Dear Editor:

Since Woodville and Tyler County is recognized as a retirement community it seems appropriate to make a suggestion by this letter to all resi-

dents of the county. The United States Senate and House of Representatives have each developed and passed a budget proposal by the committees. The reduction of the budget deficit and spending will be debated on the floor of both Houses within the next few days, The passage of this budget legislation will ultimately effect the income of retirees. Some of the proposals would eli-minate, reduce or defer cost of living adjustments under Social Security, Railroad Retirement and other retirement income programs. These cuts are aimed at Medicare and Medicade which are in addition to the cuts made in 1982 budget. Bringing the budget into balance the deficit should be addressed to the revenue side, certainy not to take away retiree subsistence. Whether you are a member of AARP or NRTA we urge you to write

Hon. Charles Wilson, M. C. Representative 2nd District, Texas House Office Building Washington, D. C. 20515

Letters should state your opposi-tion to cutbacks in cost of living adjustments in Social Security and other retirement income programs.

Also oppose the Administration's proposed further cutbacks in Medicare and Medicade. These programs along with unemployment insurance are the least inflationary payments in existence. Unless we unite in this effort Congress is likely to slash cost of living adjustment protection and shift even more health costs to elderly benefi-
