Warren ISD Trustees

"The Rest of the Story of Warren ISD"

In Kenneth Gregory's "Facts to Warren ISD Taxpayers", he states that the tax rate was raised from \$1.27 to \$1.49. The effective tax rate was changed because the Tyler Co. Tax Appraisal Board lowered property evaluations. The change from \$1.27 to \$1.49 effective tax rate kept the tax income revenue for the district the same, not higher. Most taxpayers actually paid LESS TAXES* NOT MORE. Mr. Gregory's own home taxes were lower.

The 1986 Warren budget was \$3,746,824. In 1987 the budget was \$4,730,413. The 1987 budget inclined the amount transferred from savings for the Warren Elementary School, leaving a budget actually less than it was in 1986. This 1987 budget also absorbed approximately \$90,000 in teacher pay raises mandated by the state.

The Texas Education Agency reports that Warren ISD CTBS and TEAMS scores have steadily increased over the past five years. Warren now has a higher percentage of students going to college than ever before (indicating that SAT scores must be going up in order to be admitted.)

The bottom line is the actual taxes paid in 1987 compared to 1986. If you will check your taxes for those two years, most people will see that they actually paid less taxes in 1987 than in 1986, while our school district has continued to improve.

VOTE For Continuing Improvement at Warren Schools.

ALL Beef Producers: May 10th Determines Your Future

In this year of elections, the last thing you need is someone else talking to you about politics or your responsibility to other beef producers. It's a busy time of the year, and you've got your mind on your operation, not on going to town.

But, on Tuesday, May 10th, if you don't stop for a few minutes, go to your County Extension Office and vote, you'll miss the referendum that decides the fate of the Beef Checkoff Program.

Just a couple of years ago, our industry was being beaten up, and we were backing up... taking it. But we got our backs up and did something. We drew a line in the dust. We began to fight back. And you know what... it's working. Many people are eating beef more often, and the newspaper headlines read that beef is coming back. Now, we're not telling you how to vote. That's your business. But, on Tuesday, May 10th, the National Beef Checkoff Program is going to continue, or it's going to stop dead in its tracks. It's totally up to you. So take a trip to your County Extension Office and vote. You'll be glad you did.

Vote May 10th

Moms Heart: 'A Treasure Of Kindness

Winning Letter ↓ And Strength, Of Loveliness, Grace And Insight'

Dear Editor -
I am writing this in appreciation for the many qualities that make my mother so very special in the heart of her family and friends. My mother is the greatest friend that I could ever ask for. Each moment that I spend with her I long to hold onto. I have always known that she loves me, but up until this year it never really occurred to me how much she has to put up with me through the hardest of times and has stood by me every step of the way. She is my biggest fan, my greatest supporter, and my very best friend! Through all that I have participated in, she is always there with her smiling face. My mother has always told me that whatever happens and whatever I do she'll never stop loving me, and I know this to be very true. Without my 'SuperMom' I would be lost and wondering about all the things she has always taught me. My mother is someone who knows all of my needs, my hopes, my dreams & my desires. With her genuine interest in all that I do, she's the one who guides and inspires me. Her heart is a treasure of kindness and strength, of loveliness, grace and insight. She's someone whose love I will cherish forever! Because no one could ever take my mother's place! I thank God each day for giving me such a tremendous mother! He has really blessed me!

Proud Daughter

Dear Editor,
For those of you who have been fortunate enough to know her, she is optimistic, dedicated, understanding, and most of all a fighter. She never had much while she was growing up. The neighborhood kids were not allowed to play with her because her house was not as pretty as everyone else's. For Christmas one year, because her family had no money, the welfare gave her a doll while her cousin got a brand new fur coat. I guess because she never had much when she was a child, she was always determined to give me the best of everything.

We did not have much money when I was a child but that did not stop her from getting me what I needed or wanted. I do not remember her ever buying a new dress or blouse for herself when I was a child. Instead, she would buy me nice things when she could while she bought most of her clothes at garage sales or just did without.

When my brother was born, the doctors told us to put him in an institution because he was mentally and physically retarded. Instead, my mother kept him and loved him. She stayed up with him many nights in the hospital because he had to have a lot of operations. Even at home he had to have special care which she always gave him. When he was six years old, my parents found a special school for him that would teach him things that our family was not able to teach him. Some people said that she just put him away, but the truth is she drove many miles to get him to bring him home to be with his family as much as possible. Later on, when this school would no longer care for him, she was on the phone constantly to find a school that would benefit him.

There were always many places to put him away, but she would not settle for anything but the best for him just like she has always done for me. Fortunately, this school is not far from home and she can bring him home more now than when he was at the other school. She has always kept our family together. Later on, my parents

took in two more kids. She has always loved them like they were her own. Although sometimes it was hard to share her with everybody, I can

would not trade her for anything in the world. I know that I could never fill her shoes. I just hope that when I become a mother, I will be half the

honestly say I am proud of who she is and I would not change anything about her.

Since I have gotten older, I have really gotten to know her. We have grown a lot closer. I

woman that she is. I just want to say that I am proud to be the daughter of Sandra Kay Faircloth.

Happy Mother's Day Mom!

'Loving, Brave & Courageous'

Dear Editor,
Loving, Brave & Courageous - Our mother, Billie Hurs Abbott, is a very special mother in her five children - John, Bill, Margie, Robert and Sharon. She has the cutest blue smile, along with

her English accent, that everyone loves. When we have a problem we always talk it to her. Mother, she might not have an answer, but she always listens. She's loving, brave, and courageous, and has been through thick and thin, but always

comes out stronger for it. I feel free to speak for my three brothers and sister to say that Mother, we choose you as our Mother of the Year because you're the best. We love you!
John, Bill, Margie, Robert and Sharon

'We Ride Bicycles Together'

Dear Editor,
I love my mother very much. My mother has to work all the time. When she has time, we ride bicycles together a lot. When she comes home she is very tired from work and has to cook supper and wash dishes. And no matter how tired she is she always finds time to help me with my homework. And spend as much time with me as she can.

I Love my mother she is wonderful.
Mary Smith

'Our Mom Is Best'

Dear Editor,
Our Mom is our best friend. Our mom comes to everything we take part in such as football and softball games. She cheers us on and hopes we do our best. She is our very best friend!

Our mom is not only our best friend, she is also a good friend to people in our community. She's always there in times of joy and grief. People know Linda Wood can always be depended on to help with anything. And most of all, our mom loves and cares for us more than words or this paper can express. Happy Mother's Day!

We love you,
Vicky & Doug Wood

'Worked Hard To Raise 8 Daughters'

Dear Editor,
We believe our mom, Mrs. Margaret Heard, is the best mom in the world! She worked hard to raise eight daughters who weren't exactly 'sweet little girls'. She was always there when we needed her and she still is.

Even though we now range from age 15 to 27, she still takes the time to make each of us feel special. All of us are very close, we think it's because we were raised with lots of love.

Right now the two youngest girls are the only ones who live at home, but we all feel welcome at

anytime. Mom is also the coach for our Warren Girls Senior League Softball Team, 'The Lady Hawks' in which the two younger girls play on.

We all hope she wins the honor of being named 'Mother of the Year'. It can only show her a portion of how much we love her. Remember... Love is another name for Mother!

Daughters:
Ronda Redmon, Deborah Hartsfield, Sharon Fountain, Gevedia Conner, (all of Warren) Sybil Myers of Winnie, Lara Conner, Melissa Hartsfield & Shonah Heard, (of Warren) Thank you!

'She Always Stood By Us'

Dear editor,
We think our Mother should be mother of the year because when we were small children she always stood by us and our dad no matter what the problem was. She never left us with anyone. She always took us with her. We were raised in church. She never cursed or talked bad about anyone in our presence.

When we get home from school she would always have dinner ready and on the table. She always tried to help us with our homework.

Now, we are grown and my mother never puts us down, even if we are wrong or right. She still looks out for us.

We hope our mother has many many years of happiness. We love you,
LaVerne Hartmann, Roy Mitcham, Rosie Kreef & Johnny Mitcham

'She's Seen Us Through The Good And Helped Us Through The Bad'

Dear Editor, We think our mom should be "Mom of the Year". She's seen us through the good and helped us through the bad. She's very thoughtful and caring. There is five of us kids and she cooks, cleans, sews, and when something is wrong with the car, she can work on it and fix it. I don't know any other mom who is like that. We love our mom because she's our mom. She's always wanting the best for us, even if it means not having anything herself and that's a loving mom. "She's the Best." Sincerely, Sarah, April, Jonie, Elvis and John Wiggins

Dear Editor, I personally believe that my mom deserves your "Best Mom" award. She is almost 38 years old but is still able to act sixteen. Many teenagers my age find it very hard to talk to their mothers. My mom understands the different problems we all face each day, so I can talk to her about almost any-

thing. She is a nurse at Burnmont Nursing Center and they have to understand different problems and be able to give advice. Without her advice I don't know where I'd be. She pushes me to be the best that I can. Even when I don't do something perfect, she's proud of me just for try-

ing. If I could have one wish it would be that all teenagers have an understanding and great mom like I do. Through my eyes, she's perfect. That's why I think she deserves your award. Sincerely yours, Christine Blades

These beautiful frames by Sias Hebert, a mastercraftsman of East Texas, has taken the board of these primitive farmhouses; the last virgin timber harvested building the homes. These homes are vanishing daily in the hills of East Texas. The frames that the wood was taken from were at least 80 years old and the timber ranged from 300-400 years old at the time, and soon these frames will be antique.
