

The Tyler County BOOSTER

VOLUME 47, NUMBER WOODVILLE, TEXAS MAY 1, 1975

Top of the Morning

I went by the field of the slothful, and by the vineyard of the man void of understanding.

And lo, it was all grown over with thorns, and nettles had covered the face thereof, and the stone wall thereof was broken down.

Then I saw, and considered it well: I looked upon it and received instruction.

Proverbs 24:30-31-32

Speaking at Arlington last week *Time's* magazine editor, Marshall Loeb, said he believes the worst is over for the United States economy and things "should be a whole lot better six months from now." Marshall is in charge of *Time's* business and economics section.

The editor said both the United States and the world economies are currently in the depths of deep recessions. In Europe, practically recession simultaneously, and unemployment spreading.

The United States, however, seems likely to pull out of its slump this year because of the recent tax cut, because the Federal Reserve is easing the money supply and because easing of prices will encourage the government to continue its expansion policy.

Loeb said Times economists are not too concerned about resumption of inflation as a result of the anti-recession efforts, because the current slack in the economy gives room for expansion before demand pressure adds too badly to the inflation.

Correct Drivers License Address Being Checked

The Texas Department of Public Safety advises that all Texas drivers should examine their Texas drivers license to verify that the address is correct. If this address is incorrect, it will be necessary to contact the local drivers license office as soon as possible. It is a misdemeanor to change your address on the license within 10 days after moving. This law is going to be enforced more strictly in the future. The procedure for changing an address on a license is to obtain a duplicate license with a new picture and a \$1.00 fee.

Notices Microwave Oven Workshop

There will be a microwave oven workshop held on May 8th at 7 p.m. in the Heritage Room of the Woodville Inn. Admission is free but call G.S.U. at 293-2551 for reservations.

Chamber of Commerce Meeting

Tyler County Chamber of Commerce will meet Monday May 5, 7 p.m., chamber office. All interested persons are urged to attend by President John Kanner.

Peacock Elected President Of Big Thicket Association

DETDA Plans To Give Rural Homes Numbers

The Deep East Texas Development Association met Friday, April 25 at the Heritage Garden Village. The regular business meeting began at 10 a.m.

DETDA's regular monthly meeting, hosted by the Tyler County Commissioner's Court, heard from the Fisheries Committee, chaired by Dr. Sherwood McIntyre, regarding the Florida bass importation into Texas. Agency reports included those of the U.S. Forest Service regarding its charrette in Shelby County and on land acquisitions of the Big Thicket National Preserve. These reports were by Rich Lindell and Tom Gullart, respectively. Frank Gallaway of the Texas Highway Dept. expressed concern for future highway funding in Texas.

It was decided the eight county members will determine a method for numbering rural houses. The purpose of this identification by numbers is to aid in house location in case of fire or other accidents. The project may take several years and at present the manner of rural home numbering has not been determined.

Following the luncheon at the Pickett House, members of the DETDA listened to a speech by Angelina Junior College president Jack Hudgins. He spoke on the his-

Colmesneil Man Killed In One Car Accident

Russell Ward McDonald, 61, of Colmesneil died Monday night when his car overturned in a creek north of Chester. The one car accident occurred on a sharp curve turning into a small concrete bridge. The south bound car struck the end of the bridge and catapulted into the creek. McDonald, the only person in the car was pinned in the vehicle. He was pronounced dead at the scene by Justice of the Peace, Pct. 1, E.A. Sturrock and taken to Edwards Funeral Home. Investigating DPS trooper Joe Willmon was assisted by the Tyler County Sheriff's Department.

A future citizen of Woodville has been elected president of the Big Thicket Association. He is Howard Peacock, now a Houstonian, who was named Saturday to head the Association at the annual "Big Thicket Day" observance held at the historic Plantation Ranch near Roundtable, and various organizations for naturalists. He represents the University of Houston on the national Law School Admissions Council.

Peacock said his term as president will emphasize, among other projects, assistance to the National Park Service in its plans for the Big Thicket National Preserve, acquisition of desirable nature areas not included in the Preserve, and strengthening the exhibit and educational programs of the Big Thicket Museum.

Peacock is administrator of the University of Houston College of Law. "I'm not a lawyer, however," he pointed out. He and his wife Kitty recently bought property in Woodville and plan to eventually make their home here. "We feel very natural and easygoing here," he said. "The people are great; everyone has been most friendly and receptive to us." He added that he has had a special appreciation of the wood and fields surrounding Woodville since boyhood days when he came up the river on camping trips from Beaumont.

"The popularizing effect for higher education is the strength of the junior college movement," said Dr. Jack Hudgins, President of Angelina College. As a result, the educational leader said, "junior colleges encourage two students to go on to upper level senior college work when previously one would have enrolled at a nearby senior college as a freshman." Peacock graduated from Beaumont High School in 1942, served three years in the Navy including battle-zone duty in the Philippines, and worked for five years as a reporter and feature writer for the Beaumont Journal before moving to Houston in 1951. He has edited magazines and general publications for Southern Pacific Lines, the Houston Chamber of Commerce, and the Houston Museum of Natural Science. His hobbies are East Texas folklore and history.

Citizens Group Gives Reasons For School Bond Support

The following article, supporting the May 13 \$2.5 million school bond election, was submitted to the Booster by members of the School Service League for publication.

A Citizens' Committee of 35 Woodville independent school district people, representing various population segments, examined your school's facilities for over a year, and made numerous recommendations for improvement. The school board and administration have studied the alternatives best suited to fulfill these pressing needs. These needs have not only been pointed out by this Citizens' Committee, but also by the Texas Education Agency Officials, and other school service specialists who inspected the Woodville Schools. After months of deliberation, the School Board has selected the most

economical plan designed to best improve the educational opportunities for Woodville children. This plan will not disrupt the regular school schedule.

This plan will be presented May 13th for your approval in the form of a Bond Election. Immediate attention has been focused on correcting the two areas which are presently threatening Woodville's Accreditation Status. For two years the State Office of Education has stated that our inadequate facilities for high school science laboratories and physical fitness programs will affect Woodville's Accreditation if changes are not made immediately. Loss of accreditation means (1) Woodville children would find it extremely difficult and often impossible to get into a college or university because they graduated from a substandard school system

and (2) Woodville school would have trouble locating qualified teachers who would want to teach in sub-standard conditions.

These sub-standard and sometimes dangerous conditions include: collapsed flooring in the elementary schools; falling ceiling tile; inadequate restrooms and out dated plumbing fixtures; limited cafeteria space creating irregular lunch hours; disconnected school facilities forcing the children out in the rain and cold weather to reach the cafeteria, auditorium, library, the busen, and some classrooms; and the previously mentioned inadequate laboratories and physical fitness facilities.

These are some of the main problems. There are many others. These problems are worsening daily. The plan presented May 13th offers solutions to these problems. This plan not only solves present problems, but offers a long range plan to meet future needs. The basic plan is: Kindergarten through second grade will be housed in the present third and fourth grade building, the only adequate building on the elementary campus. The auditorium will be a combination cafeteria and auditorium; elementary grades third through sixth will move to the Wheat Campus which was originally designed and built for elementary children. Junior High seventh and eighth grades will use the adequate buildings on West and high school campus, including the present band hall, vocational building, auditorium, and gym; High School grades ninth through twelfth will be housed in a newly constructed facility on a new site, providing adequate labs, classrooms, and physical fitness facilities; all classrooms in all three schools will be air-conditioned. Needed repair to put all classrooms in good conditions will be made.

Baseball Play Day Scheduled

Saturday, May 3 will be Play Day at the Little League baseball field. Beginning at 11 a.m., all teams will play one game during the day. The ball park will open officially on Monday, May 5.

Revenue Sharing Funds To Buy New Car For Sheriff

The Tyler County Commissioners Court met in special session on Monday, April 21 at 10 a.m. All members were present. Commissioner Joe Best made a motion to close the courthouse for the election which was held on Tuesday, April 22. This was approved by all the commissioners.

Commissioner James B. Jordan moved to accept the bid of \$15 from All Makes Company for an adding machine for the office of the county attorney. This sum is to be paid out of Revenue Sharing monies. It was unanimously approved. Commissioner Best moved to accept Fiat file # 173-A for filing purposes only and this was approved by the commissioners. A motion was made by Commissioner Best to purchase a car for the Sheriff's office. The bid accepted was that of Jack Lane Ford for \$4,034 less \$1,734 trade in on a 1973 car making the total to be paid out of Revenue Sharing funds \$4,300. Commissioners Joe Best, Kenneth Best and James Jordan voted in favor of the motion and Commissioner H.M. Parks abstained from voting. The Commissioners Court met in a special session on Friday, April 25 at 10 a.m. All commissioners were present. Votes from the Election were announced. All further business was tabled until the next meeting. The regular meeting is scheduled for Monday, May 13 at 10 a.m. in the Commissioners Courtroom.

Mann, Fairchild Elected To DETCOG Offices

Election of officers, approval of the 1975 Budget and an address by the Executive Director of the Texas Department of Community Affairs were among the highlights of the annual Deep East Texas Spring Board of Directors meeting, held April 23 at the Alabama-Coushatta Indian Reservation.

The officers for the new year, which begins July 1, 1975 are as follows: President-Fred Mays; Vice President-Tyler County Judge Tom D. Mann; 2nd vice president-Carl Fairchild, a director with the Lower Neches Valley Authority, Chester; 3rd vice president-Center City Councilman W.R. "Bill" Bowling; secretary-Jasper City Councilman C.E. Stewart; and treasurer-Newton County Judge Lee Roy Flitcraft. Immediate past president is Nacogdoches attorney Billy J. Earley.

Senior Citizens Honored In May

May is traditionally Senior Citizens Month, a time for honoring those who have built our State and Nation upon the foundation of our heritage.

The year 1975 ushers in the celebration of the Bicentennial of the American Revolution, an appropriate time for commending those stewards of our national heritage, the elder citizens of our State and Nation who have preserved this legacy for their children.

Governor Briscoe Issues Proclamation

May is traditionally Senior Citizens Month, a time for honoring those who have built our State and Nation upon the foundation of our heritage.

THE YEAR 1975 USHERS IN THE CELEBRATION OF THE BICENTENNIAL OF THE AMERICAN REVOLUTION, AN APPROPRIATE TIME FOR COMMENDING THOSE STEWARDS OF OUR NATIONAL HERITAGE, THE ELDER CITIZENS OF OUR STATE AND NATION WHO HAVE PRESERVED THIS LEGACY FOR THEIR CHILDREN.

Kirby High Band Wins Sweepstakes

At the Regional U.L.L. band concert contest, held April 22, 23 and 24 the Woodville band won the Sweepstakes award which is the highest award a band can receive in U.L.L. competition. This signifies a first division rating in marching contest (which was held last November), a first division in concert and a first division in sight reading. The Woodville band received a first division rating on all three concert judges.

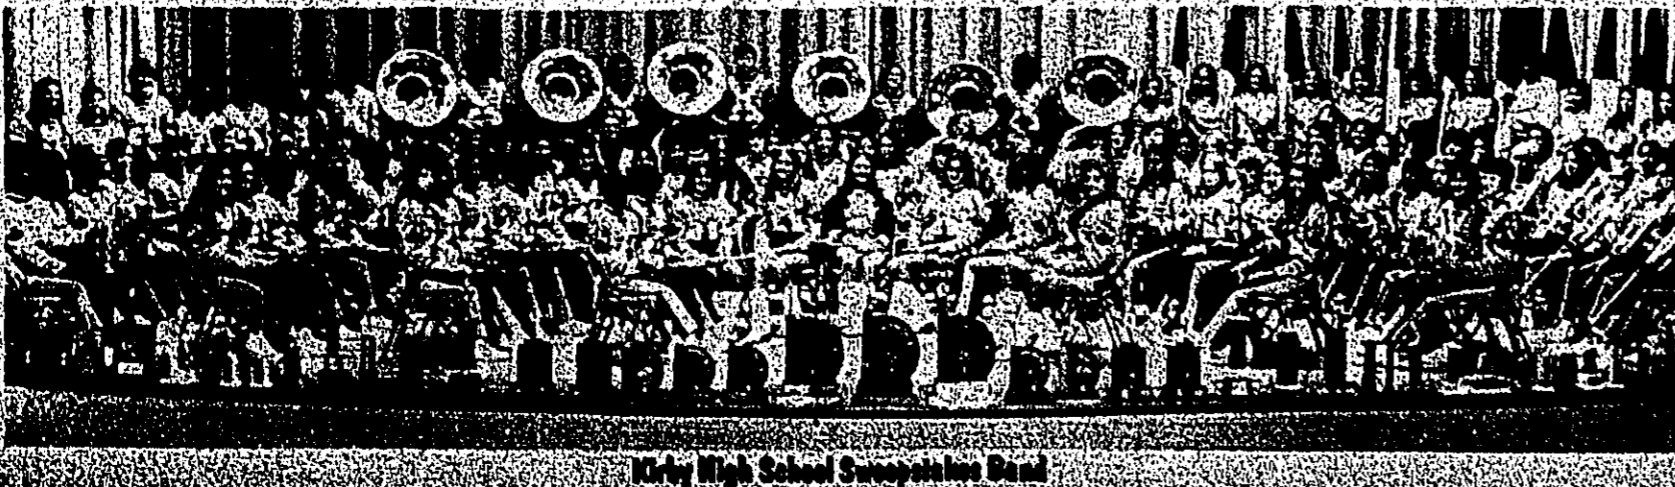

Each band is required to perform a march and two selections from the prescribed contest list. The Woodville band performed L'Inglese, Irish Tune from County Derry, and Fantasy on American Sailing Songs. Some of the judges' comments were: "A beautiful job on the march. Dynamic contrast is superb. You were great, Woodville!" Joe Tom

The Rev. Jesse Adams watches as Tyler County Judge Tom Dick Mann signs a proclamation making the month of May as Senior Citizens Month. Among the special activities planned for this month is the selection of the Outstanding Senior Citizens. Entries with biographical sketches attached and are due by May 7, in the County Extension Office. Both an outstanding man and woman senior citizen will be selected.

Charlotte Griffith Executive Secretary for the Deep East Texas Development Association presents R. N. Stripling, retired San Augustine County Judge, with DETDA membership plaque. Stripling is the President Emeritus of the Association along with D. N. Beasley-not shown.

The Veterans Administration: Answers Questions On G.I. Benefits

Q—My husband has just retired after 20 years in military service. Am I eligible for GI benefits? The Veterans Administration provides for GI benefits for veterans like me who didn't finish high school. Is that true?

A—Yes, and the assistance won't be charged against your basic entitlement. Suggest you apply to the VA regional office in your area.

Q—What are some of the advantages of GI home loans?

A—You may have had three years of military service before my discharge two years ago, and I am thinking of applying for this benefit from the Veterans Administration.

Q—Because VA guarantees 60 per cent of loans—up to \$17,500, whichever is less—developments are either small or not required; and the fee usually is a low, repayable period with no penalty for early repayment. Also, VA appraises the house before purchase to determine its reasonable value.

Q—I've been out of military service six months, but can't find a job. What suggestions does the Veterans Administration have?

A—Visit your local state employment service office and take your DD Form 214 with you. If a job is not available, you will be allowed to apply for unemployment compensation. You also should check your regional VA office and U.S. Veterans Assistance Center if you are close to them.

Q—I bought a house in 1954 with a maximum loan guarantee of \$7,500 from the Veterans Administration. Since the Veterans Housing Act of 1974 increased the loan guaranty from \$12,500 to \$17,500, am I eligible for more entitlement?

A—Yes. You would be eligible for the \$7,500 guaranty if you sold your home and paid off the loan in full.

Q—I'm a veteran and I want compensation from the Veterans Administration for a 30 year, level service-connected disability. I'll be 65 and retired soon, and wonder if I can have compensation and switch to pension?

A—Yes, if you apply to VA and it is to your advantage. The agency will determine this based on information you provide and pay you the higher benefit.

Mrs. Harold Pryor was in Beaumont last week-end to judge the Miss Baytown-Lee College preliminary Miss America pageant. Miss Debrah Pickett was her alternate.

Sunday visitors in the J.W. Dehanna home were Mr. and Mrs. Tom Gardner of Huntville.

Indians Cope With Economic Problems Today

An example of one of the oldest steps in American Indian economic evolution can be found in the Big Thicket area of East Texas. Between the towns of Livingston and Woodville is located the Alabama-Coushatta Indian Reservation, where in a decade of cooperative efforts with the Texas Indian Commission, Texas Legislative and the Economic Development Administration, changes have taken place for the 500 Indian residents through the construction of a tourist oriented industry.

Designed chiefly to combat the ill effects of a depressed economy, the Indian Reservation is now well on its way to becoming one of the top tourist attractions in the area with its tours, dining, food service and gift shop. The addition of the new outdoor drama is expected to draw a record crowd this summer.

The efforts of these East Texas Indians are reminiscent of earlier struggles of their ancestors. Shortly after the Indian Removal Act was signed in the 1700's, they were among the many wandering bands of nomadic Indians uprooted from a tranquil setting of the Alabama River near Montgomery. Earlier in the century, an account of these Alabama and Coushatta Indians was recorded in the chronicles of explorer DeSoto as the first medicine Indians encountered.

Such a determination to survive and withstand the five peaceful with their neighbors are traits much in evidence to this day. In the 1950's very little had been done to assist the tribes. In 1958, the Texas Indian Commission was established to bolster a new era of self-help program in its history. Diligently working with this commission, the Texas legislators and later with the Department of Commerce, a well established economic base began to develop. These efforts were crowned by a grant of \$1.3 million from the Department of Interior to complete major construction of a tourist development project began by the tribes.

The Sundown Theatre, the 600-seat amphitheater, is situated near the towering pine trees in a perfect setting for the dramatic star struggle of the rich history of the tribes. The outdoor drama will open June 21 and end on August 23. Performances nightly except Sundays.

The reservation offers daily tours and dancing on weekends through May. Beginning June through August, the dances and all the tours will be open daily. Campgrounds and walking trails are available as well as primitive camping. White tours for the Indian Reservation, the unique concept of providing entertainment with an educational twist is the future and traditions of the tribes draws many school groups as well as family groups.

Amendment Voting Shows Statewide Attitudes

In Tyler County there were 721 votes cast in favor of Amendment No. 1 and 173 against. For Amendment No. 2 there were 557 votes for it and 350 voting against. A total of 897 persons voted in the election Tuesday, April 22.

Amendment No. 1 called for the constitutional revision and consolidation of provisions relating to state and local retirement systems and programs and providing for a maximum state contribution to state systems of ten percent of the aggregate compensation paid to individuals.

The second amendment to be voted on is the legislative authority to set the salary of the members of the legislative branch at \$600 per month and set a per diem of \$30 per day during legislative sessions and a mileage allowance at the same rate provided by law for state employees.

Girls Softball League Practice Friday Afternoon

Little League Softball for girls will have their first practice Friday at 4:00 p.m. at the field across from Woodville Elementary. Girls between eight and fifteen years old are invited to attend the practice. For more information, contact Herbert Bell at 283-3452.

Harrison Voted Technologist Of The Year

At the State Society Convention for Medical Technologists in Galveston, Mrs. Farris Strickel Harrison was voted Medical Technologist of the year for the state of Texas for her outstanding achievements in medical technology.

Mrs. Harrison was a co-founder of the State Biological, Incorporated, a division of Boston Dynamics. She is also a co-founder of Nuclear Medical Laboratories, Incorporated, of Dallas, where she is currently the assistant treasurer and a member of the board of directors.

Mrs. Harrison served as supervisor of the blood bank at Hermann Hospital at Houston for nine years, where she trained more than 150 students in her field.

She is on the board of directors of the Houston District Society of Medical Technologists and is a member of the National Government Medical Technologists, representing the American Society for Medical Technology, which recently went to Washington, D.C.

Graduating cum laude, Mrs. Harrison was the first student to receive a degree in medical technology from Lamar State University.

She is the wife of the late Dr. Farris Harrison of Houston and Woodville.

Soil Stewardship Week Stresses Protection And Conservation

Soil Stewardship Week, a nationwide observance which emphasizes man's responsibility to protect and conserve soil, water, and other natural resources, will be May 4-11 this year, Val Blanchette, Chairman of the Long Leaf Soil and Water Conservation District, announced today.

Soil Stewardship Week is a time to remind us of our responsibility to protect and conserve soil, water, and other natural resources, which are essential to our survival and the well-being of future generations.

Presidents Conference

Participating in the 1975 Texas Farm Bureau Presidents Conference April 22-24 in Washington, D.C., were: Bob Standley, Genl. of Woodville, representing the Tyler County Farm Bureau. Also shown with him are: Silck Johnson, President, Angeline Co. Farm Bureau; Congressional Dist. 1 and Henry Burton, Dist. Director, District 3, of Angulina County. Part of a group of some 210 Texas county farm leaders and Texas Farm Bureau staff attending the conference, the Secretary of Agriculture Earl Butz. A banquet was held for the group which featured American Farm Bureau Federation President William J. Kuhns and the Washington, D.C. AFBB office staff in a discussion of the Washington Situation. They saw the usual sights in Washington, including Ford's Theater; the Capitol Building; the Supreme Court Building; the Library of Congress; the White House; the Washington Jefferson and Lincoln Monuments; the Cherry Trees; the Smithsonian Museum; the National Gallery of Art; and Arlington National Cemetery. The Tulips in full bloom all over the park areas of the Capitol.

Microwave Oven Cooking Shown At May 8 Workshop

One of the most popular new appliances, making an appearance in many homes is the microwave oven. To learn more about them you may attend a "Microwave Oven Workshop" being sponsored by G.S.U. Thursday, May 8th at the Heritage Room, 293-5551. This workshop will be free to everyone interested in attending. Housewives who are interested in microwave ovens, and owners of microwave ovens will be informed of the many uses and advantages of this new appliance. Foods will look differently when cooked by the microwave waves, because they will not be browned or crisped on top. It will be a gray color like new water was poured on it, according to Mrs. Beth McLaughlin, GSU home economist. A favorite advantage is that fresh vegetables will cook much better in the oven and retain their original color. A regular pudding which usually needs stirring on top of the stove, just needs to be stirred once in the microwave oven.

Kennosons Host ADK Meeting

The lovely home of Mr. and Mrs. Day Kennoson on Westwood was the setting for a salad supper and business meeting for Alpha Delta Kappa members on Tuesday evening, April 22. Beautiful floral decorations and arrangements of colorful spring flowers mingled with the gleam of candlelight throughout the living room.

Petticoat Politics

After a couple of weeks in Texas, being back in Washington is always a shock. Heavy traffic everywhere. Still at night, we light a fire in the fireplace. And after joining a group of 300 and 34th Congressional wives on a tour of the Pentagon, I saw a different view of life in our nation's capital. And even though all the NORAD and CACAN 2U-LU signs were like Greek to me and sometimes I did wonder that it had been before, he quickly answered, "General Forshing."

Conventual Center Music

The Tyler County Melody Makers, a local band, will entertain the residents of the Woodville Convalescent Center at 7 p.m. Thursday, May 1, 1975. The public is cordially invited to attend this performance of talented musicians.

Rocky Springs Gospel Singing

Gospel singing started at Rocky Springs Baptist Church, East of Rockland off Hwy 19, Saturday night May 3 at 7:30 p.m. The Faith Singers of Houston will be the featured singers plus the Love Family of Baytown, Texas. The Evans Family of Baytown and "The New Day Spirituals." The singing will be held outside if weather permits. Everyone welcome.

Midway Baptist Gospel Singing

There will be an area Gospel Singing at the Midway Baptist Church, located on Farm Road 1943, 10 mi. East of Warren on 6 mi. West of Rockland, Saturday, May 3rd at 7:30 P.M. Bring the family and friends and enjoy good singing and refreshments. Sam Rook, Chairman.

Day School Applications

Woodville Day School is now taking applications for 4 and 5 year old classes. The children must be 4 or 5 by September 1, 1975. The school is non-denominational and is supported by tuition paid by the children. Contact Mrs. Green at the Woodville United Methodist Church office for applications or further information.

Seamans Reunion

The annual Seamans reunion will be held at the First Baptist Church in Chester, Sunday May 4. The reunion will be held on the grounds. All Seamans relatives and friends are invited to come and enjoy the following.

Notary Renewals

NOTICE TO NOTARIES: Those people who are now notaries and wish to renew their commission for 1975-1977, terms are notified to come to the County Clerk's office between May 1 and May 15, 1975. Please come in person and bring your bond and \$4.00 to qualify. Please do not come in before May 1 or May 16 to qualify. The above dates are set aside for present day notaries. People who want to apply for first time may come to the County Clerk's office for further information.

Notices

Trinity Talent Show
The Sixth Annual East Texas Talent Extravaganza will be held on June 13-15 in the Trinity High School Auditorium under the direction of George Barnes. This event is sponsored annually by the Trinity Athletic Booster Club. Anyone wishing to be a part of this annual benefit and entertainment should contact George Barnes, ext. 2087, at 293-5551, for a form and information.

OES Rummage Sale
Woodville OES #462 will have a rummage sale, Friday and Saturday, May 2 and 3 at 1105 South Magnolia near Collins Park Drive in Woodville. Proceeds from the sale go to the Texas Kidney Research Trust for a dialysis machine.

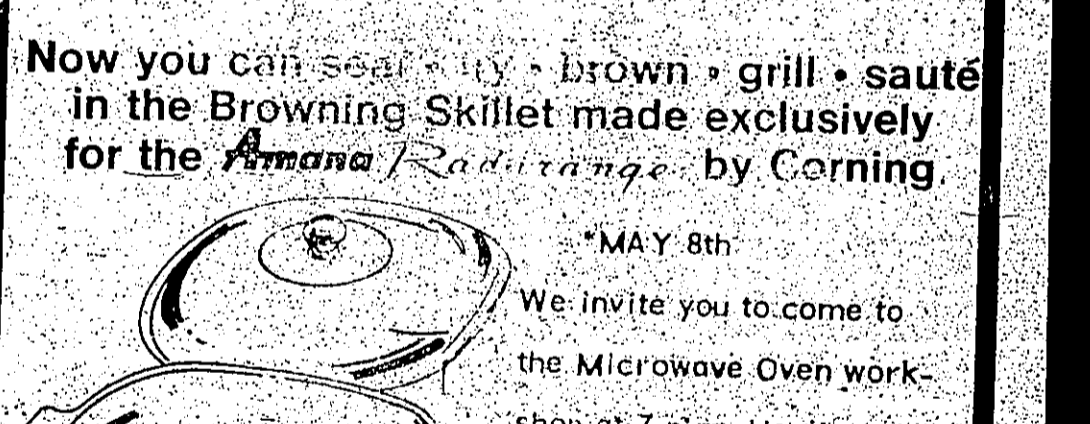

Club Meeting
The Woodville Civic Club meets at 7:30 p.m. at the Woodville Hotel. The next meeting will be on May 14, 1975. The club is open to all who are interested in civic and social activities.

Single Adults Meeting
Single Adults group will meet on Saturday, May 3, 7 p.m. at the First Baptist Church, 1105 S. Magnolia. This meeting is to give the group an opportunity to meet and get acquainted. All are invited and no charge. For more information call 293-2789 during the day.

APPROPRIATE Mother WITH

THE GREATEST COOKING DISCOVERY SINCE FIRE IS EVEN GREATER!

Now you can sear, fry, brown, grill, saute in the Browning Skillet made exclusively for the Amana Radarange by Corning.

WE OFFER REDDY CREDIT FINANCING
Cooks everything in about 1/2 the usual time. Cooks on paper plates or plastic or right in the Browning Skillet. Cool-down food gets hot - but the oven (and your kitchen) stays cool. Clean - splatters don't bake on to it - wipes off with a damp cloth. Uses ordinary household current. Comes with a free cookbook.

Tyler County Development Center News

Ladies and Gentlemen of Woodville—help-help-help. We need your help again. As you know we have a "hot lunch" program at the Developmental Center. We are able to have these hot lunches because of you great people and all your help. Well, we need some more of you great cooks to donate a one dish meal one day this month (May). Please give the Tyler County Developmental Center-283-2787 a call and reserve a date. The kids will be so grateful and you'll feel so good.

Our good cooks for this week were—Commissioner Park, Blah Arnold and Commissioner Best.

Donations were given by: Fideias Class of the First Baptist Church-cookies; Lyndee Clive Club-Lorene-Leviness-groceries; Mrs. Cronin-Russell-corn-on-the-cob; Nichols Veterinary Clinic-donated milk for the month of April. To each of you "many thanks!"

Please call and reserve a date for lunch with us. Love from the kids.

St. Paul's Episcopal Plans A School of Religion For All Denominations

A "School of Religion" is being started at St. Paul's Episcopal Church on Highway 190 West in the Heritage Garden District. Classes meet each Wednesday at 7 p.m. following the 8:30 p.m. worship service.

The teacher is the Rev. George W. Floyd, Jr., D.D., Vicar of St. Paul's Church. Though Dr. Floyd is Anglican in his theology, an attempt is being made to make the presentation scholarly rather than denominational. It is hoped that all "serious" students of religion, regardless of their affiliation, will profit from this school. Presentation is on an adult level, but younger students who are mature should be able to participate satisfactorily.

Dr. Floyd received his Bachelor's degree from Baylor University, his Bachelor of Theology from Southwestern Seminary, his Master of Theology and an earned Doctor of Divinity from the University of London. He studied Psychology at North Texas University and did internships at St. Luke's Episcopal Hospital and the Menninger Clinic in Pastoral Care, Topeka, Kansas. He is a member of the College of Chaplains, American Protestant Hospital and Priest in charge of education at St.

Beech Creek Home Demonstration Club News

Beech Creek Home Demonstration Club met April 21 in the home of Mrs. Diana Jordan with Mrs. Thelma Wilkinson as co-hostess with twenty-two members, Belinda Covington, Extension agent and Mr. Harvey Maddison, guest speaker, present.

A letter of thanks was read from the 4th grade at Erurger School, for the roses planted in memory of Mark Hare.

Mrs. Viola Driller and Mrs. Gladys Willis are taking ads for our year books.

The club suggested an increase in contribution to State Treasurer for scholarships. The club will furnish cookies for refreshments and meet the Kerrville Club ladies on their tour at Community Inn in Woodville on April 23rd.

Nominating Committee are Mesdames Ruby Jordan, Vivian

Jordan and Gladys Willis. Mr. Harvey Maddison spoke on "Social Security" bringing us very important points and benefits of Social Security.

The club selected Mrs. Leslie Sheffield as nominee for outstanding Senior Citizen of the year.

A delicious covered dish luncheon was served.

A picnic workshop will be at the home of Janis Ashworth on May 2, at 9:30, bringing a sack lunch.

A 5 min-demonstration were "Flowers made of material" by Sally Hicks and "Fringe for pillows" and "Bobbin-roller" by Lela Sheffield.

Jumble word puzzle for recreation by Sally Hicks.

Next meeting will be May 21 in the home of Marge Lammam with Viola Driller as co-hostess.

LUFKIN JAY-HEM BEAUFORT

A Touch of Grace No Laughing Matter

By Grace Weidon

While sitting under the dryer last week, I came across an article in one of the current women's magazines that dealt with the subject of feminine laughter, and let me tell you, there's a lot to be said on the subject that never entered my mind. It expounded the notion that men gauge a woman's personality by listening to and analyzing her laugh. If he's adept, he can determine from the all-revealing laugh whether she's bored, stimulated, aroused, angry, dangerous, hypocritical or whatever else females are supposed to be.

I'm glibble about most theories. If they sound the least bit authentic, but this one scared me to death, so I decided to check it out for myself. I've been sneaking around listening to people laugh...and you know, I think the writer has a point. According to him, we all have our regular everyday sort of laugh...the kind that lets people know that it's you and not someone else in the next room. This is just a sort of polite, social laugh and not the real thing, but at least it doesn't undress you, so to speak.

The laugh that really communicates is the laugh between two people, and this is a part of our language we don't usually think about...which is why it's so revealing. Laughter is an emotional outburst, something we don't consciously plan to do...it just happens. So perhaps it is an honest expression of the way we feel at the moment.

Now if you're the reckless sort, it's quite possible you will use what might be termed a belly laugh. Females who indulge in this sort of laughter, especially when talking to a member of the opposite sex, are secretly st-

iving to please...usually they laugh uproariously at something the guy has said that's only mildly amusing, but by their hearty appreciative laugh they are really saying, "Oh but you ARE a card. Tell me more."

Gigglers were not treated too kindly by the writer who lumped them altogether as adolescents, still miserably self-conscious, whether 15 or 50. Giggling, supposedly originated as a sort of prelude to courtship. It's both an invitation to and a defense against whatever the invitation produces...so I hope you giggling grandmothers know what you're letting yourself in for if you persist with this type of laugh. Better just giggle at grandpa!

Most of us are aware of the dirty laugh. Can't you usually tell when an off-color joke is being told, even though you don't hear it, but just hear the laugh following the punch line? And of course there's the polite laugh (for the boss's jokes), the snort...which is a sort of humorless laugh to indicate that something you heard is so ridiculous it's too funny for words. The liquor laugh, the nervous laugh, and the exhausted laugh are very much alike, all starting out as a nice normal laugh, but then the laughee gets carried away and can't find a stopping place. It often occurs in newspaper offices when you're bucking a deadline and go help me, there's not a bottle in the bunch.

The really interesting laugh though, and the one the writer dealt with at great length, is the deep, throaty sensual laugh...the one mentioned in the ficier pulp magazines just before the big clandestine love scene comes to a head. According to my authority, one of the side ef-

NEED A LARGER HOME?

No need to protest. Expand your present one with a home improvement loan. Whether you want to add a garage, enlarge the kitchen, build a patio, or whatever, we've got the cash to help you get it done. As a present customer you will receive preferred treatment. Just see one of our installment loan officers about your home improvement needs...he'll help arrange your loan with a minimum of trouble, and you can repay at low bank rates. See us soon.

CITIZENS STATE BANK

BOX 105 WOODVILLE, TEXAS

WEEKLY **HEALTH TIP** from **TOM KNIGHT**

Is polio licked? Certainly not. The providential Salk and Sabine vaccines have had great success in immunizing against the dread disease. But the three viruses that cause paralytic polio are still with us. All persons not immunized against polio, especially pre-school children, are still vulnerable to polio attack and should immediately receive the polio vaccine.
