OLUME 17 NUMBER 44

WOODVILLE, TEXAS

JULY 10, 1975

TOP
OF THE
MORNING

There are encouraging signs that the end of the recession is in sight according to figures released by state controller Bob Bullock. The comptroller said jobless benefits dropped \$1 million down to \$22 million in Texas during June. A total of \$18.7 million in unemployment benefits have been paid during the 6 months period from January through June compared with \$79.1 million in all of 1974.

A summary of the congressional Record shows that since 1946, the American taxpayer has shelled out \$150 billion for foreign aid. A recent law requires that the American people be told how much is being spent abroad and who is getting the hand-out.

Foreign aid in its original form was started in 1947 and was supposed to end by 1952. It is still going strong and this year good Uncle Sam donated about \$2 billion to eighty-two countries around the world this fiscal year. Another \$180 million will go to various U.N. programs, a half billion for foreign military assistance and \$33 million for international disaster control.

"We would like to cut off the give-aways to our 'friends' and see how many 'friends' we would have if the 82 countries we are supporting financially, we doubt if any of them would come to our aid if we needed them."

Spurger Schools To Be Air Conditioned

The Spurger School Board in their regular June meeting let a contract to air condition and build the new Spurger School building.

The Board of Trustees accepted bids on the bond program with E.F. Hutton & Co. having the low bid of 6.9 percent. The bonds will be retitled within 13 years, with the last payment being in July 1988.

The board considered proposal for the air condition/heating from four contractors. The low bid for electrical work

Fain Installs New Officers At Rotarians Ladies Night

The Woodville Rotary Club held their installation dinner at the Pickett House on Tuesday night, July 1. Approximately 50 members, their wives and guests attended the meeting. Following the meal, outgoing president Jim Gainey introduced J. Wood Fain as the installing officer. Saying in his business, "one of the most important aspects is getting the proper installation work done," he hoped to have the proper installation for the new rotary officers.

Past District Governor Fain said, "Remember, you are only a cog in the wheel of Rotary. It exists in 151 countries about the world and has been active for 70 years."

"We are a civic club, thus we are not a political group although we encourage participation; we are not a dinner club or a luncheon group, we are not a social group, although we engage in social activities. We are neither a religious group nor a Chamber of Commerce and we should not try to replace them in their work. The fundamentals on which it is based are still the ones by which we live as an organization. We are strictly a service club and hope to inspire individuals to serve in the community.

"Rotary is ideals in action. It is thoughtfulness and helpfulness to others; it is growing together regardless of faith or nationality. It is a place where differences are overcome and each man is given the right to his opinion." Fain gave the past president's pin to Jim Gainey and Gainey gave his successor the president's pin and gavel. Vice president, Fred Sullivan was recognized as was the temporary acting secretary, Fred Bennett.

The invocation for the meeting was:

Dr. Taylor Daniel, pastor of First Baptist Church when the sanctuary was constructed will bring the message for the worship service.

There will be a note burning as part of the activities. Members of the original building committee were as follows: J.C. Anderson, the late L.M. Feagin, and the late J.A. Mooney.

First Baptist Church Woodville was founded on March 15, 1851. This special service is the beginning of a celebration that will continue through 1975 when the church will celebrate its 125th birthday as our nation celebrates its 200th.

African Chalice Symbolizes Brotherhood Of The World

The Chalice presented to the First Christian Church of Woodville by Rev. Keith McCafferty

is a hand carved cup from among the Bantu tribesmen of central Zaire (Congo). The intricate pattern on the cup is a traditional Bakuba trademark. Each tribe in Zaire has its own unique tribal markings and patterns. Although the government of Zaire is trying to do away with tribalism the tribe continues to be the basic unit of society.

During communion services at missionary churches just such a cup will be found on the communion table. This cup was brought to the First Christian Church, Woodville by Keith McCafferty, to that church to give a symbolic link with Christians in other countries. Rev. McCafferty says the Church in Zaire is strong and growing and is now completely run by the people of Zaire. Missionaries stay onto assist and to remain a part of the work there. Medical missionaries play a vital role in that medicine is one area where the people of Zaire still need help desperately.

The Rev. McCafferty travels over the world soliciting money, medical supplies and equipment through his organization, Medical Benevolence. He delivered a sermon at a podium in front of the mission building in a village called Mwene-Ditu, located with medical missionaries, medical supplies and equipment through his organization, Medical Benevolence. This sermon reflected on the New Testament, the New Christian Church, the command of the prophet, "Go and preach the gospel to all the world."

Christians From Zaire

This intricately carved wooden chalice was recently presented to the First Christian Church, Woodville by Rev. Keith McCafferty. It was accepted on behalf of the church by the Rev. Donald Gandy. The chalice is one actually used in services in the African areas of the Protestant church of Christ everywhere.

Eaves, Nunney

Sentenced In District Court

In the 88th District Judicial Court term which met on Monday July 7, two were sentenced to prison terms of three years each by District Judge Clyde E. Smith Jr.

In the custody of the Tyler County Sheriff Lewis Craven until they can be transferred to the Department of Corrections at Huntsville are Robert L. Eaves and Nathaniel Nunley. Nunley entered a plea of "guilty" to a charge of breaking and entering. He faced formal indictment. His sentence will begin from June 1, when he was picked up and brought to jail.

Eaves was convicted to a three year prison term for burglary, entering and committing theft. He entered a plea of "guilty" to the burglary of the Woodville school. His term started from December 14, 1974.

Two others entered pleas of "guilty" and were put on probation. George M. Hudspeth and Wally Bouhan were both found guilty on charges of burglary-entering and committing theft. They were fined \$400 each plus court costs and put on four years probation.

In District Court July 8 two entered pleas of "guilty"

Professional Barrel Racing To Be

Lions Club Rodeo Feature Event

Professional barrel racing will be a part of the annual Lions Club Rodeo to be held at the 4-H FFA Arena, Woodville, July 25 and 26. This will be the third annual Lions Club rodeo, which involves all Lions Clubs in the county. Chester Warren, Fred Spurger and Woodville.

This year with the approval of the Rodeo Cowboys Association and the CRA top pro-

essional cowboys and cow-

girls in the country will be

attending the rodeo.

Those attending the rodeo will

be used by all clubs to fin-

ance their charitable projects.

Clinton R. Currie is presi-

dent of the Tyler County Lions Ro-

deo Association.

Today the colorful cowgirl's

barrel racing contest is a full-

fledged part of the rugged, he-

man sport of professional ro-

deo. Fast, exciting and easily

understood by the novice fan,

barrel racing provides a thril-

ling yet gentle contrast to the

sham-bang action that ob-

scures big league rodeo.

If all began logically, in

Texas, back in 1948 when a group

of girls who were rodeo

buffs set down rules for a

race run around three barrels

in order that they might estab-

lish a place in the arena

for their interest. Growth was

slow-rodeo apathy and produc-

ers tended to laugh when

approached about including a

Cowgirl's contest. But the

girls hung in there.

Today the rodeo is a \$100,000

industry.

In the United States, the

rodeo is a \$100 million

industry.

With their own Girls Rodeo

Association working hand-in-

hand with the Rodeo Cowboys

Association, regulators of the

sport in the U.S. and Canada,

barrel races were held at 493

rodeos in 1974. An increase in

in approvals of 23 rodeos last

year, is a good indication of

the girl's competition. By the

time the season ended after Decem-

ber's National Finals Rodeo, prize

money totaled \$327,444, an

increase of \$32,523, over

1973.
