Many visitors enjoyed the friendly and relaxed scenario of Tyler County over the weekend as activities provided something for everyone to do Woodville was again host town for the 12th Annual Gospel Quartet Festival Friday evening through Saturday night. Woody Woodrome, originally of Tyler County and now living in Port Arthur, always does an outstanding job spreading the news far and wide, inviting everyone to Woodville. Thanks to each visiting group whose music still lingers in these East Texas Piney Woods.

'Beyond the Sundown' premier on Friday evening, June 18 at the Alabama-Coushatta Indian Reservation was well attended by a number of local people along with many others from towns and cities of Texas and even out of state. Meanwhile - back at the Clemmon's Ranch, Saturday night will be well remembered for a lively time as the Tyler County Hospital Auxiliary hosted their "fantabulous" "Country Capers" to the tune of a barn dance, barbecue and - can you imagine - a silent auction. I met my partner at Colmesneil at 6:30 and went to Caney Creek, launched his boat and it was running on only one cylinder, so we loaded it up and came home. We did go by Huntington to get some parts for his motor first.

It was so hot on the lake Friday that it made Ken promise to change his way of living and I also thought about the heat quite a bit myself.

We had a nice boat ride to Yeach Basin but didn't catch a fish, came back across and tried several placed including the old bridge in Big Caney Cove. We did pick up several small fish in the back of the cove but very few keepers. We came back and fished the grass and moss near the Caney ramp and caught a lew nice bass after sundown.

I should have know that it was going to be a bad day for me because: My grandkids ate all the cereal for bedtime snack so I had to hurry up and cook an egg and toast for breakfast, The instant coffee didn't taste good, 3. I burned the toast, but to top it all off. had a backlash on the roll of toilet

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

> Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, propos als to increase rates for interexchange private line and foreign exchange (FX) service. Changes insuch rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de telefono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestem Bell, y cada una de las oficinas de la companía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cuai Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 10 de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States ejectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras táritas que se aplican al resto de Texas. El nuevo arancel que resulta de esta union se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propueslas para aumentar las tarifas para servicio de línea privada entre centrales telefonicas (interexcharige private line) y servicio de central telefoni-ca extranjera (foreign exchange FX). Cambios en dichas: tarifas de servicio tambien afectarian a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya men-cionados en contormidad a tantés especificadas por Southwestern Bell. Aurique Southwestern Bell no ha propuesto un aumento en las tantes para larga distancia, cualquier cambio en las mismas tambien afectaria a los clientes de otras com

panias de telefono.
