The Tyler County BOOSTER

Vol. 49 No. 42 Thursday, October 14, 1976 WOODVILLE, TEXAS 75979

County Briefs

For Absentee Voters

WOODVILLE—Tyler County Clerk Grace Bostick has announced the dates and hours for absentee voting for the November 2 general election.

Absentee voting will be conducted in the Commissioners Courtroom on the first floor of the Tyler County Courthouse in Woodville on the following days:

Wednesday, Oct. 13, to Friday, Oct. 15, from 8 a.m. to 4:30 p.m. daily.

Monday, Oct. 18, to Friday, Oct. 22, from 8 a.m. to 4:30 p.m. daily.

Saturday, Oct. 23, from 2 p.m. to 6 p.m.

Tuesday, Oct. 26, to Friday, Oct. 29, from 8 a.m. to 4:30 p.m. daily.

Farm Bureau Confab Set

WARREN—The Tyler County Farm Bureau will host its Fifth Annual Convention at the Warren High School cafeteria this Saturday, Oct. 16, beginning at 7:30 p.m.

Following a covered dish supper, there will be a business session. Special guests for the convention will include District Director Henry Burton, Texas Farm Bureau Field Representative Pat Kelly, Tyler County Farm Bureau Queen Phyllis Spurlock, District 9 Queen Peggy McMillan, and Beverly and Tim Mitchon, the Tyler County 4-H Gold Star girl and boy.

Speakers for evening will be citizenship seminar participants Kim Fortenberry of Woodville, Robert Crawford of Warren and Jeff Moffett of Colmesneil.

The Tyler County Farm Bureau has approximately 400 members.

Halloween Carnival Coming

WOODVILLE—A Halloween Carnival sponsored by the Woodville Athletic Booster Club will be held Wednesday, Oct. 30 on the old football field in front of the High School.

Anyone interested in having a booth should contact Guy Broussard or Mrs. Broussard. The proceeds from the booth will go to the class or Club that is sponsoring that booth. Each class or club is responsible for getting their booth together.

Save your money & bring the kids for an afternoon of old time fun. Starts at 6:30 p.m.

Rev. Gloor To Speak

WOODVILLE—The Rev. E. Gene Gloor of Galveston will be the guest speaker at the Trinity Assembly for the 11 a.m. and 7 p.m. services this Sunday, Oct. 17.

The Rev. Gloor works what is called a "jailhouse ministry" in the island city. Recently, he baptized a 19-year old girl who was on her way to prison for possession of heroin, and had to get a court order to go to the ceremony.

The Trinity Assembly is located at 215 W. Holly. All interested persons are invited to hear the Rev. Gloor.

CB Club To Meet

WOODVILLE—The Tyler County CB club will meet this Thursday, Oct. 14, at 7:30 p.m. in the Community Room of the Citizens State Bank. All members are urged to attend and interested persons are invited.

Cub Scout Leader Meet

WOODVILLE—A meeting for all Cub Scout den leaders of Pack 37 will be held Tuesday, Oct. 19, at 7 p.m. in the home of Cubmaster Billy Rose, 1506 W. Holly.

Plans for the pack meeting, scheduled for Oct. 28 in the Youth Building of First Methodist Church, will be discussed at the Tuesday meeting.

All Cub Scout Leaders are urged to attend, according to Executive Director Charlie Beard.

Business Women's Week Coffee Monday

WOODVILLE—The National Business Women's Week coffee will be held Monday, Oct. 18, from 9:00 a.m. until 4:00 p.m. in the Community Room of the Citizens State Bank.

Men and women are invited to attend the annual event. Cookies, coffee and tea will be served.

The coffee is being sponsored by the Woodville Business & Professional Women's Club. Maxine Carroll is chairman of the coffee and committee members are Ruth Gillespie, Theo Parsons, Marian Tidwell and Hilda Coats.

B&PW To Meet Thursday

WOODVILLE—There will be a meeting of the Woodville B & P.W. Club Thursday, Oct. 14, in the Woodville Inn.

All members are urged to attend this meeting. The program will be presented by the Membership Committee. Virginia Ashworth, chairman. Year books will be distributed to members.

Dinner regrets only should be given to Nancy Phillips by 9:30 a.m. Thursday at 283-3027.

Commissioners Talk Finances

WOODVILLE—The Tyler County Commissioners focused most of their attention on finances during their regular monthly meeting Monday morning.

The first major discussion came when the commissioners sought to divide a \$38,933 revenue sharing check. County Auditor's Assistant Ann Fondren suggested that \$4000 be given to

the Shivers Library and approximately \$2000 to the Mental Health-Mental Retardation Program, both priorities, and then give \$9,000 for machine warrants in Precinct 2 and \$10,000 for operational expenses in Precinct 3.

Precinct 4 Commissioner Bo Jordan interjected that the court had previously voted to divide such checks according to road mileage in each precinct.

Mrs. Fondren replied

that the commissioners had to "look at priorities," and further suggested that the \$14,000 balance be divided between Precincts 1 and 4.

Mrs. Collins, speaking from the audience, again reminded the court of their previous vote to divide the money by mileage. County Judge Allen Sturrock said that he saw no conflict, adding that the percentage could be worked out if a running account of the funds given to each precinct was kept.

If each precinct kept the money collected there, it'd be way ahead," said Commissioner Jordan.

Precinct 1 Commissioner Joe Best then moved that the balance of the check, after the library and MHMR funds had been taken out, be divided according to the percentages previously adopted. Precinct 2 Commissioner H.M. Parks seconded the motion and it passed unanimously.

According to the percentage system, the balance will be broken down as follows: Precinct 1—\$4,112; Precinct 2—\$7,180; Precinct 3—\$10,961; and Precinct 4—\$10,911.

Commissioner Best then moved that his precinct's share be divided equally between Precincts 2 and 3. Precinct 3 Commissioner Leon Fowler seconded the motion and it passed unanimously.

The other major discussion of the morning centered around the payment of bills for work done on the county airport. It was reported that the county had received bills totaling \$78,093 for the work.

Judge Sturrock said that Gov. Alan Shivers had promised to pay \$14,948 of the bill, and that the state was paying \$36,231, leaving a balance of \$51,179.

Auditor's Assistant Fondren suggested that the remainder could be made up

New Jail Study Update Given

WOODVILLE—Billed as a "Status" report on the progress thus far toward the completion of Phase I studies for a "shared use" county-city jail facility, architects told a combined meeting of the county commissioners and the Woodville City Council Monday night that the Tyler County jail comes way below state and federal standards and could be subject to law suits because of the conditions which exist.

The architectural firm of Prindle, Patrick and Partners of Dallas and the A/E Project Management Services, represented by Don Cole of Woodville, were awarded a \$10,000 contract in March to begin the Phase I study of which only a "preliminary" version was given Monday.

The Dallas Architectural firm was represented by Sam Bates who read portions of the study to the group. He emphasized areas of study

which pointed to the basic security needs of the new jail as opposed to the present conditions.

Bates pointed out that the facility was the only "lock-up available" for both the city and county use. He said that contraband and escape possibilities were high at the Tyler County jail as it now exists.

The architect brought several 3-dimensional models illustrating state and federal mixed jail construction and told the group "What we're trying to express here is that we're trying to build a "minimum cost jail."

The problems at the Tyler County Jail go beyond normal housekeeping. It was determined that the jail quarters were "unfit for human habitation."

"We're not trying to be derogatory to the city or county sheriff's office," Bates said, "the people involved are trying the best they can to do a good job."

The report stated however, under the heading of Operations and Administration, that security hazards such as contraband control and poor means of inmate-staff communications were problems that currently existed.

"There was no evidence that inmates are being provided with printed or oral

instructions regulating their conduct while confined in the Tyler County Jail.

The report said that "additionally, members of the staff are aware that "fish lines" made of bedding are dropped from the windows, contraband articles are attached and then pulled back up into the jail." This is possible because of broken windows, damaged or missing security screen and a lack of supervision. To date there is no record that weapons have been obtained via this method, but the possibility exists posing a serious security threat to staff members.

The report said further that "sanitation standards as are generally found in facilities such as this type are virtually non-existent."

"These conditions in combination with the poor plumbing provisions creates an environment, in the opinion of the study team, unfit for habitation."

The commissioners and the city council were asked to study the report in the next few weeks and be sure that a portion of the plan allows for design and development of the actual plans for construction of a jail. Phase III is actual construction.

Council and commissioners both indicated following the meeting that studies of their own had to begin before they knew exactly what they wanted in a "shared use" facility.

Sewer, Gas Rates Go Up

WOODVILLE—The Woodville City Council met in regular session Monday night and voted to raise sewer rates, based on water consumption, and computed at \$4 for the first two thousand gallons used with 50 cents added on for every thousand gallons used thereafter.

The council, in other action, voted also to raise gas rates from \$1.20 per thousand to \$1.70 cents, that increase of 50 cents according to City Manager Walt Davis, because of recent rate hike requests from the Tennessee Gas Company set to go into effect Oct. 27. "We'll need to show an increase in the November billing," the councilmen agreed.

Councilmen commented that they "had taken" several rate increases from suppliers recently and had not passed them on to city customers.

The City Council also accepted a second ordinance reading for the Cable TV franchise which has agreed to a contract with the City of Woodville.

The council also agreed to accept a planning and grant application contract with the firm of Waxman and Semetko. The firm will engage in seeking grants for the City of Woodville.

Lawn Installed
 Members of the Woodville Garden Club and clients from the Tyler County Fundamental Center are shown here as they planted grass on the west side of the courthouse lawn last Wednesday. Those braving the chilly morning included four clients and Eileen Mason, their director; Mrs. Edward Schouville, president of the Garden Club; Ruth Montague, chairman of the project; Mathan Weatherall; county employees Elisha Dill and Eddie Redd, and County Treasurer Austin Fuller.

Thicket Tourist Center Here?

WOODVILLE—U.S. Congressman Charles Wilson told a sparse audience in Kirby High School's auditorium last Thursday night that he

was proud of recent legislation passed to overcome the ban on clear-cutting in forests and for the creation of the Big Thicket National Park.

Wilson's appearance, a "non-political" speech, was sponsored by the Woodville Heritage Civic Club.

Calling clear-cutting the "way of the future," Wilson told that audience that it also made necessary the preservation of the Big Thicket, which he referred to as the "Jewel of East Texas."

"I feel certain that Woodville is going to want to have an important part to play in our Big Thicket preserve," said the veteran politician. "I can't make any announcement here to you tonight, but I think that I can say with some confidence that when we find out where the northern tourist center for the Big Thicket is going to be, I don't think anybody in Woodville is going to be angry about the location."

Wilson added that he felt progress "had been" made, since the timber industry had been preserved and the tourist industry was growing.

The congressman said that energy was the main issue on a regional basis in the Congress. Saying that there were only two ways to cut

Maybe Says Wilson

Tourist Center Here?

Wilson's rather brief reply to the question of whether or not a tourist center should be built in the area was "maybe." Wilson said he would like to see a study made of the area to see if it would be a good idea to build a tourist center there.

Broom Booms A 44 Yard Punt

Kirby JV Beats Warriors, 36-8

WOODVILLE-The Kirby Junior Varsity ran over the Warren JV last Thursday 36-8, to raise their record to 2-0 and their season record to 5-1.

Eagle quarterback John Hadnot scored twice, on 15-yard and 10-yard keepers, and Victor Hadnot added

TD's on runs of six and 24 yards to pace the Kirby attack.

Buster Moyer added still another TD on a 65-yard kick-off return, and John Hadnot hit Michael Jackson with a 25-yard pass for the sixth TD.

The Warriors scored in the fourth period on a 50-yard kickoff return and were successful on the PAT attempt.

Eagle Coach James Rogers praised his defense for an excellent game, pointing out the performances of linemen Rodney Upchurch, tackle Ralph Mullins, weak safety Gerald Dill, two tight

Kirbyville Mauls Eagles 23-3

WOODVILLE-A tough Kirby defense held explosive Kirbyville close for three quarters last Friday before bowing to the Wildcats 23-3 in District 17-AA action.

The Eagles, now 1-4 for the year and 1-1 in the district went into the fourth quarter trailing by only 9-2 before the Wildcats put it out of reach with two touchdowns.

Kirbyville got on the scoreboard first with 8:09 left in the first period when Billy Goodman was dropped in the endzone by the Wildcats' Chester West for a safety.

The Wildcats recovered a fumbled pitchout in the second quarter on the Eagle six-yard line and tailback Mike Pollock took it in for a Kirbyville TD on the first play. The PAT kick was good and the Wildcats led 9-0 at halftime.

Unable to move the ball in the third quarter, the Eagles were forced to punt. Keith Broom boomed a 44-yard kick to Kirbyville's Mike Booker in his own endzone. Booker was surrounded and dropped by Goodman and Joe Blackmon for a safety. The score was now 9-2 and the Eagles seemed inspired by the safety.

The score remained unchanged going into the fourth period. Then, with 9:46 left to play, Kirbyville's Pollock blazed 74 yards for a touchdown. The score was 15-2 after the PAT kick was wide.

The Wildcat defense was equally tough and added two more points shortly afterwards when Blackmon was caught in the endzone for yet another safety, tipping the Kirbyville lead to 15-5.

The final Wildcat score came in a more conventional manner as they drove 50 yards in nine plays, capped by quarterback Greg Smith's two-yard drive for the touchdown. The PAT kick was wide again, but the Wildcats led 23-2 and the Eagles could not score before time ran out.

"The kids did not give up. They felt they should

Squirrel Season Opens Oct. 15

AUSTIN-Four Texas Parks and Wildlife Department wildlife management areas in the eastern part of the state will open to the public for squirrel hunting in October.

October 7-9, 21-23 and Nov. 4-6 are set aside for squirrel hunters on the Stephen F. Austin Unit of the Angelina Area in Nacogoches County. The area is some 10 miles southwest of Nacogoches on Highway 59.

The Engeling Area in Anderson County is open Oct. 11-16, 1976, and April 25-30, 1977. The 10,941-acre area is on Highway 287, 20 miles northwest of Palestine.

On both Engeling and S.F. Austin Units, hunters must check in with the area manager. Check-in time is 5 a.m., and a \$1 fee will be collected from each hunter for every day of hunting.

Squirrel hunting is free on the Pat Mayse Area, 11 miles northwest of Paris in Lamar County, Oct. 1-10, '76; Dec. 1-31, 1976, and May 1-31, 1977. The Dam B Unit of the Angelina Area west of Jasper also is available for free hunting Oct. 15, 1976-Jan. 15, 1977.

Both Pat Mayse and Dam B Unit are unnamed with no check stations.

There are no restrictions on number of hunters who may hunt on any of the areas. Bag limit is 10 squirrels per day.

Only those 12 years of age or older will be allowed to hunt on state-owned areas. Those 17 and younger must be supervised by someone 21 years of age or older.

Botley and Payne Surround a Cardinal

Freeman At Start of 27-yard TD-Run

Jackets Blank Cardinals 36-0

CHESTER-The Chester Yellowjackets used a powerful running game and a stingy defense to rout the High Island Cardinals 36-0 last Friday. The win boosted the Jackets' district record to 3-1 and added importance to this Saturday's showdown with Colmesneer, the only team in the district to beat Chester this year.

Tailback Anthony Freeman started the scoring for the Jackets in the first quarter when he went 27 yards around right end for a touchdown. The PAT attempt failed and Chester led 6-0.

In the second quarter it was Freeman again, this time on a spectacular 70-yard off-tackle run during which he

broke several tackles on his way to the goal line. Kent Botley ran for the two points and the Jackets were in front 14-0.

The Cardinals used razzle-dazzle offense to tie the game in the third quarter. Garry Tolar added the PAT and the Jackets led 28-0.

Botley continued his on-man act against High Island in the third quarter when he pulled in a 30-yard touchdown pass. Johnson also carried the score 20-0 after the PAT failed.

Not to be outdone, defensive back Wayne Hubbert picked off a Cardinal pass

and raced 60 yards for another Jacket touchdown later in the third quarter. Garry Tolar added the PAT and the Jackets led 36-0.

In the fourth quarter, quarterback Julius Johnson hit split end Chuck Hardy with a 30-yard touchdown pass. Johnson also carried over the PAT attempt to finish out the Cardinals' job in stopping the Cardinal attack. Payne made seven unassisted tackles and assisted on 12 others.

Anthony Freeman was the leading Jacket rusher with 155 yards.

The Jackets are now in second place in District 12-B, one game behind the Colmesneer Bulldogs who they will face Saturday beginning at 7:30 in Colmesneer. High Island is in third place.

"Second-Half" Hornets Beat Warriors, 22-14

WARREN-The Warren Warriors were stung by the Hemphill Hornets 22-14 last Friday, to drop the Warriors' record to 0-2 in District 17-AA play.

Frank Wolf started the Warriors scoring when he ran 15 yards for the first touchdown of the night. Earl Smith kicked the extra point, and with 2:16 left in the first quarter, the Warriors had a lead 7-0.

In the second quarter, Warren's offense moved within the Hornets' five, but could not get it over. Then, the defense said, "let us have a try," and when the Hornets fumbled in the end zone, Rex Birk fell on it for the second TD. Smith again kicked the extra point for a 14-0 score with 9:29 in the half.

The Hornets made their first TD just four minutes later when quarterback Steve Bass hit Matt Clark with a 20-yard pass. The conversion failed leaving the score 14-6 at halftime.

The third quarter was scoreless.

The Hornets came alive in the fourth quarter when Bass hit Clark again, this time for the 10. The extra run was good to tie up the score 14-14 with 8:52 left in the game.

Within a four-minute period the Hornets scored again to break the tie when,

they brought the ball back to the Jacket's 10-yard line, however. The half ended with the score still 14-0.

Botley continued his on-man act against High Island in the third quarter when he pulled in a 30-yard touchdown pass. Johnson also carried over the PAT attempt to finish out the Cardinals' job in stopping the Cardinal attack. Payne made seven unassisted tackles and assisted on 12 others.

Anthony Freeman was the leading Jacket rusher with 155 yards.

The Jackets are now in second place in District 12-B, one game behind the Colmesneer Bulldogs who they will face Saturday beginning at 7:30 in Colmesneer. High Island is in third place.

 Rushing Yards 238
 Passing Yards 60
 Total Yards 298
 Total Plays 236
 High Island 0 0 0 0-0
 CHESTER 6 8 8 8-36

Bass ran in from the 15. This made the score 20-14 at 5:12 left to go in the game. The Hornets made their Warriors in the end zone for the final two points, 22-14.

The loss gives the Warriors a season record of 2-3. The Warriors will play Kirbyville at Kirbyville this Friday.

Once again Kirby lands are open for your hunting enjoyment.

For years Kirby has set aside areas of forestland extending over five East Texas counties for year-round hunting. During the autumn hunting season, over 30,000 acres are open for hunting the abundant wildlife that thrives in Kirby's well managed forestlands. If you are planning a hunting trip in our areas this fall, please consult the free guide which gives details about each specific location. And please observe all the good hunting safety practices—for your own protection and others. We welcome you to our forests and ask that you join the thousands who have experienced pleasant outdoor recreation on Kirby lands.

1976-1977 HUNTING SEASON
Kirby

Camping Allowed During Deer Season

LUFKIN-Camping on the Sam Houston National Forest during the deer hunting season will be provided for in designated areas, but all dispersed camping will be prohibited, according to Forester Supervisor John H. Courtney at the Lufkin headquarters of the National Forests in Texas.

The deer hunting season is set by the Texas Parks and Wildlife Department in Montgomery and Walker Counties and runs from November 13 through January 2. In San Jacinto County the deer season is from November 16 through December 31. The Sam Houston National Forest stretches throughout the three counties with 150,000 acres available as public hunting grounds.

The designated camping areas on the western portion of the Sam Houston National Forest have been established by the U.S. Forest Service District Ranger on the Raven Ranger District at New Waverly, Texas. The hunter camp areas on this district, which can accommodate approximately 500 people at any one time, include Stubblefield Recreation Area, Kelley's Pond, and Walker Lake.

The eastern portion of the Sam Houston National Forest is administered by the U.S. Forest Service District Ranger on the San Jacinto Ranger District at Cleveland, Texas. The hunter camp areas on this district, which can accommodate approximately 400 people at any one time, include Big Woods, Camp, Nettles Creek Camp, Double Lake, and Tarkington Camp.

Each year, thousands of hunters from throughout the state of Texas converge on the National Forests in Texas in search of game. In the past there have been no restrictions on where deer hunters camp overnight; nor were there any restrictions to limit recreation camping anywhere on the National Forests.

As a result, Courtney said, concern for the safety of the hunters as well as other forest visitors has created the need to control overnight camping.

Other benefits of limiting camping on the Sam Houston National Forest during this high-use season, Courtney said, will be the reduction of litter and abandoned camp structures left behind by hunters, as well as aiding the state in game law enforcement.

In addition, the construction of hunter camp areas will be prohibited and enforced under the Code of Federal Regulations of the Department of Agriculture.

Should the designated hunter camps be filled to capacity at any time, Courtney said, the District Ranger will establish additional camps as needed. Although increasing use may eventually result, these camps on all the National Forests in Texas, only the Sam Houston National Forest is affected at this time, he added.

Great Graffiti

FOOTBALL

Well, add one more victory to the 9th grade and JV season record. They teamed together and played Warren Thursday night and won 36 to 8. Keep it up guys!!! Next week the 9th grade will play Bishop-Byrne and the Junior Varsity will play Corrigan.

HALLWEEN CARNIVAL

The Halloween carnival will be October 30 in front of the high school. If you would like to work in a booth just tell one of your class officers and they will be glad to let you have a booth. Tell Mr. Hanna and he'll give you all the information for it.

VOLLEYBALL

The girls volleyball team began their season last week when they played Corrigan. That was the first district game and they lost with the score 15-9 and 15-11. They won the second district game against Herolph with the score of 15-8 and 15-11. This last Monday they hosted Diboll. The varsity girls lost the first game and lost the second. The varsity girls went to Hudson to play next Monday. The junior varsity will be in tournament at Hardin-Jefferson next week. Keep up the good work, girls!!!!

Come on students, we need your news. Get it in as soon as possible. Until next time so long.

County Budget Meeting Monday

WOODVILLE-The Tyler County Commissioners will meet in special sessions this Friday, Oct. 15, and next Monday, Oct. 18. Business at the Friday meeting will include further discussion of payment of bills for work done on the county airport. A public hearing on the 1977 county budget is scheduled for the Monday session. The court will also consider for approval bills from the County Auditor's office. Both meetings will begin at 10 a.m. in the Commissioners Courtroom.

4-H Club Meeting

On October 7, 1976 Fred Elementary School 5th and 6th graders had their first 4-H club meeting. The meeting will be on the first Thursday of every month for the rest of the school year. Mr. Currie met with the boys and they elected the following officers: Gordon Heiselbets, president, Randy Rhoads, vice-president, and Don Moore, secretary.

PTC Meeting

The Fred Elementary School P.T.C. met in a regular business meeting on Tuesday, Oct. 5, 1976. Among the items discussed were the following: 1. Extra booths for the Halloween Carnival. 2. Door prizes of a wall clock and hand painted shirt. 3. A central library for Fred Elementary School as a possible goal for the profits

Friends sympathize with Mrs. Henry Shettles.

Mrs. E.N. Read with her mother Mrs. J.M. Brown and Mrs. Grace Bostick of Woodville enjoyed the weekend in Edwards funeral Chapel with burial in Hooks Cemetery near Kountze.

Mr. and Mrs. J.E. Arnold of Groves and Mr. and Mrs. Woodrow Gibbs of Houston visited Mrs. Mary Cook and Mrs. Bessie Huggins Saturday.

Mr. and Mrs. Ronald Holt of Houston spent Saturday with his parents Mr. and Mrs. S.E. Holt. Mr. and Mrs. J.W. DeRamus drove to Prescott, Ark. late Friday for a visit with relatives, returning early Sunday.

Wesley Earl Smith with his grandmother Mrs. H.A. Norton enjoyed the weekend in Granbury with the Luther David Norton family.

Mr. and Mrs. R.E. Simons and daughter Joann of Kirbyville were here Tuesday visiting Mrs. A.M. Morgan. On Sunday Mrs. Morgan was happy to have her niece Mrs. George Laird and family of Elizabeth, La. for the day.

Mr. and Mrs. James Read of Kountze were visiting Mrs. A.M. Morgan.

On Sunday Mrs. Morgan was happy to have her niece Mrs. George Laird and family of Elizabeth, La. for the day. Mr. and Mrs. Tom Gardner and son of Livingston, David

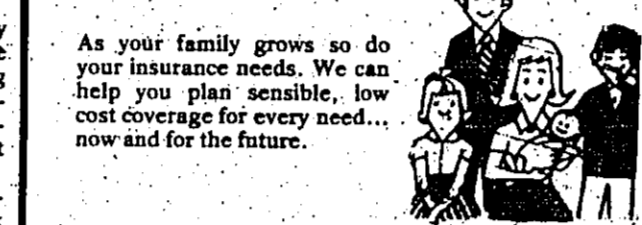

DeRamus and a friend of Lumberton.

Mrs. W.G. Haynes and Mrs. J.W. DeRamus visited Mrs. Debra Pritchback in Vidon Monday.

Mr. and Mrs. Henry Schenkowitz enjoyed the weekend in Groves visiting relatives and friends.

On Sunday they enjoyed the homecoming at Fellowship Baptist Church. Mrs. Ora D. Montgomery is in Marshall this week visiting her daughter and family and helping prepare for the wedding of her granddaughter. Mr. and Mrs. E.R. McGuire were in Fort Arthur for a visit during the weekend.

IT'S OUR POLICY TO PROJECT YOUR FAMILY

As your family grows so do your insurance needs. We can help you plan sensible, low cost coverage for every need... now and for the future.

FEAGIN INSURANCE 212 W. Bluff 283-2242 Woodville, Texas

Make the most of your electricity and you'll make the least of your electric bill.

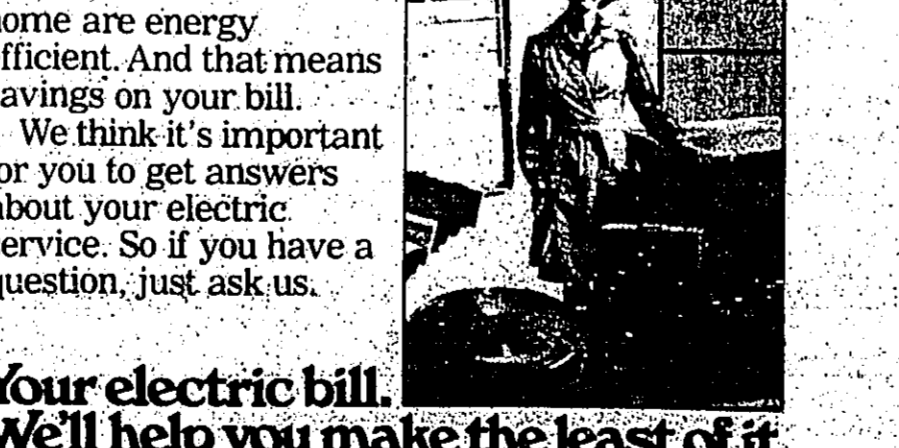

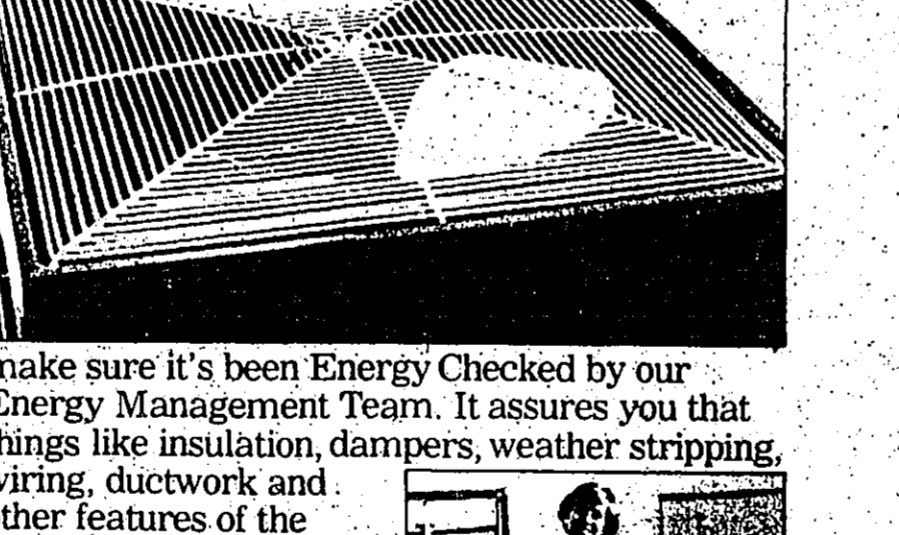

One of the best places to start is with a heat pump. A single, most efficient device that both cools and heats your home. It's one of the most efficient climate control systems available. It takes the place of both an air conditioner and a furnace and probably should in your home.

What makes it so efficient? The fact that you can get more out of it than you put into it. And that saves energy and money.

Another way to make the most of your electricity is to properly insulate your home. This alone can have the greatest effect on the size of your bill. Start by giving your attic the R-19 test. Check to see if you have the blown-in or batt type. Measure the thickness. Then call an insulation contractor or dealer, or GSU. You'll learn if your home is properly insulated.

If you're moving into a new home, or planning to build one, make sure it's been Energy Checked by our Energy Management Team. It assures you that things like insulation, dampers, weather stripping, wiring, ductwork and other features of the home are energy efficient. And that means savings on your bill.

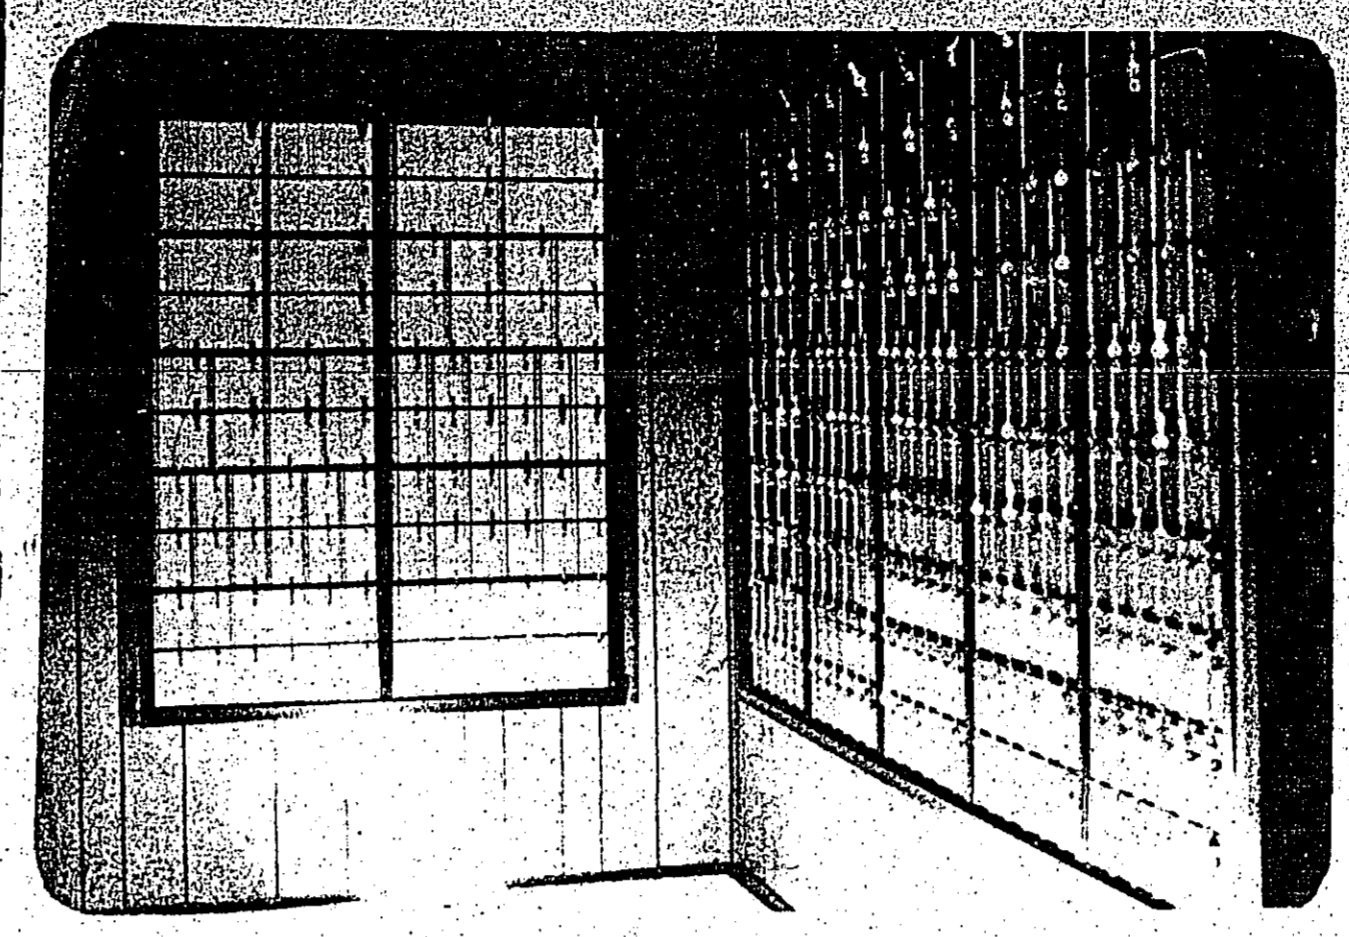

We think it's important for you to get answers about your electric service. So if you have a question, just ask us.

Your electric bill. We'll help you make the least of it.

GULF STATES UTILITIES COMPANY

After 83 Years Doucette Gets New Post Office

DOUCETTE-In its heyday in the 1930's, the Doucette Post Office served a bustling community of approximately 2000 persons, most of whom made their living at the Long Bell Lumber Mill. In fact, the post office was a part of the company's buildings, sitting just across the street from the railroad depot. Now, little remains of that era. Doucette has shrunk to about 600 population and the mill is gone. International Paper Company now owns the few buildings left.

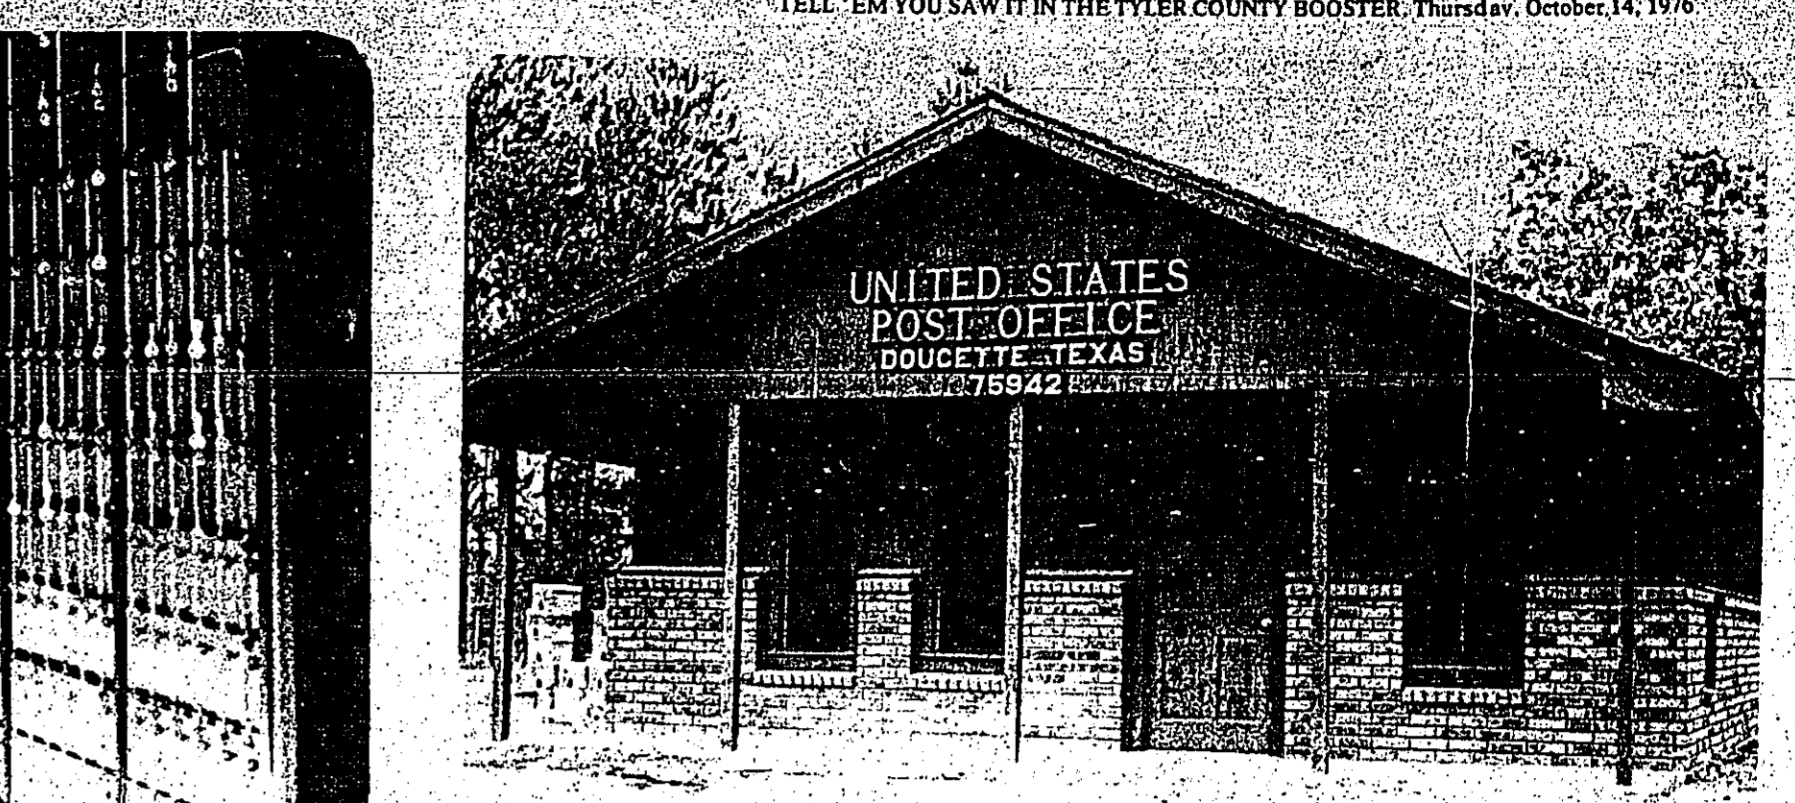

And the post office is moving.

If all goes as planned, Postmaster Estelle Ling will be moved into a new building beside US 69 by Thursday, and the post office will be at a new site for the first time since it was established in 1893.

The original post office was in a drug store on this site, said Mrs. Ling. "It burned during the winter of 1933, and was replaced with the present building that same year."

The history of the post office has been closely related to that of the timber companies. Its first two postmasters, William McCreedy and Alec Thompson, were also the owners of the lumber mill during their respective postmasterhips.

Then, in 1920 Annie Bell Causey was hired to fill the post, and she did so for the next 41 years. Besides her normal postal duties, Miss Causey would also sell newspapers on the side, said Mrs. Ling. Since it was against the rules

Posh Tourists Traveling Cheap

AUSTIN-Jet-set travel on a hamburger budget may be the wave of the future.

Tabulations of Texas summer-quarter tourists indicate a steady decline in the number of tourists from major hotel chains elsewhere that maids at luxury accommodations are finding room trash baskets full of wrappers from McDonald's, Burger King and Colonel Sanders.

Tourists may be on the road in droves, but are nevertheless watching their pennies, according to the just-released report on summer tourism by the State Department of Highways and Public Transportation. The report covers out-of-state auto visitors to Texas during June, July and August. Their expenditures showed a continuing decline in the "fragile" first half of the year when average spending per tourist peaked for the first time in 21 years.

Other strong contenders were Houston Galveston with 10 percent and San Antonio which alone pulled six percent.

However, the greatest percentage of summer tourists continued to travel around the state on a budget. The report indicated that 21 percent of tourists that stayed in quarters during summer months, the actual visitor who is available only for one or two nights. Based on this, the report estimated that the average size of summer tourists' spending by auto was larger than travel groups in other seasons of the year. The "person" summer is still the season when the travel industry is more likely to be a whole lot.

As in past years, the average size of summer tourists' spending by auto was larger than travel groups in other seasons of the year. The "person" summer is still the season when the travel industry is more likely to be a whole lot.

Parents Can Effect Child's Emotions

COLLEGE STATION-Parents need a clear view of their role in developing the emotional health of their child, that are the builders of a firm foundation for children, Doris Taylor, a family life education specialist, says.

"We're going through a time in history when parents to conform are great. The parent's job is to recognize this and play a role which is something more than passive yielding. To restore balance, they may sometimes have to help their children's growth. This is best done when parents demonstrate in their own lives that it is possible to differ from the majority now and then, and that one may gain self-respect and the respect of others by not always conforming.

Miss Taylor, with the Texas Agricultural Experiment Station, The Texas A&M University System, is a children's life education specialist. She has a leadership and authority. Children need parents who now and then question their wish to be different. Parents must be ready to say "no" when necessary. They also need parents who help them counter the drive for conformity, whether it's a choice of friends, mode of dress, speech, habits, behavior or moral values. Children learn early that there is such a thing as individuality, and that it is a specialist's reminder.

Parents must be on the side of the child's emerging conscience, resourceful in finding ways of helping him in the right and avoiding wrong. This means consistent discipline within the framework of love. Children want parents who stand for something, children need ideals toward which to strive," she said.

"Parents' job is to educate and civilize their children. This is a gradual step-by-step process that takes endless patience and the willingness to see children as creators of growing change. Another way parents can help in building emotional security in a child is to know in advance what the common stumbling blocks in growing up are. With some advance knowledge about growth, parents can develop skill in helping a child over the bumps so he can go forward. Parents should use enough pressure to be challenging, but not so much that it discourages a child from trying," she reminded.

All parents want their children to be happy. They want to be able to say "yes" to children whenever possible and to make their home a place where children and their friends will feel free to be themselves. But this doesn't mean being a good pal and joining "bull sessions" is all there is to do, Miss Taylor said. "Most parents learn as they go along and manage well. Each one has to feel his way and discover what is needed for his own particular family. As this self-confidence grows, parents become less anxious and better able to face their own and their children's problems and to recognize that the new generation's ups and downs are an inevitable part of growing up."

Energy Saving Tips

You can improve your car fuel economy by 10 to 20 percent if you keep your car out of the sun, with your windows up, your doors and windows, sun-vents, International Paper, which developed the Better Bag (Better Action Development Energy Reduction) program to promote saving energy in the job, in the school, at home and on the road.

Heating water accounts for 15 percent of the energy used in the home, so be sure your water heater is set at 120 degrees.

However you figure it ...our dollar spent at home does a \$4 or \$5 job for Tyler County

Some dollars that get into our local moneystream will pass through ten or a dozen hands before getting swapped for something or some service somewhere else. Others get carried away sooner. Money experts say that the average turnover of dollars in a community like ours is four or five times.

Which means that \$1 which is carried off somewhere else before its time will take with it \$4 or \$5 in trade, wages, local taxes, bank deposits and other enrichment.

The Tyler County Chamber of Commerce Retail Merchants Committee Says:

It Pays to Trade In Tyler County

TRADING IN TYLER COUNTY IS LIKE DOING BUSINESS WITH YOURSELF

Re-do your kitchen with Contact BRAND

It's easier than paint, paneling or wallpaper. That's because Contact Brand has a miracle adhesive backing called A-21 that makes it microscopically easy to work with. No mudding, no mess. Peel off paper backing. It's ready to use. Position it, move it, until it won't stick all you want it to. Contact Brand decorative coverings come in colors, styles and patterns for every room in the house - living room, kitchen, bath. From wood-look finishes to contemporary chromes to elegant floored patterns. 59¢ per yard.

Altar Society Bazaar Is Saturday

Rose Carruth, Demaris Green, Kathryn Branch and Judy Watts, members of the Altar Society of the United Methodist Church are shown working on items to be sold at a bazaar this Saturday, October 16 in the Fellowship Hall of the church located at 508 West Bluff. Beginning at 9:30 a.m., the members of the Altar Society will sell various handmade items including Christmas decorations, flowers, pillows, dolls and ceramics. There will also be a kitchen corner with various baked items and jellies for sale, a variety of plants and "white elephant" items on sale. Proceeds will go to update the church nursery.

Beware of Halloween Dangers

In recent years Halloween has been scarier for adults than children. Children can imagine a world of

spooks and goblins. Adults must face the very real threats of poisoned candy, vehicle accidents, dangerous costumes and other hazards endangering children. Seeking ways to avoid these problems and cut down on vandalism, parents increasingly are steering their children toward organized activities - like school carnivals and parties. Apparently these efforts have been at least partially successful - or maybe children just are forbidden to go out on Halloween. In any case, the number of trick-or-treaters in many cities has declined dramatically over the past few years.

Yet Halloween is too well established to die out completely. Since people probably will continue celebrating the holiday in some form or other, here are some tips from the Texas Medical Association to cut down on Halloween hazards.

Make children bring all candy home before they eat any. Inspect the loot and throw anything that could have been opened and resealed. In recent years, people have put poison, sharp objects, and drugs in candy and fruit. Avoid costume masks that could slip and block a child's vision or breathing. Painting a child's face with cosmetics, grease paint or burned cork can be a good substitute.

The costume itself should be light colored to help motorists spot children. flame-resistant and not so loose or long it could trip a

child or catch on obstacles. Costumes should not include sharp objects, torches or candles. Adults can improve safety by putting reflective tape or luminous paint on costumes and objects children carry. People can make their property safer and cut down on vandalism several ways. Keep the property well lighted. Put away hoes, lawn furniture and garbage cans. If possible, put cars in the garage and lock them. Bring pets inside to protect them and children from each other.

Simple preparations like this can make the holiday safer for children and help adults survive the season.

Pitts Inducted Into Delta Zeta

HUNTSVILLE-Stephanie Pitts, 20, of Woodville, was recently inducted into the fall rush of Delta Zeta sorority at Sam Houston State University in Huntsville. The purpose of Delta Zeta is to develop scholarship, the ability to get along well with others and to accept responsibilities. There are 46 girls in the Delta Zeta girls work group.

Ex-Offender Aid Offered

NACOGDOCHES-The Deep East Texas Council of Governments now has a program designed to assist the ex-offender to reintegrate into society and in turn reduce the possibility of this recidivism. The objectives of the program include specific skill or job training, vocational counseling, and job placement in unsubsidized employment.

Ms. Holden will be screening and interviewing applicants, finding potential workstations, making on-site visits and providing counseling for the participant after placement. She will also be working closely with the probation and parole departments in the region to obtain referrals from the agencies. Her office is located in Nacogdoches at #401 Nacogdoches Savings & Loan Building (phone 713/360-0492). Individuals interested who live outside of Nacogdoches County should contact their probation or parole officer for more information about the program.

The establishment of Deep East Texas Council of Governments' Ex-Offender Program was made possible

as a result of a grant from the Office of the Governor, Criminal Justice Division, and funds from the Comprehensive Employment and Training Act (CETA).
