Blake Car/Road Bill Passes

AUSTIN -- Senate Bill 150, cosponsored by Senators Roy Blake of Nacogdoches and John Traeger of Seguin, was passed by the Texas Senate today. The bill doubles the amount of motor vehicle registration receipts which counties may retain to be deposited in the County Road and Bridge Fund.

Blake explained that under existing law the counties may retain the first \$50,000 of license receipts collected and 50 percent of the receipts in excess of \$50,000 until a total of \$175,000 has been collected and deposited in the fund. Under the Blake-Traeger bill, the first \$175,000 would be retained and half the receipts in excess of \$175,000 until the total retained and collected had reached a total of \$350,000.

All the counties in my district have been strapped for road and bridge funds, and I have worked to secure this increase in funding."
Blake said, "and along with the restoration of Lateral Road Funding which I also worked to pass earlier, most counties in Texas should receive

some appreciable relief," he added Senate Bill 150, which enjoys the support of the Texas Association of Counties, would be financed by a five dollar increase in the motor vehicle registration fee of vehicles weighing less than 3,500 pounds.

MOUSED OUT -- This familiar Walt Disney figure entered the Booster Friday after first placing a nickle in the parking dictor out front which was broken at the time and reading "violation". Nonetheless, Mickey Mouse will be glad to know that the Woodville downtown parking meters will now be "hooded" for the next 60 days while city police enforce a 2-hour parking limit; cost \$10 to the violator! Mickey suggested the City simply donate the meters to Disney World where they could be more profitably used to guard Sleeping Beauty's Enchanted Castle

League Growing Each Year

Area Girls Serious About Softball Play As Over 150 Turn Out For Two Month Activity

A quick grab and throw to first for a crutial out.

Over 150 girls in Tyler County suit up each year and hit the diamonds in four locations four nights a week throughout the months of May and June.

The Tyler County Girls' Softball League has initiated the use of fields in Spurger, Warren and Chester, as well as Woodville, in order to have more games each night, finishing as early as possible. Seven teams in the 8-10 age group, six in the 11-13 division, and two senior squads 14-up play for titles and trophies to be awarded at the end of the season.

Through the generosity of the Tyler County CB Club the girls' league now has the use of a concession stand at the Woodville diamonds, which are actually the old Kirby High athletic field. Progress is slowed. on the construction of the new field across from the airport, due to the lack of a water hookup. Bids are being sought for construction of a well at that site, afterwhich work can begin on grassing and a field house.

The girls' league will hold a Rain-out Day at the Woodville field Saturday, May 16. Games will begin at 9:30 a.m. and run until 4:45 involving almost every team. Team photos will be taken and the concession stand will be in operation, offering barbeque sandwiches and everything needed for feeding the family. Eriends, relatives, and curious onlookers are welcome and guaranteed to be entertained with some unique ball playing.

Cindy Allison of the undefeated Eagle-ettes scores a run.

Just My Type....

In the past week I have received hundreds of letters, comments, and all sorts of other communications regarding my first column appearing in last week's paper. Nevertheless, I have decided to go ahead and write one for this week's edition

Thank you, Keith McCaffety, Jr.

THREE STOOGES

Spawned by a Chuck Norris double feature, three masters of the martial arts have arisen in Woodville High to take their places in the world of super heroes! Instructed in their ways by the 'Master', who is forever shrouded in darkness and mystery, they have taken the denizens of crime by storm, striking terrific terror into the hearts of criminals everywhere!

Who are these three harbingers of justice...?! Yes, who makes up this trio of protectors of the innocent...friends to those who have no friends... enemies to those who would threaten the everyday lives of the human race...upholders of truth, justice, and the American way...?! Who? Who?!

Despair not, my ignorant friends, for I am here to shed the revealing light upon this team of martial arts, heroes. Randy Harrison, Ty Phillips, and Mario Luppi. Known throughout their own fanciful world for their incredible martial arts ability as the "Ninjie Brothers," Rinjie, Tynjie, and Minjie, these three have created a cult-like team of ninja heroes who answer only to te iron hand of the mysterious, darkness-enshrouded, and totally fictional "Master"

This was all started several weeks ago when Randy, Ty and Mario went to Beaumont to see a Chuck Norris double feature at a drive-in theater. After seeing "The Octagon" and "A Force of One", Randy suggested that they create a ninja cult and, as you have no doubt guessed, the idea stuck. They though up a secret handshake and all sorts of other cult stuff but I don't know what any of it is because they wouldn't show me. Ingrates.

I know what you're thinking...you're saying, 'Hey, that's great! I wonder if I can become a member of the world renowned Ninjie Brothers?!" Well, I'll tell you what, ... other people can join, but they must first pass a rigorous test of intelligence. strength, agility, endurance, and a whole mess of other martial arts schtick that are all requirements of membership. So far, everyone who has applied has failed miserably, so I strongly suggest that you not try. Leave stupid ideas like that to your friends and mine, the illiterates.

When you consider all the costs involved in traveling miles to 'find' a bargain. You better think twice. You'll find what you want - at reasonable prices right here in your own hometown...and you won't be burning up "energy" in your pursuit-topurchase.

Your local merchant appreciates your business and those dollars mostly stay to roll around town in - pay rolls, taxes, charities and contributions to the betterment of the place where you live.

Think about it!
