This illustration of "seed" is found to be in Biblical context in the statement used by Jesus in Matthew 15:13 when he said 'Fvery plant which my heavenly Father hath not planted, shall be rooted up." You are invited to investigate the Bible with us at the church of Christ that meets 15 miles east of Woodville on 190. You may write P.O. Box 1032, Woodville, Texas

trees, never apple trees.
When the Word of God (Seed) is planted

it will reproduce only Christians. These are

purified (I Peter 1:22-23), hence added to the church (Acts 2 47). These new Chris-

tians will be non-demoninational. Their

only desire will be to pattern themselves in the organization, work, and worship that

Christians practiced in the days of the apos-

Having been added to the Lord's church,

they will be banded together in the church (plant) by their common faith and practice. In order to be sure they are members of the

New Testament church (plant) they test it's fruit. If it is in all qualities like the church

of the first century, it is the same. How-

ever, if it lacks any one of these qualities it

is a perverted plant, for seed reproduces

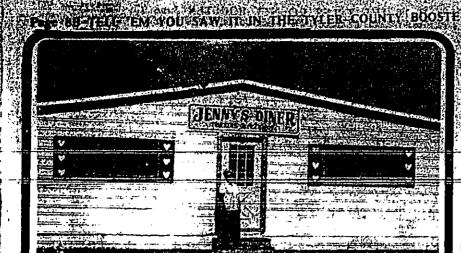

iles (I Corinthians 12:12-13).
