At Special Meeting

Judge Candidates Address Court

WOODVILLE—The Tyler County Commissioners heard three potential candidates for the position of county judge during a special meeting Friday morning, and a fourth at their Monday morning business meeting.

The process of appointing the successor to Judge Tom Dick Mann cannot proceed any further, however, until the judge officially tenders his resignation and the court accepts it, according to County Clerk Allen Sturrock.

Judge Mann has told the court that he will resign effective Sept. 1, but has not officially presented the resignation to the court for acceptance. He has also stated that he will start a

vacation Aug. 15.

Originally, the court had asked the county Democratic committee to meet with it to discuss possible candidates. However, the committee met before the Friday session and decided to attend not as the executive committee of the party, but as individuals.

Elmer Ray Oates, of Colmesneil, was first to address the court. "I feel I am qualified," said Oates, "but nobody can do the job without the support of the citizens of Tyler County."

Joe Cash, 64, of Woodville was the second candidate to speak. The former school district superintendent and Exxon employe told the court he was "qualified by

nature, background and experience."

Jim Dillion, 56, a Woodville lawyer and part owner of the Woodville Inn, was the final candidate to speak at Friday's meeting.

Dillion told the court that he had been a resident of Tyler County for 10 years and that his occupation as a lawyer "would be an asset". He added that he was not obligated to anyone.

Carl Nichols, 54, president of the Tyler County Chamber of Commerce, addressed the court during its Monday session. He also told the court that he was not obligated to anyone and that the decision was up to the court.

Nichols added that he

had 20 years of service in the Air Force as a management specialist, with his final position being in the Pentagon with "world-wide responsibility."

Bill Brown, a member of the Democratic executive committee, told the court that the committee could not take action until the judge resigns and then would have until Sept. 27 to decide on a candidate for the November election.

Brown also reminded the court that the committee would not be bound to support the person appointed to the judgeship by the court when Judge Mann does resign.

Judge Mann told the meeting that the appointee and new judge should have a good knowledge of the workings of the Deep East Texas Council of Governments, because of the funding received from that organization.

Commissioners Request Lateral Road Money

WOODVILLE—A request for \$28,193.70 in lateral road tax money from the state and discussion of the 1977 budget were the main items of business during the Monday morning business session of the Tyler County Commissioners Court.

With Judge pro-tem Bo Jordan filling in for County Judge Tom Dick Mann who was in conference, the court tabled until later a decision on the appointment of presiding judges for county held elections.

The request for the lateral road funds passed 3-0 after Commissioner H.M. Parks made the motion for the funds.

Judge Mann joined the meeting in progress and the

court spent the remainder of the session discussing proposals for the 1977 budget.

Among the items discussed were constable's pay, county salaries in general, and solid waste.

County Auditor Earl King informed the court that Kirby Lumber Co. was not going to pay approximately \$65,000 in taxes owed to the county. He added that the amount was growing due to interest and penalty charges and now equaled approximately \$80,000.

The problem of keeping up with the number of homes in the county and the loss of taxes due to the lack of

this information was also discussed.

Carl Nichols, president of the Tyler County Chamber of Commerce, suggested that the county set up a building and remodeling permit system.

The system would require builders to file a permit for repairs on construction of homes, and thus allow the county to keep a record of the number of homes. Nichols pointed out that it would serve both as an economic indicator to prospective industries as well as for taxing purposes.

The court went into executive session at the request of County Auditor King, and then recessed until Friday morning at 9 a.m.

Cystic Fibrosis Selects Mason As Chairman

WOODVILLE—Mrs. Ellen H. Mason has been named the Woodville Cystic Fibrosis Chairman for the "Kiss Your Baby" Campaign to be held in September.

This campaign is being held to raise funds for research, and also to make people more aware of the signs and symptoms of the number one genetic killer of children. One of the signs of cystic fibrosis is the salty taste of a baby's skin and that is the reason you are asked to kiss your baby.

Mrs. Mason will coordinate volunteers to conduct the fund raising and educational campaign to support research and care programs for children affected by lung-damaging diseases like cystic fibrosis, severe asthma, chronic bronchitis, bron-

chiectasis. Approximately one of every 1,500 babies is born with cystic fibrosis, which is still incurable. Cystic fibrosis is inherited when both parents carry the recessive gene for cystic fibrosis. It is believed that one in twenty persons, or a total of ten million Americans, is a symptomless carrier of this gene.

Current research funded by the Cystic Fibrosis Foundation is seeking a practical test to identify these carriers, as well as a cure for cystic fibrosis and better methods of treatment for all lung-damaging diseases.

Because of improved treatment developed through research, many cystic fibrosis patients are now living into their teens and young adulthood. This same treat-

ment is also benefiting and often curing children suffering from other lung-damaging diseases.

"Most people don't realize that there are millions of children in the U.S. affected by lung-damaging disease," said Mrs. Mason. "For some of these children, breathing is a struggle, rather than the natural function we, who are lucky, take for granted."

The "Kiss Your Baby" Campaign supports not only research, but diagnosis and treatment of children with lung-damaging diseases in over 100 Cystic Fibrosis Centers across the country.

Cathy Swearingen

Swearingen Named To Deans List

WACO—Catherine Swearingen of Woodville has been named to the spring 1976 Baylor University Dean's Academic Honor List.

A May graduate in elementary education, Catherine is the daughter of Dr. and Mrs. R.E. Swearingen. She was graduated from Kirby High School in 1972 and is currently teaching at the Indian Village.

To be named to the Dean's List, a student must earn a grade point average of 3.6 to 3.79 while enrolled for 15 or more credit hours. The grading system is based on a four point system, with an A equal to four points, a B is three, a C is two and a D is one.

Assembly of God Church Plans Homecoming

The annual homecoming for the Assembly of God Church in Colmesneil will be Sunday, August 1st. The Way Makers from Lufkin will be singing from 11:00 a.m. until 12:00 noon. Lunch will be served at noon.

More singing in the afternoon by the Way Makers. The pastor, Rev. J.C. Carter, extends an invitation to everyone to come and be with us on this day of fellowship and renewing old acquaintances.

Chamber To Meet Monday

Tyler County Chamber of Commerce will meet at noon Monday, August 2, at the Woodville Inn. All interested persons are urged to attend by Carl Nichols, President.

Service League Plans School Bond Strategy

WOODVILLE—A public utility committee meeting of the School Service League which functions "as a helpful arm of the Woodville Independent School District" met at the home of Dr. and Mrs. Gayle Burton Monday night to further map out publicity plans and voter registration efforts for the upcoming \$3.1 million school bond election.

The election is set for Tuesday, Sept. 28.

The meeting was held according to Mrs. Burton, to determine which community group leaders in the district could be considered as "resource" people in educating the public about the need for a new high school along with the other improvements that would evolve throughout the districts school system.

Present for the meeting was Mrs. R.E. Swearingen, Mrs. John Kinney, Mrs. Jim Allison, Mrs. Elmer O'Quinn and Mrs. Martha Weatherall.

The group intends to produce a series of articles over the next eight weeks, which outline the facts surrounding why the League and the Board feel that the improvements are necessary "to transfer more learning to the W.I.S.D. student."

According to Mrs. Curtis Garner, "The articles will be designed to inform the readers about the problems facing the district and how the proposed bonds will solve those problems. The articles," Mrs. Garner says, "will discuss the needs of each school, primary, elementary, junior high and high school."

The articles will also present the current financial condition of the W.I.S.D.

and explain the cost of the proposed school bond to the district's taxpayers."

According to Mrs. Burton the league is asking for input from the voting public in the form of questions and suggestions about the upcoming bond election.

Persons who have such questions and suggestions are asked to send their in-

quiries to the following address:

P.O. Box 428
Woodville, Texas 75979

The publicity committee also formed a speaker bureau which will be available to address the various organizations and clubs

within the district about the upcoming bond vote.

According to Mrs. Kinney, "Any organization who would like a speaker or resource person to meet with their club and discuss the proposed school improvements are asked to contact Mrs. Gayle Burton at 283-2419 or Mrs. W.D. Mahan at 283-2698."

Pair Plead Guilty To Mushroom Charge

WOODVILLE—Two Canadian men were sentenced to six months probation and fined \$100 Friday after pleading guilty to possession of a controlled sub-

stance, specifically psilocybin mushrooms.

Tyler County Judge Tom Dick Mann heard the pleas of James Ronald Ada, 28, who listed a Washington address but claimed Cana-

dian citizenship, and Cameron Lloyd Malcolm, 21, of Alberta, Canada.

The pair were transferred to the custody of U.S. immigration officials Tuesday for possible deportation to Canada, according to J.B. Vardeman, investigator for the district attorney's office.

A local citizen called the county sheriff's department Wednesday to report two men going through his pasture, turning over "cow patties". The dispatcher put out a description of the men and their vehicle.

Woodville Patrolman James Reid stopped the two Canadians in their 1950 Chevy van at the intersection of West Bluff and Beech streets in answer to the call. He was assisted by Texas Parks and Wildlife Game Warden Charles Westbrook.

Search through the van revealed several large, plastic containers filled with mushrooms. The two men were then taken to the police station where they were charged with possession of a controlled substance. In this case, a third-degree felony, according to Vardeman.

City Magistrate Thomas E. Phillips set bond at \$5000 and the pair were held in the county jail until their hearing Friday before Judge Mann.

The charges were decreased to class A misdemeanors and the men plead guilty before Judge Mann. The maximum sentence for a third-degree felony is 10 years imprisonment and/or a fine of \$5000. The maximum sentence for a class A misdemeanor is a year imprisonment and/or a \$2000 fine.

Aiding in the investigation were Vardeman and County Probation Officer Roger Harvill.

Sniffen Around

By John Sniffen

'Fruit Off The Family Tree'

It's easy to remember one's famous or well-to-do ancestors, but the one's that are the most interesting aren't always the most honest.

There's Uncle Dave, the real estate salesman in Arizona who has the distinction of having sold the Grand Canyon to an Arab oil tycoon. Only five more years and he'll be out of San Quentin.

Further back in time, there's Grand Uncle Zochia. He set a record for laying tracks. Not on the transcontinental railroad, but he did have the fastest time between the pool hall and the saloon, especially when Grand Aunt Zipporah was on his trail.

And remember Sally, the distant

relative who ran off with a traveling corset salesman who sold miracle tonic on the side.

Finally, there was Great-great-great-grandfather John. He's especially easy to remember: in this Bicentennial year, since he enlisted in the Continental army on May 21, 1777, and deserted on May 22.

Most of these wouldn't make it into the history books. Their pictures do not grace our walls and our thoughts towards them may not be the kindest.

But the next time we curse the misfortune that made them or our ancestors, remember they might feel the same about our being their descendants.

Three Attend Seminar

Boarding the bus which took them to the Texas Farm Bureau Citizenship Seminar at Baylor University are Jeff Moffett of Colmesneil, Kim Fortenberry of Woodville and Robert Crawford of Warren. The seminar was held July 12-16.

The three enjoyed speakers on many subjects including: "Patriotism", Dr. Clifton L. Gannus, President Harding College, Searcy, Ark.; Historian, W. Cleon Stoumen of Salt Lake City, and the very entertaining and interesting speaker John D. Jackson of American Airlines.

Letters TO THE EDITOR

'At Least Up To Par'

LETTER TO THE EDITOR
and to voters of Woodville Independent School District

I have just made a thorough study of the proposed Woodville school improvement program, and I want to compliment the school board and Mr. Linnam, school supt., for such a well planned, comprehensive proposal to bring Woodville schools at least up to par with other schools of this county and area.

I urge the voters of the Woodville School District to discount rumors and study the facts. If any questions or reservations remain, I will be glad to discuss them at any time.

If you live in the Woodville School District and are not registered to vote, I urge you to do so before August 29th. (You do not have to be a property owner

to vote in this election.) I appreciate the money and effort spent by past generations to insure my excellent education, so I consider it a privilege to help provide the same opportunities for the children of this district.

Pastor Praised

Editor Tyler County Booster

The Cherokee Baptist Church was organized in 1836 and the people called Brother Earnest Martin to be our pastor and he accepted the call. He has been the only pastor we ever had.

Well, that was 40 years ago, and through thick and thin we have had church every second and fourth Sunday of each month ever since.

His dear wife has been our Sunday school teacher for a long, long time, and she is one of the best.

We love and appreciate them both more each passing year. After all these years of service together, we still would not trade pastors with any church in our great NATION.

Oh, yes. Bring your babies and little ones to our church. They are always welcome.

The congregation of Cherokee Baptist Church is located nine-and-a-half miles northwest of Woodville and two-and-a-half miles east of This Old House on FM 256.

Our church house is an old antique church, built approximately 100 years ago. We still have our old homemade seats. It is not fancy, but if you want to hear some old-time gospel preaching, we invite you to come visit us.

Come as you are and feel comfortable, whether in your

gingham calico or khaki, you will feel welcome.

Urges 'Yes' Vote

Editor Tyler County Booster

By voting "yes" on the W.I.S.D. school bond issue you will be extending a helping hand to the youth of this community and saying to them, "You are our today, our tomorrow, we trust, respect and love you. We know you will protect and improve this great and good country of ours."

As a badly shot-up veteran of World War II I plead with you to join me in voting "yes" for the school bond issue on Tuesday, Sept. 28.

'Ode' Is On

"Ode to Billy Joe" is a movie made from a hit song about a true event that became a legend.

The movie that plays for a full week until August 4 at the Pines Theatre in downtown Woodville was inspired by the song, "Ode to Billy Joe," made famous by Bobbie Gentry on a record that sold more than 23 million copies.

It was 23 years ago, on June 23, 1953, that Billy Joe McAllister jumped off the Tallahatchie bridge in Mississippi. Almost five

years have passed since Bobbie Gentry put the story to song. Now, a movie that answers the question of "why" Billy Joe jumped in his death has made two new movie stars out of previous unknowns.

Glynnis O'Connor plays the young girl with an all-consuming love for Billy Joe. The part of Billy Joe is brought to life by Robby Benson. Both stars are very close to the real ages of the tragic lovers in real life. The movie has been described as "a joyous and sometimes touching story of young romance in the Mississippi Delta that ends in tragedy. All the time the audience keeps trying to keep the tragedy from happening."

TSTA President Attends Conference

DAM, D. Akins, President of the Tyler County Unit of the Texas State Teachers' Association, was in Austin July 22-23 for the 1976 local association presidents' conference of TSTA.

Presidents of most of the 20 TSTA districts and some 500 local associations throughout the state, along with TSTA state officers and staff members participated in the meeting.

Also attending from the Tyler County Unit was Ken Freeland, local membership chairman, who will be a key figure in the membership drive for this year as the unit attempts to equal or surpass last year's membership goal of 15,000.

Those attending the convention directed their attention to the organization, activities, and objectives of their local teacher association for the coming year. Tentative plans were drawn for local 1976-77 membership campaign tied in with the statewide goal of 15,000 TSTA members. Present membership is just over 140,000.

Other officers of the local association for 1976-77 are Biddle Baker (Warren), first vice-president; Nancy Jehlen (Warren), second vice-president; Dorothy O'Neal (Colmesneil), treasurer; and Mary Ann Smith (Woodville), secretary.

Chairman standing committees for the following year will be announced at the beginning of the school year, and will be selected from all of the schools within the Tyler County unit, including Chester, Colmesneil, Spurger, Warren and Woodville.

LU Plans Hygiene Class

BEAUMONT—A two-session seminar on industrial hygiene will be offered free of charge by the adult training division of Lamar University's College of Technical Arts.

The seminar will be conducted by Eric LeBrook, senior hygienist for Exxon Company in Baytown, from 6 to 10 p.m. on August 17 and 19 in the LU Science Auditorium.

Norman Lowrey, adult training coordinator for Lamar, said the sessions will be of interest to members of safety departments, county committees, and others employed by area industries.

Golden Anniversary

WARREN—Mr. and Mrs. Henry L. Talbert Sr. of Warren will be honored at a reception celebrating their golden wedding anniversary at the Business and Professional Men's Club in Beaumont, Saturday, July 31, 3 - 5 p.m.

Hosts will be Mr. and Mrs. Henry L. Talbert Jr. of Dallas, Mr. and Mrs. Marvin Gates of Port Arthur, and Patricia A. Talbert of Warren.

The Talberts were married July 31, 1926, in Dallas. Friends are invited through the press. The BPM Club is located at 3180 Fannin.

Tax Exemption To Benefit Farmers

COLLEGE STATION—Texas farmers and ranchers no longer have to pay sales taxes on certain purchases to be used in the production of food and fiber.

Effective July 20, the Texas sales tax law exempts agricultural producers from sales taxes on such items as: baling wire, fencing supplies, and machinery and equipment, points out Don Parks, area economist with the Texas Agricultural Extension Service.

To qualify for an exemption, the item purchased must be used exclusively on a farm to ranch, a farm or ranch is defined as land used entirely or partially in the production of crops, livestock or other agricultural products. Home gardens are not considered a farm, explains the economist.

Plant Pumpkins Now For Fall

COLLEGE STATION—What is round, orange, and has witches and goblins as best friends? A Halloween pumpkin, of course!

If you plan to grow pumpkins in your garden this year, it's time to plant the seed, says Sara Corner, horticulturist for the Texas Agricultural Extension Service. Pumpkins require 90 to 110 days to grow depending on the variety, temperature and rainfall during the growing season. This means the seed should be planted during July and August in most areas of Texas.

Most pumpkin varieties—Connecticut Field, Howden, Field and Jack-O-Lantern—are vining types and require much space. This makes them questionable for a small home garden. However, varieties such as Cinderella and Puffy-Face are semi-bush or bush types and require only as much space as a yellow or zucchini summer squash, notes Corner.

To prepare the soil, use two to three pounds of 10-10-10 or similar fertilizer per 100 square feet of garden space. Work the fertilizer well into the soil. Plant four to six seed per hill one inch deep, with vining types spaced six to eight feet apart and the bush types three feet apart. Thin the seedlings to two plants per hill when they are four to six inches tall.

"Once the seedlings are up and growing, start a rigid insect and disease control program," advises Corner. "Pests likely to be problems are the squash vine borer and powdery mildew. Your local county Extension agent can suggest recommended chemicals."

With diseases and insects controlled, "whoosh," knows, maybe the Great Pumpkin will appear in your garden this Halloween.

Lions Club Rodeo Roundup

Bullrider Gets Ready For Take-Off

WOODVILLE-The Tyler County Lions Rodeo with the addition of several new events and added improvements to the FFA 4-H Rodeo arena was considered an "exciting and rousing success" by its coordinators.

With gate proceeds nearing the \$5,000 mark the rodeo saw some 39 Rodeo Cowboy Association members participate. A total of \$3,060 was collected from the contestants in this year's rodeo.

The total purse with its "jackpot" offered amounted to \$600. Some \$3,703.88 was paid out to the winners in the various events.

The Rodeo stock was considered "better than average" by most observers at the rodeo with many cowboys having a hard time earning times in some events.

The building events drew most of the crowd excitement as did the kids goat scramble and the new relay race event.

According to Lions Club President Jim Clark the arena improvements aided the conditions this year's event despite threatening clouds just prior to the Saturday night final show.

Clark listed the addition of a fence which surrounds the arena; new reserved seats areas and the covered roof area of the arena and attractions that added to the effectiveness of the rodeo this year.

M.G. Jordan of Groves (and Tyler County) was the lucky winner of \$100 worth of beef in the beef raffle.

Chosen as Queen of the Tyler County Lions Club Rodeo was Keitha Massey of Jasper who was sponsored by the Kirby High School.

She is the daughter of Mr. and Mrs. George H. Massey of Jasper. Miss Massey was also previously chosen as the Western Weekend Queen. Runnerup to that title was Tami Bullock of Corrigan, daughter of Mr. and Mrs. C.B. Bullock Jr. She was sponsored by the Corrigan Lions Club.

Winners in the goat scramble contest were:

Hunter Safety

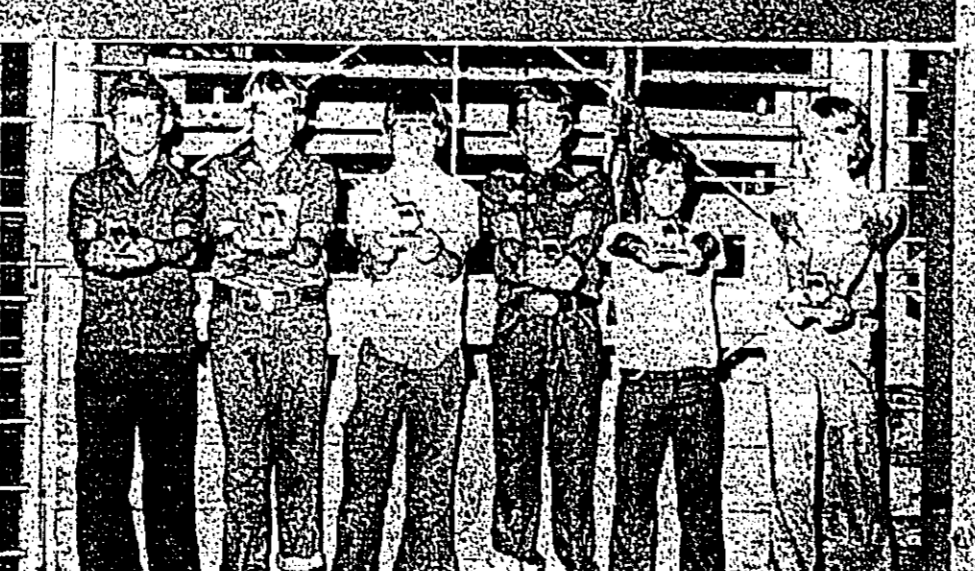

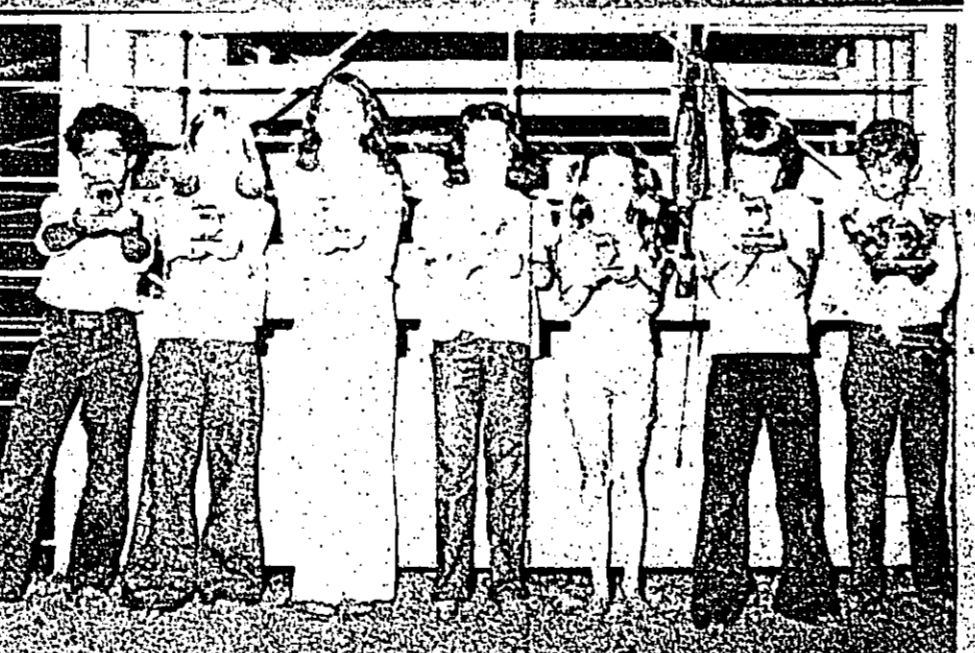

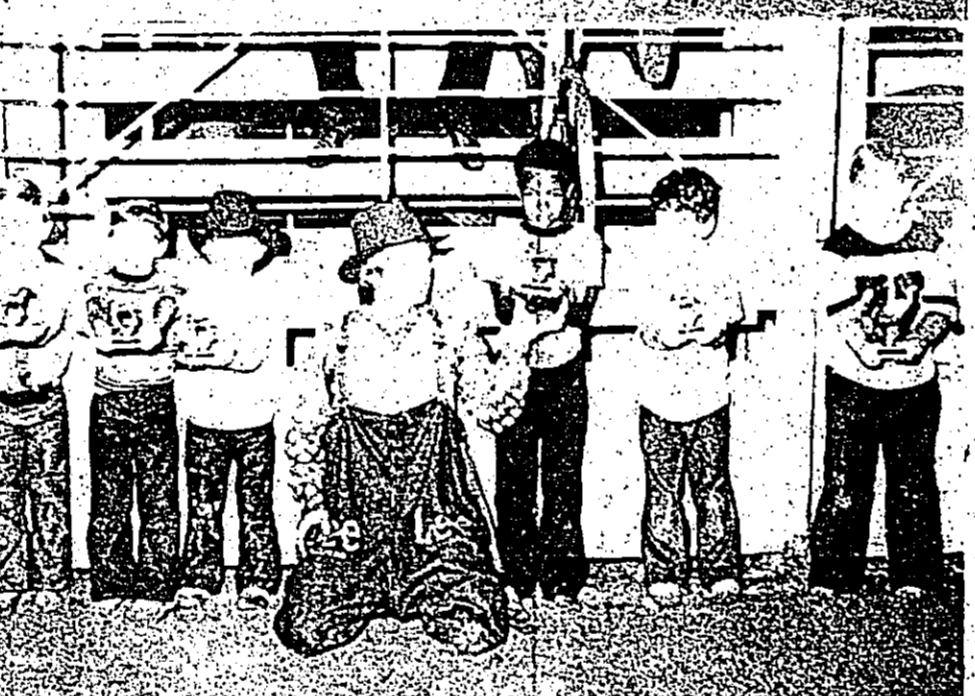

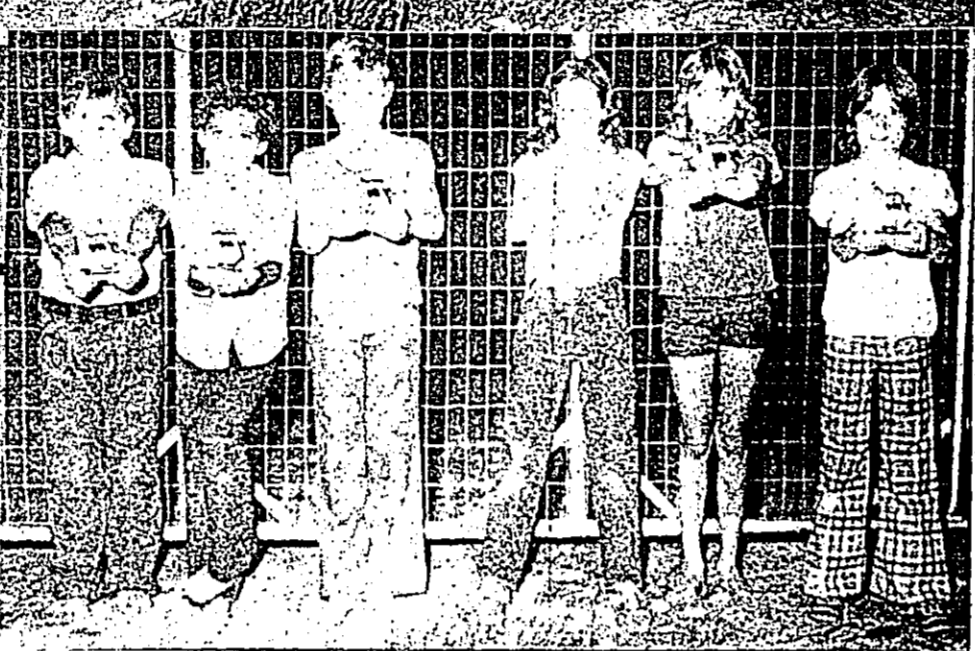

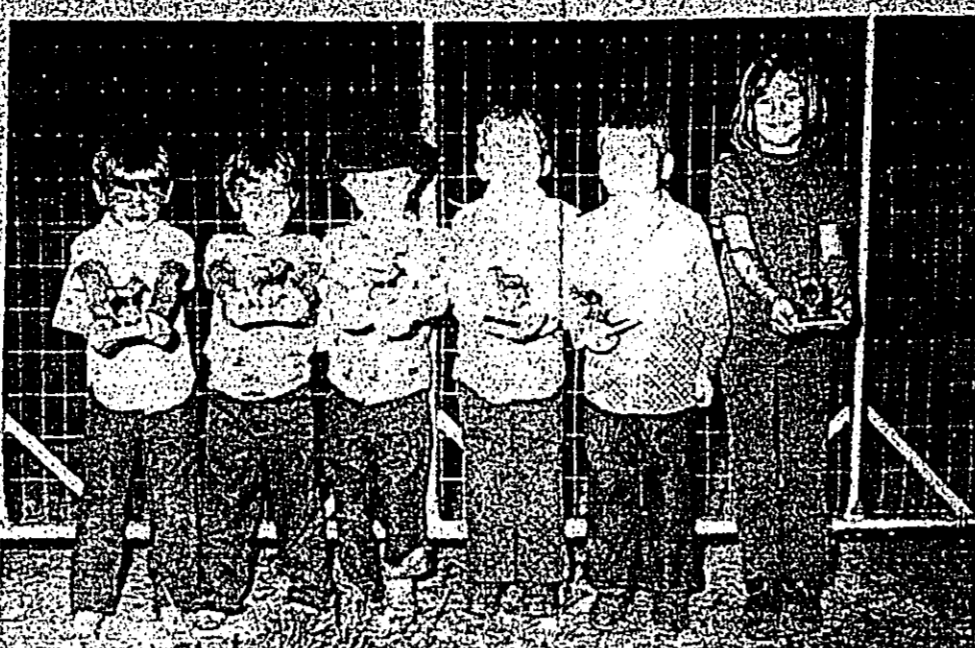

AUSTIN-In the first five years of operation, the Hunter Safety Training Program sponsored by the Texas Parks and Wildlife Department has certified 25,000 Texas hunters. The majority of these students were teenagers with little hunting experience.

Now, many schools are offering hunter safety courses as part of outdoor education, lifetime sports and Junior ROTC courses. This should increase the opportunities for young people to learn hunter ethics, game laws, landowner relationships, field etiquette and respect for the environment.

According to T.D. Carroll, P&WD Hunter Safety Coordinator, credit for the success of the program must go to the dedicated men and women volunteer hunter safety instructors. "In all," said Carroll, "they have contributed more than 22,000 hours of their time to train hunters and recreational shooters."

The trend among the instructors is to give more attention than required to range exercises, live firing and other activities. Classroom work includes wildlife observation, game identification, basic survival and field first aid.

Instructors emphasize that knowledge, skill and the attitude of the participants are important in hunting and shooting sports.

Free Hunting Guide Available Soon In Area

Want to know the regulations governing trapping, or crabs, or crayfish, or shrimp, or trapping? Want to learn the proper way to tag a turkey or deer? Need to know which Texas counties have hunting seasons for wildlife, like pheasant, javelina, mule deer and antelope?

All of the above information and much more is contained in the Guide to Texas Hunting & Sport Fishing Regulations 1976-77. Free copies of the new 24 page guide are now available at most Texas Parks and Wildlife Department offices across the state, and will be available by the end of July at businesses where hunting and fishing licenses are sold.

Athletes Require Physical

WOODVILLE-Every student at Kirby High School or Wheat Junior High who will participate in any athletic program during the 1978-79 school year is required to have a current physical report on file with the school before they can participate.

Physicals will be given at the Doctor's Clinic on August 1 and August 8 at a cost of \$5.

If the students do not have a physical made at these times, they will have to have a physical from their family doctor, said Guy T. Broussard.

Schedule for the exams is as follows:

High school boys: 1:30 p.m. - August 1; junior high boys: 1:30 p.m. - August 8; and all girls: 2:30 p.m. - August 8.

TC National All Stars Advance To Quarter Finals

WOODVILLE-The Tyler County National All Stars advanced to the quarter finals of the regional major league playoffs Monday by beating Liberty 7-5.

Chris Dill, the winning pitcher, struck-out 14 Liberty batters, gave up only two hits and walked five.

Dill and James Watts Jr. both went two-for-three at bat, and, along with Robert Culligan Jr., who was two-for-four, led the team in hitting. Culligan and Watts both had two RBIs for the evening.

The victory over the tough Liberty team sent the Tyler County All Stars into a Wednesday night showdown with Hardin-Jefferson. The game is scheduled for 7:30 p.m. at Hennigan Field.

WOODVILLE-Silbee-Buna defeated the Tyler County Big League All Stars twice, 2-1 and 3-1, to knock TC out of the playoffs.

John Scroggins, the losing pitcher in the first game, struck out 12 batters while giving up four hits. Scroggins and David Tolbert each had two hits, with Tolbert barely missing a homerun.

Dwayne Vinson struck-out seven Silbee-Buna batters in the second game while allowing seven hits. Gary Cowart, Tolbert, and Dave Mahan led the hitting for the All Stars.

Silbee-Buna lost 4-2 to Lumberton, the eventual winners of the playoffs.

YOUR GARDEN

If you've had poor luck starting plants from cuttings, try some perlite. Four perlite in a container, wet it and insert your cuttings. Cover the container with clear plastic wrap and wait for the roots to form—it's as simple as that. Perlite is a white, sterile, lightweight volcanic material readily available under various brand names at nurseries, supermarkets and hardware stores, everywhere.

Lions Club Guest

Yesterdays Lion Ken Barton (Center) is welcomed by Woodville Lions Club President Jim Clark (L.) and Program Chairman Bill Franks following a talk by Barton Thursday night at the Lions Club. Barton, who is the purchasing agent for the Baptist Hospital in Beaumont, spoke to the group about some of his experiences during his 13 years in the organization. He extended compliments to the Woodville group about their Lions Rodeo Preparations.

Library To Host Magic Show

WOODVILLE—A magic show by Don Freeman will highlight a party for the 117 members of the Allan Shivers Chapter of the 1976 Texas Reading Club, Tuesday, Aug. 3, at 10:30 a.m. in the Allan Shivers Library. Children who attend the library story hour are also invited to attend the party, according to Mrs. Quaid Sullivan, library director. Freeman, the son of Mr. and Mrs. Jimmy Freeman of Woodville, has recently appeared in several local programs. The certificates will be awarded to those readers who have already completed the summer reading program, said Mrs. Sullivan. The certificates have been ordered from the Texas State Library, and should arrive for the ceremonies. Members of the club may continue to read for the program until Aug. 15. The winners in the three divisions will be announced after this date. Refreshments will be served at the conclusion of the party. The premier performance in the library's puppet theater will be Tuesday, Aug. 10, 10:30-11:15 a.m. during the story hour. The theater is being donated to the library by the Woman's Study Club.

Approximately 200 descendants of William and Ann Sturrock gathered in Colmesneil Saturday. Represented here are descendants of four of their children. They are Emma Sturrock of Corrigan; Tom E. Sturrock of Colmesneil; Arthur Coffin of Weiss Bluff; and Margaret Ferguson of Lake Charles.

One case of four generations present at the Sturrock reunion in Colmesneil was this group of ladies. They are, left to right, Lottie Sturrock McFarland of Colmesneil; Whanda Wharton, the daughter; Tina Wharton, the great granddaughter; and Dayliah Gohlhare, the granddaughter, all of Beaumont.

Some of the most entertaining and exciting television viewing comes our way every four years with the extravaganza called the Olympics. And this year has been no exception, with the performances of Nadia Comaneci, the devastating performances of the United States men swimming team, and the awesome power of the Soviet influenced gymnastic contingents. Yet, with all its pageantry, and the bringing together of the world's top athletes, the archaic regulations determining "amateur" status, and the "political" opportunities for some nations to grab the spotlight appear to threaten the future of the great quadrennial event. Miss Ender, the great East German swim star certainly put the amateur situation in its true perspective. In an interview before the Games began, she said she thought the Communist system offered the best environment for competition. Refreshingly, she didn't attribute her skills to daily visits to Lenin's tomb, but rather to Lenin's state took care of her every want and need while she was in training. No expense on her part at all. We, in the United States are now one of the very few countries in the Olympics who even attempt to meet the amateur standards as laid down by the International Olympic Committee. With all the restrictions we place on our athletes to insure their eligibility, it is a wonder to me we win anything, where faced with the near world-wide professional competition. George Foreman's and Dorothy Hamill's are out there somewhere who can never compete because their economic circumstances won't permit them. That's the tragedy. The travesty of this year's Olympic Games was Canada's denying the Republic of China an opportunity to compete at all. But then, in Canada's view, a few boatloads of wheat to Red China was more important than a possibly embarrassing the Reds by letting Taiwan carry

Tax Return Deadline Near
AUSTIN—Saturday, July 31, is the last day for em-ployees to report and pay Social Security and withhold federal income taxes for the third quarter of 1976. According to the Internal Revenue Service employees have until August 10 to file Form 941, Employer's Quarterly Federal Tax Return, if they have deposited the entire quarterly liability on time in a Federal Reserve Bank or authorized commercial bank. Employees who receive the preaddressed Form 941 in the mail should use it to file their report. Those who did not receive the preaddressed forms can obtain forms from their local IRS offices. IRS Publication 15, "Circular E—Employer's Tax Guide", is available free from local IRS offices to provide more information for employers.

Hillister News
By Mrs. W. G. Haynes

The revival at the Baptist Church closed Sunday with eleven additions to the church. Three came by letter and eight for baptism. The Rev. Jerry Young of Houston was the evangelist. He with his wife, Peggy, had charge of the music. We appreciated having Richard Standly of Warren contributing to the music on two nights. The Youngs left for their home in Houston Sunday evening, beginning Wednesday, July 28. They will join Rev. Jimmie Owens of the Fairview Church for a Revival in Kirbyville where the Rev. Don Warden is pastor. Mr. and Mrs. David Read and children of Houston, were here early this week visiting his parents Mr. and Mrs. E. N. Read, and Mrs. F. E. Turner during the weekend. We regret to report so many ill in our community. Mrs. E. M. Knowlton has been very ill but is some better. She was transferred from Tyler County hospital to a hospital in Houston. Mrs. Laurens Dobby is in St. Elizabeth's hospital in Dallas. Mrs. Henrietta Eberidge of Houston is visiting her sister Mrs. Jane Rogers in Winkles addition. Mr. and Mrs. E. N. Read and Mrs. Lou Read visited the James Read family in Kountze Sunday. Mr. and Mrs. Earl Williams have returned from Anahuac where they visited his son and family. Mr. and Mrs. Tom Sawyer and children of Pasadena were here Saturday visiting the B.A. Smith family. Sunday visitors in the home of Mr. and Mrs. Brandin of Port Neches were visitors in the home of Mr. and Mrs. F. E. Turner during the weekend. The Carroll Rice family of Lambertown were Sunday visitors in the J.H. Miller home. Glenn Miller of Alvin drove up Sunday to get his sister Renee Miller and Lori Methrin who had spent the week with Mr. and Mrs. J.H. Miller.

Bullock Seeks Change in Inheritance Tax Exemptions For Family Members

AUSTIN—Comptroller Bob Bullock announced Thursday that he will recommend to the 65th Legislature that inheritance tax exemptions for surviving family members be increased to ease the financial burden imposed on many Texas farmers, particularly those who...

Introducing Ford's new Courier.

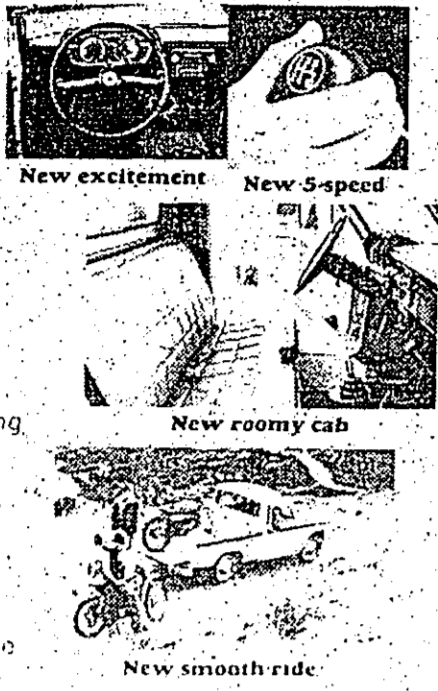

New room... New options... New spirit...

Here comes Courier '76. Coming on strong with its built-in toughness, it's got a lot of new features like optional 5-speed transmission and new soft-tube rack and pinion. And it's ready to take anything you've got, 'cause it's a quality little truck.

JACK LANE FORD

PINE STREET WOODVILLE, TEXAS

in 1973 sells anywhere from \$350 to \$750 per acre now. The result, Bullock said, is that many farm and ranch families are being forced to sell all or part of their land in 1976 as \$25,000 worth of smaller estates without significantly affecting state revenue.

Bullock said his Inheritance Tax Division is conducting a study in order to recommend an exemption level that would help out heirs of smaller estates without significantly affecting state revenue.

Cousins Serving on U.S. Piedmont

NORFOLK, VA.—Navy Machinist Mate Third Class John Cousins, son of Mr. and Mrs. Charles Cousins of Woodville, is serving as a crewmember aboard the destroyer tender USS Piedmont which recently changed its homeport from Naples, Italy to Norfolk.

During the return cruise to the U.S., Cousins visited Rota, Spain and Portsmouth, England.

His ship is a floating repair shop providing complete service for destroyers and other small surface combatant vessels.

Cousins' ship is the only Navy ship in the world which has traditionally been referred to as "the late Walt Disney, nicknamed Piedmont Doc" — the nickname and the male gender have persisted to this day.

A 1974 graduate of Spurger High School, he joined the Navy in September, 1974.

Larry Wilson's PETTICOAT POLITICS

WASHINGTON, D.C.—Texas has played an important part in Washington's summer Bicentennial celebration. But a unique history of Texas and Texas was presented by Sam Enloe, son of Dr. Jewett Enloe of Colmesneil, at a dinner at the Center for Performing Arts.

The Texas Trilogy, Dubious Washingtonians at first thought four weeks of the alternating trilogy would be a little too much Texas. But as the reviews came in and the ticket sales soared, it was proof enough that the three plays were more than just a "regional" work.

By the last week, no tickets were available. And the Kennedy Center, in a break with policy, announced that the Texas Trilogy would return to the Eisenhower Theater at the Kennedy Center for the entire month of August.

Many Texans in the Dallas area had a chance in 1974 to see the three full-length plays. Playwright Preston Jones was born in New Mexico and worked in small towns there and in West Texas. In 1962, he joined the Dallas Theater Center as both an actor and director.

And it was at the Dallas Theater Center that Jones' first effort of play writing was premiered. Called "The Bradleyville" Texas Trilogy, the plays center around a small West Texas town. The first play was "Lu Ann Hampton Lavery Oberlander."

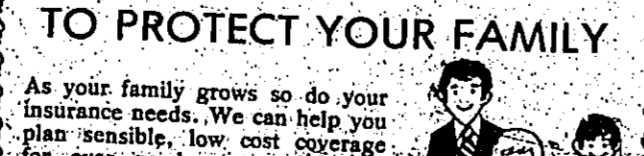

"Lu Ann" was named after the twice-married heroine and her 20-year history from high school cheerleader to "middle-aged housewife."

"As I was writing," Jones explained, "the whole town of Bradleyville just seemed to come to life in my mind. It almost wrote itself."

Such was one part of "The Texas Trilogy."

Unemployment Hits 6.1%

AUSTIN—The Texas jobless rate climbed to 6.1 percent in June, an increase of eight-tenths of one percent over the May rate, according to the Texas Employment Commission Chairman Harold K. Dudley, who added that it is no cause for concern.

"There is an increase every June," Dudley said, "as students and others who are out of the labor market begin looking for jobs."

"Unemployment patterns since 1970 show larger fluctuations from May to June than the current increase," Dudley said.

The new figures actually are evidence of economic recovery, he appears that the economy is making a step in the right direction, but it is moving slowly."

During June, some 331,600 Texans were seeking jobs and 5,149,300 were employed.

"Texas continues to fare better than the nation as a whole," Dudley commented. "The national unemployment rate for June is 6.7 percent."

TREC chairman predicted a gradual decline in joblessness in the months ahead.

The unemployment rate will go down very gradually, he said, "but the rate will be little chance of a sudden superheating of the economy, further decline in the unemployment rate is expected to come slowly."

Unity

"Behold, how good and how pleasant it is for brethren to dwell together in unity!" (Ps. 133:1). Some things are good for us but are not pleasant, others are pleasant but not good. Unity is both good and pleasant.

While the religious world rejoices in the divided state of men, DOES GOD SO REJOICE?

Does the word of God give any clue as to the desirability of religious unity? Unity is desirable for a number of reasons: 1) Jesus prayed for it in John 17:20, 21. "Neither pray I for these alone, but for them also which shall believe on me through their word; that they all may be one as thou, Father, art in me, and I in thee, that they also may be one in us: that the world may believe that thou hast sent me." If Jesus prayed for "oneness" among those who believe on Him is it not imperative that we be united? 2) Paul commanded the brethren at Corinth to be united. "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment." (1 Cor. 1:10). Paul desired that there be "...no divisions among you..." If such is true, of some of God's followers should it not be true of all of them? 3) Paul taught men to "keep the unity of the Spirit in the bond of peace." (Eph. 4:1-3). Here are three reasons for being united -- Jesus prayed for it, Paul commanded it.

IS IT POSSIBLE FOR MEN TO BE UNITED? Would Jesus pray for something to take place among His followers if it were impossible?

On what shall religious people unite? The creeds of men? Which one? Or, on a "this saith the Lord?" Is that not what is meant by "unity of the Spirit" in Eph. 4:3? The basis for this unity if briefly set forth in Eph. 4:4-6 -- "one body" (body is church, Eph. 1:22, 23), "one Spirit" (Holy Spirit), "one hope" (heaven), "one Lord" (Jesus Christ), "one faith" (New Testament, which is a system of faith -- that which is to be believed), "one baptism" (immersion of a penitent believer for the remission of sins (Mk. 16:16; Acts 2:38), "one God the Father."

STRIKE ZONE

In all ways of life, keep him swinging in the proper PLAY BALL... is a familiar cry in the spring and summer. This is a time that parents and coaches, alike, encourage the boy not to swing unless the ball is in the strike zone... for in the early years of playing the game, the tendency is to swing at every pitch. This holds true in all of life, so it is up to wiser and older heads to train and encourage him in the better things. Bringing up a child is a serious matter and all can use help. Let the church help you to teach him the right ways.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the traditions which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, we should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should support and participate in the Church because it tells the truth about man's life, death and destiny; the truth which will set him free to live as a child of God.
