

Have A Safe Labor Day

The Tyler County BOOSTER

Serving Tyler County Since 1930

VOLUME 47 NUMBER 51 WOODVILLE, TEXAS AUGUST 28, 1975

Top Of The Morning

By Raleigh Lamb

Grudge not one against another, brethren, lest ye be condemned; behold the judge standeth before the door.— JAMES 5:9

The Texas Safety Association estimates 42 lives will be lost on Texas Highways from 6:00 p.m. Friday through midnight Labor Day, Monday, September 1. The association believes the prime cause of traffic accidents during this holiday will be a combination of drive fatigue and excess speed. The safety association recommends a rest break or change drivers every two hours.

Nearly 200 Texas Jaycee holiday rest stops will be available during the week end and they invite travelers to stop for a free cup of coffee and refreshments.

We received two pictures and an unsigned note from one of our readers. The picture showed garbage that had been thrown out near one of the county trash pick up stations. If the person who sent the pictures will come by and sign the note, we will print it and the pictures.

New Pastor At Chester Baptist

New pastor of Chester Baptist Church is the Rev. Barney Bryant. Rev. Bryant came from Old Ocean, where he was pastor of Trinity Baptist Church, and attended East Texas Baptist College. He replaces the Rev. B.L. Harkley.

Rev. Bryant is married. He and his wife Heran have two daughters, Robin, who is 8 and Lana, 4 years old, and one son, Michael, 8 months old.

Man Arrested For Possession

A Houston man was apprehended some two miles west of Woodville Saturday night, August 23, and charged with possession of a controlled substance and for public intoxication.

According to Tyler County Sheriff's Office Chief Deputy Don Woodruff, the suspect, James Slighter, 55, of Houston, was arrested with bond set at \$1,000 by Justice of the Peace Roy Drake.

Bag Sale Slated

The Lady of the Pines Altar Society is having a Rummage Store Bag Sale from 8:30 a.m. till 5:30 p.m. beginning Sept. 4 and ending Sept. 6.

According to a spokeswoman for the group, persons will get all they can fit into a large grocery bag for only \$1.

The Rummage Sale will take place behind Johnny's Burger Bar.

Fred Lion's Club To Hold B-B-Q

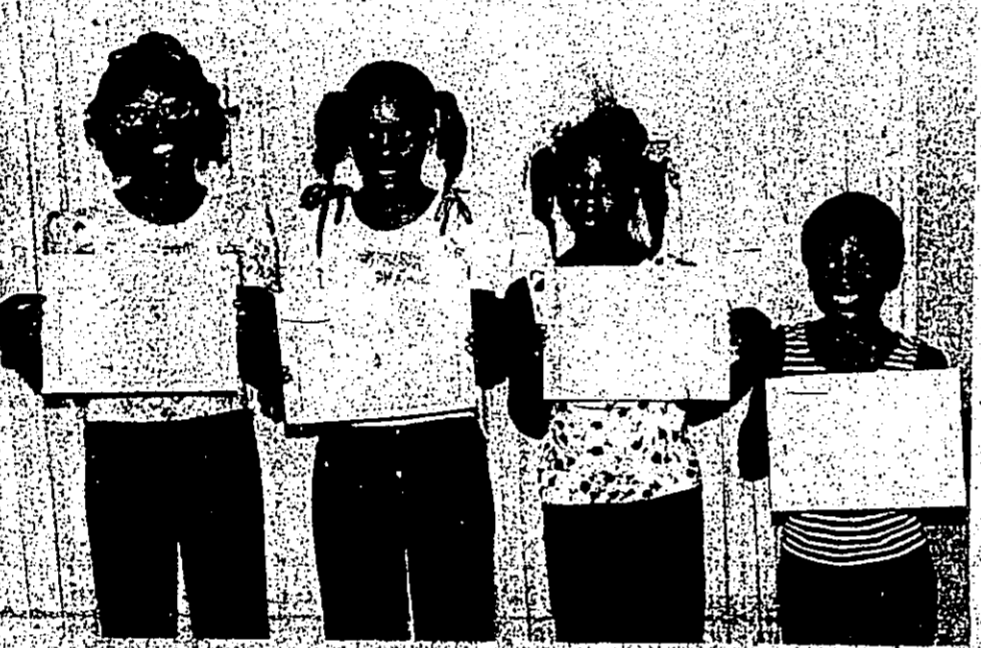

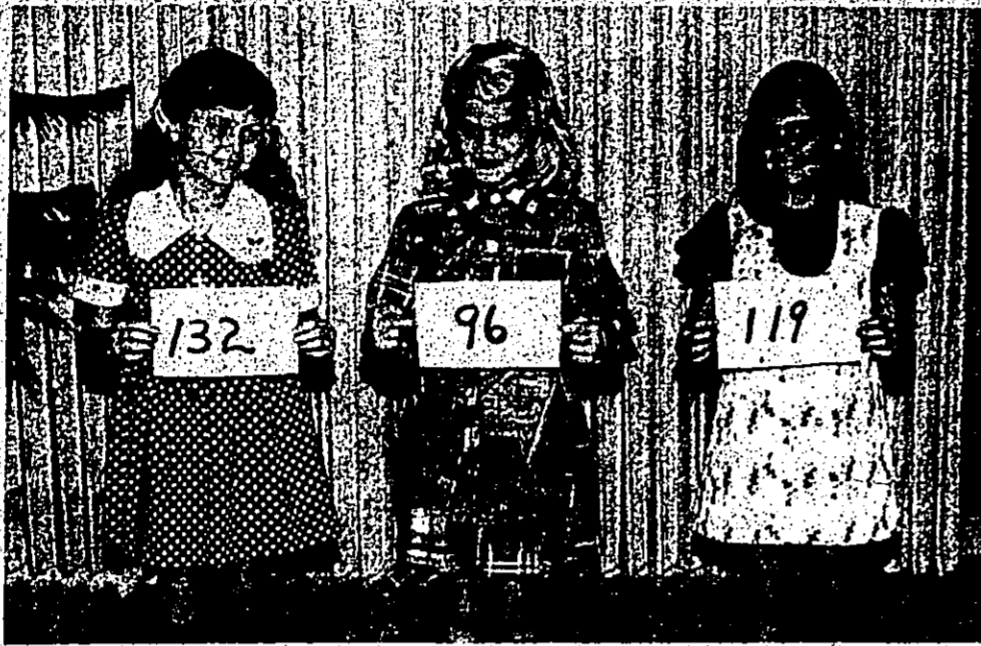

The Fred Lion's Club is having a Labor Day Barbecue to be held at the Fred Fire Department on Saturday, Aug. 30, with serving to begin at 10 a.m.

According to a coordinator for the barbecue, several selections of meat will be available for the guests.

Truck Stop Has New Look

Following extensive remodeling, the Tynhall's Texaco 243 Road Truck Stop Restaurant announces the formal opening of their eating establishment with a "fresh new look".

The restaurant is located 2 1/2 miles south of Woodville on the Beaumont Highway. According to Mr. and Mrs. Roy Tynhall, the new seating area will feature several built-in stools and chairs, and will seat up to 75 persons. "Our dining working man's lunch will still be offered from 11:30 till 2 p.m. Monday through Friday," said Tynhall.

READING CLUB LEADERS—Top photo shows three of the county's top readers for any age level. Each holding a card indicating the number of books each read in the summer library program they are (L. to R.) Cindy Shackelford, Marcia Smith and Tina Show. Bottom photo shows four children of Mr. and Mrs. John Allen Bean of Hillister all receiving reading certificates. The family is the largest group in the club. They are Phyllis, 11; Charlotte, 11; Pamela, 9; and Kenneth, 7. The three girls were recipients last year also.

Ravenous Readers Honored

Schools have started and the very successful reading program at the Allan Shivers Library is over with approximately 1600 books read by the 125 members of the local branch of the Texas Reading Club which is co-sponsored by the Texas State Library and the Allan Shivers Library.

Eighty-three completed logs of 12 each were turned in to the library.

Three third-graders reported more books read than any other club members. Cindy Shackelford, 8, the daughter of Mr. and Mrs. Michael Shackelford, read 132 books. The family lives three miles west of Woodville on the old Livingston Road.

Tina Show, 8, who was last year's winner, turned in logs with 119 books. She lives with her parents, Mr. and Mrs. Virgil Show, on the Seneca Road. Third place was Marcia Smith, also 8, who is the daughter of Mr. and Mrs. S.A. Smith of 3074 N. Charlton.

Other members who completed more than one log were Sandy Herland of Warren, Tom King, Jr. of Austin, Georgene Faulkner of Hillister, Claudette and Sandra Sessions of Doucette; Norman Baker, Jr., Elizabeth Ann Toney of Chester and David Broom.

Labor Day Motorist Warning Issued By DPS

State Public Safety Director Wilson E. Speir today admonished that Labor Day Weekend traffic in Texas will claim 42 lives.

The holiday period extends from 6 p.m. Friday, August 29 through midnight Monday, September 1. During a comparable period last year, Texas traffic killed 51 persons.

"Traffic will be particularly heavy near recreational areas such as beaches, lakes and campgrounds. Actually, in these situations, motorists need to be extra watchful for children playing and other pedestrians. Also, persons towing recreational vehicles and boats should be mindful of extra stopping distances and other problems unique to trailers," Speir said.

The DPS director called on motorists to cooperate in law enforcement efforts to

16 Accidents Reported In July

Sergeant C.L. Taylor of the Texas Highway Patrol reported that during the month of July 1975 in Tyler County 16 rural fatal accidents were reported. In addition, the Texas Highway Patrol investigated 16 rural motor vehicle accidents in which seven persons were injured.

Through July of this year, there have been 104 rural accidents in Tyler County, killing seven persons and injuring 80 persons.

During the same seven month period in 1974, there were 95 rural traffic accidents killing 5 and injuring 39 persons.

During the month of July in the 16 counties, comprising District 25, the Texas Highway Patrol investigated 146 rural accidents, killing 28 persons and injuring 222 people.

Board OK's Bank Bid

The Woodville Independent School District Board of Trustees attended to several routine items at their regular August board meeting on August 19, 1975 and gave attention to a few other more pressing matters. The depository bid of Citizens State Bank of Woodville for the 1975-77 biennium was reviewed and accepted. Two old school buses were sold, on sealed bids, to highest bidder, that firm being Sumners Inc. of Lufkin, Texas. The 1962 model GMC bus sold for \$725.00 and the 1964 model Chevrolet brought \$825.00.

On sealed bids, bread for the school lunchrooms will be purchased from Rainbo Baking Company for 35¢ per loaf and milk will be furnished by Borden's for 11.34 cents per 1/2 pint of white and 12.16 cents per 1/2 pint of chocolate.

The school was awarded to Exxon at tankwagon prices at time of delivery; current tankwagon price is 37.6 cents per gallon.

Motor oil was awarded to Texaco Inc. at prevailing price at time of delivery. Current price in 35 gallon drums is \$1.36 per gallon.

The 1975 school budget was amended to allow for minor differences or changes which occurred during the year in revenues and expenditures. Total income for the current year is \$1,543,082.00 and expenditures were \$1,523,116.00. The 1975-76 budget which was examined and adopted by the board reflects total revenues of \$1,821,664.00 and total expenditures of \$1,821,664.00. However, the schools will carry over a balance of \$55,079.00 from the current year into the 1975-76 year and this balance is not budgeted, but will take care of any emergency which may arise. The largest single area that showed a large increase in revenues was under REVENUE FROM STATE SOURCES and is listed as PER CAPITA AND FOUNDATION FUNDS. In this category local income increased from \$787,796.00 in 1974-75 to \$1,052,677.00 in 1975-76, or a total increase of \$264,881.00. In state funding - of this increase \$156,439.00 will go for increased instructional salaries. Most of the remainder is

Labor Day Closings

Services normally provided at the Tyler County Courthouse and Woodville City Hall will not be offered Monday, Sept. 1, in observance of the Labor Day holiday.

All official county and city offices along with the U.S. Postal Service will also be closed on that day.

Public schools will be closed on the three day weekend along with all of the county's financial institutions.

There will be no garbage pick-up according to City Manager Walt Davis.

Chamber of Commerce Manager Faye Ward reports that "Most retail businesses will be closed for the holiday and the normal meeting day for

League Gets 'Thanks'

The School Service League met Monday, August 18, 1975 at 7:30 P.M. in the high school cafeteria.

Mrs. Ruth Houston reported a balance of \$36.93 in the treasury.

Mr. Tom Linam, Superintendent of Schools, thanked members of the organization for volunteer help during registration. He said that the tax rate for the Woodville Independent School District would be raised \$5 because of recent state legislation but that the Woodville schools would get back more money for maintenance and other areas than it had in the past.

Mrs. Joyce Crowson resigned as Fund Raising Chairman and Mrs. Linda Harmon was elected to replace Mrs. Crowson.

Classroom Assistance Co-chairman, Mrs. Kaaren Sullivan reported that 13 volunteers helped in school registration. She said that many more volunteers were needed. The next meeting of this committee will be August 29 at 2:30 P.M. in the elementary school library. The Classroom Assistance Committee worked during the summer on visual aids for the schools. Mrs. Sullivan said the committee needs money for banner boards and overhead screens. There is also a need for small, washable pillows for kindergarten and water coolers for classrooms.

Cultural Enrichment Chairman Mrs. Dottie Swearingen reported that anyone working with the school children should have a TB skin test. Volunteers can get the test from Mrs. Esteman at the primary school. Mrs. Swearingen said that this committee has compiled a list of possible activities for the school year. Included are trips to the Beaumont Symphony, trips to the Lufkin Zoo and performances by the Texas Theatrical Association. All of these are in the planning stage. The first activity scheduled was a trip to the Indian Reservation by some of the 8th grade students to see "Beyond The Sundown," a historical drama, on August 22.

Mr. Grady Holderman, Chairman of the Building and Playground Committee, reported that a group plans to have a musical around Christmas as a project to raise money for playground equipment. Mr. Holderman also said that his committee is examining ideas for making equipment from old, discarded materials.

Publicity Chairman Mrs. Anne Garner stated that her committee was working to register unregistered voters and, if a bond election is called, would help to provide more intensive newspaper coverage. A motion was made and carried that the Publicity Committee work on behalf of the bond issue in the name of the School Service League.

Dr. Jim Jettette, President, announced that dues of \$1.00 per member were due and that a letter would be sent out soon to all parents concerning this.

Wheat on UT Honor Roll

Elizabeth Ann Wheat was included in a total of 65 University of Texas at Austin students who have been named to the School of Communication honor roll for the spring semester.

To qualify for the communication honor roll with high honors, students must have completed 15 or more hours of graded work with a grade-point average of 3.5 or higher and must have received no grade below C (A equals 4 points).

To qualify for the honor roll with honors, students must have completed 12 or more hours of graded work with a grade-point average of 3.25 or higher and must have received no grade below C.

The honor roll was announced by Dean Wayne A. Danielson.

Bass Club Fish Fry Set

The Woodville Bass Club's annual fish fry will be held on Saturday, August 30th at the Lions Den, according to George Holmes, president of the Club.

The members will start serving at 5:30 p.m. and at 7:30 p.m. a program will be presented which will be of interest to everyone. Holmes said.

Door prizes will be awarded which were donated by local merchants.

The fish fry is held in appreciation to the people of Woodville for their support in helping the Bass Club members promote fishing as a wholesome and competitive sport for the whole family. The public is invited to attend.

GED Tests Offered

Graduate Equivalency Diploma tests will be offered at the Warren High School Library on Saturday, August 30, beginning at 9:00 a.m.

The passing of this test will enable those persons unable to complete high school to get the equivalent of a high school diploma.

For information contact Jack Blakensly, chief examiner, at 283-2030.

Autopsy Asked

Tyler County Sheriff's authorities investigated Monday the death of a man who was found shortly after noon, just outside his residence which is located in the Ivanhoe Lakes community.

The dead man was identified by officers as Clarence Jesse Partin, 76.

Precinct Justice of the Peace E.A. Spurlock has ordered a preliminary autopsy in the case to determine the cause of death.

Funeral services for Clarence Partin were at 11 a.m. Wednesday in First Baptist Church with burial in Forest Lawn Memorial Park.

A native of Nacogdoches, he was a Beaumont resident for 45 years and had lived in Ivanhoe seven years. He was a retired Mobil Oil Co. employee.

Member of O.C.A.W. and First Baptist Church of Woodville.

Survivors are his wife, Augusta Campbell Partin; one daughter, Nada Andrews of Beaumont; one stepdaughter, Cecilia Ann Hendrix of Houston; one stepson, Charles L. Campbell of Pasadena and one sister, Mimmie Fairmy of Houston; seven grandchildren; Marla Andrews, Linda Andrews, Frances Gall Horton, Corine Ann Hendrix, Regina Hendrix, Danny Lee Hendrix, and Billy Campbell.

Funeral bearers were Marvis Partinley, Bill Partinley, James Arthur Partinley, Earl Partin, M. D. Holland, and Travis Reeves.

Honorary Pallbearers were friends from Mobil Oil Co.

Armstead Moved To TDC

Following conviction on charges of the February robbery of the Ace Grocery Store in Warren and for previous habitual criminal convictions, Timothy Armstead, 44, also of Warren, was delivered by the Tyler County Sheriff's office to the Texas Department of Corrections at Huntsville to begin serving a life term, according to Sheriff Lewis Craven.

According to department reports the robbery had occurred on Feb. 7, 1975, at about 7 p.m. Sheriff's authorities said that the suspect was in the custody of the department some 20 minutes after the call was received.

According to Craven, the prisoner has been in the Tyler County Jail since Feb. 7, 1975.

THE ALERT CONSUMER BY ATTORNEY GENERAL JOHN HILL

AUSTIN—Recent summer storms in many parts of Texas caused considerable damage to roofs from wind, rain, and hail. Many consumers discovered that they needed to put on a new roof or patch up the old one as a result of the bad weather.

And now, a few weeks later, our Attorney General's Consumer Protection Division reports an upsurge in the number of consumer complaints received about some roofing contractors.

Many of the complaints concern shoddy workmanship, unfinished jobs, unmet schedules—even contractors who have vanished with advance payments before beginning the job.

AG Opinions. A state representative who intentionally charges excessive fees to the state in excess of the authorized amount is subject to prosecution under the penal code.

First copies of a proposed voter's guide to the revision document were placed in the mail last week. They present complete text of the eight propositions to be voted on, with a comparison summary of the "old" and "new" constitutional provisions.

Acknowledged opposition has centered largely on the proposal for annual sessions of the legislature—a 110-day session during odd-numbered years and a 90-day meeting in even-numbered years.

Honorable Speaker Bill Clayton and Lt. Gov. Bill Hobbs, concerned over effect of the proposal, asked for an attorney general's opinion on whether the short, even-year session could be limited by law or legislative rule to budgetary and emergency matters.

Their proposal, if implemented, would mean a discontinuing of more than two years of revision, indicating a total campaign during the next three months.

A board of regents may not compel a college faculty member or employee to take a leave of absence without pay while campaigning for public office in a school district, city or other local governmental district, but may require that for candidates for any other public office.

Information on inventories from grain warehouse reports of the Department of Agriculture is not subject to disclosure under the Open Records Act.

Appointments. Gov. Dolph Briscoe named Dr. June Hyer of Seabrook, Howard R. Briscoe of Beaumont and John Painter of Houston to the economy-hunting Joint Advisory Committee on Government Operations.

Treasury Bonds Now On Sale

The Department of the Treasury has placed on sale U.S. Individual Retirement Bonds. They are specifically designed for investment by persons who lack coverage by any other retirement program.

Individual Retirement Bonds may be purchased from any Federal Reserve Bank or Branch, or directly from the Treasury Department.

Because they are designed to be used for personal retirement, the Bonds carry certain redemption restrictions. During the first year after issue, they may be redeemed without interest or penalty.

4-H Report By Michelle Richie. We are back to the Big Chief News at New Waverly this weekend. GIVE PRAISE IN CHURCH

"YOU TOOK MY PICTURE AND I WASN'T READY!"

How concerned we are with the image we present to others! And it is right that we should be. We might be influencing others. It is so important that the self we present is one that will influence others for good. With guidance from God, we will be ready to present ourselves to the world in such a manner as to sway others toward God and all that is worthwhile and good.

"If you might walk worthy of the Lord into all pleasing, being fruitful in every good work, and increasing in the knowledge of God," come to His Church

The church is God's appointed agency in the world for spreading the knowledge of His love to all men and all women for the redemption of the soul. It is the place where we meet with God, where we are instructed in His will and His ways, and where we are to be transformed into the image of His Son. It is the place where we are to be united with Him, and where we are to be united with one another. It is the place where we are to be united with the Holy Spirit, and where we are to be united with the Father. It is the place where we are to be united with the Son, and where we are to be united with the Spirit. It is the place where we are to be united with the Father, the Son, and the Spirit, and where we are to be united with one another. It is the place where we are to be united with the Father, the Son, and the Spirit, and where we are to be united with one another. It is the place where we are to be united with the Father, the Son, and the Spirit, and where we are to be united with one another.

Farm Notes

Shaded Lawns Need Special Care
Shaded lawns require special care to maintain their quality and beauty. The grasses in these areas are often thin and weak, and they are more susceptible to diseases and insects. To improve the quality of shaded lawns, it is important to use the right type of fertilizer and to water the lawn properly. It is also important to mow the lawn regularly and to remove any debris that may be on the lawn.

High Yielding Corn
The high yielding corn hybrids that were developed in the 1960s and 1970s are now being planted in large quantities. These hybrids are characterized by their high yields and their ability to tolerate drought and other stresses. However, it is important to choose the right hybrid for the soil and climate conditions of the farm. It is also important to use the right type of fertilizer and to water the corn properly.

Produce Marketing
The produce marketing industry is facing a number of challenges, including increased competition from foreign producers and the need to improve the quality of the produce. To remain competitive, producers must focus on improving the quality of their produce and on marketing their produce effectively. It is also important to establish relationships with buyers and to provide them with the information they need to make purchasing decisions.

Soil Conservation
Soil conservation is an important part of sustainable agriculture. It involves the use of practices that prevent soil erosion and maintain the soil's fertility. Some of the most common soil conservation practices include contour plowing, strip cropping, and no-till farming. It is important to choose the right practice for the soil and climate conditions of the farm.

Water Management
Water management is an important part of sustainable agriculture. It involves the use of practices that conserve water and improve the efficiency of water use. Some of the most common water management practices include drip irrigation, mulching, and cover cropping. It is important to choose the right practice for the soil and climate conditions of the farm.

Pesticide Management
Pesticide management is an important part of sustainable agriculture. It involves the use of practices that reduce the need for pesticides and improve the efficiency of pesticide use. Some of the most common pesticide management practices include crop rotation, biological control, and integrated pest management. It is important to choose the right practice for the soil and climate conditions of the farm.

Animal Health
Animal health is an important part of sustainable agriculture. It involves the use of practices that prevent disease and improve the health of the animals. Some of the most common animal health practices include vaccination, biosecurity, and good nutrition. It is important to choose the right practice for the soil and climate conditions of the farm.

Financial Management
Financial management is an important part of sustainable agriculture. It involves the use of practices that improve the financial health of the farm. Some of the most common financial management practices include budgeting, record keeping, and risk management. It is important to choose the right practice for the soil and climate conditions of the farm.

Marketing Management
Marketing management is an important part of sustainable agriculture. It involves the use of practices that improve the marketing of the farm's products. Some of the most common marketing management practices include identifying the target market, developing a marketing plan, and using effective marketing techniques. It is important to choose the right practice for the soil and climate conditions of the farm.

Human Resources Management
Human resources management is an important part of sustainable agriculture. It involves the use of practices that improve the human resources of the farm. Some of the most common human resources management practices include hiring the right people, providing training and development, and creating a positive work environment. It is important to choose the right practice for the soil and climate conditions of the farm.

Quality Management
Quality management is an important part of sustainable agriculture. It involves the use of practices that improve the quality of the farm's products. Some of the most common quality management practices include setting quality standards, implementing quality control systems, and using effective quality improvement techniques. It is important to choose the right practice for the soil and climate conditions of the farm.

Environmental Management
Environmental management is an important part of sustainable agriculture. It involves the use of practices that protect the environment and improve the sustainability of the farm. Some of the most common environmental management practices include conserving water, reducing waste, and protecting soil resources. It is important to choose the right practice for the soil and climate conditions of the farm.

Legal Management
Legal management is an important part of sustainable agriculture. It involves the use of practices that protect the legal interests of the farm. Some of the most common legal management practices include hiring a lawyer, drafting contracts, and staying up-to-date on the law. It is important to choose the right practice for the soil and climate conditions of the farm.

Tax Management
Tax management is an important part of sustainable agriculture. It involves the use of practices that reduce the farm's tax liability and improve its financial health. Some of the most common tax management practices include hiring a tax professional, keeping accurate records, and taking advantage of tax deductions. It is important to choose the right practice for the soil and climate conditions of the farm.

Insurance Management
Insurance management is an important part of sustainable agriculture. It involves the use of practices that protect the farm's assets and improve its financial health. Some of the most common insurance management practices include hiring an insurance broker, purchasing the right type of insurance, and paying premiums on time. It is important to choose the right practice for the soil and climate conditions of the farm.

Technology Management
Technology management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's productivity and efficiency. Some of the most common technology management practices include investing in new equipment, using software applications, and staying up-to-date on the latest technology. It is important to choose the right practice for the soil and climate conditions of the farm.

Energy Management
Energy management is an important part of sustainable agriculture. It involves the use of practices that reduce the farm's energy consumption and improve its financial health. Some of the most common energy management practices include using energy-efficient equipment, conserving energy, and investing in renewable energy sources. It is important to choose the right practice for the soil and climate conditions of the farm.

Waste Management
Waste management is an important part of sustainable agriculture. It involves the use of practices that reduce the farm's waste and improve its financial health. Some of the most common waste management practices include recycling, composting, and using alternative disposal methods. It is important to choose the right practice for the soil and climate conditions of the farm.

Community Management
Community management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the community and improve its financial health. Some of the most common community management practices include participating in community events, supporting local businesses, and providing services to the community. It is important to choose the right practice for the soil and climate conditions of the farm.

Government Management
Government management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the government and improve its financial health. Some of the most common government management practices include staying up-to-date on government regulations, participating in government programs, and providing input to government officials. It is important to choose the right practice for the soil and climate conditions of the farm.

Industry Management
Industry management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the industry and improve its financial health. Some of the most common industry management practices include participating in industry events, joining industry organizations, and providing input to industry officials. It is important to choose the right practice for the soil and climate conditions of the farm.

Academic Management
Academic management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the academic community and improve its financial health. Some of the most common academic management practices include participating in academic events, publishing research, and providing input to academic officials. It is important to choose the right practice for the soil and climate conditions of the farm.

Professional Management
Professional management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the professional community and improve its financial health. Some of the most common professional management practices include participating in professional events, joining professional organizations, and providing input to professional officials. It is important to choose the right practice for the soil and climate conditions of the farm.

Personal Management
Personal management is an important part of sustainable agriculture. It involves the use of practices that improve the farm's relationship with the personal community and improve its financial health. Some of the most common personal management practices include participating in personal events, joining personal organizations, and providing input to personal officials. It is important to choose the right practice for the soil and climate conditions of the farm.

TREE SCENES

Select Firewood Carefully
How to select the proper firewood is a typical question fireplace owners ask. A few guidelines on firewood and Robles Receives Degree At A&M

Robles Receives Degree At A&M
Roman E. Robles of Woodville received his undergraduate degree from Texas A&M University.

How to select the proper firewood
There are two things to remember about the selection of firewood. The first rule is that a dry log burns smoother and easier than a green log and second, that proper wood storage is a result of stacking and drying. The wood should be stacked in a place that is airy and well-ventilated. It should be covered on top with a tarp or an open air pipe to protect it from rain.

Be selective in the wood you buy
Hardwoods, such as oak, maple, ash and hickory are preferred since they burn more evenly than pine or fir. Pine and fir are filled with pockets of resins and oils that often explode, causing annoying poppings and acattering dangerous, burning splinters. These softwoods ignite easily, so always wear eye protection when handling them. Burning rolled newspapers is a popular practice, but don't burn them. They are made from a fire of newspaper. These logs produce little heat and many ashes. In short, it is a practical means of disposing of newspapers and supplementing one's wood supply, but it is a poor fuel source.

Deliver it or not, you can still get something for nothing
except for a little sweat. The U.S. Forest Service has a program allowing individuals to cut firewood for their own use on National Forest land. The program is designed to aid the public in fuel conservation.

In the East Texas area, permit information can be obtained
by writing John Courtney, U.S. Forest Service, Federal Building, Lufkin, Texas 75901. If it is recommended that firewood be stored 2 to 4 months prior to use for aging. Also, be particular about what type of wood you buy. These precautions will insure a smooth burning fire and reduce the risk of a poor fuel source.

True Vine Baptist Church

Sunday School was carried out as usual by the Superintendent, Mr. Tom R. ... The lesson for the day was: Growing as Witnesses. Memory selection: I am not ashamed of the gospel, for it is the power of God for salvation to every one that believeth; to the Jew first, and also to the Greek. Roman 1:16. The message of the lesson for the day was: One of the most important things in the life of a Christian church is its witness to the world. It is the power of God for salvation to every one that believeth; to the Jew first, and also to the Greek. Roman 1:16. The message of the lesson for the day was: One of the most important things in the life of a Christian church is its witness to the world.

Tanner's Texas Topics

By State Representative Perry Tanner

It took the Texas House of Representatives only a day and a half to debate the impeachment resolution brought against the 229th District Judge O.P. Carrillo of Duval County.

Ten of the eleven articles of impeachment were adopted as the House served as a grand jury. In effect saying, "Yes, there is sufficient evidence against this district judge to justify his trial in the Senate."

District Judge Carrillo stands accused of misusing his judicial powers as well as allegations of political conspiracies to control the Benavides school board and jury tampering, getting \$300,000 of his monthly grocery bill paid from Duval County welfare funds, using county personnel and property for personal benefit, conspiracy to defraud Duval County by causing payment of public funds to people not entitled to receive them and conspiracy to collect money from government entities for rental of nonexistent or unused equipment.

The ten-count resolution was adopted by the House with a vote of 128 to 16. The House vote, under the constitution, automatically suspends Judge Carrillo from judicial duties pending the Senate trial which will convene September 3rd. A two-thirds majority vote of the Senate is necessary to convict Carrillo, which would mean removal from office. The Senate could further im-

pose disqualification from holding any future political office in the state.

The doctrine of separation of powers is a key limitation on government at any level. It is obvious that tyrannical government is more likely if the power to make, enforce and interpret law is lodged in one person. It is inevitable if that person seeks only to promote his own authority and control.

Once again Texans have witnessed in concrete action the wisdom of our founding fathers. These wise men built into our legislative, executive and judicial processes, the system of checks and balances, making each branch of government accountable to the total. They were acutely aware that power wrongly used would abuse the citizenry of our state. This constitutional procedure should cause Texans to realize that, should the democratic process install unworthy elected officials, it can likewise rid itself of them, for impeachable offenses.

Best Is First To Graduate From Conductors Class

Richard Best, Jr., has graduated as Brigham Young University's first student with a musical Master's of Art in Conducting Degree. The Salt Lake City, Utah, school is one of the first to offer a course under that name.

According to Lawrence Sardon, under whom Best studied, "Richard is the first graduate in our conducting class to come out of the department."

Best, who is well-known in the area after having held the assistant band directorship under Jerry Brown at Woodville High School, has also served as band director in Huntsville after graduating from Sam Houston State University. He then went on to Merryville and DeRidder, La., with studies at Salt Lake City following.

According to his father, Richard G. Best, Sr., "Richard tried all over the nation to find a university system which would provide a course in conducting and finally found one at Brigham Young University."

Best participated in a musical exposition at the University recently by beginning the program by conducting a short list of classical musical selections including the first movement of Beethoven's Symphony No. 1.

Colmesneil News

Mrs. Ella Boyett had with her during the past week her Dallas, while here the sisters attended the funeral services of their niece, Myrtle Floberg at Edwards Funeral Home.

Bro. and Mrs. George Youngblood returned home during the past week from a months vacation in the Central States and southern Canada. With them were Mr. and Mrs. V.S. Dumond of Seguin and four other friends from Montana. Among other activities the group enjoyed a tramp through the woods in Canada where they gathered many blue berries, returning with an abundant supply of jelly.

Visiting Mrs. Wynona Hooper over the weekend was her daughter, Marguerite of Houston. Also with Mr. and Mrs. Homer Gregory was their son, Billy who was enroute to his country home in Magnolia Springs.

School doors in Colmesneil opened August 15, with four new teachers, two in high school and two in elementary. All departments seem to be in full operation, including football, with two skirmishes already in the past, one with Deweyville and the other with New Waverly.

School interests is still evident in the hearts of several of our ex-students. Mr. and Mrs. Handy Gardner, and their little son, will return to A&M Wednesday for his continuation of studies. Tim Brown, who has been at Sam Houston, beginning his football practice, returned to school Sunday after a visit with-home folks. Jay Benton is attending Sam Houston and Rodney Bandy, who is working in Huntsville, is attending college there. Roger Ogden, who is also working, and attending school in Huntsville, visited his mother, Georgia Ruth Og-

den between semesters and was joined in the Ogden home by his sister, Jill and her husband, Bro. Larry Ponder and little son of near Henderson, Georgia Ruth, Scottie Daniels and others will commute to Jasper where they will take extension courses from Lamar University.

Sincere sympathy is extended from their neighbors and many friends to Mrs. Mildred Bennett and members of her family in the death of her father, Fred Nugent whose burial was in Colmesneil Cemetery Friday.

In the Tyler County Hospital is Ollie Ivey and in Herman Hospital is a brother-in-law of Mace Freeman, Kirby James who will have critical surgery on his remaining eye, having lost the other some time ago.

Returning to her home in Joplin, Missouri during the past week was Marilyn Simpson and her family, who have been with her parents, Mr. and Mrs. Clyde Freeman for the past several days.

Iva Gray and Coia Davis greatly enjoyed the singing at Mt. Carmel Saturday night. Several outstanding groups of singers from throughout the South were present, who drew a large number of listeners.

Bro. and Mrs. Buddy Jones will be moving to Cimarron, Kansas September 3 where they will be engaged in pioneer mission work. Their many friends in this vicinity wish for them the greatest of happiness in the splendid service which they will give in their new position.

Altha Jo Cruse attended the funeral of Tubbo McDonald of Jasper during the past week. Tubbo, a drowning victim, has been a referee for many games in Colmesneil and other schools of this vicinity. He will be mourned by school boys and girls throughout East Texas.

Hillister News

Mrs. Lou Read is in Koinonia this week visiting her grandson, James Read and family. Mrs. Althea Holt was called early Monday to Port Neches to be with her sister Mrs. Martha Lou Williams who had fallen and broken her hip. Mrs. Williams who has been ill for sometime is not doing well.

Mrs. J.W. Dufanis is in town with her daughter Mrs. Tom Gardner and the little grandson who arrived Saturday night in Memorial hospital.

Mrs. Florine Isaacs of Port Arthur was here last week visiting relatives.

Mrs. H. Poworth visited her brother Rudy Carrull in Baptist hospital in Beaumont Thursday.

Mrs. Velma Sumrall spent the weekend in Beaumont with her son Fred Sumrall and family.

Mr. and Mrs. Olen Tucker drove to Lufkin Monday and visited Mrs. Marianne Gardner in Memorial hospital.

Mr. and Mrs. H.L. Lord of Ivanhoe addition came home Friday from Gatesville where they were called to the bedside of his brother, but found him to be improved.

Mr. and Mrs. Earl Williams with Mrs. Marie Carter visited Mrs. Williams son Haskell.

Ivanhoe Civic Club To Meet Wednesday

The Ivanhoe Civic Club will resume their meeting Wednesday, September 3 at 11:30 A.M.

The meeting will be at Mrs. Ethel Phelps home with Mrs. Jane Rogers co-hostess.

Gospel Singing September 6

On September 6, beginning at 12:00 noon till 12:00 midnight, we will hold our first Anniversary Gospel Singing. If you love and support gospel music please feel free to come. The following quartets will be present: The Harmonizers of Lufkin, The Piney Wood Indian Quartet of Livingston, The Gospel Four of Bronson, The Victory Voices of Warren, Happy Don and the Little Flock Singers of Huntington, The Ambassadors of Lufkin, The Gospel Ways of Colmesneil, The Faith Singers of Houston, The New Day Spirituals of Colmesneil and many more. For more information about this please contact: Danny Isaon: 837-2249 or Carla Stewart: 837-2621 or 283-2561 or Bro. George Frank: 384-2516. If you have a quartet that would like to participate, please contact one of the above. More about the gospel singing will appear in next week's Booster.
