Many people equate growing older with growing progressively more feeble. But that unhappy picture has little basis in reality, says a Harvard Medical School professor who is a specialist in geriatrics. Dr. Richard Besdine states that most elderly people are physically and mentally healthy. that being ill is the exception rather than the rule. and that disability in an older person is more likely to be the result of a specific disease than of

The GOLDEN YEARS

They call themselves The Retreads, an exclusive group composed of veterans who served in both World War I and World War II. Membership now numbers 500. The "baby" of the group is Sam Hart, 80, former owner of a cosmetics business, who enlisted for the Great War at age 14 and conducted combat training for younger men in World War II.

Dr. Paul Donohue suggests that, if an older person has trouble swallowing pills, he or she should take them while in an upright position, rather than reclining, and drink at least three ounces of water with them.

Dear Mrs. Loiodice.
I wish to thank you and the Chamber of Commerce for furnishing me with the Woodville pins which I recently requested.

I took these to the National Convention of the Extension Homemakers as exchange gifts. Some people, who had run out of exchange gifts were looking me up and asking to buy the pins all gave them all away and the conventioneers were wearing them. Woodville, certainly was put on

Is that out of town shopping trip necessary?

There are a lot of good reasons to drive to Jasper, Lufkin, Livingston and Beaumont, but if it's for a shopping trip we don't think so!

Tyler County is one big shopping center and its stores have most everything you would want to buy!

Consider the number and the variety of stores in Tyler County and consider too, that it doesn't take but a few minutes to drive to any shopping area in Tyler County. And when you get there you'll find courteous and friendly people who have a genuine concern for your satisfaction because they live in YOUR community and will see you again and again in the upcoming year.

We think its a smart idea to shop in Tyler County.

A smart idea not only from the standpoint of convenience and time saved but it just makes good sense that every dollar earned in Tyler County should stay in Tyler County and work in Tyler County. Every dollar spent in Tyler County helps a neighbor whether that neighbor owns a business or is employed by a business. And important to every citizen of Tyler County is the fact that the tax on sales generates thousands of dollars each year to help operate our city and provide you with more facilities, conveniences and services.

Look at it this way-dollars spent in Jasper. Beaumont, and other points DO NOT benefit Tyler County. Tyler County dollars go to work to help those communities and are lost to us!

There are other considerations, too. The cost of gasoling, safety, plus the

time it takes to get there and back.

Next time you head out of town, think of that credit card or checkbook or cash you have in your pocket-think of all the good it would do Tyler County if that money was spent in Tyler County.

You might reconsider and say: "Is this trip really necessary?"
