The Tyler County BOOSTER

Vol. 51 4 Parts Thursday, April 20, 1978
No. 16 28 Pages Woodville, Texas 75979 15

CB'ers Fest Nears

A full day of games, interesting exhibits, informative displays and down home entertainment awaits those who attend the First Annual One Day Jamboree sponsored by the Tyler County C.B. Club Saturday, April 29.

Radio operators and non-operators alike will find something of interest when the gates open at 10 a.m. at the 4H-FFA Rodeo Arena located one and half miles west of Woodville on Highway 190.

Kicking off the day long festivities will be Master of Ceremonies David Fuller better known as "The Mayor from Downtown Jasper," assisted by "The Tumble Bug" from Rosharon and "Little Round Joe" from Woodville.

The latest in radio equipment and accessories will be displayed along with booths offering jewelry, patches, T-shirts, Q.S.L. cards, ceramics and a number of other items.

While the adults are enjoying the displays the kids can look forward to various games and contests including a Frisbee Scramble, Dart Throw and Spinning Wheel.

Entertainment for the day will be provided in part with performances by the Little Flock Gospel Quartet, some good old country fiddling and guitar picking by some local musicians and a Square Dance exhibition by the Dogwood Country Squares from Tyler County.

The "Male Beauty Contest" has attracted several would-be beauty queens and is scheduled to start at 3 p.m.

CBers attending the jamboree will be eligible for trophies. Seven will be awarded in different categories ranging from the farthest travel club to the oldest CBer present.

Grand Prize drawings will be held at 5 p.m. Tickets are available at Williams Certified Station, Tyler County Tractor or any club member. Donations for the tickets are \$1 each or six for \$5.

Club members guarantee that jamboree goers can treat themselves to some of the best bar-broiled burgers, Bar-B-Que-Sandwiches and hot links at the concession booth. Free coffee will also be available along with soft drinks, Sno-cones, popcorn and cotton candy.

Topping off the day, Bobby Love and the Band from Vidor, will provide the music for the dance that will begin at 9 p.m. at the Woodville Inn. Tickets are \$5 couple and \$3 single.

The Tyler County C.B. Clubs are holding this one day event in a effort to raise funds for the 4H-FFA Association who hopes to obtain a larger and better equipped exhibition area at the Rodeo Arena. Fifty percent of all proceeds will go to the association.

For further information and overnight accommodations call Joy Kelly at 837-2318 or write: The Tyler County C.B. Club at P.O. Box 533, Woodville, Texas 75979.

Jasper Lion's Rodeo Nears

The 32nd annual Jasper Lions Rodeo will once again feature the Queen's Contest as the highlight of each evening performance. The Rodeo Committee expects this years contest to be the biggest and best ever, with over 20 girls competing for the title of Queen of the Jasper Lions Rodeo.

"GOAL IN ONE" - The Tyler County Hospital Auxiliary Third Annual Charity Golf tournament scheduled for Sunday April 30 with tee off time set for 1 p.m. promises to be bigger and better this year say organizers who are cooperating with the Dogwood Country Club in sponsoring the event. With an ambitious goal of \$5,000 this year the Auxiliary expects to turn over the funds to the hospital for much needed equipment which will enhance the medical facility here. Shown above are Course Owner Don Cole, Auxiliary member Rose Carruth, Barbara Cole, Dr. A.C. Ohlen and Hospital Administrator Dick Cordes. How many golf balls are in this picture?

Hike-Bike-A-Thon Is April 29

Think you can walk or ride a bike 12 miles? Could you make it on a skateboard, roller skates, in a baby carriage or wheelbarrow? You'll get your chance to try any one of those methods, Saturday, April 29, when the Tyler County Mental and Physical Handicap Association Inc. sponsors a 12-mile Hike-Bike-A-Thon with pledged proceeds going to assist that group in establishing a Sheltered Workshop in Tyler County before the end of 1978.

The Hike-Bike campaign calls on volunteer citizens to either "hike" or "bike" for retarded or physically handicapped citizens, over the 12-mile course (FM 1746). The trip will lead to the newly established "New Beginning" country western, gospel song center located on the north side of the road. Proprietor Jack Primm said that refreshments will be served and the music will be pouring out to the walkers as they reach the end of the walk.

"Businesses and individuals are asked to pledge \$0.50 per mile for each mile walked or ridden by the participants," according to TCM&PHA president John Morrison.

"In fact an individual, business or volunteer can pay not to walk... especially if their not able," he said.

"Anyone, of any age, may walk or ride in the event and anyone interested is asked to pick up pledge forms right away to they may begin obtaining contributions for the Hike before the April 29 date.

"We encourage civic groups, scouts, church organizations and anyone who wants to help the physically or mentally handicapped to join the Hike. It's good for dieters too," said Morrison.

Pledge forms are available from any member of the TCM&PHA and from the County Judges office in the Tyler County Courthouse, the Tyler County Booster office and from the Tyler County Developmental Center, located on Wheat Street.

An official pledge contribution form has been printed in this week's issue of THE TYLER COUNTY BOOSTER on Page 3. Persons are encouraged to clip out the form and begin getting pledges prior to bringing the form to the Hike registration desk on the courthouse square on Saturday, April 29.

Saturday, April 29. If an individual would like to simply make a contribution to the effort, sent to TYLER COUNTY MENTAL AND PHYSICAL HANDICAP ASSOCIATION, 104 South Charlton St., Woodville, Texas (75979).

The walk will begin after registration begins at 8 a.m. Walkers will start leaving the square at 9 a.m. Bikers will begin "pumping pedals" at 10 a.m. Special recognition will be given to organizations and individuals who participate in the event including unique sew-on patches and award certificates.

Prizes will be given to the individual who crosses the finish line first in both categories. Also prizes will be awarded to the youngest walker or biker, and for the oldest walker or biker.

A "booby prize" is also planned for the last person to arrive at "The New Beginning."

Participants and their bikes will be shuttled back from "The New Beginning" via busses which will run approximately every 30 minutes bringing the volunteers back to the courthouse square. There will be checkpoint refreshment stations every three miles along the route. Both to validate the Hike progress and to provide for tired feet.

County Looks For Solid Waste Funding

In a special called meeting Friday, County Commissioners attempted once again to find solutions for the many problems surrounding the operating of the Tyler County Sanitary Landfill.

"We are faced with the problem of just keeping it open at this stage of the game," said County Judge Allen Sturrock.

Operating the dump is quite expensive according to County Auditor Ann Fendren who said an estimated \$17,500 a year is spent on the site. At this time the county absorbs all costs of the dump.

"It's become so expensive to operate the dump that something has got to be done," said Commissioner Maxie Riley. "We've got to get some relief from somewhere."

Expenses include the recent purchase of a new John Deere JD750 Crawler, 6525 dozer for \$40,900.

At a workshop meeting between county officials and Woodville Mayor Terry Watts and City Manager Walt Davis two weeks ago it was suggested that the city share in the cost of the purchase of a new machine.

During the meeting, Watts indicated that the city "will probably" pay half the cost of the dozer but at the last meeting of the City Council, members voted not to pay the cost but said that they would help in other ways.

"Since the city crumpled on us, we don't have anything left to do but pay the whole amount," said precinct three commissioner Leon Fowler.

According to Judge Sturrock, council members said that they would "chip in" if the commercial trash haulers in the county would do the same "Chip in" meaning some sort of payment for each trash load taken to the dump.

"The city won't chip in if the commercial haulers won't," Sturrock said, "and if nobody chips in," he added, "within a year the county will have to lower the dump to a class three leading eventually to the closing of the site."

A public meeting is planned to inform independent trash haulers of possible payments that can be expected and to get their ideas on the best way to determine the charges. Meeting time will be announced soon. Commissioners agreed.

Possible ways of receiving revenue from the dump that were discussed included charging on a per family basis and charging per car and or by the dump truck load.

"It's not our intention to force the commercial haulers out of business," Sturrock said "but we have got to look at the situation very hard now and find some solutions."

Commissioner Riley pointed out that counties everywhere are having the same problems and that charging per load is becoming the practice.

"Garbage is big business now days everybody used to have a hole in the back yard and just burned their own trash," Riley said. "Everything comes in throw away containers now and there is just more garbage than there used to be."

Formal action will be taken following the public meeting between the independent haulers and the county.

Also during the session, commissioners voted to approve the payment of the county bills for the month of March. Total to be paid is \$28,878.53.

One bill which remains in question is a statement from the State Department of Highways and Public Transportation for \$5,630.61 for certain staking and construction inspection services at the Tyler County Airport. The work was contracted in November of 1974 and completed in 1976.

Commissioners voted to table payment of that bill until the original contract could be located but indicated that the county was not trying to get out of paying but wanted just to confirm the statement.

'Bosses Night' Dinner Friday

John Stevens, Senior Vice President of the First State Bank and Trust of Groves will be the guest speaker for the annual "Bosses Night" banquet Friday April 21, sponsored each year by the American Business Women's Association.

Stevens, also a past "Boss of the Year" heads the Customer Relations and Advertising Program for the bank. He is also active in civic affairs which include serving on the board of the Salvation Army, past president of the Groves Chamber of Commerce, on the Board of Directors of the Lamar Exec Association and is president

of the George and Faye Lynn Cruse White and Family Memorial Foundation.

"Bosses Night" activities will include trophy presentation to "Woman of the Year" by past "Woman of the Year," A.B.W.A. President Claytie Lee Clow.

Outgoing "Boss" Toby Spurlock, of The Citizens State Bank, will make the presentation to this Year's favorite boss.

Entertainment will be provided by 1978 Miss Tyler County, Cindy Russell.

The banquet will be held at the Woodville Inn Ballroom starting at 7:30 p.m. Banquet chairman is Hazel Swearingen.

John Stevens

Chester Hears School Building Estimates

Chester School Board members were advised by architects from the firm of Dickson, Dickson and Bullock to build a new elementary school in lieu of renovating the old one during the regular monthly meeting held Monday April 17.

The recommendation followed a discussion on estimated construction costs of the new building and restoring the present one.

Sketches of the proposed building were presented by the architects with estimated cost figures.

Board members met with the firm Monday, April 17, for further study of the sketches and costs.

Also during the April 3 meeting, board members appointed the 1978 Tax Equalization Board. Appointed for the year were Harold Lewis, Hinton Havis, and M.A. Swearingen. Alternates are Lewis, Nowlin and H.O. Seaman.

This dozer and the chain link fence surrounding it are two recent county expenditures needed to maintain the county dump.

Aldermen Take Oath

The Chester City Council met in regular session Monday April 10, at 6 p.m. and saw Ollie Woodrom sworn in as Mayor of the city with Rusty Hughes elected as Mayor Protem. Oath of Office was administered to Aldermen John Wallace, Dennis Johnson, Charles McMillan and Alderwoman Sue Davis.

Former Mayor Robert Moore addressed the council by making a special appeal for the general interest of the city. He stated his pride in the City Park development and asked that those improvements be continued.

Woodrom expressed his appreciation for the work done by Moore and also stated his desire to work towards the goals set by the former Mayor.

City Manager Mona Bush gave a report on the city and the cities Gas system. A financial statement and personnel report was also presented by Ms. Bush.

Other council action included the changing of the meeting time from 6 p.m. to 7 p.m. the second Monday each month.

Karen Collier's

HOPE & FAMILY

The home and family living classes had three other speakers last week. Tuesday, the classes went to the Tyler County courthouse where Mrs. Colla Collier, Chief Deputy in the County Clerk's office, spoke on the procedures you must go through in order to get a marriage license.

Wednesday, Miss Kathy Thomas, from Thomas Nursery & Floral, spoke on flowers in a wedding. She told the students how to order wedding flowers and also about the different types of brides and bridesmaid bouquets.

On Thursday, Bob Boykin informed the students about wedding pictures and the importance they have. He brought a list of suggested pictures, brides and groom may want taken. He also showed us photographs of his previous wedding.

We thank Mrs. Collier, Miss Thomas and Mr. Boykin for taking time out to talk to the classes. It was all so informative.

TRACK MEET

Last week the girls did a fantastic job in the Woodville track meet. Sandra Read won the 400 dash. Coming in

We really get around... for you!

A Statement from C.R. Butch Kraus

Candidate for Commissioner Precinct 2 Tyler County

Dear Fellow Citizen: I C.R. (Butch) Kraus, am seeking your votes, influence and support as your Tyler County Commissioner of Precinct 2.

I am 41 years old, born in Woodville, a graduate of Chester High School, and a life long resident of Chester and Tyler Co. I spent a few years in Pasadena, TX, but still maintained a residence here. I am married to the former Doris Jean Deegas of Corrigan. We have four children: Debbie-19, Frank-17, Mandy-7, and Sandra-3, all of Chester.

I am a member of Caney Creek Church, a member of Local 450 Operating Engineers, a member of Mt. Hope Lodge 121 and have served as Master of that Lodge twice. I am a member of the Scottish Rites 32 degree in Houston and am one of the founders of The Center Athletic Booster Club of which I have been an active member and officer each year of its existence. I have served as Pee Wee League, Little League, Youth football and Little girls softball leagues as a coach and manager. In Chester, I have served as Scout Master, Little League, Senior League, and Men & Women's Softball team managers and coach over the past 20 years.

I feel that I have proven to be interested in your youth, community, school and county. I further feel that I have both the ability and competent experience to serve you efficiently in this office.

I have experience in Business as an owner and operator of a Service Station. Also, pipeline foreman, an experience that has proven to me the need for sound budgeting and planning. To receive the most for your tax dollars should be a constant and necessary concern. By giving each issue brought before the Court careful and thorough attention, I believe that this can be accomplished. Decisions are of the utmost importance.

I am presently employed as your certified Deputy for the Tyler County Sheriff's Dept., primarily serving Precinct 2. Experience in this job has broadened my knowledge in both aspects of the job requirements of County Commissioner. It has aided my ability to listen, be considerate, and understanding to citizen needs, whether it pertains to laws, taxes, or travel. Also, to be competent in performing duties. Having traveled our roads daily, has kept me aware of their conditions. It has also kept me alert to extra expense to the tax payer for automobile repair caused from necessary travel of county roads.

I have many many years of heavy equipment experience most of which has been road construction. Therefore, I am sufficiently qualified to not only do the work but make decisions and the necessary repairs.

I would appreciate the opportunity to prove my ability and interest in serving you in this office. If I fail to contact each of you personally, please accept my apology. It has not been intentional and I ask for your support. Vote for C.R. (Butch) Kraus, No. 2 on the ballot, May 6.

Sincerely
C.R. Butch Kraus

VOTE FOR M. D. Holland

Justice of the Peace, Pct. 1

The man with the experience and the knowledge for this office

April 3, 1978

Mr. M.D. Holland
P.O. Box 110
Hillister, Texas 77624

Dear M.D.: I was delighted but not surprised to hear that you have a desire to serve the public again.

Our having been associated in the Harris County Sheriff's Dept. for more than 20 years tells me that anything you do you will excel in. I know of the interest you have in young adults. You have shown again and again your feelings by giving your time and efforts to help them with their problems.

You being a dedicated law enforcement officer as well as the Senior Lt. in the Patrol Div. (not working for me-working with me) made my job as Captain much easier.

The only regret I have, M.D.: is not living in the vicinity to help you in your campaign.

May God bless you and yours in your endeavor.

Your friend,
Freeman Dunn

Marriage And Family Seminar Is May 1-2

A Marriage and Family Seminar is planned for Monday and Tuesday, May 1 and 2, for couples and individuals interested in the family or family relationships at the Kirby High Auditorium. Section I will be held from 1 to 3 p.m. on Monday and repeated from 7 to 9 p.m. on Tuesday. Section II will be held on Monday from 7 to 9 p.m. and on Tuesday repeated from 1 to 3 p.m. These sessions are free and open to all persons. The first session will deal with "The Legal Aspects of Marriage - The Family Code" with local attorney James A. Clark and "Considerations of Marriage" with Dr. Jane Davidson of the Lamar University Home Economics Department. The second session will feature Dr. Raymond Parker, Minister of the First Baptist Church of Woodville, speaking on "Marriage and Family Resources" and Dorothy Taylor, Family Life Education Specialist, of the Texas Agricultural Extension Service will present a program on "Trials of Marriage and Family".

Lamar Summer Schedule

BEAUMONT—Summer classes at Lamar University offer a large assortment of courses for prospective students. High school graduates anxious to earn a few college credits before fall can get some of the basic course out of the way, enroll to a college diploma. Courses such as freshman English, government and history are required by most colleges. Young businessmen and women can register at Lamar for enrichment classes or professional development. Local businessmen can take refresher courses in Business Statistics, Principles of Finance, Marketing, Management, Investments and other courses. Teachers on summer vacation might reinforce their own teaching through courses such as Early Child Development, Individual Counseling Techniques and other classes. Local people wondering where their money goes can register for Consumer Economics, Marriage and Family Relations and other economics courses. Those wanting to know more about government can take Texas and American Government, American Political Culture, Issues and Ideology of American Policy and others. Local engineers might be interested in Career Development, Wave Mechanics and Special Topics. Historians or people seeking information about their backgrounds can register for classes such as Afro-American History Since 1860, 19th Century Europe, U.S. History and others. Registration for classes begins May 29 in Beaumont, while the Orange and Fort Arthur facilities register on May 26. Potential summer students must fill out and submit an application prior to registration, with the exception of those who have never attended a college. The older high school graduate who has never been to college must submit a grad-transcript and an application. The student recently out of high school must submit his S.A.T. score, a grad-transcript, a health form and an application. For further information telephone the Registrar's Office at 838-7614.

Poor Vision Can Impair Learning

By CAROL BROCHTRUP, RN
The School Health Department is concerned with problems which limit the development of school children. Loss of hearing or vision can cause the child to become behind in his school work.

Vision and hearing losses are often hidden handicaps. It is important to find the child with these problems as early as possible. Many times a hearing loss cannot be detected by simple observation. The child may fail to respond as expected and then become the object of impatience from parents and teachers. He may be regarded as a slow learner or problem child. The school nurse will do a hearing "sweep check" on each child from kindergarten through eighth grade and all of the new students entering the district. Sweep check means the child's hearing will be tested at 30 decibels of sound at frequencies of 500Hz, 1000Hz, 2000Hz, and 4000Hz, which includes the normal hearing range.

Hearing screening is simple and non-diagnostic if a child fails a sweep check he will be retested three to four weeks later. Ear wax, allergies, or outside noise may cause the first hearing test and child fails a second time a referral slip is sent to the parent, recommending he be taken first to a family physician where if needed he will refer you to a specialist.

Screening procedures will not detect all medical problems or identify if the children pass the sweep check screening test.

It is said that Alexander the Great invited a philosopher to his court. The philosopher said he would not accept the invitation unless he was paid in advance. Alexander said, "I will pay you in advance, but you must first tell me how you will do it." The philosopher said, "I will do it in advance, but you must first tell me how you will pay me."

Ruth French shows how to make dolls (left photo). Each doll has its own expression as shown above. (Photos by Trish Browning)

Woodville's Original 'Piddler'

By TRISH BROWNING
My sister calls me a piddler. She's just kidding. I explained Ruth French, an active, cheerful lady, whose home on Seneca Road is proof enough of the statement.

Beautiful, hand-made dolls, hand-painted, china lamps, and pictures and scores of other items are examples of what she produces after many hours of work.

This talented woman first came to this reporter's attention when a doll she fashioned after a former Dogwood Queen was brought to THE BOOSTER office to be photographed.

Beautiful, hand-made dolls, hand-painted, china lamps, and pictures and scores of other items are examples of what she produces after many hours of work.

This talented woman first came to this reporter's attention when a doll she fashioned after a former Dogwood Queen was brought to THE BOOSTER office to be photographed.

Ruth makes all kinds of dolls including ceramic, draped porcelain, yarn-dolls, colonial and pioneer dolls.

Most of the heads and bodies of the dolls are made from ceramic which is hand painted by Ruth. And each doll has its own expression.

The clothes are hand fashioned and Ruth said it would take at least 6 to 8 hours of constant work just to sew on the lace. There are 25 yards of lace on some dresses, she laughed. "I have to order the stuff in yards of one hundred."

Ruth explained that making the dolls involves many steps. If the head must be made, she pours her own molten wax into a mold and then paints the face. The hair on the dolls is made from fake fur which is sprayed and then curled with a curling pencil forming the curls, like on the colonial dolls.

Some bodies are made from plastic gallon containers but most are made, she said, with basic yellow domestic cloth and cotton. "You can stuff them with anything," she told me, "sawdust is good, if you have it."

Detailing each doll (left photo) is part of Ruth French's own style. The same is true in work with ceramics (center) and the Grandfather Clock she made (far right photo).

Woodville, Texas

Automobile travelers in Texas have not always enjoyed the advantages of the state's present fine highway system. In the days before the number of privately-owned vehicles was sufficient to require a unified and well-marked system of roads, motorists were often thrown upon their own resources for trips which today are only routine experiences.

There were those, however, who provided assistance to motorists who wished to travel beyond the borders of their home territory. W.B. Knight published an "Auto Directory of Waco, Texas, and McLennan County" which not only listed the license number and owner of every vehicle registered in the county, but also gave detailed and highly-circumstantial directions to Waco motorists who wished to travel to Dallas, Fort Worth, San Antonio and Gatesville.

The following excerpt is taken from the directory's "fifth revised edition" published in 1916. With these route instructions, a driver, with luck, would have been able to reach the capital city of Austin.

Waco, McLennan County. Set speedometer trip mileage back to "0." Leaving Waco on main street and left of post office. Turn right, then left. Follow on street, car (roads) lightly around pencils right on and follow gravel pike. 2.8 "Straight on, leave small village to left. Don't turn."

8.8 Turn right, don't follow wires here. Green house on hill. Leave dirt to right. 9.9 Straight ahead over white hill and steel bridge. 11.8 "Cross railroad, straight on, and cross steel bridge."

14.5 Lorena. Straight through town. 16.6 Cross steel bridge. 19.6 Pass over steel bridge and up hill. 20.3 Breunville. Turn left at schoolhouse; turn right and follow up railroad.

22.9 Eddy. On into Eddy. Turn right at First State bank. 23.6 Railroad cross. But don't cross. Straight ahead. 30.6 Enter. Turn. Turn right on left, follow it into center of city.

39.5 Temple. Bell County. Leaving Temple follow car line.

40. Cross railroad, track straight ahead over the hill.

42.4 Straight ahead.

47.5 Little River. Small village, turn left in center of town. This is the most traveled road and you will note the sandy condition of the road and can not miss the road out of town.

48.7 Straight ahead by large trees. Don't turn, go one-half mile and then turn right, leaving group of mail boxes on left.

51.2 Cross steel bridge. 52.8 "Small town of Sparks."

54.2 Cross railroad crossing.

56.5 Graveyard on right. 57.7 "and on right. Don't cross railroad, turn left, leaving him in rear; one-fourth mile out of Holland cross bridge."

60. Over hill and pass Bohemian graveyard.

61.1 "Straight ahead, follow main line of wires, good roads."

65.6 Bartlett. Williamson county. Turn right into main street, turn left at First National bank. This road is distinguished by large tree in center. One mile south of Bartlett leave gravel road, turn right. From Bartlett to Granger follow railroad, keep main gravel road.

71.0 Granger. Cross railroad on main street to church, then left on dirt road. Cross wooden bridge, old boiler on right. Gravel road, one mile south of Granger. Cross red bridge, and cross railroad, straight ahead. Keep main gravel road. One and three-fourths mile (south) of Granger cross steel bridge.

74.5 Turn right at gas; do not cross bridge.

78.3 Turn left, follow poles.

84. Cross creek at Jonah; log through town, follow poles.

86.8 Cross San Gabriel river and town. Turn left and drive into water. Turn right and will see city. 89. 90. 91. 92. 93. 94. 95. 96. 97. 98. 99. 100. 101. 102. 103. 104. 105. 106. 107. 108. 109. 110. 111. 112. 113. 114. 115. 116. 117. 118. 119. 120.

CANCER ANSWER LINE

Understand Immunity Essential to Cancer War

An improved understanding of the body's built-in immune system may provide a key weapon against cancer in the next 5 to 10 years.

Scientists began to suspect the body had a way to identify and combat disease agents when Louis Pasteur proposed the germ theory of disease just over 100 years ago.

Today our understanding of that defense mechanism — the immune system — and how it relates to cancer is expanding rapidly.

While many important questions remain, it is known that the "bone marrow" produces cells called lymphocytes (lim-fu-sites) that play a major role in rejecting foreign agents in the body. The intruder might be a bacterium, virus, cancer cell or even a transplanted heart.

In simple terms, when the intruder enters the body, lymphocytes recognize the invasion by means of biochemical identification markers and sound an alarm. Every cell and microorganism is believed to have at least one identification marker.

The lymphocytes stimulate the production of antibodies, chemicals which lock on to the foreign substance and amplify the job of specialized scavenger cells from the white blood cells that usually devour the invaders.

But what happens when a cancer cell invades? Does it have a way to silence the immune system's alarm? Was the cancer patient's immune system defective in the first place? Can specific vaccines be developed to boost the patient's defense?

These are but a few of many questions researchers around the world are investigating.

Explains Dr. Jordan U. Guterman, associate professor of medicine at M. D. Anderson Hospital: "While we have learned much in the last 10 years, I think it's going to take another 5 to 10 years to make a major impact on cancer treatment."

The advantage of using the body's immune system to destroy cancer cells, he explains, is that it is a very natural system.

"Unlike other major forms of cancer therapy such as surgery, drugs and radiation, immunotherapy avoids unwanted damage to normal cells in the process of getting at deviant cancer cells."

In the future, immunotherapy may not only play a major role in controlling cancer, but actually be used to prevent cancer before they can establish themselves among healthy cells, predicts Dr. Guterman.

NEXT: Cancer Immunotherapy Continued

Do you have further questions? Call your local unit of the American Cancer Society or call M. D. Anderson Hospital & Tumor Institute's Cancer Information Service, 1-800-392-2040 toll-free in Texas, 792-3245 in the Houston area.

Hillister News

By MRS. W. G. HAYNES

Mrs. Ethel Read and Mrs. Lou Read drove to Atlanta to spend the weekend with the daughter and granddaughter Mrs. Peggy Phillips and family.

Mrs. and Mrs. Sidney Holt were in Houston Friday for a visit with their grandson Sidney Ronald Holt.

Sympathy is extended to the family of J.T. (Peggy) Young who passed away Friday after a short illness. Funeral services were held Sunday with burial in Mt. Pilgrim Cemetery.

Rev. Henry Shettles was in Port Arthur Monday to be with the John W. Swafford family while his father underwent surgery for a broken hip received in an accident during a church outing Friday evening.

He also visited Ezra Turner who is quite ill. Both are in Park Place hospital.

Mrs. W.G. Haynes, Mrs. Velma Sumrall and Mrs. J.W. DeRamus enjoyed a tour of Hopda Gardens near Mary La Sunday. In Jasper they were joined by Mrs. Marcella Thomas who enjoyed the tour with them.

Mrs. David Ferrell was honored with a luncheon at the Assembly of God church Monday. She received many useful gifts. Refreshments were served by the hostesses.

Mrs. and Mrs. Olen Tucker were in Beaumont Monday evening for the Tom Jones concert at the Coliseum.

J.P. Barber who has been ill for sometime in Houston where he is receiving treatment at the Veterans Hospital.

The leaning tower of Pisa increases its inclination by one foot each 100 years.

Know Your Fertilizer

CLINTON R. CURRIE
COUNTY EXTENSION AGENT

When buying fertilizers to help your spring planting, be sure you know what you're getting. Key ingredients in a fertilizer are nitrogen, phosphorus and potassium.

The label on the fertilizer bag tells you what percentage of each of these nutrients is available in the fertilizer. For example, a 10-10-10 fertilizer means that 10 percent of the weight of the fertilizer is available nitrogen, 10 percent is available phosphorus and 10 percent is available potassium.

To prevent over-fertilizing, the best way is to use a soil test. This will tell you what your soil needs. If you don't have a soil test, you can use a general fertilizer like 10-10-10. This is a good all-around fertilizer for most plants.

Specialty fertilizers are available for specific plants. For example, there are fertilizers for lawns, tomatoes and azaleas. These fertilizers are formulated to give the plants the nutrients they need.

Of course, lawns generally do better with a high nitrogen fertilizer while vegetable gardens can use a fertilizer with a higher phosphorus content.

For the greatest economy and efficiency, use specialty fertilizers for your home or garden by the weight of the plant. For example, a 10-10-10 fertilizer is usually more expensive than a specialty fertilizer. However, a specialty fertilizer is usually more expensive than a general fertilizer.

Signs Up For Cable

SIGNS UP FOR CABLE—A.O. Williams of Woodville signs up with officials from the American Cablevision Company during a special registration day held last week. Williams was one of several hundred who asked to be hooked to the system. The new service will provide 12 channels of television programming as well as access to numerous FM radio stations.

Services Provided For Area Retarded

The Mental Retardation Division of Deep East Texas Regional Mental Health Services provides many needed services for the area's retarded population. The division is currently serving 11,000 individuals.

Whisperings From Holiday Pines

By BARD BOOTH

Warm weather and sunny days really affected life at Holiday Pines this week. Residents have been out walking, sitting in the sun, and even doing exercises on the front porch.

We have had two scheduled activities this week that kept us out in the beautiful weather. John Pace, of Warren, brought his horse, King, and the two of them put on a horse show demonstration. It was the general consensus that King was about the most gentle horse we've ever seen. Our parking lot was full, as about 25 residents sat outside enjoying this event. We want to say a special thanks to King and to both John and Billy Pace for allowing us to share this time with them.

We celebrated our April birthdays this week, and our guests of honor were Sam Bookshier, Wiley Tucker, Virgil Lee, Archie Hutto, and Bunker Pace. The residents enjoyed their gifts brought by G. DeLoach of the Baptist Church of Woodville. We certainly appreciate all who came with her to help and pray for us. Our thoughts go to her, her mother, Mrs. Lillie Lee, and Gladys Powell.

We began the first of our monthly picnics this last week. Twelve residents and three staff members drove out to Wingate Park on the Livingston highway for a great picnic lunch provided by our kitchen staff. After lunch we all walked down to the water and fed the fish that were swimming around. The residents enjoyed showing their city-gardens and really feel you are one of our big family.

Four of our residents visited Woodville Convalescent Center for their monthly dance this past week and danced their legs off. It is a real pleasure to visit with you each month at the dance, and hope that some of you will join us this Thursday evening. The Melody Master will be here at 7 p.m. and we invite anyone who likes to dance or listen to the music to join with us.

All the members of our Holiday Pines family would like to express their deepest sympathy to the family of Mr. Ernest Kirkwood. Ernest was with us for such a short time, but he made a deep impression on our lives. Our thoughts go to his wife, Mrs. Lillie Kirkwood, his mother, Mrs. Lillie Kirkwood, and his father, Mr. Ernest Kirkwood.

Ramblin' Round Rockland

By ALOHA FREELAND

Hello again from the community of Rockland and visitors here is this week's news. Wayne Dean was a visitor last week to Houston with his brother and sister-in-law. Mr. and Mrs. Jack Dean, Mrs. Lenora Watkins, and returned home after an enjoyable visit with her brother, Levie Hopson and family in Wrensburg.

Mrs. M.H. Best left Thursday for LaPorte where she joined her friends, Mr. and Mrs. Albert Carter to go on the annual Blue Bonnet Tour around Johnson City and other points.

Rev. and Mrs. M.O. Lawrence is in Beaumont on April 11 to visit Mrs. Dallas Young who is in a hospital there. Our prayers are for her speedy recovery. We are sorry to report that Eula Tompkins is in a Beaumont hospital. Our prayers are for her recovery with you Eula, and we hope to see you home soon.

Mrs. M.H. Foster and son, Albert McDonald were called to Brownwood Saturday due to the death of Mrs. Foster's brother, Charlie Weeks. We extend our sympathy to all of this family.

We are glad to report that Jimmie Brown and Charlie Weeks have both returned home.

By BEVERLY RILEY

Sybil Mize, from Nederland, spent the week with her mother, Mrs. Nellie Mize. Mr. and Mrs. Jones from Beaumont visited Mrs. Jones' mother, Mrs. Brister over the weekend.

Mr. and Mrs. Ben Laird visited their children in Houston Saturday.

Bill Gant has gone to M.D. Anderson for a check-up.

We are sorry to learn of the death of Rev. Tommy Elliott, brother-in-law of Mrs. Johnnie Smith.

Mr. King, a lawyer from Beaumont, filed the petition for the Church of Christ Sunday. Lay people from the Church of Christ of Beaumont are supplying the church with speakers until they can find a preacher.

Mr. and Mrs. Bert Smith are visiting relatives at Kilgore this week.

Mrs. Peggie Willford is going to Irving for the wedding of her grandnephew, Robert Edgerton, who is marrying Ellen Sals of Dallas. They are marrying in the Shiloh Temple in Irving.

Rev. J.T. Riley went to Houston for a check-up. He is home now.

R.E. Elliott, Reagin and Grace Elliott, Earl and Helen Elliott visited their mother and sister Mrs. Virgie Elliott and Estel Hatton Sunday.

Earl Martin Heathen is going to have surgery Monday also. Mrs. John Terrell will be very busy at Woodville Tuesday.

Mr. Mickey Floyd, who was severely injured in a home in Wildwood while working on his car, is now in Woodville hospital.

Mrs. Thelma Coats is still at the Tyler County Hospital. She seems to be doing better.

A large group of Baptist from Warren attended the Retreat at Wildwood Saturday. Dr. Kenneth Dial spoke on Mental Health and Attitudes. Dr. Edward Telle from Baytown First Baptist Church spoke on Deacon and Church Relationships. An interesting message was sponsored by the MH Fund.

Drive In May

Bellinger marchers will go house-to-house during May soliciting for mental health in Warren, Chester and Spurger.

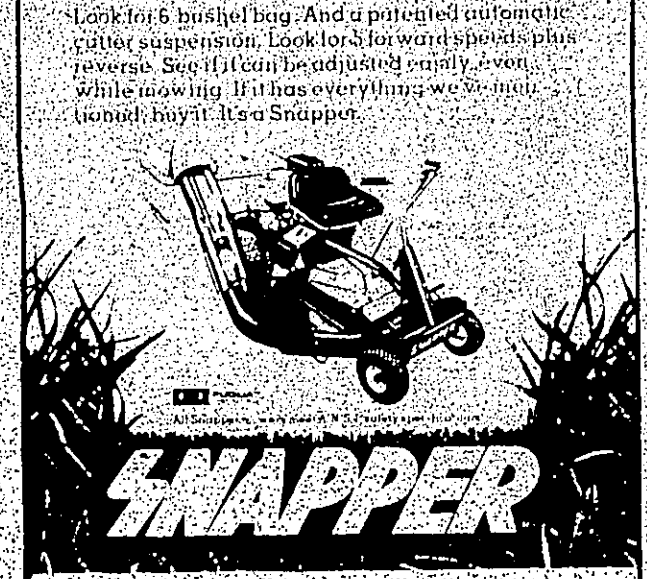

Organizing the drive are H.L. Castalia of Warren and Mrs. James T. Hughes of Chester. Mrs. Blankenship of Hillister is the chairperson of Spurge.

Proceeds from the campaign will benefit the Mental Health Association, a voluntary non-profit organization.

The Mental Health Association receives no government funds. The association must be supported through citizen-contributions in order to continue its work.

For more information about mental health topics, such as how to deal with tension and stress, write to: Mental Health Association, P.O. Box 103, Lantern Lane, Atsita, Texas 78731.

HOW TO BUY A LAWN MOWER

Look for 6 bushel bag. And a potent automatic fuel suspension. Look for 3 for 1 ratio. This means you'll get 3 times as much work out of your Snapper while mowing. It's over 10 times more efficient than any other mower.

Mirex Available In Tyler County For Ant Control

Persons in Tyler County familiar with the pest insect known as the Imported Fire Ant know only too well the destruction and serious problems they present. Damage to pastures, lawns, crops, lawns and serious health problems to humans as a result of the venomous bites, all give cause for alarm because of the pest's infestation habits of the insect.

Brought to the United States nearly 50 years ago from South America, the ant has since become a serious pest to both rural and urban areas of the United States.

The ant spreads naturally through nuptial flights usually in the months of April, May and June and generally following a rain.

The queens, however, may also spread by crawling, drifting downstream in logs or being carried by vehicles leaving areas. Shipments of nursery stock or soil from infested areas can relocate an entire colony of nest.

Imported fire ants damage young plants by gnawing holes in roots, stalks and buds. They may also damage unproctored animals such as newborn calves and pigs and newly hatched poultry.

The mounds of the ants can damage machinery, hinder mowing operations and reduce the value of the land in heavily infested areas.

But farmers and ranchers are not the only ones effected by the insect. They will invade urban areas such as parks, playgrounds at schools, lawns, cemeteries, golf courses, and even homes.

Bees are destroying crops, the sting of this aggressive insect is very painful. One sting can be treated by calling 283-2482 or by going to the office at the Tyler County Extension.

Experts advise that persons using the Mirex know all the proper precautions to take before applying.

To control the ants, Mirex has been found to be the most successful. The bait can be obtained from the county product bins.

Formulated as an ant-attraction granule consisting of ground corn grits impregnated with the Mirex insecticide dissolved in soybean oil, the bait provides effective control at very low dosages per acre.

One feature of the bait that makes it so attractive is its delaying effect. This delay allows the foraging ants to take the poison back to the colony, distributing it to the queen and the brood. Several weeks usually go by before the colony is exterminated due to this delaying aspect.

The bait is distributed throughout the infested area and must be repeated following a rain.

The United States Environmental Protection Agency has issued the following information regarding the application of Mirex:

(1) All broadcast applications of Mirex, aerial or otherwise, is prohibited in coastal counties or parishes and on or near estuaries, rivers, lakes, ponds, other aquatic areas and heavily forested areas.

(2) Ground broadcast application by private persons is prohibited in all other areas unless application is by means of equipment which can be properly calibrated to deliver recommended label dosages.

(3) Individual mounds may be treated by hand at dosages not to exceed recommended label rates.

County Extension agents are constantly informed of current labeling and restrictions and can furnish information on the proper usage and distribution of Mirex.

Tyler County Extension Agent, Clinton Curtis, can be reached by calling 283-2482 or by going to the office at the Tyler County Extension.

Persons using the Mirex know all the proper precautions to take before applying.

Tyler County Extension Agent Belinda Covington.

Installation of carpeting to reduce utility use in the home and save money and energy. Carpet will assist in keeping a house cooler during the summer months by preventing the movement of heat from outside to inside through the floor.

The pile construction of carpet provides its insulation potential. Air spaces are pockets between the fibers that hold cool air in and keep it from escaping.

Carpet underlayment also provides insulation value according to its thickness, and as in carpet, the air spaces are pockets in the fibers which reduce the flow of air.

By this same principle, carpet and underlayment can reduce floor heat loss on surfaces exposed to outside temperatures in winter. But remember, carpet is no substitute for insulation in these areas.

Structures such as single story homes on an uninsulated wooden floor over a crawl space or a concrete slab without effective perimeter insulation offer the greatest potential for savings from the

Woodville Chapter Order of the Eastern Star 462 will have a called meeting Monday April 24, Belinda at 7:30 p.m. at the Magnolia Lodge, 390 Holly.

The meeting is for the purpose of initiation.

All members and visiting members are cordially invited to attend.

Worthy Matron, Madeline Collins and Worthy Patron, Jesse Lascoby.

'Maturity Speaks' Is Conference 1978 Theme

AUSTIN—Maturity Speaks! Let's Listen! is the theme of the 1978 Governor's Conference on Aging, which is expected to draw some 8,000 older Texans to the San Antonio Convention Center June 26-27.

Robert C. Benedict of Washington, D.C., recently confirmed the 1978 Governor's Conference on Aging, which is expected to draw some 8,000 older Texans to the San Antonio Convention Center June 26-27.

Benedict, U.S. Commissioner on Aging, and Bert Kruger Smith of Austin, executive director of the Texas Council on Aging, will address the conference during the opening session on Monday, June 26. This is a conference for the elderly not about them.

Governor and Mrs. Dolph Briscoe will also address the conference during the opening session on Monday, June 26. This is a conference for the elderly not about them.

In addition to these general sessions, the program for the two-day conference will include presentations, panels and discussions led by senior citizens, group seminars and workshops, entertainment by older citizens from across Texas, and exhibits by associations, state agencies, model and private businesses, and commercial businesses.

The program will provide opportunities for older persons to speak out on issues that concern them and to discuss them with state agency representatives and others who provide services to them.

Conference participants may check in at the San Antonio Convention Center between 8 a.m. and 4 p.m. Monday, June 26, with the formal beginning at 1:30 p.m.

Discussion sessions, seminars and workshops will be held Monday afternoon and Tuesday morning, which deal with housing, health services, transportation, consumer protection, employment, legal assistance, physical fitness, crime prevention, clothing, and national political advocacy in the political arena, mass media, among others.

Concurrently, sessions will be opportunities to talk directly with the staff of state agencies, among which are the Texas Commission for the Deaf, Texas Department of Community Affairs, Governor's Committee on Aging, Texas Department of Human Resources.

Participants may also view a number of films, including "Portraits of Aging," a film sequence depicting a different life styles and approaches to successfully coping with aging, which was aired March 31 on many Texas television stations.

An "Information Fair" with exhibits by state agencies and projects will remain open during most of the conference, for older persons to speak out on issues that concern them and to discuss them with state agency representatives and others who provide services to them.

Registration details: There is no registration fee, but the registration deadline is June 1.

\$1 Billion Lost In 1977 Mail Fraud

American consumers lost an estimated \$1 billion to mail fraud and misrepresentation by mail in fiscal year 1977, according to a study by the Federal Bureau of Investigation.

The FBI's study, which is the first of its kind, shows that mail fraud cost consumers \$1 billion in 1977, up from \$750 million in 1976.

The FBI's study also shows that mail fraud cost consumers \$1 billion in 1977, up from \$750 million in 1976.

The FBI's study also shows that mail fraud cost consumers \$1 billion in 1977, up from \$750 million in 1976.

T.E.C. Office Relocates

The Texas Employment Commission and T.E.C. Office has moved to a new location on the third floor of the Tyler County Courthouse.

The office also has a new telephone number, 283-2975. The elected officials of Tyler County are providing this facility for employment services.

The T.E.C. Office accepts applications from people seeking employment in the Woodville area. Mrs. Ina Walshaw, who operates the local office, is familiar with the needs of local employees, and tries to successfully match job-seekers with suitable job openings.

Mrs. Walshaw also has information on the federally-funded Jobs and Training programs available in the Tyler County area.

Unemployment Insurance Claims are still being taken on alternating Thursdays from 9 a.m. until noon, in the Commissioner's Courtroom.

Colmesneil News

By LOUELLA MOSELEY

On Saturday evening the Faith Singers of Houston will present a concert of gospel music at the Assembly of God Church. Every one is invited to be present and enjoy this hour of delightful singing.

On Monday night, April 24, beginning at 7:30, Doris Ann Schandorff will present her piano pupils in a recital at the Community Center. Doris Ann has been teaching nine pupils in her home for

several months and they deserve the encouragement which your presence could bring. Refreshments will be served.

The OES ladies of our community have been quite busy during the present week with their school of instruction. A supper at the Community Center on Monday night set the activities in motion. Tuesday, which was the big day of instruction and training, included a banquet at

Heritage Garden, and a return to the lodge, building brought the Fraternal Visit of the Worthy Grand Matron, the closing event of the day. The gay dresses of the participants and the lovely decorations gave color to the occasion. The several high officials from state and district included Ruby Enloe, Mary Brown and Lola Mae Goss of Bryan, Alice Burkhardt of Houston, Elsie Paladino of Angleton and others.

Mr. and Mrs. Jim Sturrock, accompanied by Mr. and Mrs. Irving Holton, spent Sunday at Hodges Garden enjoying the flowers, especially the azaleas which were ending their stage of full bloom and returning by Newton to see the herd of wild buffalo.

Attending the funeral of Joe (Piggy) Young in Kountze Sunday were Mr. and Mrs. Gordon Schandorff, their

parents, Mr. and Mrs. Floyd Hignett, and their children, Connie Wigley and little son of Lufkin, son and wife, Mr. and Mrs. Leland Schandorff of Woodville and son, Leland of Colmesneil. The deceased was a resident of Hillister and his funeral service was in Kountze Funeral Chapel, with burial in Mount Pisgah Cemetery.

Visiting in the home of Iva Gray during the weekend was Forest Campbell formerly of Colmesneil and now of Shreveport.

Laura Mae Howell and Othel Matthews spent the past Sunday in visiting at Carthage, Beckville, Nacogdoches and other interesting places along the way. They agreed, upon their return, that East Texas has some of the most beautiful natural scenery to be found anywhere and that everyone should take time from their work to enjoy it.

The monthly supper at the Community Center on Satur-

day night was well attended and thoroughly enjoyed by all. Among the out of town guests were Mr. and Mrs. W.C. Price of San Antonio with her parents, Mr. and Mrs. A.L. Baysor of Woodville. Also Belinda Covington of Woodville with the speaker for the evening and his wife, Mr. and Mrs. Tim Shaunty of A&M, Bryan. In about 1962, it will be recalled, Colmesneil placed second in the state in a clean-up and beautification program. The speaker commended our citizens in their interest and for continuing the projects begun at that time.

In St. Elizabeth and Baptist Hospitals in Beaumont are Hardy Wayne Poland and Annie Fowler. Both have recently had surgery and are still very critically ill. Mr. Arthur Owens has been transferred from Tyler County Hospital to the home of his sister-in-law in Woodville.

Casting Complete For 'Sundown'

The selection of cast and crew for the fourth season of BEYOND THE SUNDOWN is complete, announced General Manager Alan Levey today.

Directing this year's production, which opens a nine week run June 23 at the Alabama-Coushatta Indian Reservation near Livingston, Texas, will be Roger Allan Hall, who holds a Ph.D. in theatre from Ohio State University, has received critical acclaim for his work with the James Madison University Drama Department in Harrisonburg, VA, where he is professor in the Department of Communication Arts. An accomplished actor as well as director, Hall has produced six of his original works, and published five others.

Charlotte Heald, Teague, will serve as assistant director. This will be Ms. Teague's fourth season with BEYOND THE SUNDOWN. In addition to her work with the drama, she has an extensive background in dramatic arts including a doctoral candidacy at the University of Georgia and a faculty position at Young Harris College in Young Harris, Georgia.

The intricate choreography for BEYOND THE SUNDOWN, a blend of Indian, Mexican, Fiesta dancing and traditional folk dances, will be by Luke for the second year. An instructor at Texas Tech University in Lubbock, Luke has won critical acclaim for his dance roles and choreography throughout the country.

New costumes are being created by costume designer Bob Locke, designer in residence at Sam Houston State University. Working many new techniques, new designs and innovations, info: BEYOND THE SUNDOWN's costumes, Locke has been researching his designs since January to insure artistic beauty and historical accuracy.

Lighting design and special effects will be created for the third year by William C. (Bill) Teague. Also an instructor at Young Harris College, Teague's unique lighting techniques have brought many accolades to BEYOND THE SUNDOWN during the past seasons, particularly his work with the difficult scene which takes place in the mythical Land of Shadow, or underworld, where the Chiefs of the Alabama-Coushatta go to seek their gods.

The scene, an integral part of Kermit Hunter's epic tale of the two tribes and their struggles for peace during the Texas Revolution, is one of the most technically difficult and memorable in theatre.

Other extensive auditions around the country are Richard B. Travis of Harrisonburg, Virginia as Chief Adams, James E. McClellan of Troy, Alabama as Chief Long King,

Robin Robinson of Valdosta, Georgia returns for his third season as Tamatha, Janet Hooks of Fort Meyers, Florida as Nellakawee, and Larry Lee, Van Horn of Lubbock, Texas returning for the second season as the Medicine Man.

Other principals include Barry Neal Carter of Stanton, Virginia as Lem Hawkins, Jeremy Caplin of Charlottesville, Virginia as Montezinos, Susan Clarke of Richmond, Virginia as Little Swallow, and Gail Steinbauer of Akron, Ohio as Mannoah.

Dancers for BEYOND THE SUNDOWN include Sandra Conant of Wauwatosa, WI; Lori, Erin, Decker of Tallahassee, FL; Robert Deeds of Fort Worth, TX; Georgann (Jalilina) of San Angelo, TX; Brenda Marshall of Lubbock; Tony Mitchell of Lubbock; Jennifer Smith of Lubbock; Daniel L. White of Houston, TX; and Sherry Whiteley of Lubbock, TX.

Mary Farrow, of Hyattsville, MD, will serve as state manager; Leslie Robyn Engelhardt as assistant stage manager; Laurie Hanson of Birmingham, AL, as master electrician; Bruce Hedrick of Winston-Salem, NC, as sound technician; Steve Jenkins of Dallas, TX as combat master; Karen Marcus of Harrisonburg, VA as house manager; Julie Ann Richardson of Boone, NC, as pyrotechnician; and Russell Wicker of Boone, NC, as property master.

April Parks of Winston-Salem, NC will serve as costume assistant; Kathy Oden of Livingston, TX and Mary Sack of Houston, TX.

The cast and crew of BEYOND THE SUNDOWN arrive at the Alabama-Coushatta Indian Reservation June 5 to begin rehearsals for BEYOND THE SUNDOWN. The drama opens June 23 and continues through August 6 with performances nightly except Sunday at 8:30 p.m.

Housing for the cast was prepared by the Tribal Council of the Alabama-Coushatta who moved eight cabins, complete with air conditioning, kitchens and two or three fully furnished bedrooms, to a site overlooking Lake Tombigbee after they had replaced their dilapidated housing with more modern brick housing.

Living on the reservation in the heart of the Big Thicket just off U.S. 90, between Livingston and Woodville, the actors will work in BEYOND THE SUNDOWN and

produce several studio productions of their own choosing throughout the summer.

College credit from Sam Houston State University is available for actors who wish to enroll at the college during

the summer term, with BEYOND THE SUNDOWN serving as the professional theatre experience needed for completion of the credit requirements.
