State legislators, with few of them knowing what they were doing, sweetened their retirement benefits by approving substantial increases in their retirement plan. The House amendment was not debated before adoption. The amendment altered state employee and officials' retirement system overhaul to gear elected officers pensions equal to pay of district judges. That would mean legislators with 30 years service could get \$18,600 a year in retirement pay, instead of the present \$10,800 maximum now allowed. After newspaper criticism of the undebated action, both House and Senate went back and passed a resolution endorsing their decision and urging the governor to sign the bill.

School finance and teachers salary debate began this week in the Texas House, while the Senate Education Committee considered its version of how to help equalize educational opportunity. When the House and Senate get through with the bill, it will probably be in the \$600 million range, with teachers assured of a starting pay of \$7,600 up to \$8,000 per year.

They accepted bids on the street work to be done at the new nursing home. They agreed to run the customary 100 foot sewer line to the

Citizens in Warren had petitioned for this action to be taken. All commissioners voted in favor of this. Commissioner H. M. Parks made a motion to continue the Justice of the Peace salary of Mrs. Billie Jean Broom, Pct. 2, at \$50 per month. This was the salary established at the time she was elected to the office and all the commissioners voted to continue this until further action is taken by the court. Commissioner Kenneth Belt made a motion to approve the treasurer's report for the month of April. All voted in favor of this.

An Investment In Your Future

BAROMETER for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, forecasting and measuring changes of weather and altitude.

If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change; the future is up to us.

... what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy mind? ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and for His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long survive and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, we should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Capital Flags To Fly At Hennigan Park

Barbell in Tyler County has begun for another season with more boys than ever participating. The new complex in its first year of operation last year handled about 450 boys. This year there are four minor league teams for ages 8-12; twelve major league teams for ages 13-18; eight senior league teams for ages 19-25; and four VFW teams for ages 16-18. Games are held on all three fields Monday, Tuesday, Thursday and Friday nights, and for the big ones on Saturday at 2 p.m. on Saturday with four games scheduled. Many hours of volunteer work goes into this project for the youth of Tyler County.

Monday, May 19, 5:30 p.m. opening ceremonies will be held at the VFW. The VFW has secured through the office of Congressman Charles Wilson three U.S. Flags that have flown over the Capitol Building in Washington D.C. These flags will be presented to the Tyler County Youth Baseball Association, Paul Walker, Quarter Master and Elmer Ray, Coaches. The flag will be flown over each field during ball games.

Gary Hennigan, President of the Little League Association, urges everyone to be at the park this Monday for the ceremonies.

Fund-Raising Rodeo Playday Saturday

A special "play night" May 17th to benefit Steve Primrose, star Jasper High School athlete who was seriously injured recently in an auto accident, has been planned for next Saturday night at Allen's Arena near Jasper.

All gate receipts and half of the entry fees will go to the special fund established for Primrose at a local bank, and will be used to help defray rapidly mounting medical costs. He is in Beaumont's St. Elizabeth Hospital.

"In fact, everything we gross, except for the prize money, will go to Steve," Mrs. Dick Allen said Friday. She said Primrose had participated in many arena activities.

There will be three age groups competing in the various categories, explained. A \$3 entry fee will be charged for each event, and half of this amount will go toward the prize jackpot. Winners earn cash awards, she added.

General admission will be \$1, with youngsters at half-price. The performance is set for May 17th, 8 p.m. at the arena, located 5 miles west of Jasper off U.S. 190.

A special event, goat bike is for women and girls only. Other events include stover-lead and straightaway barrel racing; pole bending; tie-down roping; and barrel racing.

For more information, contact Mrs. and Mrs. Allen at 283-2231 or Pete Smith at 283-3139.

Cheating-Working people for nothing, taking part of their salary. Cheating their workdays, paying them every two weeks, and then when they get paid, most of the money goes in our pocket, as the Employer tells us, thinking we don't know better.
