

Monday Night Action At Houtman Park

Youth Baseball Results In

CUBS 10-CARDINALS 6
The Senior League Cubs defeated the Cardinals with the score of 10 to 6 on Monday, June 19.

The Cubs ripped out 7 runs on 6 hits in the third inning, which was all that was needed to win the game. The team had a total of 12 hits. R. Ralston ran out a inside-the-park home run.

The winning pitcher, Scotty Ward, struck out 7 and gave up 12 walks and only gave up 3 hits.

The Cubs season record now stands at 7 and 5 with their next game on Saturday, June 24.

CUBS 10-ORIOLES 9
The Senior League Cubs downed the Orioles 10 to 9 on Friday, June 16.

The winning pitcher was Barlow, who allowed only 4 hits, while striking out 7 and walking 7. The losing pitcher, Cherry, allowed 9 hits, struck out 6 and walked 10.

The Cubs season record stands at 6 and 5, with their next game against the Cardinals on Tuesday, June 20.

AMERICAN LL
ORIOLES 11-INDIANS 1
The American L.L. Orioles defeated the Indians with the score of 11 to 1 on Friday, June 9.

The winning pitcher, Charles Barlow, pitched excellently, the Orioles had no trouble in knocking off the Indians.

The Orioles season record stands at 8 and 2 with their next game on Monday, June 12.

ORIOLES 5-A 5
The American L.L. Orioles won a close game against the A's with the score of 5 to 4 on Monday, June 12.

In a very close game against the greatly improved A's, the Orioles season record is now 2 and 2 with their next game on Thursday, June 15.

ORIOLES 13-PIRATES 7
The American L.L. Orioles demolished the Pirates 13 to 7 on Thursday, June 15.

The Orioles slammed out 17 hits to help Stanley Ben

Brasher Finishes Sixth

Amber Faith Brasher, 6, of Warren just returned from a five day stay in El Paso where she competed in the NBTA Texas State Twirling Championship contest. She was accompanied by her grandmother, Ada Holmes and was sponsored by United Portable Bldg., Edwards Benefit Association, Jarrett Pharmacy of Woodville and Davis Food Mt. of Warren.

This was Amber's first state competition. She placed 1st in Military solo, 2nd in modeling, 2nd in Fancy T-Strut, 5th in Basic strut and 6th in military strut. She made the state finals and placed 6th. Overall out of 25 contestants here.

The director of the contest Mrs. Barbara Pruitt is checking to make sure, but she is quite certain that Amber is the first girl through age 11 to make the finals at a Texas State Contest. The five girls that placed ahead of Amber have each had state competition experience. Amber is now qualified to attend the (AYOP) American Youth on Parade, The Nations, at Notre Dame, Indiana in July. She has 49 trophies and 37 medals plus

Twirler Amber Brasher

Rangers clubbed the Orioles 12 to 3, on Tuesday, June 13.

The Rangers came from behind to overwhelm the Orioles with 12 runs in the second inning. The leading hitters for the Rangers were Alan Davis, Jody Smith, Clint Gospe. The winning pitcher was Beaver Conner, the loser was Timmy Davis, who issued 7 walks.

The Rangers next game is against the Mets on June 17.

RANGERS 13-METS 2
The Minor League Rangers clinched the division title with a victory over the Mets on Saturday, June 17.

The Rangers' winning pitcher, Alan Davis, struck out 8 Mets batters and leads the team in hitting with an average of .736. The next highest average is Curtis Duhon, who has a .705 average on the season. The top hitters in this game were Curtis Duhon, Lloyd Mahaffey, Beaver Conner and Jody Smith, who hit his second home run of the season.

The Rangers captured the title with a record of 10 and 11, with 113 runs scored in 17 games against the Pirates on Tuesday, June 20.

TYLER COUNTY BOOSTER / SPORTS

Girls Season Winding Down

Compiled By Don Wood

COUGARS 14-PIRATES 5
The Tyler County Girl's Cougar softball team defeated the Pirates with the score of 14 to 5 on Monday, June 12.

This game was highlighted by two home runs of the Cougars. Nita Dill hit one and Darlene Adams slammed one to center field. Darlene was also the winning pitcher and she struck out 5 and walked only two.

The Cougars season record is 7 and 5, with their next game on Thursday, June 15.

EAGLES 13-PIRATES 11
The Tyler County Girl's Eagles bombed the Pirates with the score of 13 to 11 on Thursday, June 8.

The Eagles' champs of 1977, trounced the younger, inexperienced Pirates. Good fielding and good hitting on the part of the Eagles dominated the game. The winning pitcher, Karen Hadnot, performed an excellent fielding act by coming up with a double play in the second inning. The Eagles' Angela Mitchell hit two homers. Third baseman Regina Davis also slammed one for the Eagles. The winning pitcher struck out 2, gave up 6 hits and walked 4.

The Eagles' season record is 11 and 1 with their next game on Tuesday, June 13.

EAGLES 8-INDIANS 8
The Tyler County Girl's Eagles tied the Indians 8 to 0 on Tuesday, June 8.

In the Eagles' final game of the season, they showed the same combination of good hitting and good fielding that has brought them to a 12 and 1 record in 17 games. The Eagles scored 5 in the first inning, two runs in the third, and one in the fifth. The Indians who are slightly inexperienced struck out 3 batters in the fifth inning, and

fielded well. The Eagles' winning pitcher, Karen Hadnot, hit her teeth home-run of the season.

The Eagles finished the season with a 12 won and 2 lost record.

ANGELS 12-TROJANS 1
The Tyler County Girl's Angels wiped out the Trojans with a 12 to 1 victory on Wednesday, June 14.

The game was called in three innings. The winning pitcher was Phoebe Moxie, with strong relief help from Roseann Read.

The Angels next game is against the Bluejays on Thursday, June 15.

ANGELS 22-BLUEJAYS 3
The Tyler County Girl's Angels demolished the Bluejays with the score of 22 to 3 on Thursday, June 15.

In this heavy hitting game home runs were hit by Candace Read and Jamie Martin. Everybody else hit the ball hard, with each member of the team scoring.

The winning pitcher was Phoebe Moxie, with 3 batters assisted by Candace Read.

The Angels season record is 13 and 0, with one game remaining in the season. The next game for the Angels is against the Pirates on Thursday, June 15.

Girls Softball Team Remains Undefeated

By Don Wood

For the first time in the history of the Tyler County Girl's Softball League, a team has finished the season with an undefeated record.

The undefeated team is the Warren Angels, coached by Mr. and Mrs. Ben Read, of Warren.

The Angels closed out their successful season on Thursday, June 15, with a crushing victory over the much improved Pirates, with a score of 12 to 2. The winning pitcher was Jamie Martin, with assistance given by Phoebe Moxie and Elene McDuffie. Valuable hits were made by Cindy Swinney, Phoebe Moxie and Elene McDuffie.

Angel coach, Mrs. Ben Read, talked of the Angels recent success and how they were able to go through an entire season undefeated.

"Most of the players started out playing on this team when they were 8-years-old, the earliest age at which they can play, and they stayed with the team year by year. As a young team, we started out on the bottom, but as we got older, and more experienced, we started winning games. We only lost 3 games last year. The reason we had such a good season this year is that we had a good fielding team. We needed a strong defense, because we had only a few hard hitters."

Last year the Angels lost 2 players, but this year they will lose 6. This may bring them back down to the bottom again, but according to the coaches, "they'll keep trying."

FIRST BASEMAN GULLORY for the Cardinals is shown charging for third base. Cub third baseman, Carrol Andrus, is ready for an attempted put-out at third. The Cubs went on to win the game 10 to 6 on Monday, June 19.

Carlton Wins In Horse Show

Debbie Jackson, Angelina County, rode away with Grand Champion high point individual honors at the District 9 4-H Horse Show, Saturday (June 17) at Livingston.

Angie McCendon, also from Angelina County, was Reserve Champion high point individual.

Approximately 150 4-H club members from the 19 county Extension District participated in the show. Winners of the various classes included: Grand Champion Mare-Janna Fitzgerald, Walker County; Reserve Champion Mare-Kevie Runnels, Angelina County; Grand Champion Gelding-Randy Golden, Walker County; Reserve Champion Gelding-Gay Lynn Cooley, Polk County; Showmanship-Jay Jackson, Angelina County; Western Pleasure-Jay Jackson, Angelina County; Western Horsemanship-Tanya Farris, Madison County; Reining-Debra Hamilton, Sabine County; Pole Breeding-Paige McCendon, Angelina County; Barrel Racing-Angie McCendon, Angelina County; Saddle Seat-Angie McCendon, Angelina County; Western Riding-Mindy Greet, Walker County; and Western Pleasure-Jay Jackson, Angelina County.

Trophies were presented to the first ten places in each class. The two high point individuals received a plaque.

4-H Clubs Offer Many Benefits

MRS. BELINDA COVINGTON, County Extension Agent, said that the 4-H clubs in Tyler County offer many benefits to their members. These are: a sense of belonging and a chance to make long-lasting friendships as a result of being in a Home Demonstration club. Because each club decides its own projects, the overall success of their efforts is remarkable in terms of people reached and different subjects taught. Open to all county residents, the clubs offer educational programs in family living to members and others along with services to their communities. Members study and practice proven ideas in family health, family stability, furniture and home care, family clothing and family resource management. There are bonus reasons for membership too. Members in Tyler County also enjoy personal

Square Dance Classes To Begin

If you are interested in learning the fast-paced steps of Square Dancing, your chance is here. Classes will be held each Saturday from 5 to 8 p.m. for 18 weeks with make-up classes during the week. Cost is \$1 per person, per lesson. For further information contact: Frankie Rogers, at 283-5099, evenings.

Real Estate
by Eleanor M. Holderman
REALTOR

SOME BENEFITS OF AGE

If you want more house for your dollar, you have good cause to look over older houses. But there are other good reasons for shopping the old good too. For one thing, there are simply more old houses than new ones. For every new house that is built, there are 45 existing homes already on the market. Many older homes, especially those built before World War II, offer more abundant space than new homes do. A special attraction if you have a large and growing family, but a limited budget. If there is anything we can do to help you in the field of real estate, please phone or drop in at **HOLDERMAN REAL ESTATE, 802 W. BLUFF, Woodville, Phone: 283-3727**. We're here to help.

Summer Heat Can Damage Azaleas
CLYTON R. CURRIE, County Extension Agent, said that azaleas may now be showing symptoms of several ills that can be easily corrected. Take care of them during summer heat, and come spring you will be rewarded with a massive display of blooms. The most common disorder of azaleas at this time of year is chlorosis. It is characterized by a yellowing of leaf areas between the veins while the veins remain dark green. This is caused by a lack of iron. Chlorosis is especially prevalent when plants are near sidewalks or buildings because of the high amount of lime from the mortar used in construction. Chlorosis in azaleas can be corrected by the addition of aluminum sulfate to the soil. Apply at the rate of 1/4 to 1/2 cup per square yard of soil surface. Be careful not to exceed the rate at any one application. Excessive burning and injury may occur. Applications should not be made more often than at six-week intervals and should be stopped when the plants are void of chlorosis. A second temporary method of correcting chlorosis is by foliar application of ferrous sulfate, commonly called copperpans. Spray the leaves with a solution of one ounce of ferrous sulfate per gallon of water.

Summer Heat Can Damage Azaleas
Proper watering is important in the culture of azaleas in the summer. Watch for signs of wilting during hot, dry weather.

Texas: The Bunghole of Prosperity

In the 1990s the art of cowboy still flourishes in Texas and the South. A famous speaker could easily draw a crowd which could not hear what he said, not to mention the way in which he said it.

One such old-timer orator was Tennessee's former governor and United States Senator, Robert L. Taylor. In his addresses he would begin, without a great deal of subtlety or prior warning, upon a metaphor which he would proceed to exploit in all its applications until it was exhausted, and then move on to another.

Speaking to a large crowd which had gathered to hear him on Tennessee Day at the State Fair in Dallas on Oct. 21, 1897, Sen. Taylor began with meteorological simile, further captured his audience's attention by extensive reference to

Potential Wilderness Areas Studied

The U.S. Forest Service today released the results of a nationwide study that contains an inventory of potential wilderness areas throughout the nation's national forests. Equal in total size to that of the entire state of Oregon.

From every national forest location from Washington to Texas, the draft environmental statement is being distributed to ask the citizens of America to help decide the future uses of over 62 million acres of roadless and undeveloped areas located on the nation's 154 National Forests. Included in the documents are an inventory and analysis of 16 areas, including the Natchez Forests, Angelina, Davy Crockett, Sabine and Sam Houston that considers the possibility of allocating 76,685 acres of national forest land and 2,414 acres of private land to wilderness.

In announcing the release of the documents for public consideration at a Washington press conference today, Agriculture Secretary Bob Bergland said that public response will be an important factor in the development of the final recommendations to be made by the USFS in December of this year.

Chief of the USFS, John R. McGuire, said in Washington that before the agency can make a recommendation to the American people and the Congress of the United States will review all public comments on possible uses of all individual areas to determine which are truly in the public interest.

Chief McGuire cautioned readers of the draft statement not to assume that the ten alternatives presented are the only outcomes possible. Many other combinations of wilderness proposals, non-wilderness decisions, and further planning desires are as logical as those we've presented," he said, "and we encourage comments offering alternatives beyond those we've suggested—particularly on a state-by-state basis."

National Forest wilderness areas are open to many public uses including hunting, fishing, hiking, camping, horseback riding and canoeing but are free of logging, commercial developments, permanent structures, roads, motorized vehicles and mechanical equipment.

In areas not designated by Congress as wilderness, national forests may be managed intensively to produce higher levels of timber, forage and wildlife. They may also be developed for recreational use, including use for off-road vehicles when compatible with protection of the environment.

The documents released today contain 20 national documents and 20 geographical supplements containing specific information on the individual areas. The areas located on the National Forests in Texas are detailed in the Gulf Coast States and Puerto Rico supplement. Both documents are available at the Regional Office of the National Forests in Texas, P.O. Box 969 Lufkin, Texas 75901.

Supervisor John H. Courtenay at the Texas headquarters of the USFS said that all public recommendations to understand the issue, he said, "will be included in a briefing team at the National Forest headquarters in Lufkin, Texas. All comments will then be summarized in Texas and forwarded on October 17 to the Regional Forester in Atlanta, Ga., for use by a national evaluation team in making a final recommendation to be released in December."

"Our role as Texas Courtenay stated, "is to publicly present the study, help facilitate public understanding and involvement, and generate the widest possible awareness to provide the public with ready access to knowledgeable people that can answer questions on the proposed areas being considered in Texas."

HEADQUARTERS OF THE SUPERVISOR, Federal Building, Third & Lufkin Ave., Lufkin, Texas 75901

1978-79 Directory Available

The latest edition of Who's Who Among Telephone Customers is known as the 1978-79 Southern Bell Telephone Directory. It is now on its way to thousands of local customers.

The directory covers Sunrise at High Island, is an oil painting by Southeast Texas artist Harry J. Ahyen and is reminiscent of the 1930s. The Gulf coastline where sea gulls and sandpipers characterize the beach, wildlife along the beach, said Gary P. Picher, local manager.

Featuring a Call Guide, the first few pages of the directory contain a frequently called number list as well as information on placing local and long distance calls.

Emergency numbers and the Yellow Pages are also at the customers' fingertips.

To keep up with the growth of this area, we've ordered a total of 10,140 directories, Picher said.

New Water System Proposed

The water here is so poor and tastes so bad that people can't drink it," said Helen Buckles, resident of Dam B, who is a member of the steering committee here that travel to washastoria and parks to fill milk bottle jugs for drinking water.

"It turns clothes brown in the wash and contains large amounts of iron and sulfur," she added.

"Aside from being crude, our present water system is a pain in the neck. Anyone can see our need for a new water system."

June 30 is the deadline for all applications to newly forming the Town of Bluff Dam B water system corporation. After this date no applications will be accepted until after the system is completed. Helen Buckles feels so strongly about the need for a water system that she decided to chair the Steering Committee for the corporation. The Steering Committee is responsible for obtaining applications to the corporation. Anyone desiring information or application should call Mrs. Buckles at 283-5644.

The water system will extend from Dam B to Town Bluff on highway 92, from Dam B to Moss Hill on highway 190, and about four miles north on 256 toward Colmen.

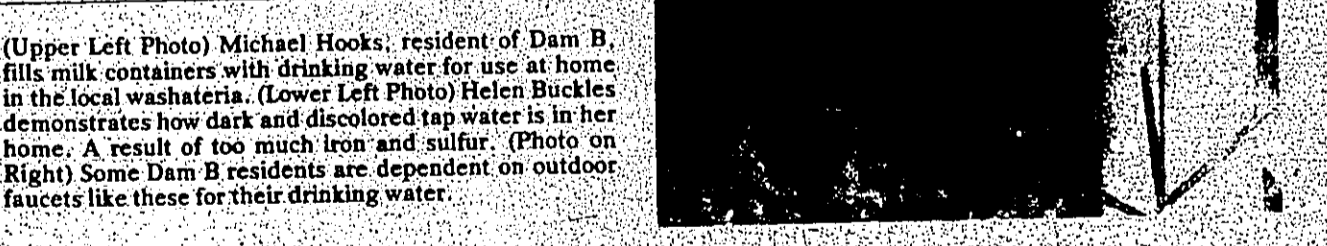

The price for membership now is \$100 which will be the only expense until after the system is completed. Following completion there will be an approximate bill of \$10 per month water fee.

Persons applying for membership after the deadline will have to pay a \$50 to \$100 membership fee, she said.

There have been approximately 200 applications for membership turned in already," said Mrs. Buckles.

According to J.N. Cray of Fred, where a similar project is underway there is going to be one water tank for each town which will be jointly connected and contain safety valves in case of an emergency breakdown.

Rayburn Moore, Consulting Engineer representing J.F. Fontaine & Associates of Palestine, said that the tags will have a one to two hundred gallon capacity and each well will be 600 to 800 feet deep. The location and type of these wells in each town will be determined at a later date after all applications for each town are in," Moore said.

(Upper Left Photo) Michael Hooks, resident of Dam B, fills milk containers with drinking water for use at home. (Lower Left Photo) Helen Buckles demonstrates how dark and discolored tap water is in her home. A result of too much iron and sulfur. (Photo on Right) Some Dam B residents are dependent on outdoor faucets like these for their drinking water.

Potential Wilderness Areas Studied

The U.S. Forest Service today released the results of a nationwide study that contains an inventory of potential wilderness areas throughout the nation's national forests. Equal in total size to that of the entire state of Oregon.

From every national forest location from Washington to Texas, the draft environmental statement is being distributed to ask the citizens of America to help decide the future uses of over 62 million acres of roadless and undeveloped areas located on the nation's 154 National Forests. Timely Tips Offered On How to Keep Cool

Is the heat wearing you down? Blame the heat or the humidity. It's hot in most of the United States in mid-summer. In the desert and in the south it's even hotter. But July and August is not all over, even in the mountained office or shop-home.

Regardless of whether you blame the heat or the humidity, there's something you can do about it inside either. But there are some things you can do to be more comfortable outdoors. Get plenty of rest and sleep. Eat your regular diet and don't go overboard on cold cuts and salads, unless you like them anyway. Get up early in the morning to do your heavy work on the lawn or garden. Or work at dusk in the evening. Try to avoid heavy exertion during the hottest hours of the day.

You need exercise in the summer as well as in the winter, but don't overdo it, especially on extra hot days. Don't overdo physical exertion, whether at work or play. The more relaxed outdoor life of the summer months has many advantages to compensate for the heat. Stay relaxed and use common sense, and you can beat the heat—at least somewhat.

Mower Is No Push Over

Making your lawn beautiful is easy with a power mower. But before you get behind one, there are some basic tips you should know. Top the experts at the Outdoor Power Equipment Institute for book "Efficient and Safe".

1. Always wear eye protection. 2. Never wear sandals or go barefoot when mowing. Wear as sturdy a shoe as you can find. 3. When using an electric mower, follow proper mowing technique to avoid cutting the power cord. 4. Avoid contact with the rotating blade. Stop the engine before cleaning the discharge chute or removing the charge chute clog.

Now You Have Their Number

What used to be just the voice with the smile, now has an identification tag for the benefit of the telephone-using public. Since June 12, Southwestern Bell operators in Beaumont, Nacogdoches, Silsbee and Houston have been opening their conversations with customers by identifying themselves by name or number. Operators in these cities handle more than 640,000 calls daily, the need to make the operator-customer contact as pleasant as possible is very important to us," he added. The identification will also make it easier for customers to make any necessary follow ups or to make commendations on specific operators.

MHMR Under Local Direction

One of the unusual features of the Deep East Texas Regional Mental Health and Mental Retardation Services is that it is controlled by a Board of Trustees composed of local citizens. The final responsibility for MHMR rests in the hands of the nine men and women appointed to the Board by the Commissioner's Courts of the 13 county area served by MHMR, according to Executive Director Dr. Wayne Lawrence.

Holiday Pines Whisperings

By BARR BOOTH
This week was birthday party week, and many of our residents gathered in the dining room for this important event. Our guests of honor this week were Julia Kirkland, Johnny Edgington, Marie Ogden, John Lee and Rennie Warren. The day of our party was also another special day as Mamie and Tom Ogden had been married for 53 years. We all shared in a beautiful cake brought in by their children. Congratulations, Mamie and Tom. We were entertained by Preston Nix, who is at the 1st Baptist Church of Woodville. He enjoyed his singing, and we thank him for coming to visit us. Also a thank you to Mrs. Genevieve DeLoach and to the 1st Baptist Church for their gifts. We appreciate all who help make this birthday party possible. Bings this week was called by our volunteers from the Warren Methodist Church. Our residents enjoying having you come and help with Bings. Our lucky winners this week were Pearl Swindell, Lonia Fountain, Walter Rennie Warren and Sarah Handley.

NOTE FROM OUR ADMINISTRATOR:
Fathers are special people and it is a wonderful thing to behold when an employee's mother takes the time and puts forth personal effort to make beautiful red boutonnieres which were sported by all of the men at Holiday Pines on Sunday. Father's Day. Many thanks to the members of the bereaved families of Eddie Walker, Lela Polk and David Bellina. Remember the quote from Khalil Gibran: "The Prophet" in which he said: "For life and death are one."

Colmesneil News

By LOU BLA MOSELEY
 Vacation Bible School at First Baptist Church closed Friday evening with a very interesting program by the pupils, consisting of songs, scriptures and skits, followed by a trip to the various rooms where the handwork was displayed. The enrollment was 109 with sixteen to the young people's department.

At First church the new music and youth director, Mrs. Taylor, is organizing and directing youth's and children's choirs. Any boy or girl who is interested may find a good place for pleasure and development in these and other activities of the church.

On Saturday evening at the church a beautiful wedding with Glenda Fowler and Gary Mitchem as bride and groom, were viewed by a host of friends and relatives. Bro. James Best, the pastor, officiated in the ceremony, a sister, Rhonda Fowler, sang of love while Legra Brown and other members of the family contributed their talents to making it a very lovely and impressive ceremony.

Through the past week Mrs. Gray joined her relatives Mr. and Mrs. Arthur Lee Charlton in a visit to Six Flags and an extended trip to many points of interest throughout Central Texas. Upon her return home Mrs. Gray had as her guests for a few days her cousin, Alma Gregory Reed of Port Arthur.

The large number of lovers of gospel music in this vicinity enjoyed the "Woody Woodmen" sing at the Woodville High School during the weekend. Among the guests who visited Colmesneil and enjoyed the singing was Mrs. Bonnie Collins of Nederland who was a guest in the home of Mrs. Gray.

Visiting with Bro. and Mrs. Best through Father's Day and the celebration of their daughter, Davie who is enrolled as a medical student in the University of Birmingham, Alabama.

Visiting with Mr. and Mrs. Sam Rivers through Father's Day was also their daughter, Sammie Rivers, Scamans of Newcom.

Betty Enloe and Ruth Crews were joined for the weekend at the old labor home by their sisters, Lillian Woods of Kirbyville and Gladys Courtney of Bryan.

Mr. and Mrs. Floyd Higgett had with them on Father's Day their children and grandchildren, including Mr. and Mrs. Joe Frank Higgett and children, Gene, Jack, James and Steve of Silsbee, Tom, Wilkinson of Valdesia, Georgia, Mr. and Mrs. Don Young with their son, Allen, Mr. and Mrs. Jerry Schandorff, with their little sons, Richard, Mr. and Mrs. Jerry Wigley and son, Chris together of Lublin, Mr. and Mrs. Gordon Schandorff and son, Cleveland of Colmesneil and Mr. and Mrs. Ricky Patrick and daughter, Carrie, Gayle of Woodville.

Visiting in the home of Mr. and Mrs. Bower Durham on Thursday, were her daughter, Mrs. Dean Madden and children, of Dallas and Mrs. Barbara Carroll and daughter, Melody from Crockett. On Sunday were Mrs. Mollie Carter and son, Joe, Mr. and Mrs. Johnny Durham and family of Palestine, Mr. and Mrs. Kenneth Powell from Houston, Mr. and Mrs. David Harper and Mr. and Mrs. Randy Durham, both of Jasper, Mr. and Mrs. Stanley Carter of Luling and Mr. and Mrs. Larry Brown from Woodville, each with their family.

Visiting in the home of Miss and Ruth Westbrook this weekend were her sisters and their families: Mary and Woody Spinks and son, and Winnie and Roy Friend and children, all of Houston. They enjoyed some good singing with 20 other guests from Sherwood Baptist Church and heard Brother Tommy Odell.

Among those of our community who are ill are Pierre Maynard and Carmen Polinda together, who have recently been transferred to their homes after a stay in a Beaumont hospital. Irene Bolyard who had surgery in Beaumont has returned to her home in a Houston hospital. Herbert Stewart and Ina Tyler, County Hospital in Venele Fortenberry.

The first American husband and wife team to win the Nobel Prize was Dr. Carl Ferdinand Cori and his wife, Dr. Gertrude Theresa Cori in 1947 for work in the field of medicine.

Brookshire Bros. THE BEST FOR LESS NORTH CHARLTON WOODVILLE

From WCC Chit Chat

By ERNESTINE FAIRCLOTH
 Our monthly birthday party was held last week and even though we had only one resident celebrating a birthday, there was a very large crowd attending the celebration. Pearl McBride was the guest of honor as she celebrated her 71st birthday. Preston Nix was here to entertain our group with some beautiful gospel music. He was accompanied by Mrs. DeLoach on the piano, and Johnnie Harrison was here to serve our residents. At this time I would like to send a special thanks to Johnnie for being so faithful to our residents. Each month we usually have different volunteers for our party, but we can always depend on Johnnie being here. Month after month, she is always here with a big smile and a cheery hello for all of our residents. Thank you Johnnie, for just being you.

Our Lady of the Holy Spirit Altar Society was here last week to host our monthly bingo party. James Crosby, Clara Vinson and Burl Ashworth won two games each, while Bob Cliburn, Lela Morley, Aurelia Riley, Mattie Sue Williams and Phoebe Johnson each won one.

I would like to thank the ladies from the Calvary Baptist Church for coming out last week to meet our residents in their clothing. All of you are doing such a wonderful job, and we at WCC appreciate your services so very much.

The Melody Masters will be here Thursday to meet our monthly dance. The sing-dig will kick off at 7, so come on out and kick up your heels with us. Refreshments will be served.

The Doucette Baptist Church will be here Friday to entertain our residents with some of their great gospel music. This group is with us every other week, and I would like to thank them for caring and being so faithful to our residents.

Saturday afternoon at 6:30 p.m., there will be another singing. Mr. J.J. Bell's 16 residents here at WCC's relatives will be here to entertain. Everyone is invited to attend.

We are happy to have Mr. J.J. Bell back home with us, but are sorry to say that we still have six residents in the hospital. They are Virgie Binion, Etta Davis, Alma Watts, Fred Poindexter, Bob Cliburn and Ernest Tatum. We miss all of you and hope all of you will get well soon as well.

Also, Judy McKee, our secretary at WCC, is ill and in the hospital. We just want to let you know that we all miss you very much, and our prayers for a speedy recovery are with you.

We would like to send our deepest sympathy to the family of Bertha Vinton, for the loss of their loved one. Bertha was very dear to us and she will be remembered for many years to come.

Nichols Named Chairman

Jerry Nichols, Nacogdoches, has been selected to head the 36 county Build East Texas program for 1978-79. The new chairman previously served as vice-chairman. Jimmy Owen, Tyler, was elected vice chairman and Scott Harris, Henderson, was re-elected as secretary-treasurer.

At its meeting, the BET Executive committee reviewed the BET farm & Home Show and voted to again sponsor the event in Longview next spring. More than 4,000 persons attended the show this year.

The Build East Texas program, organized in 1963, is dedicated to the improvement of agriculture and agribusiness throughout East Texas. Sponsored by the Texas Agricultural Extension Service, the program conducts educational programs of interest to all phases of agriculture. It has multi-county groups, consisting of three to five counties each, plus programs for local producers. The chairman of each multi-county group serves on the executive committee.

A popular milk substitute used by the early American colonists was corn mixed with the juice of boiled hickory nuts and chestnuts.

Ft. Polk To Construct \$44 Million Hospital

FT. POLK, La.—Construction of Fort Polk's new \$44 million hospital will officially begin June 24th with a brief formal ground-breaking ceremony.

The new all-purpose medical facility is considered the most of the military and civilian community around Fort Polk to be the long-awaited milestone of the post's rebuilding and expansion program. It will be the largest building on Fort Polk.

The reinforced concrete and brick building, part of Fort Polk's \$400 million plus rebuilding project as the home of the 5th Infantry Division (M), will house 169 beds and encompass 347,108 square feet. The hospital actually is designated as two buildings in one with the main hospital complex being an eight-story structure and the outpatient clinic a two-story facility.

Construction is expected to take about two years to complete.

When in full operation, which also includes all new equipment, the facility will be able to provide complete health care and treatment for about 41,000 military personnel, dependents and retirees in the Fort Polk area. Also included in the hospital plans are a helipad, paved drives and parking, curbs and gutters, landscaping, utilities, storm drainage, interior and exterior communications and electronics. Included in the design is a solar system for domestic hot water and process water. The structure is so designed that heating and cooling by solar energy can be implemented with a minimum cost.

Approximately 300 personnel, doctors, dentists, nurses, physicians assistants and others will support the hospital.

This ultra-modern hospital will replace the 31-year old present facility located in 34 buildings of World War II type.

Construction will be under the supervision of the Army Corps of Engineers, Fort Worth District.

In Jail TMA Seeks Better Care

The Texas Medical Association (TMA) has announced the beginning of a statewide effort to upgrade health care in jails. The association soon will begin seeking county jails willing to improve health care.

"We hope that by working with local officials we can get rid of any instances of sub-standard conditions," said Mylie Durham Jr., M.D., TMA president.

TMA will ask all Texas county sheriffs if they are interested in making their jails meet voluntary standards for minimum care set by the American Medical Association. In this year-long phase of this pilot program, TMA will select five jails to assist. Those jails able to meet the standards will receive certification from the AMA.

Standards include more than 80 things such as procedures for screening inmates for contagious disease; providing emergency medical care and helping addicts withdraw from drugs or alcohol.

To help jails meet these standards, TMA will supply advice and technical assistance such as helping sheriffs find a jail doctor. By July 1979, TMA hopes to have helped prepare five jails for accreditation visits.

The AMA, backed by some financial aid from the federal Law Enforcement Assistance Administration, is expanding its pilot program to include a total of 14 states and the District of Columbia. The AMA announced today (June 19) that Texas is one of 8 new states and the District of Columbia added to the program.

Reunion Scheduled

The Ratcliff reunion has been set for Sunday, July 2 at the old Ratcliff home plus three miles west of Springer. Relatives and friends are invited. A breakfast lunch will be served at noon, according to Mrs. Joe F. Higgett of Silsbee.

Women's Credit Important

COLLEGE STATION—One year ago, on June 1, married women were granted the opportunity to develop credit histories in their own names.

This right was granted by a 1976 amendment to the Federal Equal Credit Opportunity Act, says Dr. Carolyn McKinney, family resource management specialist with the Texas Agricultural Extension Service. The Texas A&M University System.

Under this amendment, on joint accounts opened after June 1, 1977, creditors that furnish credit information about married couples to consumer reporting agencies or other creditors are required to report the information in both spouses' names.

For joint accounts established prior to June 1, 1977, creditors were required to notify account holders of their right to have credit information reported in both names.

Frequently, these notices and approval forms were included with the monthly account statement, the specialist points out.

If the couple chose to have the credit information reported in both names, they had to complete and return an approval form to the creditor.

If both husband and wife use and are legally responsible for a credit account, the new regulations provide the right to have credit information reported in the name of both the wife and the husband.

Thus, credit histories are available to women who become divorced or widowed, and husband and wife can get equal acknowledgment for the credit history of the account, Dr. McKinney explains.

For accounts established prior to June 1, 1977, some people may have overlooked the creditors' notices and thus the credit history continues to be reported only in the husband's name.

These wives may want to celebrate the credit history anniversary by requesting and completing the appropriate approval forms, she adds.

These, together with instructions for completion, should be available from the creditor's credit department.

Big Thicket Receives Donation

BEAUMONT, Texas—Amoco Production Company of Houston has donated 44 acres of land to the Big Thicket National Preserve, the first such donation since land acquisition began in 1975.

"We're very much appreciative of the donation, which was valued in excess of \$20,000," said Thomas Lubbert, superintendent of the national preserve. "Actions such as that taken by Amoco and its representative, Mr. T. J. Pinkston, will shorten the time until the Big Thicket can open to full public use."

Lubbert said that some 70 per cent of the 64,550 acres authorized for acquisition by Congress has now been acquired. And he indicated that the first visitors are now trekking through the area, authorized by Congress in 1974 to protect a biological crossroads containing temperate and subtropical habitats of jungle, swamp, wooded plains and desert.

"We are not ready for visitors in numbers as yet, but we do have a walking trail open in the Turkey Creek Unit," Lubbert said. "We will have a Youth Conservation Corps crew at work constructing trails this summer, and by late fall we hope to have two more walking trails and a canoe trail open. A press release will be issued at the time these trails are available."

By 1980, Lubbert hopes that acquisition will be complete.

Timmons Honored

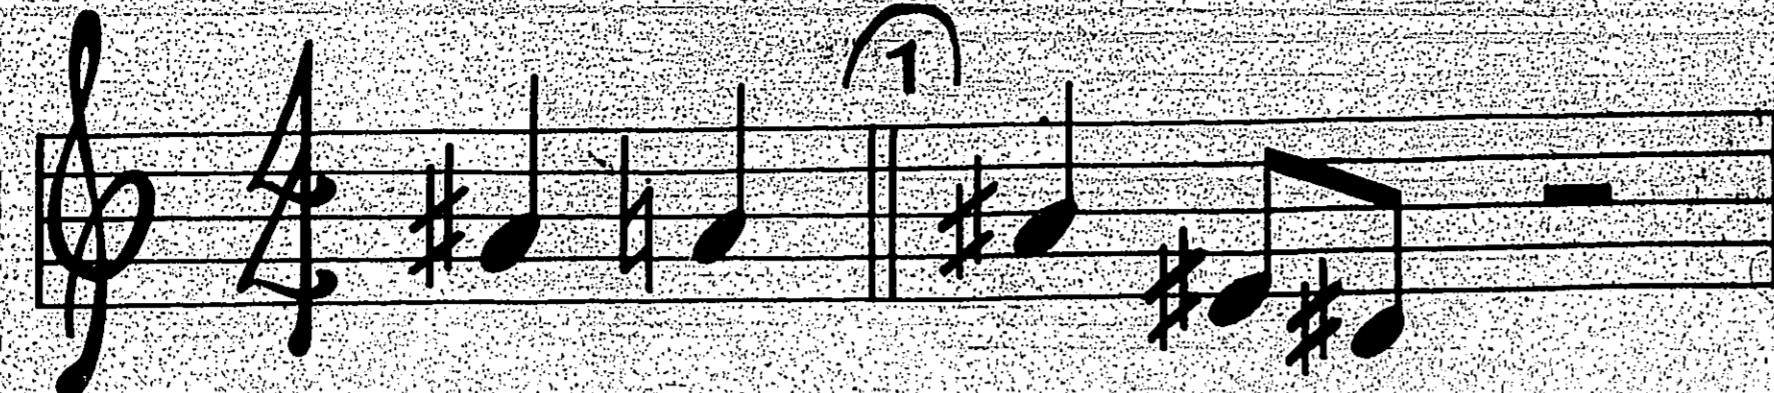

ARILENE, TX.—Terri S. Timmons, daughter of Mr. and Mrs. Harold W. Timmons, has been named to the Dean's List for outstanding academic work at Hardin-Simmons University for the 1978 spring semester.

To qualify for the Dean's List, a student must have taken a full course load and made a grade of "A" in all courses.

TV Star Scene

Lorne Green has spun a long way from the Ponderosa for his newest TV role as space ship commander in the ABC movie, "Battle Star Galactica," the ex-Pappy Cartwright, by the way, isn't the only one with fingers crossed that this will evolve into a weekly series.

In attempting the biggest space spectacular ever for the small screen, the price tag is reported to have reached \$10 million... a record high for a television special. It'll be worth it to both the network and Universal (where "Galactica" was produced) if the ratings prove the public wants more. And only if.

Word has filtered back from Bel Air about a mortgage-burning party that gladdened a bunch of celebrities in Hollywood's most chic suburb. And, if that phrase, "mortgage-burning," evokes the solemn ceremonies in small towns when the local church paid up its financiers, well, think again. The party-giver was comedienne Joan Rivers; her movie "Rabbit Test" has already brought enough dough to Joan and her producer-husband, Edgar Rosenberg, to pay off what they owed on their classy hacienda.

"Poor Boys" \$1.25

OUR CLIENTS ARE OUR BEST ADVERTISING!

Date: June 19, 1978
To: American Cablevision Company
107 East Bluff
Woodville, Texas

Dear Sirs:
I just wanted to drop you a short note to thank you for the fine work your cablevision crew did when they hooked up my television to your excellent cablevision service.

I was most impressed with the courteous manners of the servicemen who did the work and with the time they took to explain their service to me.

My television gives a better picture now than it ever did before and there's so much more to see!

It sure is nice having a nice group of folks like you in Woodville.

Many Thanks,
Ken F. Mattheve
Mrs. Fred F. Mattheve
