. A weekend nature hike is most invigorating.

## Go Fly A Kite

How long has it been since you did any kite flying? Kid stuff? Not on your life. It's coming on strong as a great sport for people of all ages. Kite flyers by the hundreds from Junior to grandma are by the hundreds on the grass, ruling out empires for fly-ins and are having a ball. It's the fun thing for college kids illustrating more participants and spectators than any old sport-in. Kite flying was a quietude but, over and done with when a late cold snap caught a few with their pants down. Literally. The time honored activity of kite flying will last probably for several weeks and do a return to its former gemment every spring. All it takes is a little imagination, a more or less open field, a ball of twine and a friendly wind. One doesn't become a kite flyer overnight. You've got to serve an apprenticeship. I started out by watching the big get kids make kites—at least before the store bought kites came along. Under the watchful eye of brother I was soon promoted to producing the supplies. Light weight sticks from an apple crate, oversized paper from a commercial laundry box, worn out towels

# Tyler County Development Center Thanks All Helpers

Even though there has been a lot of rain and gloomy weather—enough to make one's spirit low—the children at the Tyler County Development Center are coming to school with smiles on their faces. They are sunshine and a otherwise gloomy day because they are so full of energy and have such a eagerness to learn. We have ladies who volunteer their time once a week to help teach the children. To each of these ladies—Thank you very much. The children look forward to each of you coming each week. These ladies are: Lounell Hayes, Mrs. Elmo Gibbs, Mrs. Robert Salmon, Maxine Stacy, Virginia Hines, Ellen Mason. We still have our hot lunch program going and need volunteers for the month of May. Anyone wishing to lend a helping hand please call 3-2787. All you have to cook is at one dish—meat. Great
