FBO Decision Delayed

The decision to allow Buell Owen, president of ABC Aviation, to operate as a fixed base operator at the Tyler County Airport was tabled once again due to "contract technicalities" during Friday's special meeting of Commissioners Court.

County Attorney, Lois Brockman told the court that while conferring with a FAA official that "several technicalities were found that needed consideration."

Brockman indicated that the FAA official would be forwarding some sample contracts dealing with the

fixed base operator situation. Commissioners will continue the discussion Wednesday, November 23 at 10 a.m.

In other business, but not on the agenda, Pct. III Constable, Harley Crews questioned the court's approval of a bond paid for by Earnest Hearndon, at the last meeting.

Crews, speaking to the court said "I didn't come here to grind no axes, just to put the plain facts before you."

According to Crews the "plain facts" are that while Hearndon was serving as Deputy Constable a few years

ago, he did not complete the required schooling for the Deputy Constable position.

In the last meeting, commissioners approved the bond "at no expense to the county." No motion of appointment as Deputy Constable was made. The question lies in whether approving the bond in essence also meant the appointment of a Deputy Constable.

Speaking to Crews, Pct. III Commissioner Leon Fowler said "You don't halfway take care of your job," adding he said "It's a shame the people of Colmesneil had to hire a City Marshall to stop

all the break-ins in the city," indicating he said, that Crews could use a Deputy Constable.

The question was then turned over to County Attorney Lois Brockman to look into the legalities concerning approval of the bond.

County Tax Assessor/Collector Barbara Tolbert read to the court a letter of recognition her office had received from Director of the Ad Valorem Tax Division in Austin, James R. Ray.

The letter praised her office for the excellent condition of the tax roll stating it was a "pleasure to

check a tax roll that has been prepared such as yours."

In response to the request from the Oliver Cole Emergency Center in Nacogdoches for additional funds, commissioners voted not to participate at this time in the request. According to county officials, there was no money budgeted to cover any donation. All agreed on the value of such a facility but that no funds could be allocated to the center. The question will come up again after Jan. 1.

In other court action, commissioners voted to: Approve the payment of bills from the County Auditor's office totaling \$40,545.72.

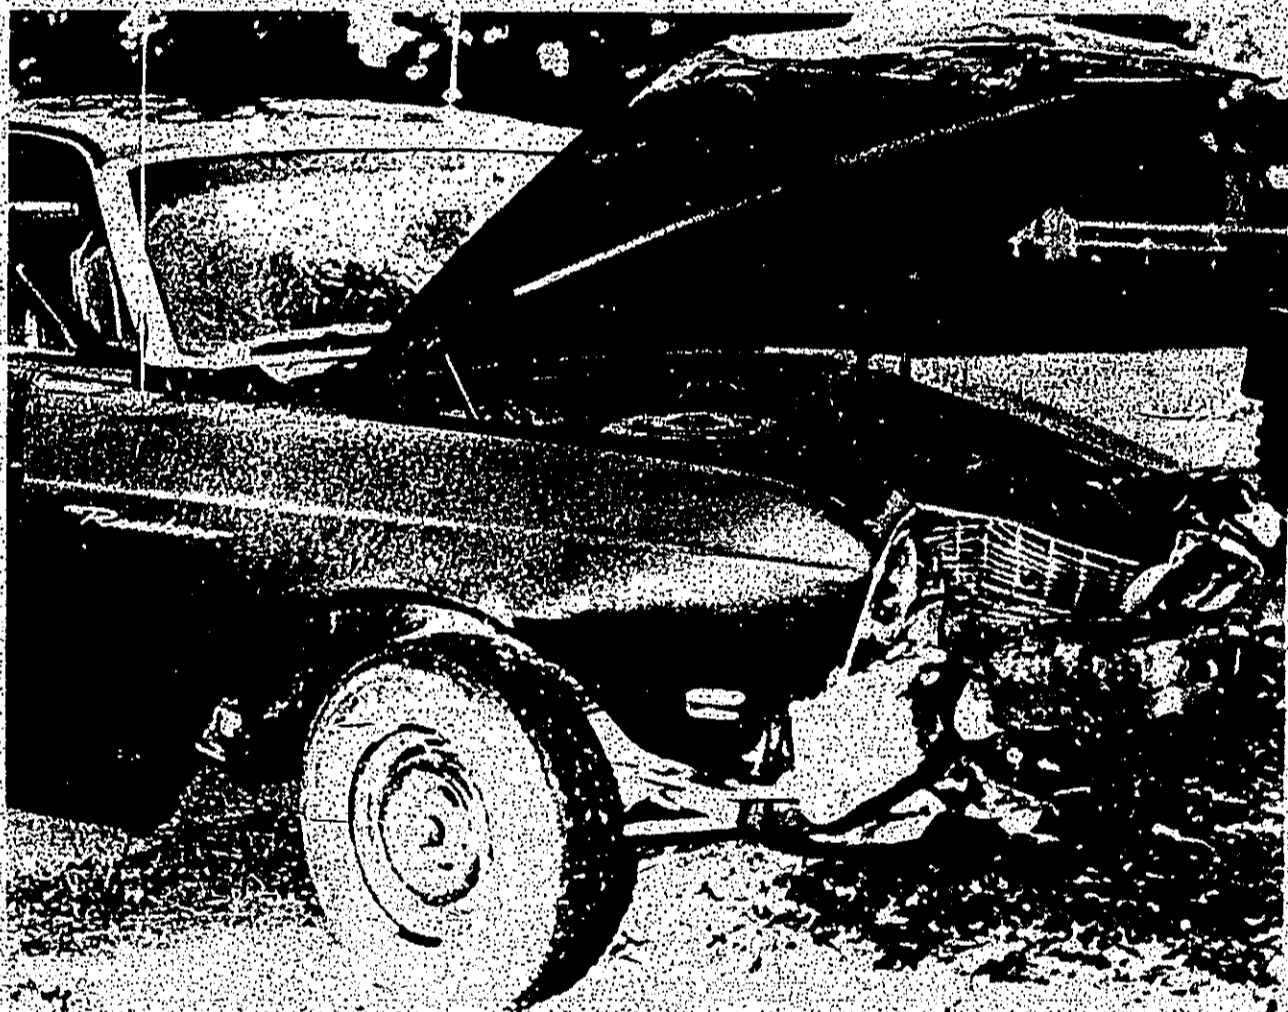

Advertise for bids for a chain fence to enclose the maintainer at the county dump, bids to be opened Monday Dec. 12 at 10 a.m.

Accept easment of right of way for maintenance on a road in Pct. IV leading to a boat ramp located on FM 1013.

Accept Texas Association of Counties Unemployment Insurance program at a cost to the county of some \$2,800 per year and

Continue with present hospitalization insurance plan for county employees.

The court then adjourned to executive session where the legal question of whether to appeal the Broom case was discussed. Following the 20 minute session, County Judge Allen Sturrock reported that no decision was made and the question would be resumed during the December 12 meeting.

Head-On Collision

A two-car head-on collision on FM 92 just north of Town Bluff Monday resulted in serious injuries to Stacey Durr, 3, an occupant in this 1969 Ford Ranchero driven by Denise Durr, Polle A. Gill, the driver of the other

vehicle, a 1977 Chevelle, was taken to Jasper Memorial Hospital with scrapes and bruises. Both of the Durr's were taken to Tyler County Hospital by Ellender's ambulance. (Staff Photo)

School Bid Outlook Improves

"The news is better now than it was a week ago," architect Jack Stansbury told the Woodville Independent School District Board of Trustees at their Nov. 15 regular meeting.

Stansbury was referring to the number of contractors who had indicated a desire to bid for construction work on

the new Woodville high school. As of the meeting date, five "very good" prospective bidders had been in contact with the board. This followed a two-week extension of the deadline for bids, caused by an initial lack of response to the district's advertisement for bids.

Approximately 55 sets of

plans were distributed across the state, from Orange to Dallas, as the district sought bids, according to Stansbury. The new deadline for bids is Tuesday, Nov. 29, at 7 p.m.

Stansbury also reported that installation of air conditioning units was proceeding "awfully slow," due to the electrical contractor's portion of the job.

Trustees reported on an inspection that was made of the clearing activity on the new high school site. They called it "real good."

A representative of the Chas. R. Halle Co. was present for the opening of bids to curb and gutter the street connecting the new high school property and U.S. 287. Bids were submitted by the Liberty Industrial Construction Co. of Beaumont with a bid of \$25,032 for the basic concrete, slabs and 23,580 for the concrete sidewalk portion. The Bels Co. of Beaumont issued a bid proposal of \$183,494 for the curb, gutter and street and a bid of \$13,362 for the sidewalk.

After examination of the bids the Chas. R. Halle company will send a letter of recommendation as to accept-

ance or rejection of the two proposals.

Raymond Fore of the Texas Employment Commission, Lufkin office, was invited to the regular monthly meeting to answer questions regarding a new law which requires that a school district must select a carrier for unemployment compensation for its employees or become a self-carrier.

The district apparently has only two carrier choices: The Texas Association of School Boards and the State of Texas.

Fore brought with him a 20-minute tape recording which outlines the choices available to the board.

State Senator Don Adams of Jasper announced last week that he was resigning in order to become chief legal counsel to Gov. Dolph Briscoe, effective Jan. 1, 1978.

The announcement was followed almost immediately by another from State Rep. Roy Blake of Nacogdoches, which said that he was resigning from the House in order to run for the senate seat left vacant when Adams leaves.

Adams, in his fifth year as a senator, had announced earlier this year that he would not seek re-election.

"Public service is very much a part of my life," said Adams. "The desire to spend more time with my family and the death of my father earlier this year forced me to decide between practicing law full-time, or trying to split my duties between my private practice and service in the Senate."

As the governor's chief counsel, Adams will advise Gov. Briscoe on all legal matters which involve the governor's office.

Blake, serving his third term in the House, announced Thursday that he would resign his seat effective Jan. 2, 1978, in order to run for Adams' senatorial position. Gov. Briscoe is expected to call for a special election to fill Adams' seat sometime in February.

One possible contender with Blake for the Senate seat might be Don Fore, a Jasper oilman, who had earlier considered running for the position on the Republican ticket.

Holiday Preparation

They and other Tyler County women contributed recipes and stories for the special "Holiday Happiness Is..." section which is included in this week's BOOSTER and was edited by feature reporter Trish Browning. (Staff Photo)

Adams Named Counsel, Blake Seeks Senate Seat

Blake had originally announced in July that he would be running for the Senate. He currently represents District 4, which includes Nacogdoches, Panola and Shelby counties.

Adams was appointed

President Pro-Tem of the Texas Senate on May 31, 1977, and served as governor for a day on Oct. 15. He was chairman of the Senate Administration Committee during the 65th Legislature.

Adams represents the 3rd Senatorial District, which

includes Jasper, Angelina, Hardin, Newton, Sabine, Tyler, San Augustine, Shelby and parts of seven other counties.

Adams began his political career in 1968 when he was elected to the Texas House of Representatives.

Child Welfare Board To Meet

A report on the recent meeting of the State Child Welfare Board Council meeting in Austin will be featured December 1, in Woodville at the quarterly meeting of the Region 10 Child Welfare

Board Council. The meeting will be at 7 p.m. at the Woodville Inn, preceded by a 6 p.m. meeting of the executive board.

The Region 10 Child Welfare Board Council is composed of county child welfare board delegates from each of the 15 East and Southeast Texas counties covered by Region 10 of the Texas Department of Human Resources.

According to TDHR officials, county judges and other public officials are also invited to the meeting.

Citizens Bank To Close Thursday

Citizens State Bank of Woodville will be closed Thursday, November 24, in observance of the Thanksgiving Holiday. The bank will be open for regular business Friday.

He's Not Thankful

Don't look now, Mr. Turkey, but you may be somebody's Thanksgiving dinner. This bird, one of three owned by Pete Mitchell of Tyler County, escaped the axe this time. The best Thanksgiving for many a turkey includes not being invited to dinner. (Staff Photo)

Kirby Basketball Team Young, Strong Says Rogers

Despite the loss of two all district stars from last year Kirby High School basketball coach James Rogers is hopeful that the 1977-78 version of the Eagles will be contenders in District 17-2A.

Rogers' confidence comes from a young squad, the youngest he has ever coached, which includes two seniors, a junior, a sophomore and a freshman on the tentative starting lineup.

Behind these starters, the Eagle's bench is rather empty, but Rogers hopes that situation will change with the addition of several junior varsity players to the varsity roster.

Agelin, the Eagles will face some stiff competition early in the season. Dec. 1-3, Kirby is scheduled to compete in the Jasper Tournament, which may mean a confrontation with Broadus, State Class 2A champions two years straight. Then, on Dec. 5, the Eagles will host Leggett, a team which made it to the Class B semifinals last year. Finally, Kirby will host Kountze, Class 2A final-

Holiday Pines Whisperings

This has been a very busy week for Holiday Pines. Residents are getting ready for Thanksgiving as well as staying busy with various other activities.

Thursday night was our monthly dance. There was a big crowd and everyone really enjoyed the music and refreshments.

We wish to congratulate two of our aids for successfully completing Medication Aid classes. They are Netra Robbin and Rube Bagan.

Our Special thanks go to Mrs. Willie Pate for bringing a case to the dance.

Cheerleader

Cynthia Farrell has been elected cheerleader for the Lon Morris College Bearcats for the 1977-78 basketball season.

JUNIOR VARSITY STRONG

Rogers is also confident about his junior varsity team which featured good ball handlers and is "quick on cats," according to the coach.

Agelin, the Eagles will face some stiff competition early in the season. Dec. 1-3, Kirby is scheduled to compete in the Jasper Tournament, which may mean a confrontation with Broadus, State Class 2A champions two years straight. ELEMENTARY GOES TO SYMPHONY
This week in Elementary we found the sixth grade anxiously awaiting December 1st to go to the Beaumont Symphony. They hope the days will fly for them to get out of school for a day.

ANNOUNCEMENT
Hurry Pirates and get your order in for the Annual because November 23rd is the last day to order one. Remember you need it to get in Merryville!

SHOP SWAP
The Elementary has the Shop class to thank for the fixing of the plumbing. Now the water runs clearly. Also the "class" bought many tools to go in their new tool shed. They were happily showing the rest of the school the new tools and seemed very proud of them. The guys are also happy to say they passed their Quarter Exams with 110.

AG TO VOTE
The Spurger girls Volleyball team will travel to Brenham Saturday morning for the Regional playoffs. The bus will leave the school at 4 a.m. and the girls should get to Brenham before the first game at 9 a.m. Good Luck Spurger girls!

WELL, IT'S THAT TIME AGAIN
Good-bye readers! Have a great week and a festive Thanksgiving and we'll see you next week in the Pirates Deck. Bye!!!

BAND CONTEST RESULTS
The band returned from the marching contest held in Little Cypress-Mauriceville with a rating of four. When asked about the outcome of the contest, band director Denny Turmel said, "This is the first time any of them have ever attended a marching contest and they made a good showing. I am proud of them, no matter what the rating. There were several individual mistakes made and our sound was not as good as we had hoped for." Miss Turmel also said, "The judges were hard but very fair. The band is not discouraged by this rating, but have been made very aware of what a marching contest is all about and just what they need to do to get a better rating next year."

Report cards came out Thursday and a number of people had some very satisfactory grades on them.

Colmesneil School Board Ready For Bids

COLMESNEIL—The monthly meeting of the Colmesneil school board was held last Tuesday night. After the financial statement and the minutes from the previous meeting were approved, discussion turned to the construction of necessary classrooms on the elementary building.

The Board voted to advertise for bids on the building classrooms with the bidding deadline set for December 13, 1977 at 7 p.m.

Other business discussed was the question of joining the Texas Association of School Boards for unemployment insurance coverage. The members voted to join the association and concluded the business for the month.

The next board meeting will be held December 13, 1977 in the Colmesneil High School Library. The public is welcome to attend.

BUYS BASKETBALL
Have you seen lots of boys running through town? If so, they are probably members of Kirby High School basketball team. Coach Rogers and his boys have really been working hard. They played their first game against Huntington last Saturday. I will give you the score next week.

GIRLS BASKETBALL
The girls basketball team has also been working hard. They played their first game Tuesday against Colmesneil. Coach Minter is really looking forward to a good season.

JACKET JIVE

LADY JACKETS TAKE A LOSS
The Lady Jackets lost to Livingston Tuesday the 14th. This was their first home game and the girls were a little disappointed, but they look forward to home games. The Lady Jackets will be more Pep Rallies for us to participate in. No more staying after school for football practice, sign making or band practice for Friday nights game. There will be no more getting out of class to prepare for the Bonfire or rushing to get your flasher ready for the Homecoming. The girls have picked out their last dress for Homecoming night. There will be no more tears after losing that very important game. Next year we will only be able to watch, never being able to participate again. This very happy time of year that now always is the best. From now on it will only be a memory...

Petri Explains Civil Air Patrol

Li. Col. Floyd Petri of Warren spoke to the WHS Journalism class recently about organizing a unit of the Civil Air Patrol in Tyler County.

A civilian, volunteer non-profit corporation is the description of CAP. It is a civilian air force established in 1941.

CAP is made up of eight regions which include 2,000 units. Tyler County is in area six, sector five.

There are two forms of CAP. One is the "regular" program. Petri said it is the backbone of CAP. This regular program does many things as far as rescue is concerned. They supply emergency rescue during times of crisis.

The second program is the cadet program. To be a cadet a person must be 13 to 17 years old, be a U.S. citizen and never have been convicted or indicted for a felony.

Petri said that cadets were the "future leaders" of CAP. In the cadet program things like flying lessons can be available. Also CAP awarded \$1,000 in scholarship stipends last year to cadets.

The CAP program at Warren is still in its beginning stages with Rev. Spahn in charge. Ivanhoe unit of CAP has been formed with Betty Weeks as its commander.

WHO'S WHO AMONG AMERICAN HIGH SCHOOL CHERLEADERS
Melinda McAlpin, Joan Moore, and Kathy Gibson were elected to be Warren High's representatives to Who's Who of American High School Cheerleaders.

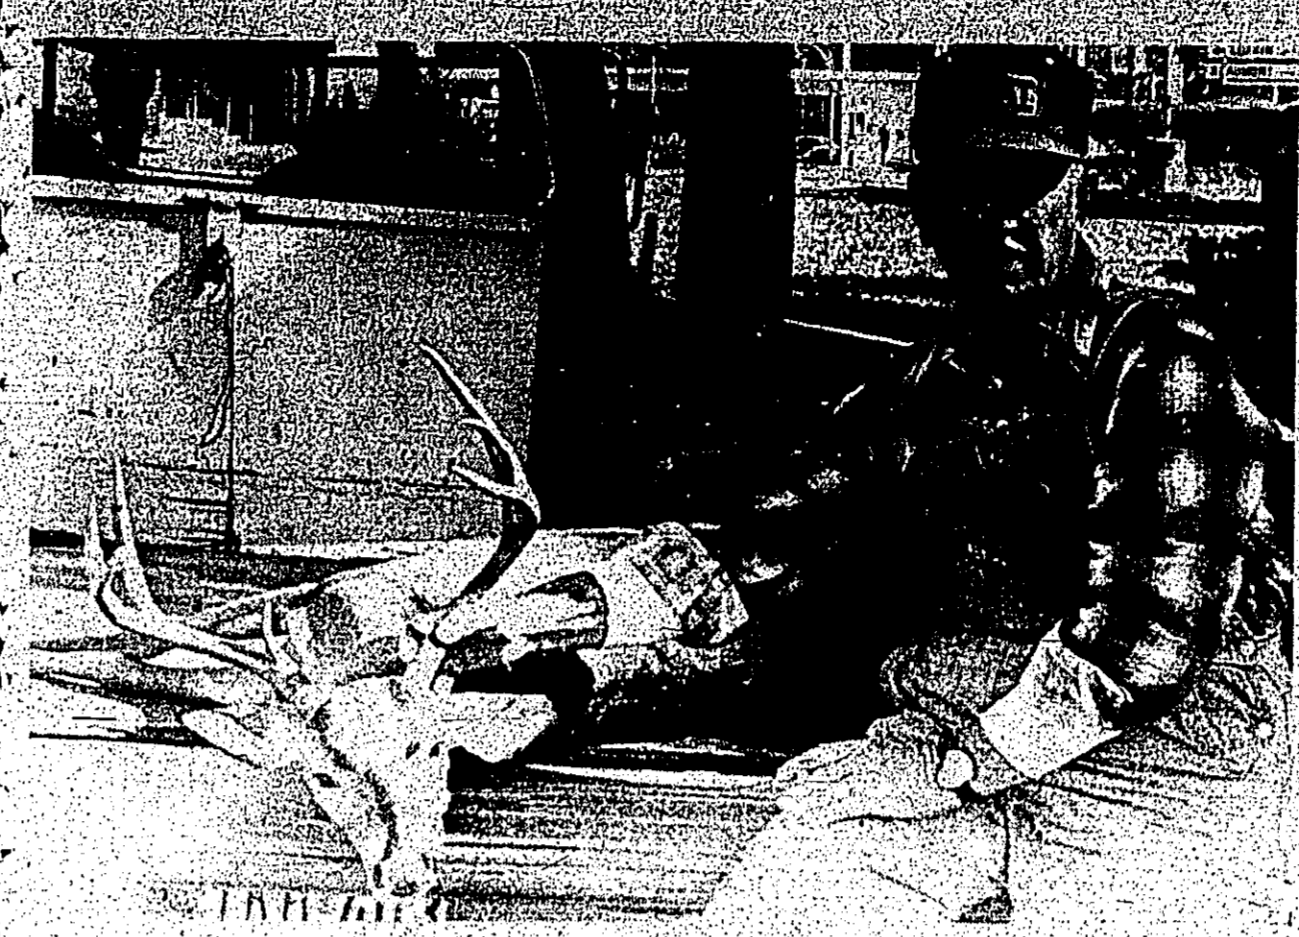

Mrs. Hutton stated, "All the girls were worthy of this honor, it was an extremely difficult decision to make."

All of the girls, throughout the U.S. are eligible for a \$1,000 scholarship to the college of their choice. They will also receive an engraved trophy and a certificate if they are winners.

CHRISTIANS IN ACTION
The Christians in Action sponsored a bulletin board for WHS students to write what they were thankful for. Some of the thanks given were:

Steve Morgan: "I am thankful for all the animals that God has put in the forest."
Coco Dumas: "I'm thankful for all the good things I've been blessed with."
Tammy Gregory: "I'm thankful for having someone who loves me and for letting my family be in good health."
John Smith: "I'm thankful for being here and for all the good things that have happened to me."
Mrs. Hutton: "I'm thankful for my family and all the good things that have happened to me."
What do you have to be thankful for?

WARREN

L.R. Cockerham of Woodville displays this 8-point buck he shot Nov. 12 west of Woodville at 9:30 a.m.

Says Wildlife Department Season Begins Well

Favorable hunting conditions combined with good deer populations in the major hunting regions of the state resulted generally in a better than average buck harvest for many Texas deer hunters when the deer season opened.

Region-by-region the results reported by Texas Parks and Wildlife Department wildlife biologists and game wardens were as follows:

SOUTHEAST TEXAS—With relatively dry habitat conditions allowing hunters easy access to prime hunting areas, this area of the state had better than average deer hunting success. For example, P&WD wildlife biologists checked 95 bucks in eastern Liberty County and 47 bucks in Tyler County and 49 bucks in Southeast Texas was in good weather last spring, antler development was average to above average. In the Kerrville area, most bucks were averaging four or five points although several exceptional racks have been reported taken. Except in those areas where ranchers are providing plenty of feed for their deer, the typical Hill Country bucks are fairly thin. Habitat conditions are still relatively poor; and, with little chance of improvement in sight, it is still recommended hunters use antlerless permits early in the season.

SOUTH TEXAS—In this region of the state, the deer hunting season in the Concha area started well and then tapered off as the weather warmed up. At the department's Chaparral Wildlife Management Area, hunters bagged more bucks and bigger bucks than last year on opening weekend. One Chaparral buck sported a rack with plenty of racks in the six to eight point range.

PERMANENT BASIN—Reports from hunters, deer processors, landowners and P&WD wildlife biologists indicate most everyone is pleased with the opening of deer season with the better than average hunting success being attributed to an excellent deer population and good hunting conditions.

Antler development, as expected, has been good with plenty of racks in the six to eight point range.

The Hunters' Harvest

P&WD Clarifies Hunting Myths

AUSTIN—If you come across some extra-deep, huge deer tracks while out hunting, don't assume you're on the trail of a trophy buck.

That's one of the misconceptions debunked in the November issue of TEXAS PARKS & WILDLIFE Magazine. The article explains the truth of certain myths doggerel among deer hunters.

That large deer track more likely was made by a doe rather than a buck. In Texas, where most of the older males are harvested each year, old does become more numerous than old bucks. The track also indicates age and behavior of the animal, but tells nothing about sex.

Many hunters firmly believe rutting season begins suddenly with the first blue color of the sky in mid-December. However, Texas climate extremes lead to several months of rutting. The length of daylight and availability of food are also factors. The rutting season begins in Texas probably 90 percent of does are bred well before December. October and November are most usual breeding months, but in South Texas the peak is in December and there are always some does maturing later than that.

Evidence of deer is another subject of hunter debate. The fact is, deer are color-blind. To warn them of danger, they depend on their keen sense of smell, hearing and ability to detect movement. Normally they do not feed on dark, windy nights since they cannot see well and wind hampers their other senses.

Many studies and personal experiences have testified to a "blue-bird" myth of deer. This supports the ability of wearing brightly colored clothes. In fact, camouflage when hunting deer is not recommended. The deer cannot distinguish between other hunters and its own. The deer cannot distinguish between its own shadow and other hunters and is likely to mistake their shadow for game.

Volunteerism Is Growing Throughout The State

Volunteerism in Texas is taking on a deeper meaning than the Texas Department of Health, and the nursing homes across the state will provide a fertile field for enlargement of these activities.

There's not a community in Texas which doesn't have some volunteer activity. And when you speak of volunteerism, you address all these kind-hearted individuals who give themselves for others.

The State Volunteer Council was organized in September, 1969, and since that time literally millions of hours have been given to brighten the lives of Texans in many diverse ways.

The four purposes of the State Council set the tone for the ensuing years and are very significant today—28 years later. These purposes are: 1. To function as a force to educate the public as to the roles and goals of volunteers.

On Top
The Bible, "God's holy word," is still the best seller, and most popular book in the world. From the original Greek and Hebrew this book has been translated into many languages.

Through the centuries men have developed a deep respect and awe for the Bible. When one reads the Bible with an open mind, God's word is "clear" and it is a joy to read.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His desire for man to respond to that love by being His neighbor.

There's No Way To Cure A Cold

CHICAGO—What can you do for the common cold? Most folks know you can't cure it. And yet we keep trying. We still waste a lot of time and money on pills and nostrums and treatments—all in the faint hope that maybe this time something will help.

A cold is caused by one or more of many viruses, the American Medical Association reminds, and, actually, grandma's home therapy is still good. If you get a cold, stay home in bed. Keep warm. Gargle to ease a sore throat. Take a mild pain reliever for the discomfort.

Much research has been done on the cause and possible cure for colds. Perhaps the answer will be found some day. But as of now we can't cure colds and anyone who tells you can is deceiving at best. Considerable suspicion.

Try Persimmons

Your grandmother knew the ways to make the most of nature's bounty. Persimmons grow wild and abundantly in our area. Just take careful effort to clean this wild, juicy fruit.

Plants Make Nice Christmas Presents

Still wondering about a Christmas gift for a friend that has everything? Consider a tree or shrub for the garden or houseplant. New homeowners would especially welcome a tree or shrub gift. Select a plant that can be used in the home landscape design. It should also be native or adapted to the area.

Some of the ornamental plants that would make a good gift include: the many varieties of holly, deodar cedar, pyracantha, eleagnus, magnolia and pine. The local nurseryman or florist can help you in the final selection.

If you are considering a house plant gift, such as foliage plants as philodendron, English ivy, Christmas cactus, or even a potted azalea or camellia.

Other plants popular for indoor landscaping, particularly during the holiday season, are poinsettia, Jerusalem cherry, Christmas pepper and chrysanthemum.

You can easily make an attractive package from a house plant or tree. Just wrap the base of the plant with Christmas paper and tie with a bright colored bow.

While you are plant shopping, you may want to select a living Christmas present for your own family. A balled and burlapped, or container-grown evergreen can be used as the family Christmas tree. If care is taken to prevent the ball of soil from drying out, it can be placed in the home landscape after the holiday season.

BAKED PERSIMMON PUDDING

2 cups persimmon pulp
3 eggs
1 1/2 cups milk
2 cups sifted flour
1 teaspoon soda
1 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg
1 1/4 cups sugar

3 tablespoons melted butter
Mix the persimmon pulp, beaten eggs, and milk. Sift the dry ingredients together and pour the liquid mixture into them. Stir in the melted butter and pour into a shallow greased pan to the depth of about 2 inches. Bake for about 1 hour in a very moderate oven (300 to 325) when cold, cut into squares and serve with whipped cream.

PERSIMMON WHIP
1 cup persimmon pulp
1/2 teaspoon soda
1/2 cup sugar
5 egg whites
1/2 teaspoon salt
3 tablespoons lemon juice.

Heat the persimmon pulp with the soda and sugar. Fold the hot mixture into the stiffly beaten egg whites to which the salt has been added. Mix in the lemon juice, place in a baking dish surrounded by hot water, and bake in a very slow oven (225-250) for about 1 hour.

Poinsettias Will Last With Care

By LINDA MURRAY
Your beautiful Holiday Poinsettias are in actuality a very tropical plant. They need lots of water but not to the excess of the plant standing in the water.

They should not be kept near the fireplace or heaters of any kind. This would be certain death, but they also cannot stand frosty temperatures. The best position for the plant

is near or in a bright sunny window. By following these few easy tips, your poinsettia will remain beautiful throughout the holiday season.

Now, what to do with the plant after it has passed its peak and no longer has the lovely deep red blooms? To save the plant and get it to rebloom next season, clip all the blooms and set the plant in a dark place. Like the top of a closet or storage room. Next, hold off on the

water but don't allow the plant to completely dry out. In about six weeks take the plant out and give it a light feeding of a good household fertilizer. Begin feeding every 2 to 3 weeks. Keep the plant watered and it should sprout out and bloom again. You could repot in a larger container

if you feel the need. Poinsettias can be planted outside in the spring but they will freeze when the colder weather sets in. I sincerely wish you all good luck with your Christmas plants and Happy Holidays!

4-H Members Learn By Doing

Learning can be fun and 4-H will show you how. The best learning experiences for youth come from working together with other youth. 4-H activities provide "for" learning by doing. With projects concerning home economy, leadership, agriculture, animal care and a wide variety of other areas, 4-H offers something of interest to every youngster between the ages of 9 and 19. 4-H is sponsored by the Texas Agriculture Extension Service of the Texas A&M University. The emphasis in 4-H is not only on the material learned but on personal growth and development. The activities initiated by 4-H are often a contribution to the health of the community. To become involved or just get some information on 4-H programs, contact your county Extension

Agents, Clinton Currie or Bolinda Covington, at 283-2482, or come by the Tyler County Courthouse.

Microwave Cooking Guide

Microwave cooking can be a real time saver during the Holiday's. But only if the foods are cooked right. Improper amounts of water, arrangement of the food and the wrong type of dish can cause any number

of disasters to occur. To make Microwave cooking a success, the people in the Home Economics Department of the Campbell Soup Company offer the following tips: Uniform cooking, heating and defrosting foods is essential to microwave satisfaction. But food is rarely uniform in shape, size, density, volume or starting temperature. Arrange items in a ring when possible, eliminating the need to heat the center. Place thicker, more, dense foods near the edge of the dish. Thinner or more porous items should go near the center. Stir foods such as

casseroles, vegetables and sauces to aid in even cooking time. Turn pieces of food, such as meat and potatoes, all the way over. Let food stand before serving to allow the heat to travel to the center, thus avoiding overcooking the outside. One very important factor to microwave cooking is covering the dish properly. Wax paper, plastic wrap, paper plates, anything that can be used as a cover-up should be. These covers hold in heat and speed cooking and defrosting time. Just remember to remove covers carefully to avoid steam burns.

Wood Burning Heaters

Wood burning heaters are back. These heaters—the best quality are of heavy gauge sheet metal lined with fire-brick—may help to answer your heating and energy needs, especially if you have access to relatively inexpensive supplies of wood. Besides supplementing their heating systems, Texas families can enjoy the warmth that only a wood burning heater can give. Prices for wood heaters begin at around \$200.00. They are now on the market in attractive designs and are

much more efficient than the traditional masonry or more modern freestanding fireplaces. Airtight wood heaters burn more slowly and evenly and the fire does not flare up when wood is added. When the heater has a flat baffle system, more heat is radiated into the room and not lost up the chimney. Models which blow the heat into the room by means of a small electric fan utilize heat more fully. A thermostat which controls the operation of the damper is desirable.

'Master Mix' Useful In Many Recipes

By BELINDA COVINGTON
With homemade 'Master Mix' that's made ahead of time, any kitchen is a bakery in minutes—and the homemaker saves time and money. This may be especially important in the upcoming holiday season.

'Master Mix' can create numerous breakfast and dessert items—from luscious chocolate cake to light, fluffy pancakes and biscuits; or even gingerbread squares, because each recipe calls for just a few extra ingredients without extra time consuming steps.

MASTER MIX
5 pounds flour (approx. 14 1/4 cups)
2 1/2 cups dry milk solids
1/4 cup double-acting baking powder
3 T. salt
2 T. cream of tartar
1/2 c. sugar
2 lbs. vegetable shortening (approx. 42 1/2 cups)
Stir baking powder, salt, cream of tartar, dry milk solids and sugar into unsifted flour. Then sift all together. Cut shortening into above until mix looks like cornmeal. PLACE IN A TIGHTLY COVERED CONTAINER. Store at room temperature. Yield: 29 cups of mix—enough to make about one recipe of each product given below.

YELLOW OR CHOCOLATE CAKE
Preheat oven to 375 degrees F. Measure 3 cups mix, 1/4 cup sugar, 2 eggs, 1 cup water and one teaspoon vanilla, for chocolate cake, 1/2 cup cocoa. Blend sugar into mix. Beat egg and water and add half to mix. Beat 2 minutes. Add remaining dry ingredients and beat another 2 minutes. Place in two 8 inch well-oiled and floured pans. Bake for 25 minutes.

BISCUITS
Combine 3 cups mix and 3/4 cup water. Blend, knead 10 strokes. Bake at 450 degrees for 10 minutes. Yield: 1 1/2 dozen biscuits.

PANCAKES
Combine 3 cups mix, 1 egg and 1 1/2 cups water. Blend. Cook on hot griddle until golden brown, turning once. Yield: 18 medium pancakes.

MUFFINS
Measure 3 cups mix, 2 T. sugar and 1 egg. Mix water and egg. Blend with dry ingredients. Bake at 425 degrees F. for 25 minutes. Yield: 1 dozen.

WAFFLES
Measure 3 cups mix, 1/2 cup sugar, 1 egg, 1/4 cup water, 1/2 cup molasses, 1/2 tsp. cinnamon, 1/4 tsp. ginger and 1/2 tsp. cloves. Blend egg, water and molasses. Blend into dry

ingredients. Place in well-greased and floured 8 x 8 pan. Bake at 350 degrees for 40 minutes.

DROP COOKIES
Combine 2 cups mix, 1 cup sugar, 1 egg, 1/3 cup water, 1 tsp. vanilla and 1/4 cup nuts or chocolate bits. Bake at 375 degrees F. for 10-12 minutes. Yield: 4 dozen cookies.

COFFEE CAKE
Blend together 3 cups mix, 1/4 cup sugar, 1 egg and 2/3 cup water. Place in well-oiled and floured 8 x 8 pan. Top with a mixture of

1/4 cup brown sugar, 3 T. butter and 1/4 tsp. cinnamon. Sprinkle with 1/4 cup nuts or raisins, if desired. Bake at 400 degrees F. for 25 minutes.

CANDID CUSHAW
1/2 gal. cushaw
2 cups sugar
1 stick oleo
Melt butter in skillet. Add cushaw and sugar. Cover and cook on low heat until sugar melts. Then remove lid and cook slowly until light brown. Stir often.

PEAR MINGEMEAT
7 1/2 lbs. pears, peeled
1 orange, peeled
1 lemon, peeled
1 apple, peeled
3 lbs. sugar
1 tsp. salt
2 lb. raisins
1 c. vinegar
1 tsp. each allspice, cloves and cinnamon
2 1/2 lb. canned crushed pineapple
Grind pears, orange, lemon and apple through food chopper; add sugar, salt, raisins, vinegar, spices and pineapple. Mix well. Cook over low heat for 2 hours or until thick. Place in sterilized jars, seal.

CRANBERRY SALAD
4 c. cranberries
1 c. water
1 c. sugar
1 orange, peeled and sliced
1-8 oz. pkg. dates-cut in small pieces
2-3 oz. pkg. orange Jello
1 can fruit cocktail
1 cup red maraschino cherries, chopped
3 c. miniature marshmallows
Simmer cranberries and water until cranberry skins pop open. Add sugar and orange and simmer 10 minutes. Add dates, stir and simmer for 2 minutes. Add orange jello, stir and remove from fire. Add fruit cocktail and cherries; plus

1 tsp. vinegar and shortening until fluffy; add coloring and eggs. After beating well add sifted flour, salt and cocoa. Add Milk and vanilla. Dissolve soda in vinegar; fold in batter. Pour in three 9-in. pans which have been greased and floured. Bake at 350 degrees for 26 to 28 minutes.

WHITE FROSTING
1/2 c. flour
1/4 tsp. salt
1 c. milk
1 c. crisco
1 lb. sugar
vanilla
Mix flour and salt, slowly add milk, mixing well. Cook until thick; let cool completely. Beat Crisco and sugar together until fluffy. Add cooled flour mixture to crisco mixture, beat well. Add vanilla.

This frosting can be used on a yellow cake for a very good coconut cake. Add the coconut sprinkle over frosting. Don't add coconut to frosting before it is spread.

Tantalizing Treats From Beech Creek

On Tuesday March 23, 1941 a group of homemakers met with Miss Maurine Johnson at the Beech Creek Baptist Church to organize the Beech Creek Home Demonstration Club.

Charter members were Carrie Jordan, Lela Sheffield, Gladys Whitman, Lallie Jordan, Meta Bingham, Agnes Tantan, Ruth Brislin, Vera Wilson, Mattie Hollis, Vivian C. Jordan.

First elected officers were: President, Carrie Jordan; Vice-President, Lela Sheffield; Secretary, Treasurer, Gladys Whitman; Council Delegate, Meta Bingham; Reporter, Lallie Jordan; Program Chairman, Ruth Brislin; and Parliamentarian, Vera Wilson.

Now we have thirty-five active members. One hundred fifty-five women have been enrolled in our club at different times and we have welcomed twelve hundred and twenty visitors.

Some of the projects have been the making of mattress, quilting, bedroom improvement, preservation of foods in the more modern projects of crochets, macrame, decoupage and oil painting.

Tufted bedspreads were taught and made with the more recent one being

made with hair-pen crochets.

In 1975 our club sponsored a bi-Centennial Community program giving a brief history of the ten churches, civic organizations and the school.

Singing and other entertainment was followed by a old-fashioned basket-supper. This met with such approval the members voted to publish books for sale on the 'History of Spurger' 1939-1976.

Wild Ducks And Geese Require Special Handling

Young geese is a delicacy and very little meat is wasted. The meat is rich, dark and lean. Old birds are tough and not easily tenderized by cooking with moist heat.

ROAST WILD DUCK
3-to 5-pound duck
Salt and pepper
1 medium apple, sliced
1 small onion, sliced
Wine or orange juice
Season duck inside and out with salt and pepper. Put onion and apple into cavity of duck. Place on rack of roasting pan. Do not cover. (If it is an old bird, cover for the last half of the cooking time.) Do not add water. Cook at 325 degrees F. for 2 to 3 hours or until tender. Baste occasionally with wine or orange juice. Remove apple and onion before serving. Serves 6.

DUCK BARBECUE SAUCE
2 tablespoons chili sauce
1 tablespoon lemon juice
1 teaspoon hot sauce
1 teaspoon salt
1 teaspoon Worcestershire sauce
Blend well. Baste duck with sauce while baking.

STUFFED WILD GOOSE
1 young goose, 6 to 8 months, ready-to-cook
Juice of 1 lemon
Salt and pepper
1/4 cup butter or margarine
1/4 cup chopped onion
1 cup chopped tart apple
1 cup chopped dried apricots
3 cups soft bread crumbs
1/2 teaspoon salt
1/8 teaspoon pepper
4 to 6 slices bacon
Melted bacon fat
Sprinkle goose inside and out with lemon juice, salt, and pepper. Melt butter or margarine in large saucepan. Add onion and cook until tender. Stir in apple, apricots, bread crumbs, salt, and pepper. Spoon stuffing lightly into cavity. Truss bird. Cover breast with bacon slices and cheesecloth soaked in melted bacon fat. Place goose, breast up, on rack in roasting pan. Roast at 325 degrees F. 20 to 25 minutes per pound or until tender, basting frequently with bacon fat and drippings in pan. If age of goose is uncertain, pour 1 cup water into pan and cover last hour of cooking. Remove cheesecloth, skewers and string. Serves 6 to 8.

Meat of wild duck is darker and drier than domestic duck. Roasting with strips of bacon or in a covered roaster helps retain moisture and reduces dryness of less tender and larger ducks. In roasting or broiling duck, use a rack to keep them free from their own fat and do not baste with fat.

Poultry Cooking Tips

Keep poultry frozen until time to thaw or cook. It is best to thaw poultry in the refrigerator. To thaw, place the frozen poultry on a tray. If it is unwrapped, cover lightly with waxed paper. Thaw in the refrigerator until pliable.

If it is not practical to thaw poultry in the refrigerator, immerse poultry in its watertight wrapper in cold water. Change water often to hasten thawing. Time required may be about 1 hour for small chickens, up to 6 to 8 hours for large turkeys. Or you can partially thaw poultry in the refrigerator, and complete thawing in cold water. (Place partially thawed poultry in a watertight plastic bag before immersing it in cold water.)

After poultry is thawed, prepare for cooking in the same way as chilled, unfrozen poultry. Cook poultry promptly after thawing.

Turkeys:
• 18 pounds and over—2-3 days
• Less than 18 pounds—1-2 days

STUFFED POULTRY

Fill body and neck cavities lightly with well-seasoned stuffing; allow about 1/2 cup stuffing for each pound of ready-to-cook poultry.

Fold neck skin over to back and fasten with a skewer. Turn wingtips back of the heavy wingbone to rest against neck skin. Close body cavity by tucking ends of legs under band of skin at tail or by fastening legs together close to body. Insert a meat thermometer into the center of the inner thigh muscle of whole turkeys. Make sure that the thermometer does not touch the bone.

Place poultry breast side up on a rack in an open roasting pan. Do not add water and do not cover pan. Basting usually is not necessary but you can baste with pan drippings if you like. If poultry browns early in roasting period, cover breast and drumsticks lightly with aluminum foil or moisten a thin cloth with fat and place over breast and legs to prevent over-browning. After poultry is

partly roasted, cut band of skin that holds legs together.

Do not partly roast poultry on one day and complete roasting the following day.

To test for doneness, press the fleshy part of the drumstick with protected fingers; if the meat feels soft, poultry is done. Or if the drumstick moves up and down easily and the leg joint gives readily or breaks the roast is done. For whole turkeys, a meat thermometer should be used to determine doneness. When the temperature in the inner thigh muscle reaches 180 degrees to 185 degrees F, the turkey is done.

UNSTUFFED POULTRY

Season inside of bird. Fold neck skin over to the back and fasten with a skewer. Tie legs together, over body opening, or if there is a band of skin above tail, tuck legs into it. Insert thermometer. Place breast side up in an open roasting pan. Roast at 325 degrees until done. Test for doneness in same way as stuffed poultry.

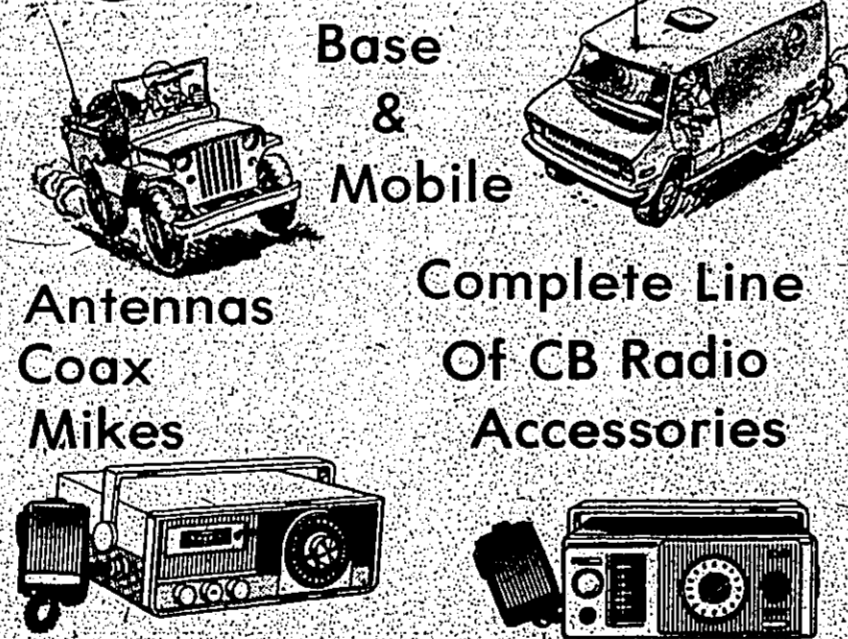

Homemade Artificial Snow

Make artificial snow at home to decorate boughs of a Christmas tree or wreath. Combine two tablespoons soap flakes with one-half

cup cold water in a large bowl. Beat with rotary beater until suds are stiff and dry. Slowly beat in one-third cup instant tan-

dry starch powder. Apply snow to evergreens or dry branches with fingers or a paint brush.

Ways To Dress Up Your Holiday Stuffing

COLLEGE STATION
Dress up that "same old stuffing" this holiday with glamour—and nutrition, says Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Fruits, nuts, oysters, and salt pork are among special ingredients in these nutritious stuffings for holiday turkey, chicken, goose or other fowl.

SAVORY BREAD STUFFING
3 1/2 tablespoons butter, margarine or poultry fat

1/4 cup chopped celery
3 tablespoons chopped parsley
2 tablespoons chopped onion
4 cups soft bread crumbs
1/2 teaspoon savory seasoning
1/2 teaspoon salt
Pepper as desired

Melt fat in a frypan. Add celery, parsley and onion. Cook until tender. Add fat and vegetables to bread crumbs. Add seasonings. Mix lightly, but well. Makes 4 cups stuffing.

Variations:
Oyster stuffing: Omit celery and reduce parsley and onion to one tablespoon each. Add 1/2 pint oysters, heated in their own liquid and drained.

Nut stuffing: Omit parsley and savory seasoning and add 1/2 cup chopped almonds, filberts or cooked chestnuts.

Cornbread stuffing: Omit bread crumbs and savory seasoning. Add 1 quart (4 cups) cornbread crumbs and 1/4 to 1/2 teaspoon thyme.

SALT PORK STUFFING (for 8-pound ready-to-cook turkey)
1/2 pound salt pork, finely diced
1/2 cup chopped giblets
2/3 cup chopped onion
3 quarts (1/2-inch) soft bread cubes
1/2 teaspoon poultry seasoning
Dash of pepper
1/2 cup chopped parsley
2 eggs
1/2 cup water or chicken bouillon

Saute salt pork in skillet; add giblets and onion. Continue cooking until tender. Combine soft bread cubes, poultry seasoning, pepper and parsley. Add salt pork mixture and mix well. Beat eggs slightly. Blend into stuffing. Add water. Mix well.

Combine soft bread crumbs, almonds, thyme, tarragon, salt, savory and pepper. Sauté onion in butter until tender. Add onion mixture and water to seasoned bread cubes. Toss lightly together. Allow 1 cup stuffing per hen.

ALMOND STUFFING (for 1-pound Rock Cornish hen)
2 1/2 quarts (1/2 inch) soft bread crumbs
2/3 cup sliced, blanched almonds
1/4 teaspoon thyme
1 teaspoon tarragon
1 teaspoon salt
1/8 teaspoon savory
1/8 teaspoon pepper
2/3 cup minced onion
1/3 cup melted butter or margarine
1/4 cup water

Holiday Hair Design Trends

By SCOTT DANIELS

Trends are important to note as you plan your hairstyles for the coming months. Spirited but relaxed is clearly the fashion mood for the holidays. Hair designs will reflect this fashion spirit and we will see a definite end to uptight little heads.

Longer hair, softened for easy movement and curled into feminine lines

will be the mode. Look for longer, ended cuts, minimum maintenance perms and natural looking color.

To achieve the "super holiday look," try setting your hair with hot rollers or pin curls. After your hair has been set take it down and hold your head down and brush it vigorously and forward.

Then throw your head

back and place those curly locks with your fingers. What a super-look!

If that's not enough, try pulling one side up and secure it with a flower or feather.

Ladies: always remember, if everything else fails, call and make an appointment with your hair designer. HAPPY HOLIDAYS!!

Tips For Toy Buying

Holiday toy buying can be easier and more effective when consumers prepare ahead of time to make choices that will help child develop and learn, as well as provide safe entertainment.

- (1) Plan and write down the amount to spend on each child. Be sure it falls within the family budget.
- (2) Make a toy shopping list based on children's wishes. Be aware that these do change.
- (3) Determine in which direction your child's interests have been developing over the year. Because children learn from play, be sure toys are appropriate for the child's size, age and ability.
- (4) Toys should offer enough variety to motivate children to have new experiences.
- (5) Also, be sure the choice fits the child's interests—rather than just the parent's interests.
- (6) Try to shop early.
- (7) Do some comparative shopping—look around and price a specific toy at several places. Try to find items on the list at special sale prices.
- (8) Look for quality.
- (9) Be cautious about the annual best sellers—often they are over priced.
- (10) Consider the safety of each toy—sharp corners, needle-like metal rods, small objects that can be swallowed, for example.
- (11) Consider at-home storage space. Is there enough for the new toy?
- (12) Ask yourself if the toy requires constant supervision. If so, do you have the time to spend with your child and just this toy?

FIRST PIES

The first Christmas pies were baked in the form of a cradle, with strips of pastry laid over the pie representing the manger.

WRAPPING TIP

Save unused knitting yarn and use it to wrap gifts. Gives them a certain personal touch.

Your children, you love them, enjoy them and worship them until the time comes when everyone is busy and they are hollering "What can I do?"

Don't leave the kids out this holiday season or expect them to entertain themselves entirely while mother is busy in the kitchen.

One way to occupy children is to hand them a cardboard box or two and tell them to "get after it." Kids love boxes. They can stack them, bend them, sit in them or build an imaginary snow castle with them.

One enjoyable pastime with boxes is done by laying the box on its side and rolling a ball through the opening. If an older

Over The Holiday Kids Stuff

child is present, the kids can take sides and keep score. Also while the box is on its side, "tunnels" to imaginary places can be explored.

Make some beanbags by taking an old rag or piece of cloth and sewing three sides, filling the bag with any type of beans and finishing sewing the open end. (If small children are to be playing with the bags be sure that all seams are secure.) Next, paint a bulls-eye on a sheet of paper or posterboard and have the children toss the bags trying to get as close to the center as possible.

If mother is busy in the kitchen and would like the child to feel as if he is really participating in the holiday decorations, supply him

with macaroni, glue and a sheet of paper. You might draw a picture of Santa or a Christmas tree for him to outline and fill with various types of macaroni.

The macaroni can be pre-colored by letting it soak in a food coloring solution or can be painted with water colors after the picture is dry. These pictures make great gifts for grand-ma, aunts, uncles or a very special person.

Ornaments for the Christmas tree are easily made with little expense by gathering pine cones. The gathering also keeps the child occupied for a little while.

Buy some glitter at the local variety store and some washable glue. Be sure to

protect the surface of the table the child is working on.

Next, place a small amount of glue on the tips of the pine cones. Now let the child choose which color glitter he wishes to sprinkle on the cones. After the cone has dried, tie a brightly colored ribbon to the top and your child has created a very attractive and lasting tree ornament that can be used year after year.

Don't forget the good old standbys that you enjoyed as a child. Stringing popcorn or berries and making construction paper tunnels. Have fun with your children this season while also allowing yourself the needed time to prepare for this most joyous of all holidays.

Cranberries Are For Giving

Almost everyone has some names on the Christmas gift list followed by big question marks. How about something made in your own kitchen, something they can enjoy and share during the traditional holiday repast?

Prepare something special such as cranberry jelly. How simple it is to make with cranberry juice, which is in abundant supply

now.

To make six half-pints, mix 3 1/2 cups cranberry juice cocktail with one 2 1/2 ounce package of powdered fruit pectin in a large kettle. Begin to cook, and stir until boiling. At that point, immediately stir in 4 cups of sugar. Then bring the mixture to a full rolling boil, and boil it hard for two minutes, stirring constantly.

Next, remove the mix-

ture from the heat and stir in 1/4 cup of lemon juice. Skim off the foam as the jelly begins to cook, and pour into hot sterilized jars and seal. It is a good idea to put a towel or rag under the jars as you pour to avoid possible breakage due to sudden temperature change. A quarter-inch of melted paraffin poured on top makes an excellent seal.

That's all there is to it. Your homemade jelly is now ready for cousin Gertrude, or your own holiday table, as you prefer.

As an interesting variation, you might like to include another favorite fall flavor in your cooking, and make cranberry apple jelly by substituting 3 1/2 cups of cranberry-apple drink for the cranberry juice cocktail.

Planning Ahead Saves Time

Plan now for special occasions parties, special meals.

Start with a notebook or calendar reserving pages for each day between now and Christmas.

Plan only what you think you can do in one day—plan for some unexpected occurrences.

List chores and make assignments to children; cross them off as jobs are completed.

CHRISTMAS ACTIVITIES

Let the family make their own trimmings or decorations this year. Start a tradition. Make edible ornaments, if children are helping trim tree with popcorn, cranberries, gumdrops, etc.

Homemade tree ornaments using bakers clay appeal to children. (4 pups flour, 1 cup salt and 1 1/2 cups water. Knead for 5 minutes, roll out and cut or

design various shapes. Bake in 350 degree oven until hard, 3 to 4 hours).

TIME MANAGEMENT

Include rest periods between tasks!

Arrange equipment and supplies for greatest efficiency. Have all baking equipment and supplies out before starting.

Learn to delegate responsibilities.

Try not to organize more than 40% of your day.

Take into account if your are a morning or early starter, or a late starter.

Make a "to do" list, or use index cards and the night before arrange in order of importance. Take time to plan ahead. Set priorities.

EODD

Plan special menus, as well as weekly menus now. This will save time when making grocery lists.

Bake in quantity when you have the time and

freeze.

Set aside one or two days to bake.

Molded and frozen salads are good make-ahead candidates for special occasions.

Separate soft cookies from crisp ones. Store soft cookies in closed containers with loose lids.

SHOPPING

Shop on week day

mornings-if possible, try to leave before noon. Wednesday is often the least crowded.

Shop at home by using catalogs, but do this early.

Use a familiar company if shopping by mail.

Make specific plans for gifts, what it is, amount to spend and where it can be found.

Don't overspend on Christmas gifts.

Blue Ribbon Recipes

Tyler County women have been known for their great baking, but it's because they begin so young. The Tyler County Fair helped many of these young cooks come forward and share their talents.

The following blue ribbon recipes may help you during the coming holiday season.

Terrie Mangum of the Spurger, FHA chapter entered her Pumpkin Cake in the Tyler County Fair and won a blue ribbon in the Cake division.

PUMPKIN CAKE

- 2 c. flour
 - 1/2 t. cloves
 - 1 1/2 t. cinnamon
 - 2 c. sugar
 - 4 eggs
 - 1/2 c. coconut
 - 2 c. pumpkin
 - 1 1/2 t. soda
 - 1 t. salt
 - 1 t. nutmeg
 - 1/2 c. cooking oil
 - 2 t. vanilla
 - 1/2 c. chopped pecans
- Sift flour, soda, cloves, salt, cinnamon, and nutmeg. Combine sugar and oil in mixing bowl, well. Add eggs one at a time, beating well after each addition. Add vanilla, stir in dry ingredients, pumpkin, and nuts and coconut, pour batter into pans. Bake at 350 degrees for 1 hour and 15 minutes or until done. Cool and frost.

FROSTING

- 1 stick oleo
 - 6 oz. cream cheese
 - 1 box powdered sugar (3 cups)
 - 1 t. vanilla
 - 1 c. pecans
- Cream butter and cream cheese well. Stir in powdered sugar, vanilla and nuts, mixing well. Remove cake from pans when cool and frost. If you use more than three layers you will have to double the frosting.

Ideas For A Successful Party

It goes without saying that a successful and fun party involves more than just inviting a group of people over and serving something to eat. Successful entertainment, enjoyable for both you and your guests, requires a combination of many elements.

The first step is choosing a unique and imagina-

tive theme or purpose for your party. During the holidays, everyone has a "Christmas Party" but how many do you know that have a "1900 Party" or an "After-the-party party"? The ideas are endless. Take a while to decide your theme and the rest will come easier.

Once you've settled

on the theme, you'll need to make thorough plans and follow them closely. Keep your theme in mind when deciding on invitations, games, decorations, suggested attire for guests and other details.

A key factor in your party plans will be the choice of food. You'll want to select a nutritious and

appetizing menu which also complements your theme. Whether you plan a buffet, sit-down dinner or outdoor picnic, look for recipes that are easy-to-prepare and economical—party fare doesn't have to be fancy or expensive to be good. Guest-pleasing recipes which are inexpensive and won't keep you in the kitchen for half of the party include: casseroles, hearty homemade soups, molded

salads, quick breads—and refrigerated or frozen desserts. Any dish that can be made ahead and doesn't have a critical serving time, makes an especially good choice.

Most recipes that you select can be made more appetizing with imaginative use of attractive serving pieces and garnishes such as parsley, pimiento, citrus wedges, etc. A little extra work in preparation also makes a big difference in

eye appeal; a fresh vegetable tray of radish flowers, celery strips, carrot curls and green onion swigs served with dips makes an attractive, economical relish platter.

To complete your plans try to think of activities which help your guests to mix. You don't need a rigid schedule of events—just plan some activities that fit your theme and will get your guests involved in the festivities.

Time Saving

Handy Dandies

The Holiday season is upon us once again, bringing with it the busy, bustling days of preparation for feasts, family gatherings, and celebrations.

Out comes the seldom used silver and china from its storage shelves high above the everyday utensils.

Finding time in today's active world, to accomplish the "thousand-and-one" last minute preparations is sometimes hard to do.

Compiled for you, is a list of handy tips and ideas to help make the work a little easier and give the host or hostess time for visiting and finishing touches.

Most ingredients can be purchased from the local drug store. Although some of them can only be bought in large quantities don't worry about what to do with the amounts left over. They will keep indefinitely in the store room and come in handy throughout the year.

SILVER POLISH—Place stained silver in a pan and cover with sour milk. Allow to soak overnight and rinse in cold water.

COCKROACH EXTERMINATOR—Mix 4 tablespoons borax, 2 tablespoons flour and 1 tablespoon cocoa powder. Place in bottle caps or other small objects and place where the varmints will run across it's path. The roaches love it but it will give them fatal indigestion.

WATER SPOT REMOVER—Remove water spots from furniture by mixing 10 drops lemon oil in 2 cups denatured alcohol (any type).

FURNITURE LEMON OIL POLISH—An enjoyable fragrance and useful product can be obtained by combining 1 tablespoon of lemon oil with one quart of mineral oil.

Apply to dust rag and wipe surface clean.

Make Christmas Gifts At Home

By GLORIA SMITH
If you can follow a simple recipe, then you can make many items and they won't come out with that "homemade" rather than "Handmade" look either!

Have you seen and admired the pen and ink on glass with the gold background? Some sell with a price tag in the \$50 to \$100 range in some of the better department stores in Beaumont and Houston. Very easy to do! Not only that, if you have a shaky hand because you are nervous, it won't really show. How do you do it? Well, here goes!

Buy a finished frame that has glass in it. You don't have to fuss about the frame any will look good. Try a 5 x 7 for your first one. (You can also use any old frame you have around the house and have a piece of window glass cut to fit it.) Remove the cardboard backing and the glass from the frame. Clean glass well on both sides. Find a picture or drawing that can be traced easily. Scotch tape it to a piece of white paper. Center your glass over it and tape it just enough to keep it from moving. Don't use big pieces of tape on your glass—remember, you have already cleaned it.

Now, take a quill pen with a fine point like you used to use in school and India

ink and trace your picture onto the glass. You can put as many or as little lines as you wish but do "shaded" areas or detail it to give a little contrast. If you make a booboo with your pen, clean it off with a very expensive item called "tip" and a Q-tip.

At this time, if you wish, sign your name. You are working on the back side of the glass so remember, sign it backwards.

Next, take a little burnt umber oil paint and with a fine-point brush fill in the main subject or idea of the picture, but not the background area.

If the picture has grass ground then paint it in also. Remove the tape from the glass. If there is any stickum left from the tape, use window cleaner and a Q-tip and clean the glass. Take cotton ball and a very little burnt umber and all around the edge of the glass dab (not rub) paint onto the glass. Fill in an area on the sides about a half inch wide and the top and bottom area equal to an inch or inch and a half. Don't worry about getting it on too thick, just have it look even all around.

Pick up the glass by the edges and place on newspapers. Take to outside and spray lightly with gold leaf

adhesive spray. Transfer glass to clean newspaper and bring back indoors.

Apply composition gold leaf to sprayed areas. Now, gold leaf is a bit tricky to work with in that it wrinkles and does all sort of strange things, but would you believe that it actually makes your picture look better! If there is a little place you missed or tore or whatever, just take a little piece of gold leaf and zap it on with your finger.

Turn your glass over and look for any sneaky little holes that might be there and zap them too. Let the whole thing dry for about a half hour and then rub off any excess gold leaf still hanging on. Insert glass back into the frame and there you are!

This idea can be carried further by using glass stain paints and painting your picture on the glass after outlining with India ink. But always dab the burnt umber all around the edge of the glass after the transparent paints are dry.

If you can't understand my instructions, I do have Zimis instruction sheet for twenty five cents. It even shows how to use several layers of glass and gold leaf for when you really get hooked on it.

This isn't really an expensive project because your supplies will make quite a few pictures. The main ex-

pense is the frame and glass. After you have done the first one, the second picture won't take over two hours even for those who like to

take their time. If you run into any problems, just come by Toot'em Creek Center and I'll be happy to help you.
