those bridges in repair, and build new Gawd, protec that would raise about \$50 billion new tax dollars, and we're half way to wiping out that \$100 billion deficit

Let's see now. Where can we get some more, tax money from those friendly thiks out there who voted us into office? How about sin taxes?

Death and taxes will always be with us.

Even old By Golly-Aw Shucks can't change that. No so long as Congress writes the laws, that is.

While we have pursued this course of restraint the Soviet Union has engaged in a massive arms buildup. They have built a dangerously strong offensive capability. More worrisome still, the Soviets have shown over and over again in over actions, such as Afghanistan, and through sur-

There ain't nobody who can be against

You know - raise the federal tax Constitutional Amendment that says on cigarates and cigars. Boost the taxes on booze. Everybody from Oral Roberts to the Pope ought to cheer No more deficits that see us that one. Cut down on drunken spending \$100 billion a year just to driving. You won't have to hack your pay the interest. No Sir. From now on, as soon as the states ratify this on, as soon as the states ratify this committed in Houston. Bet we could get little old amendment, Congress ain't a bunch of billions with taxes on those

will be spared the worry of paying ways to get that extra \$100 billion out off the debts of their forebears. Interest rates will come down because that Constitutional Amendment we the feds aren't grabbing all the money were cheering about -- you know the we need to build new auto plants one that said Congress couldn't spend any more than it took in.

And you thought you had those nesc in Tokyo Bay before those ship-pocketpickers with their hands tied loads of Foyotas even leave the dock. behind their backs didn't you? You remembered that ringing statement of done, we'll jump on the flat-rate tax time ago when he said the taxpayers Reagan's on the Capitol steps a long where everybody pays the same per-The flat-rate tax? Believe me, it

All those tax shelters out there, for better or worse have an effect on Look at it this way. The states to the speed of the engine that runs this

If we own a house and pay a Then the budget boys get together back there, and just like this year they find they came up about \$100 they find they came up about \$100 they find they came up about \$100 to it isn't only big business that has billion short... Oops! What do we do the tax shelters, or the highpockets for a freeze on nuclear weapons production. These calls stem running around with greenbacks from a sincere desire to reduce the danger of nucear war Why we call in the tax boys, that's stuffed in their wallets.

So just to use a figure -- every- the risk that nuclear weapons might someday be used, re the people who put a tax body. General Motors and the T- because such an arrangement would effectively "freeze" the on gasoline a long time ago so that Wheeler pays 12 percent of his income
