# OneStudent Injured In Foggy Morning Bus Wreck

DENSE FOGA. Woodville Independent School District bus carrying some thirty students was struck by a southbound Purolator truck as the bus entered Hwy 69 from the Richardson Ranch road turning north toward Woodville. Treated and released from Tyler County Hospital was one student Casey McCollum 12 of hillister and the driver of the Purolator

truck Valerie Jones 28, of Vidor. Witnesses said considering the density of the fog the accident could have been a lot worse. Driver of the bus Katie Minter 41, of Woodville continued to transport the students to school as the balance of the youthful passengers reported no injuries.

Reports

by Bill Clayton

of students in our public chools has traditionally been one of the Texas Legislature's top priorities. During the 67th session state payments to school districts for the education of public school students increased by approximately \$1.4 billion for the 1982-83 biennium, as compared with the 1980-81 biennium. This increase pushes the number of public school dollars apyears to \$8.2 billion, excludng-funds used to pay the imployer's share of the statewide -- retirement -- system for school district per-

In my opinion, the focus on education of almost half of all state appropriations for the biennium has made Texas an even stronger state. However, with the appropriation of such a large amount of money comes certain legislative responsibilities to determine exactly how the money i spent, if needs are adequately being met, and what the future holds in the way of public education. The Select Committee of Public Education Is one mechanism · designed study the entire spectrum of public education. The commitee was created by Senate Concurrent Resolution

22 which passed during the regular session. Lt. Govserve as vice-chairman. Other members include appointees from the House and Senate, the State Board of Education, and the Governor's Advisory Committee on Public Education.

In addition, the Committee will be joined by an Advisory Board composed of approximately 100 educators and lay persons concerned with education from across the state. The primary purpose of the Advisory Board is to broaden the base of input upon which the Committee will base its decisions and ultimate recommendations. The Committee has de-

cided to direct its study in six basic areas. These include educational personnel; finance formulas and implementation of recent legislation; recodification of the Education Code; changing technology in instruction; alternative instructional arrangement including magnet schools and varying graduation requirements; construction, rehabilitation and repair, and capital debt financing. Subcommittees have already begun their work in each of these areas. I believe that the Texas Legislature will continue its tradition of realizing the tremendous importance of quality education for all students. The Select Committee on Public Education and the recommendations it develops will be crucial as the 68th Legislature begins Historia occusions which will affect all Texans, especially

tween the lower lip and gum, she explains.

Consequently, bare roots caused from receded gums become more susceptible to decay and are more sensitive to heat, cold, air, certain food, and chemicals, Shiret says.

Also, tobacco that has been sweetened may increase tooth decay, she adds.

As nicotine enters the bloodstream, the arteries constrict and become smaller, the blood platelets clot and the heart beat rate increases.

Consequently, blood pressure may rise and this increases the risk of strokes and heart attacks, the specialist warns.

# State Blasts Hobby On

Alien Education Longwiew George by was also quoted at the Strake, candidate for time saying, "It (illegal licutenant governor, said here today that his opponent, William Hobby, does not understand the illegal sales agrees."

Longwiew George by was also quoted at the saying, "It (illegal allegal education) is blown far out of proportion by educators looking for money."

by, these not understand the illegal alien education situation in Texas:

Strake, a former Texas secretary of state, said some Valley school and with their parents who want them educated here, but I think our first duty is to the children add worse by having to admit illegal alien childing.

"It is an accepted "Let's look at this compassionately,"

Strake said. "I sympathize with these children and with their parents who want them educated here, but I think our first duty is to the children of our citizens. Our supply of desks and dollars is limited."

"I'don't think this is a 'It is an accepted a 'trivial problem', idea that those who break the law should not profit from it." Strake couple months ago. Bill Hobby thinks the state law is foolish, but the taxpayers of Texas don't think it's foolish, nor do school board members and administrators be lieve it is foolish."

Strake was referring the 46-year-old Houstonist asid.

Strake was referring to Hobby's comments during a press compensation ference in Brownsville when he told reporters that educating illegal alien children is 'vir utally a Hivial problem,' we would be way down and called a state law that allows school districts to charge them citizen's of Texas their hardearned tax dollars."

### Rodeo

### Scholarships

### Announced

An additional Jasper area high school will participate in the 1982 Jasper Lions Rodeo Scholarship Awards program, announced Noon Lions Scholarship Committee Chairman, Sid Stover.

"A total of \$6,000 will be available this year out of the proceeds the 1981 Jasper Lions Kodeo. money will be awarded as scholarships to deserving high school seniors in Jasper and six surrounding towns that support this Rodeo,

said Stover. "These scholarship awards are intended to help in the education of students who show real promise of future service to their communities. The financial status of the candidates' families will not be considered either for or against selection.
Among the qualities these young people must have shown are leadership, initiative, high class standing, character, citizenship and a desire to continue their education at the collegiate level."

Stover added. 1982 scholarship awards will go to seniors in Jasper, Woodville, Colmesneil. Newton, Chester, Warren and San Augustine High Schools. Winners will be announced during the 1982 Jasper Lions Rodeo, May 12th through

"We have had 20 recipients enrolled in college through this program, with over \$22,000 paid or obligated for those scholarships." sald Stover. With our 1982 awards, there will be over \$28,000 in Jasper Lions Rodeo funds working to further the education of Jasper area students.

Members of the Jasper Noon Lions Scholarship Award Committee are Sid Stover, Chairman (attorney); Mar Alvin, (banker); Burdett Pulliam (CPA); Charles Reard (businessman); Bob Sullivan (CPA); Arthur Kees (educator); Roy Lion (CPA) and Tom Herbst (bankfor governor, came out world," he said. strongly this week for
