At Meeting Thursday

Sturrock Elected President

By MADELON GRAHAM

Pitser H. Garrison, Mayor of Lufkin, was presented the Ralph W. Steen Deep East Texas Citizen of the Year award by last year's recipient, San Jacinto County Judge K.P. Bryant at the well-attended annual Deep East Texas Council of Governments awards luncheon.

"I will cherish this honor always," Garrison told the crowd at the Lufkin Civic Center Friday. An East Texas native, Garrison is well known for his civic efforts promoting the growth and prosperity of the region.

The DETCOG President's Award for Outstanding Committee Work went to Lufkin City Manager Harvey Westerholm, a member of the A-95 Application Review Committee, the Salary Committee and Executive Committee.

Special luncheon guests included the speaker, Sidney Wieser, Executive Director of the Texas Department of Community Affairs, Warren Harding, State Treasurer and Reagan Brown, State Agricultural Commissioner.

During the Board of Directors meeting, chaired by outgoing president, Bill Bowlin, new officers were elected. They are:

President: Allen Sturrock, Tyler County Judge Woodville; 1st Vice President: Dan Jones, Angelina County Judge Lufkin; 2nd Vice President: Royce Garrett, Angelina County Minority Representative; Lufkin; 3rd Vice President: Judy McDonald, City Commissioner; Nacogdoches; Secretary: C.E. Stewart, City Councilman; Jasper; and Treasurer: Lee Roy Fillyaw, Newton County Judge Newton.

The City of Newton's application to the Environmental Protection Agency for a \$685,473 federal grant for the Step III sewage plant was approved by the A-95 Application Review Committee.

The afternoon meeting of the Workshop is operated by the Deep East Texas County Commission, East Texas Regional Mental Health and County Judges Association. The workshop program, mentally retarded persons can learn a skill in a semi-competitive environment.

Norman Troy, Jefferson County Commissioner from Beaumont, encouraged the association to learn to meet the varied and growing needs of public welfare and public health.

According to Troy, changes in the increasing number of programs county work activity, which will provide both

commissioners must deal with are coming fast and furious.

"The days of speechmaking are over. Seminars are in, where you can take something home to your people. New aspects to County government mean that officials cannot be just road commissioners any longer."

Allen Sturrock, in a census follow-up report, stated that there would be a 10-day period in June to challenge the census count if necessary.

Speaker Sam Clonts, of the Texas Association of Counties, after noting the August 20 and 21 dates for the Association of Counties convention to be held in Austin, congratulated the Judges and Commissioners on their support of the revenue sharing program.

According to Clonts, 17 of the 24 members of the Texas Congressional Delegation support the continuation of the federal program.

The guest speaker encouraged county officials to simplify and prioritize county needs and then contact their legislators concerning specific problems. The necessity of cutting needs down to a manageable number

was pointed out, as was the importance of knowledge of the committees legislators serve on, and awareness of the action taken each week during the legislative session.

The Association also heard from Earline Jewett, with the Texas Department of Community Affairs-Housing, who spoke of the success of a rural housing course offered in Austin for county housing trainees.

Malcolm Verdick, of the newly formed Texas Energy and Natural Resources Advisory Council, reported on the fuel situation and allocation in Texas, stating that supplies in energy fuels are up and we can expect prices to be higher in the future.

A barbecue dinner was served at the close of the meeting followed by a DETCOG-sponsored reception and a dance hosted by the County Commissioners and County Judges.

On May 23 at Ellen Trout Park and Zoo the Senior Mayfest took place. Senior Olympics, chili cook-off, sweepstakes and a trophy presentation all took place with over 1,400 senior citizens participating from the 12-county DETCOG area.

LEADERS HOLD THE KEYS—Three men from Tyler County currently hold the keys to progress throughout Deep East Texas as County Judge Allan Sturrock (at left) was elected the President of the Deep East Texas Council of Governments Thursday. Shown in center photo is Austin Fuller, County Treasurer of Tyler County who recently took office as the President of the Deep East Texas Development Association, and also shown is Maxie Riley, Commissioner Precinct 1 who currently holds office as the First President of the newly formed Deep East Texas County Judges and County Commissioners Association. Together the three men hold a powerful communications influence through Deep East Texas and within their respective organizations to bring improvements to Tyler County as well as the region.

Sheltered Workshop Dedication Is June 12

The dedication and open house for the Tyler County Sheltered Workshop has been set for Thursday, June 12. The dedication ceremony will begin at 10 a.m. with an open house to follow from 10:30 a.m. until 12 noon. The general public is invited and encouraged to attend. The workshop is located at 203 Willow Street in Woodville, Texas.

The Tyler County Sheltered Workshop is operated by the Deep East Texas County Commission, East Texas Regional Mental Health and County Judges Association. The workshop program, mentally retarded persons can learn a skill in a semi-competitive environment.

Clients in the sheltered workshop will spend part of their work day learning living skills through personal and social adjustment training. The remainder of their day will be spent in a variety of programs county work activity, which will provide both

training to the clients as well as meaningful work experiences.

Funds to operate the program have come from a variety of sources to include the Tyler County Mental & Physical Handicap Association, Inc., Texas Rehabilitation Commission, T.L.L. Temple Foundation, and MHMR. The projected operating budget for the program from June 1, 1980 through August 31, 1981 (15 months) is outlined below:

Personnel	\$35,919
Travel	737
Consumable Items	4,425
Equipment & Furniture	10,707
Building Expenses	2,087
Postage, Telephone	745
Insurance	2,279
Client Transportation	11,618
Client Wages	1,500
Miscellaneous	742
Total	\$70,759

Historical Commission To Meet May 29

The Tyler County Historical Commission will meet Thursday afternoon, May 29, at 4 p.m. at Allan Shivers Museum.

Persons interested in the heritage of Tyler County are invited to meet with commission members.

The program will consist of a recorded tape by Wood Fain, long-time Woodville resident, on early Tyler County commerce as aired recently on KVLL Radio as part of the "Sounds of Texas" series and "Early Tyler County commerce" series.

Regular historical commission business will follow the Fain interview and will include update reports on several projects.

Enrichment Program Sought

A summer school enrichment course offering proposal was suggested to the Woodville Independent School Board in their regular meeting Tuesday, May 20 and the board agreed to appoint a committee to formulate such a program for the W.I.S.D.

Presented to the board by Keith McCafferty, the purpose of the project he said "Would be to expand and increase course offerings which regular schedules and or, personnel do not allow."

McCafferty said the courses could

be of 3 to 6 weeks in duration and suggested they carry full course credit for qualified students. He said the courses could be financed by tuition and that the teachers for the program might be "imported," he said from the communities.

McCafferty asked that the W.I.S.D. furnish the facilities for the program along with the proper credit and assume general supervision of the program and indicated that community volunteers would need to be solicited for assistance and support.

In other board action, the board accepted a bid from the Jo-Be Equipment Company for a Massey Ferguson tractor for \$7,290 on motions from Trustees Alva Cook and Margaret Lane solicited for assistance and support.

THE DEVIL AND DANIEL WEBSTER—Presented by the Fifth Grade Reading Class of Mrs. Aloha Freeland's shown above this One Act Play staged at the Wheat Junior High School Auditorium on Tuesday before an audience of approximately 1,000 students and parents. The production involved the entire class and according to Mrs. Freeland, "The kids did magnificent and far exceeded my expectations." According to Mrs. Freeland, a critic from the Woodville Little Theater was on hand to prospect for future Little Theater productions.

POT BUST—Tyler County Sheriff Lewis Craven is shown with some reported homegrown examples of marijuana recovered in the Warren area on May 23 by Deputy Max Langston. According to Craven, Douglas Clyde Cox, 24, of Warren was arrested and charged with possession with bond set at \$500 by Peace Justice John Spanhanks.

Tax Appeal Forum Is Equalization Board

AUSTIN—The State Property Tax Board (SPTB) recently reminded Texans of their right to appear before local boards of equalization to appeal values assigned to their property for ad valorem tax purposes.

SPTB Executive Director Kenneth Graeber noted that "the right to appear before the board of equalization is the single most important remedy available to taxpayers regarding the value placed on property."

The board of equalization is the taxpayer's opportunity to be heard in an informal setting and without incurring expensive court costs.

Graeber added that each local government which collects property

taxes must have a board of equalization (BOE) to hear taxpayer appeals on values, and that most BOEs meet in the period ranging from May until about mid-July.

Taxpayers who rendered their property to the local assessor must be notified of the time and place of the board of equalization meeting if the assessor raised the value rendered.

Even those who did not render their property to the assessor will have to learn on their own when the board will meet.

Graeber pointed out that BOE meetings are open to the public and the time and place must be posted in the administration office of the juris-

dition and with the appropriate county clerk. A city BOE, however, is not required to file notice with the county clerk.

The information is also available from each local tax office by phone, and, at least 10 days before the board meets, notices must also be published in a local newspaper.

Graeber said there are two basic situations in which taxpayers are entitled to receive an adjustment in their tax value.

If it exceeds local market values, if you can find and submit to the BOE the kind of evidence which indicates that the value assigned to your property is too high, then you would be entitled to a reduction in its valuation.

If it is value d higher than similar property. Regardless of what other property like yours is selling for, if the value of your property on the tax roll should be about the same as the value for all similar properties in the jurisdiction.

The State Property Tax Board, however, reminded taxpayers that the BOE's sole authority is over the value of property. The board must limit the taxpayer's discussion only to matters concerning property values. Discussions regarding the amount of taxes or the justice of taxation may waste the taxpayer's time.

"These complaints should be referred to the appropriate governmental bodies," Graeber added.

Colmesneil News

To Be Wed

Mr. and Mrs. Floyd Forse of Deweyville announce the wedding of their daughter, Mariam Moody, to Lawayne Sheffield, son of Rev. and Mrs. Drew Sheffield of Spurger. The couple will be married on June 7, 1980 at 6 p.m. at the First Baptist Church of Deweyville. Friends and relatives are invited.

Don Woodrome Says THANKS

I would like to take this opportunity to say thanks to the people of Tyler County that supported me for my unsuccessful race for sheriff of Tyler County. I would like to say a special thanks to my family and to one of the finest christian men I know, Bro. George Standley.

I have been asked numerous times since May 3rd who I would support for sheriff. I want to answer that question once and for all. The reason I ran for sheriff was for a change in the sheriff's office and I still feel that this change is necessary. I will vote for and support Leon Fowler on June 7th.

Don Woodrome

By DORA SCHANDORFF
Visiting in the home of Mr. and Mrs. Woodrow Wigley this week-end were Mr. and Mrs. Dale Wigley and children, Mr. and Mrs. Willie Charles Wigley and children, Mr. and Mrs. Jerry Wigley and sons all of Lukin and Mr. and Mrs. John Wallace and daughter of Woodville.

Friends of Rev. James Best want to send our sympathy to him and the family in the recent death of his uncle Archie Edwards.

The First Baptist Church honored three of our seniors. They were Jenny Carlton, Kevin Davis, and Janice Pittman. They are members of the church. Congratulations seniors.

Mr. and Mrs. Floyd Hignett and Dora Ann Schandorff visited in Silsbee with Mr. and Mrs. Joe Hignett and Gina on Saturday. Also we would like to extend

our congratulations to granddaughter, Sherry Jack Hignett who is graduating this year. Congratulate with the seniors at Silsbee. Best wishes in your future.

Mr. and Mrs. Jay Rateliff are going to Nederland to see their 9:30 a.m. the kinder-

Birthday Girl!

Hillister News

The youth-led revival at the Baptist Church closed with a 11 o'clock service Sunday morning. Baptismal service was held Sunday evening at the close of the 7 o'clock service.

Wayne Spanhans brought the messages and Paul Severs directed the music.

Sunday was homecoming at the Baptist Church. Lunch was served to a large crowd. We were so happy to have our visitors. We were especially glad to have E.C. Hatton who lives in California. It had been many years since we had seen E.C. He with his mother, Mrs. Minnie Hatton of Woodville were here.

Charlie Ackerman of Dallas was here Monday. He was in this area to see his mother, Mrs. Easter Collier, who recently entered the Convalescent Center in Woodville. She is not doing well.

The many friends of Mrs. Lucile Ryman were saddened to learn of her death. Our deepest sympathy to Mr. R.

Kirbyville Sunday to attend the Odum reunion. Buckey and Carolyn Dean with Stacy of Mont Belvieu and Kimberly Irving of Lufkin were in the crowd.

Elect Jack Burns

HELLO, I'm Jack Burns candidate for Constable Pct. #1.

The time has come for you the voters to make your final choice as to whom you desire to be your Constable for the next four years. I sincerely hope you make your choice based on the individuals merits.

I firmly believe that Jack Burns is the man for the job, based on the following facts.

Jack Burns is a dedicated family man, with a background of family stability, a successful businessman, and a person with a sincere desire to help the community and the people of the community. Jack Burns is the ONLY candidate that has 240 hrs. of Law Enforcement Training that is required by the State of Texas to be a Certified Peace Officer.

When you go to the polls, VOTE for the man with the qualifications to be an effective Constable.

ELECT JACK BURNS YOUR CONSTABLE FOR PCT. #1

THANK YOU JACK BURNS

I would like to take this opportunity to talk about some of the facts relevant to the Constable's Race.

The Constable is the Chief Officer of the Justice Court.

The rate of pay for the constable is \$173.00 per month. This includes car allowance & salary.

There is NO FEE for serving papers.

There is NO FEE for issuing citations.

There is NO SALARY available for a Deputy Constable.

When you elect a man for a job, the man should be able to carry out the duties of his office. JACK BURNS CAN & WILL.

Jack Burns has the ability to administer the office of Constable in an effective and efficient manner.

When you go to the polls on June 7th, elect the man with the qualifications to get the job done.

ELECT JACK BURNS YOUR CONSTABLE FOR PCT. #1

THANK YOU JACK BURNS

Conservation Cookin'

By LIZ ARNOLD
County Extension Agent

"Conservation cooking" saves time, money and energy, and the "proof" is in some actual recent tests.

Homemakers and industry both share the task of making kitchen ranges more energy efficient, and recent tests prove big savings are possible and easy.

Volunteers in a "conservation cooking" test saved a whopping one-third in energy just by the way they cooked, according to all the reports.

Of course, that's the homemaker's part.

But what about industry?

It, too, has a share in the task, and the appliance world is abuzz with word of new designs on the drawing boards and in testing stages—all focusing on greater energy efficiency for ranges.

As consumers learn of the innovations in ranges, they can be on the lookout for them to study and compare, then consumers will be more apt to insist on the most energy-saving features for their money when they actually buy.

But, until industry's "brightest energy stars" hit the market, homemakers can save one-third or more—right now just by learning the easy techniques of "conservation cooking."

Before you learn what to do, remember the "what not to do" first, since they make the big difference.

During the recent "conservation cooking" tests, the energy wasters were found "guilty" of these practices:

They opened the oven door frequently.

They cooked on the high setting too long.

They turned on the wrong surface unit, and they often failed to reduce the heat during cooking.

Once you have the "don'ts" firmly implanted in your mind, it's time to concentrate on the "do's."

Here's a test on "conservation cooking" that fratches the techniques—and pinpoints your own problems—all at the same time.

Answer "yes" to each of the questions below, and you're already successful at "conservation cooking."

Do you—

use flat-bottomed pans that hug the surface element closely?

use a pan size equal to the size of the surface element?

turn the heat down as soon as the liquid starts boiling?

turn down the burner surface units as soon as they're red?

preheat only as long as necessary, and only for products that require a preheated oven (mainly baked items containing sugar)?

resist the temptation to open the oven door unnecessarily?

keep from leaving the oven door open too long?

if you had to say "no" to any of the questions, you need to change those cooking habits before you are an expert at "conservation cooking."

Now for a peek into the industry crystal ball at what's to come in ranges.

Industry is working on several design changes to improve range energy efficiency.

Among those are smaller ovens, more and better insulation, no window ovens, possibly smaller oven vents, improved oven doors and seals, and flatter surface elements.

Texas Railroad Offers Nice Weekend Voyage

DALLAS—The popular Texas State Railroad, which makes excursion runs between Rusk and Palestine in East Texas, is currently operating.

Plenty of seats are available throughout May, according to a Parks and Wildlife Department spokesman, because additional "rolling stock" and a third steam locomotive were added this year.

One train operates from the Rusk depot and the other operates from the Palestine terminal.

Each week, travel agents and tour operators are invited to make a "turn-around" and return to Rusk and Palestine in about an hour and a half.

Open-air coaches are available on each call. (214) 693-2506 is the number to call for a train this year, which offers a breezy view of the East Texas piney woods.

Both trains also pull an ice cream parlor car for snacks and lunch.

The expanded summer schedule begins May 24. Each train will make daily runs five times a week; the railroad will be closed on Tuesdays and Wednesdays.

The 14-mile round trip costs \$4 for adults and \$2.50 for children three through 12. Reservations are needed, and may be made by calling (214) 693-2506.

Lodging and picnic facilities are available at the Rusk and Palestine depots. Also available adjacent to the depots are picnic tables and restrooms. For information about these facilities, call (214) 693-2506.

WE WILL BE CLOSED ON SUNDAYS DURING THE MONTH OF JUNE MAGNOLIA RESTAURANT RAY'S FRIED CHICKEN

VOTE June 7th Run-off For LARRY BROWDER

"The Candidate With Something Positive To Say..."

The citizens of District 16 will be directly affected by the issues discussed in the next Legislative Session. The person you elect as your State Representative must be a proven and experienced leader who understands the problems of our rural district.

LARRY BROWDER says: "I have enough faith in the voters of our district to believe that they won't let the job of representing them be bought by special interest groups within or outside our district."

"My opponent has yet to tell the voters why he wants to be our State Representative, but I am committed to the belief that the greatest challenge facing us today is helping each other. I have always received a great satisfaction from helping people and I can think of no greater commitment than to be elected to a job where the primary purpose is to represent the needs of the people."

- Some of these needs are:
- RE-DISTRICTING**—LARRY BROWDER believes that Big-city representation can not understand our rural values which we in District 16 hold as part of our heritage. BROWDER will fight to insure that we have a rural voice in State Government and to see that those values are not endangered.
 - PUBLIC EDUCATION**—LARRY BROWDER believes that we should have quality education with quality teachers who are paid a fair day's wages for a fair day's work. He believes that we should emphasize the basics of the "3 R's" as well as having a strong technical and vocational program in our high schools. BROWDER believes that teachers should be included in the State Employment Insurance Program.
 - OPPOSES GUN CONTROL**—LARRY BROWDER believes that as more and more of our personal rights are eroded by state and federal regulations, we must draw the line when our ability to protect our wives, children and homes from the criminal element is threatened.
 - SELF-DETERMINATION**—LARRY BROWDER believes that we need a full-time State Representative for District 16. He believes in the Democratic principles of Free Enterprise and human freedom upon which our nation was founded. He believes that every person has the right to work, vote, and support the candidate of his personal choice.

Experienced In Responding To The Public...

AGRICULTURE COMMISSIONER VISITS... Texas State Commissioner of Agriculture Reagan Brown (at right) visited the Deep East Texas Council of Governments meeting at the Lufkin Civic Center Friday and is shown discussing with Tyler County Judge Allan Sturrock the Fire Ant problem which plagues farmers in the East Texas area. According to Sturrock, Brown was only able to discuss the magnitude of the fire ant problem, but offered no advice on how to solve the dilemma.

Ramblin Round Rockland

ALOHA, FREELAND community. With the end of the year and summer activities beginning earnestly, here's this week's news from Rockland.

We are so happy with the end of the year and summer activities beginning earnestly, here's this week's news from Rockland. We are so happy with the end of the year and summer activities beginning earnestly, here's this week's news from Rockland. We are so happy with the end of the year and summer activities beginning earnestly, here's this week's news from Rockland.

Mr. and Mrs. Louis were among those from here attending the Cowart Reunion at the Mt. Zion

Church in Holly Fork community. Ralph Dean was glad to have his son Jack Dean, and grandson Britt Dean, of Houston, visit him Sunday afternoon.

Our prayers and get well wishes go to Mrs. Jimmie Brown, as she receives treatment as an out-patient in a Houston hospital.

Our prayers also continue for Mrs. Fern (Brown) Dean of Beaumont. The last word we had on her condition, she was doing better but still in intensive care.

Mr. and Mrs. A.L. Nelson have returned home after a visit with relatives in Seminole, Texas. Sunday Services at the Baptist Church were a special service for our two graduates, Deirdre Reppond and Sharon Lawson, who graduate from Colmesneil High School this month. Bro. Kenn presented a Bible to Deirdre in the morning and a special song for the graduates was part of the program. An extra special presenta-

tion was a Bible for Kevin Tompkins who begins school this year. Bro. Kenn began the presentation to Deirdre by recalling her earlier years as she began school. The Bible was presented to Sharon Lawson in the evening, there in the morning service as she was at home. A good ceremony licensing her as a skating party on Tuesday, May 20, and a good time was had by all from all reports of those attending.

A weekend guest at the home of Mrs. Ida Dean was her brother T.O. Dean of Houston. An additional Sunday dinner guest was Mrs. Fern Dean of Colmesneil.

Happy birthday to Ruth Stanford on the 29th.

Until next week, take care and God bless.

Warm Weather Brings Ticks

By CLINTON R. CURRIE
County Extension Agent

Tick populations increase dramatically with warmer weather, causing inconvenience and health hazards for homeowners and pets.

Ticks are biting, blood-sucking parasites, and their bites may become inflamed and infected due to toxic secretions. Tick paralysis, tularemia and Rocky Mountain Spotted Fever may be transmitted through tick bites.

Brown dog ticks and American dog ticks are the most common in Texas home landscapes. Brown dog ticks are reddish-brown when unfed and slate gray when engorged. The brown dog tick rarely occurs in rural areas; instead, it hides in crevices around buildings. American dog ticks are most often found along roads and trails.

A female tick may lay several thousand eggs, beginning a two- to four-month life cycle. Remaining stages - six legged larva (seed tick) and eight-legged nymph and adult - generally develop on separate host animals. After each feeding, the tick drops off the host and temporarily hides until the next developmental stage.

Regardless of the species, control is basically the same for all ticks. Heavy infestations in the home may require treatment by professionals. Household sprays containing 0.5 percent diazinon or ronnel will control light infestations.

Outside the home where vegetation is thin, use 5 percent carbaryl (Sevin) dust at 20-25 pounds per acre. Increase the rate as vegetation thickens. If using a spray, mix five tablespoons of 25 percent diazinon emulsifiable concentrate (EC) in one gallon of water. Apply one gallon of spray per 1,000 square feet. Carbaryl gives the best residual control. When spraying, pay particular attention to roadsides, animal trails and paths.

Most species of ticks can't survive in cleared areas where they are exposed to excessive sunlight and predators. Keeping areas clear of debris is important in tick control.

Hikers and campers may want to use repellent materials on their jacket cuffs or the bottoms of their trousers. Also, tuck trousers into the tops of socks or

boots. Sleeves buttoned tight will also aid in protection. Owners should examine their animals frequently. Light infestations can be controlled by rubbing carbaryl dust into the pet's hair. Also, treat the animal's sleeping quarters every week. If a tick becomes attached to the skin, remove it with a slow, steady pull. Be careful not to break off its mouthparts.
