an innovative new concept in compact vans wagons, and it is now available at Knapp Ford intersection of Highways 69 and 25 The Aerostar, characterized by high versatility, is ideally suited as either a personal or business vehicle. It comes in both van and wagon styles, seats equipped, can tow trailers weighing up to 5,000 fbs. According to Tom Knapp, Aerostar, like the new Thunderbird and Tempe models, offers clean functional styling. The sweptback hood and windshield are aerodynamically designed to cut through the air. Likewise, the aircraft type doors reduce drag and cut wind noise. The "Out front" design also makes routine maintenance a snap allowing easy access to the air filter, battery and spark plugs. Engine cool ant. fluids and oil are also conveniently positioned On the outside Aerostar has also incorporated the latest technology from

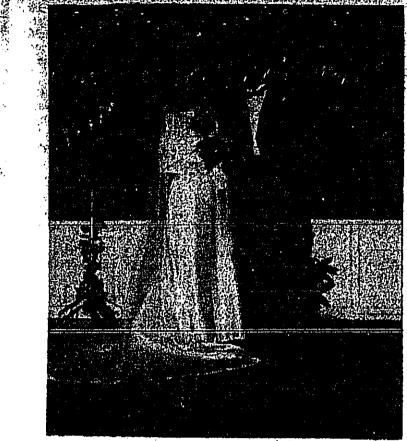

including the improved primer process called "umprime" Enamel is the electrostatically applied in automated layers Aerostar is powered by Ford's 2.3L (140 (11)) engine with electron "port" fuel injection. It is equipped with the latest Electronic Engine Control (EEC-IV) system. The EEC-IV onboard computer simultaneous adjusts air-fuel mixture and ignition timing for optimum power, respons and efficiency. For more power the 2.8L (170 CID) V 6 engine with 2V carburctor is available. It is also equipped with the Electronic Engin

Control system. Acrostar also features a five-speed manual transmission with overdrive (automative transmission optional) and rack-and-pinion steering. Electron instrumentation is also available. IN STYLE For many of us its just now time to begin thinking about back-to-school wardrobes. Frankle Morgan, however, has been thinking

about and planning them for quite some time. Frankie is the owner of Morgan Junction, Highway 69 North, Colmesneil, and has her shop filled with the latest in fashions. Pamela Creech and The groom is the son of Kirkwood. Jean Bandy

What is the interior of the Liming of the would wonder after staticing the fillings going of stoled of the the faint of vellator. There are three avenues intrologically like the church is do its work.

Of course it operates in the Sealm of evangelism that is, in the preacting of the coupel to the lost Mark 16.15-16. "And he (Christ) said into them (the sportles), Go ye into all the world, and preach the gespel to every creature. He that believeth and is bepissed shall be saved, but he that be lieveth not stall be damed." The sposities all preach the gospel to us through the inspired word. He Bible.

The second avenue through which the church is to operate in the area of edification. It is necessary to build up converts by further teaching. Matthew 28:20, "Teaching them to observe all things whatsoever I have commanded your and, lo, I am with you always, even unp the end of the world. After." There is three to be being saved than just accepting and obeying Christ in the forgiveness of sins. One must grow in the grace and knowledge of our Lord and Savious Jesus Christ (II Peter 3:18).

The final area in which the family of God has responsibility is in the area of benovolence that is, in the ministering to needy saints (its own members). Acts 2:44-45, "And all that believed were together, and had all things common; and sold their possessions and goods, and parted them to all men, as briefy man had need."

Chirches that have set goals for a social or recreational nature have digressed from the higher and, nobler purpose of the church, which is spiritual (I Peter 2:15). We are divided when men with a social gospel attitude sap the church of her funds and energy to promote higher between a hould be given wholly to the last work of the home and government. The church should be given wholly to the last work of the home and government. The church should be given wholly to the last work of spiring souls.

Attends Symposium Kathi Thomas few other people were formerly of Thomas asked to decorate the Nursery Florist and now working in Austin went to San Antonio last weekend to attend the American Institute of Floral Designers symposium. There were AIFD members there all over the U.S., many people commented Europe and Massico, on it and told her how Kathi along with a very lovely it was.
